# EXHIBIT 1 <u>RETURN TO AGENDA</u>

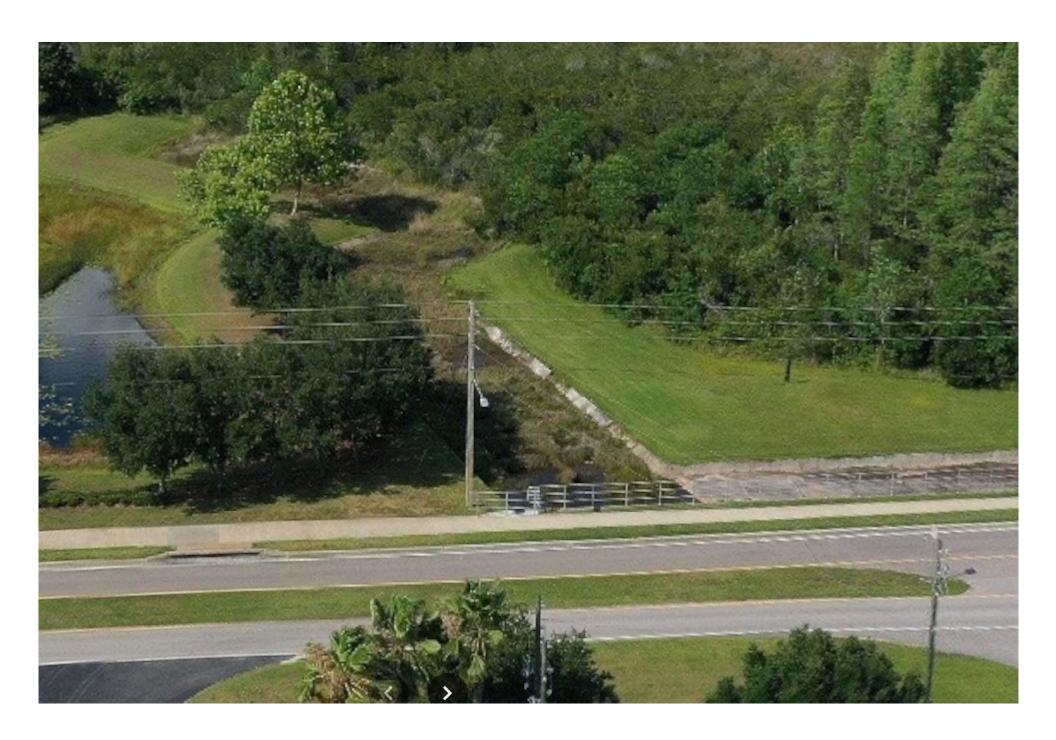

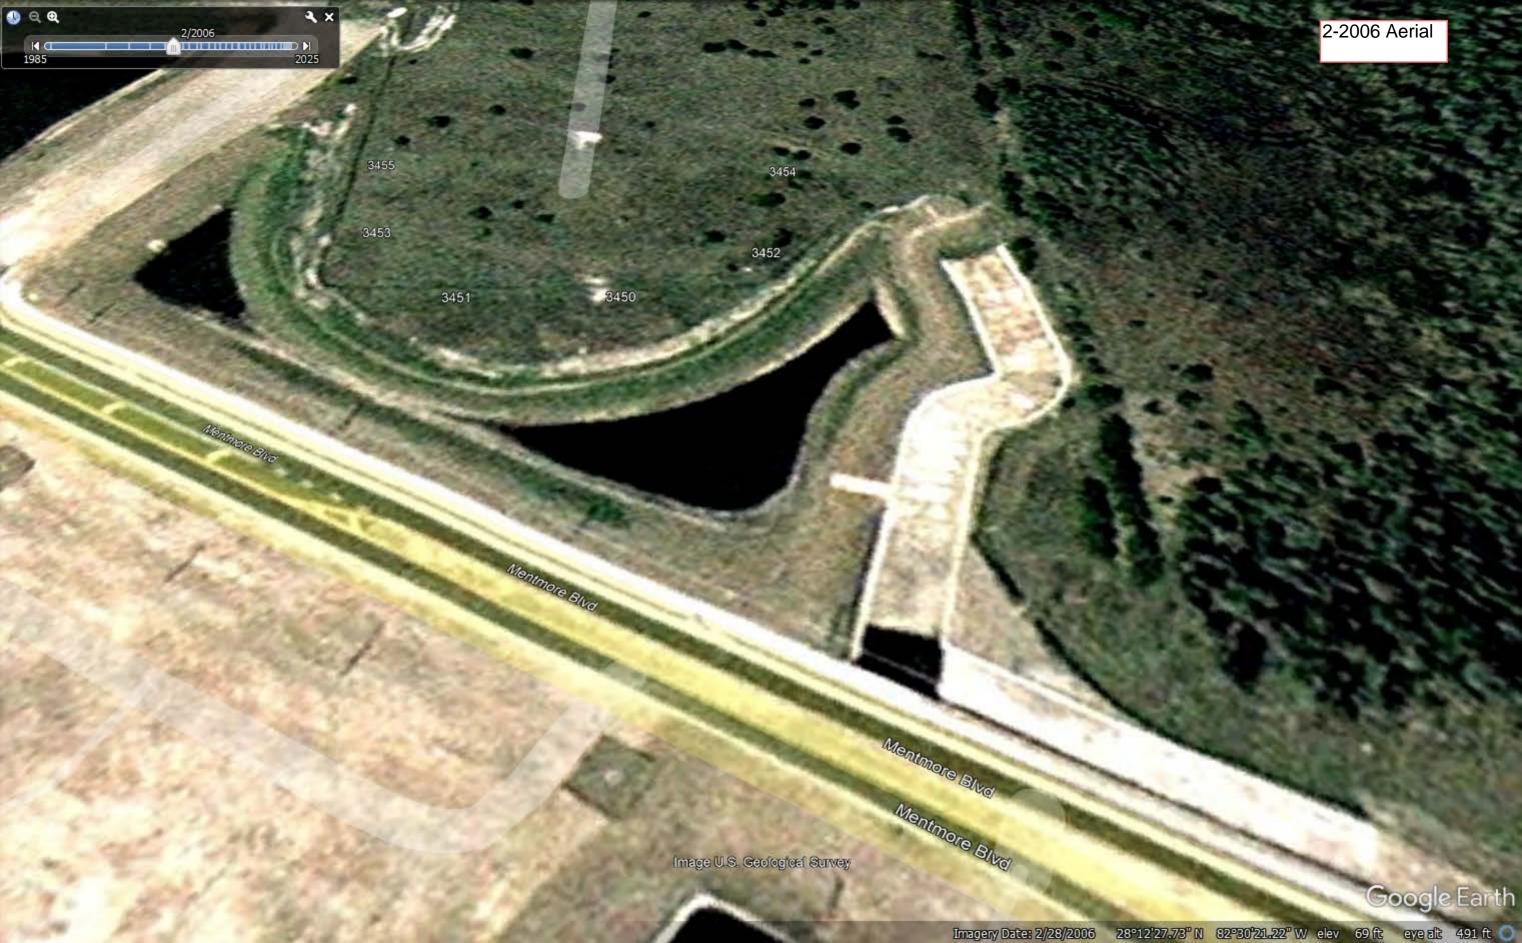

I am sorry to say that the photos document that the damage was caused prior to the hurricanes last year. The attached photo dated May 2020 shows the blow out and silt deposits in the channel as well as the side slopes of the ditch paving are undermined and starting to fail. I did some research and put together the attached historic aerials. It appears the erosion and undermining were apparent in the 2014 aerial. Let me know if you would like to discuss.

3516 Marmalade Court – There is a wetland behind the resident's property. I have attached the plat showing the wetland buffer goes up to the back resident's property line. Generally, we cannot clear or construct permanent structures such as fences or sidewalks etc. in wetland setback areas. The property line is likely the existing fence location. The resident can cut up from their property line to remove any overhanging branches or limbs or if any vegetation is causing damage to structures or property they are allow maintenance to protect their property. Generally, permission would be required to do any work outside of the resident's property. Wetland setback areas are to be left to grow naturally for the benefit of the wildlife and drainage system

### **Management Summary**

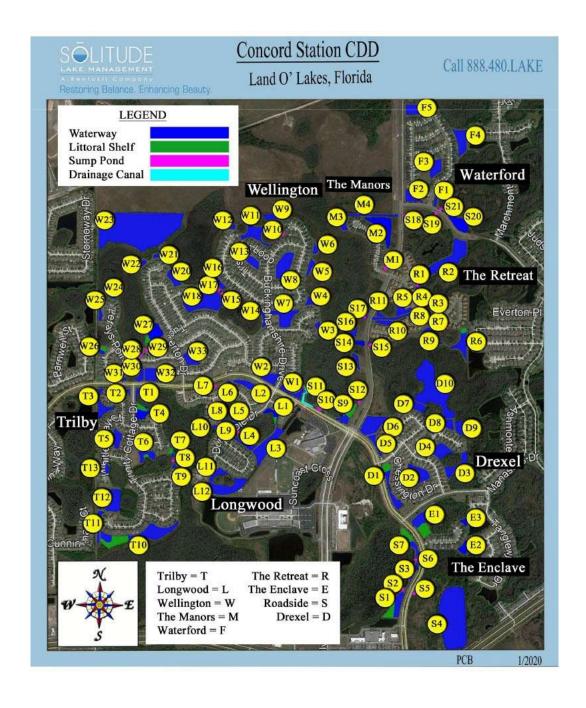

Moving into December we have extremely low water levels. Many of the sites, especially along the main roads are completely dry. We don't see in the near future getting enough rain to help even maintain the levels where they are at since the dry season is among us. Overall the sites in the in the community are looking great. Not much was noted within the sites besides native vegitation. The big push throughout the dry season will be to keep up with the emergent growth along the newly exposed banks.

I'm continuing my check of the flow structures and weirs every month in the ponds. So far I haven't seen anything to bring to the attention of the board. Everything is functioning properly and nothing is obstructed.

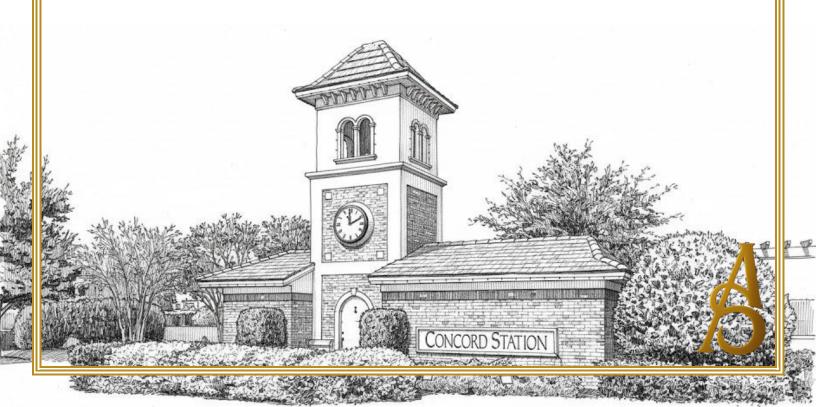

As always, please reach out to me with any questions or concerns you may have- Corey. White@solitudelake.com

Your dedicated management team has a long history of working together and share a commitment to deliver the highest level of professional management services.

#### Patricia Thibault - Director of District Operations

Patricia is a dynamic and initiative driven professional with over 20 years of extensive expertise in District Management, accounting, and auditing. With a proven track record of overseeing complex management and financial operations, she consistently delivers efficient, transparent, and data-informed solutions that support organizational growth and fiscal integrity.

Her strong planning and organizational abilities enable her to manage District initiatives from concept to completion, ensuring alignment with District strategic goals and regulatory standards. Patricia's disciplined approach and ability to balance multiple priorities under pressure allow her to meet critical deadlines without compromising quality or accuracy.

As a certified leader and effective communicator, Patricia excels in translating complex financial data into actionable insights that drive sound decision-making at the District level. She is thoroughly versed in Generally Accepted Accounting Principles (GAAP) and Governmental Accounting Standards Board (GASB) principles and has held Certified Public Accountant (CPA) licenses in two states.

Patricia has had experience overseeing the daily operations of over 40 Districts and is well versed in Florida Statute Chapter 190. She understands that it is the residents of the District that provide the fiscal means for her to operate as the District Manager. Her commitment and dedication is to the residents of the District as well as the Board of Supervisors.

#### John McKay - Finance & Assessments

John has over 30 years in in the financial services industry. He advances a complete scope of district financial and assessment services ranging from district establishment to bond issuances to ongoing assessment revenue collections – which are critical to the success of district operations. He will prepare and issue estoppel letters for prepayments and closings, process, and record assessment prepayments, and perform regular true-up analysis for each bond issue. He will also provide the dissemination Agent Services for the District; prepare and post quarterly and annual continuing disclosure reports as required by the bond issue. John has been qualified as an expert witness in bond validation hearings. Experience does matter and John is a well renowned leader in the CDD financial industry.

#### The Concord Station Dedicated Professional Team

#### Austin Comings - Senior Accountant

Austin has over 8 years in the CDD industry – growing from a summer intern to senior accountant. The accounting business of a CDD is not easy, with fluctuating budgets and reporting responsibilities. He grasps complex issues and is at ease explaining the many aspects of a financial statement to the Board members and residents of a District. His daily focus is on financial reporting and compliance with a keen eye on cash management. Austin oversees the Districts audit process and ensures that all District audits are completed within the Florida Statute mandates. Good governance goes beyond compliance, and so does our experienced Government Services team with Austin as the team leader. It's about timely financial reporting, transparent communication and a dedicated commitment to the District.

#### <u>Shima Pakzadian – Accounts Payable Manager</u>

Shima is considered an expert with over 15 years of experience in accounts payable with a focused six years dedicated to CDD accounting. Shima holds two Masters degrees, an MBA as well as a Masters of Science in Accounting. As an expert in accounts payable, her role involves managing the District's financial obligations by processing, verifying, and reconciling invoices, making timely vendor payments, and maintaining accurate financial records to ensure cash flow, profitability, and compliance. Shima handles complex AP processes, resolves invoice discrepancies, and provides insights for financial planning which impact the district's financial stability and reputation. She takes pride in fostering positive relationships across departments and with external vendors; to ensure accurate financial accountability.

#### Dana Bryant - Professional Landscape Advisor

Dana has over 20 years in the landscape industry and provides expert consulting on critical irrigation and landscape matters that impact the District's living assets. Dana is comfortable in presenting the "real" of your landscape issues as an independent consultant on the Haven Management Solutions team.

#### **RESOLUTION 2026-03**

A RESOLUTION OF THE BOARD OF SUPERVISORS OF THE CONCORD STATION COMMUNITY DEVELOPMENT DISTRICT IMPLEMENTING SECTION 190.006(3), *FLORIDA STATUTES*, AND INSTRUCTING THE PASCO COUNTY SUPERVISOR OF ELECTIONS TO CONDUCT THE DISTRICT'S GENERAL ELECTION; PROVIDING FOR COMPENSATION; SETTING FORTH THE TERMS OF OFFICE; AUTHORIZING NOTICE OF THE QUALIFYING PERIOD; AND PROVIDING FOR SEVERABILITY AND AN EFFECTIVE DATE.

**WHEREAS**, the Concord Station Community Development District ("**District**") is a local unit of special-purpose government created and existing pursuant to Chapter 190, Florida Statutes, being situated entirely within Pasco County, Florida;

**WHEREAS**, the Board of Supervisors of the District ("**Board**") seeks to implement Section 190.006(3), *Florida Statutes*, and to instruct the Supervisor of Elections for Pasco County, Florida ("**Supervisor of Elections**"), to conduct the District's elections by the qualified electors of the District at the 2026 general election ("**General Election**").

#### NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE CONCORD STATION COMMUNITY DEVELOPMENT DISTRICT:

1. CURRENT BOARD MEMBERS. The Board is currently made up of the following individuals, seats and terms:

Seat Number	<u>Supervisor</u>	<b>Term Expiration Date</b>
1	Jessica LaBarbera	November 2026
2	Fred Berdeguez	November 2026
3	Randall Griffin	November 2026
4	Kevin Wagner	November 2028
5	Marcela Cisternas	November 2028

- 2. GENERAL ELECTION SEATS. Seat 1, Seat 2, and Seat 3 with terms expiring in November 2026 are scheduled for the General Election in November 2026. The District Manager is hereby authorized to notify the Supervisor of Elections of the seats subject to General Election for the current election year, and for each subsequent election year.
- **3. QUALIFICATION PROCESS.** For each General Election, all candidates shall qualify for individual seats in accordance with Section 99.061, *Florida Statutes*, and must also be a qualified elector of the District. A qualified elector is any person at least 18 years of age who is a citizen of the United States, a legal resident of the State of Florida and of the District, and who is registered to vote with the Pasco County Supervisor of Elections. Campaigns shall be conducted in accordance with Chapter 106, *Florida Statutes*.

- **4. COMPENSATION.** Each member of the Board is entitled to receive \$200 per meeting for their attendance; up to a maximum of \$4,800 per year.
- 5. TERM OF OFFICE. The term of office for the individuals to be elected to the Board in the General Election is four (4) years. The newly elected Board members shall assume office on the second Tuesday following the election.
- 6. REQUEST TO SUPERVISOR OF ELECTIONS. The District hereby requests that the Supervisor of Elections conduct the District's General Election in November 2026, and for each subsequent General Election unless otherwise directed by the District Manager. #### EXHIBIT 10A <u>RETURN TO AGENDA</u>

#### **Clubhouse and Amenities Manager Report 12/11/2025**

#### 1. Staff/other updates:

- a. Danny will be taking PTO from 16-23 December 2025.
- b. We had a Florida Health Department Pool inspection on November 21, 2025. We had two comments: no max depth signs and the delamination patch on the bottom of the pool.
- c. We had a Pasco County Fire Department inspection on December 8, 2025. We had three comments: riser, hydrant and backflows are due this month.

#### 2. Concord Station CDD Employee Policy Manual/Handbook:

a. Handbook was distributed to the Supervisors, District Manager, and Counsel, for review and inputs.

#### 3. Events:

- a. December Holiday event is scheduled for Dec 20, from 1pm to 5pm. Madelyn (concierge staff member) and parents will be acting as Santa Claus/Mrs. Claus (Madelyn's parents) and the Grinch (Madelyn). We will also have Kiki the Elf, the train around our Clubhouse roundabout, funnel cake, face painting, and a ballon artist. Downpayment has been submitted for the event.
- b. Small Business Expo is scheduled for January 17, 2025, from 10:00am to 2:00pm.

#### 4. Monument upgrade/repair status:

a. Working on the painting of the signs.

#### 5. Concord Station Clock Tower:

a. Lighting installation has been completed.

#### 6. Installation of lighting outlining Clubhouse and monuments:

a. All outlining lights have been installed.

#### 7. Security camera/door access update:

- a. ECS has restored normal access control to the pool, tennis, and basketball courts.
  - b. Still pending is restoring access control to the playground area.
  - c. Next will be the camera upgrade plan.

#### 8. Waterford fountain status:

a. Pump has been delivered to the Hastings service center; awaiting diagnostic report.

# 9. Playground Fence replacement:

a. We still need to have the access control fob readers reinstalled, as they were removed by the company that completed the fence replacement. I have not been included in any communications with this company; the District Manager or Counsel may have additional information or updates.

# 10. Landscaping and Irrigation Services:

- a. Pre-bid meeting held on Monday December 1, 2025. Eight companies attended.
- b. We have performed three irrigation repairs in-house, with two of them requiring major repairs.
  - c. Received 6 bid packages.

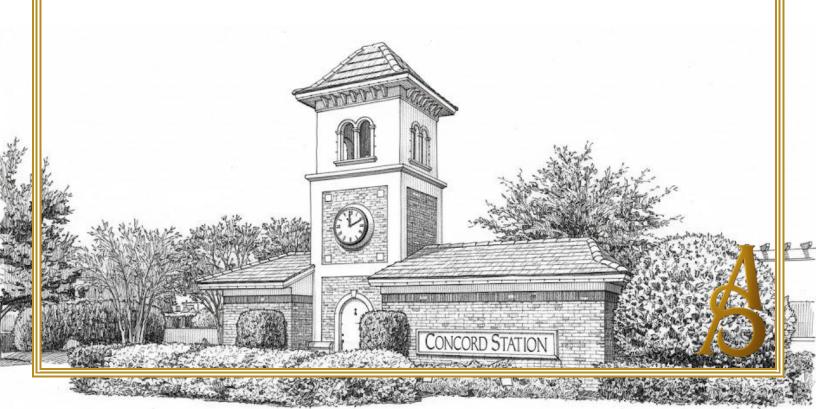

# 11. Resident Concerns/Complaints:

a. We are no longer allowing students to use the Clubhouse as a public restroom, as this practice has increasingly become a problem. Recently, we experienced an issue with a resident, Ms. Ashley Rodriguez, who was upset when her daughter was not permitted access to the facility to use the restroom after school.

# 12. New projects to consider for upcoming months/year:

- 1. Pool Deck furniture/upgrade or repairs
- 2. Painting of the Kids Splash Pad (spring of 2026)
- 3. Lights on Tennis Courts, Basketball Courts, Pool, and Playground
- 4. Repairs to the Tennis and Basketball fence
- 5. Repair of the delamination on one small section of the pool bottom floor plaster (spring 2026)
  - 6. Repair or replacement of the playground water fountain. Done.
  - 7. Repair of the volleyball court benches
  - 8. Replacement of signposts around the Clubhouse that are deteriorated or leaning.

The producer placing this policy may receive commission and additional underwriting profit share incentives. These incentives are based on the underwriting performance of this producer's book of business. Any questions about the nature of this compensation should be directed to the producer.

In order to complete the underwriting process, we require that you send us the additional information requested in the "conditions" section of this proposal. We are not required to bind coverage prior to our receipt, review and underwriting approval, of said additional information. However, if we do bind coverage, it shall be for a temporary period of not more than 30 days. Such temporary binding of coverage shall be void ab initio ("from the beginning") if we have not received, reviewed and approved in writing such materials within 15 days from the effective date of the temporary binder. This 30 day temporary conditional binder may be extended only in writing signed by the Insurer. Payment of premium shall not operate to extend the binding period or nullify the automatic voiding as described above.

This quotation is strictly conditioned upon no material change in the risk occurring between the date of this proposal and the inception date of the proposed policy (including any claim or notice of circumstances that which may reasonably expected to give rise to a claim under any policy of which the policy being proposed by this letter is a renewal or replacement). In the event of such change in risk, the Insurer may in its sole discretion, whether or not this quotation has been already accepted by the Insured, modify and/or withdraw this quotation.

Subject to the terms and conditions outlined above and prior to the quote expiration date, this quote may be bound by signing and dating below and by initialing, on the previous page, the option to be bound. This form will then act as the binder of coverage for 30 days from the date signed and may be distinguished by the Quotation number on page 1. This binder is only valid for 30 days.

No coverage is afforded or implied unless shown in this proposal.

This proposal does not constitute a binder of insurance.

This proposal is strictly limited to the terms and conditions herein. Any other coverage extensions, deletions or changes requested in the submission are hereby rejected.

# PHILADELPHIA INSURANCE COMPANIES DISCLOSURE NOTICE OF TERRORISM INSURANCE COVERAGE REJECTION OPTION

You are hereby notified that under the Terrorism Risk Insurance Act, as amended, you have a right to purchase insurance coverage for losses resulting from acts of terrorism. As defined in Section 102(1) of the Act: The term "act of terrorism" means any act or acts that are certified by the Secretary of the Treasury—in consultation with the Secretary of Homeland Security, and the Attorney General of the United States—to be an act of terrorism; to be a violent act or an act that is dangerous to human life, property, or infrastructure; to have resulted in damage within the United States, or outside the United States in the case of certain air carriers or vessels or the premises of a United States mission; and to have been committed by an individual or individuals as part of an effort to coerce the civilian population of the United States or to influence the policy or affect the conduct of the United States Government by coercion.

YOU SHOULD KNOW THAT WHERE COVERAGE IS PROVIDED BY THIS POLICY FOR LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM, SUCH LOSSES MAY BE PARTIALLY REIMBURSED BY THE UNITED STATES GOVERNMENT UNDER A FORMULA ESTABLISHED BY FEDERAL LAW. HOWEVER, YOUR POLICY MAY CONTAIN OTHER EXCLUSIONS WHICH MIGHT AFFECT YOUR COVERAGE, SUCH AS AN EXCLUSION FOR NUCLEAR EVENTS. UNDER THE FORMULA, THE UNITED STATES GOVERNMENT GENERALLY RE IMBURSES 85% THROUGH 2015; 84% BEGINNING ON JANUARY 1, 2016; 83% BEGINNING ON JANUARY 1, 2017; 82% BEGINNING ON JANUARY 1, 2018; 81% BEGINNING ON JANUARY 1, 2019 and 80% BEGINNING ON JANUARY 1, 2020, OF COVERED TERRORISM LOSSES EXCEEDING THE STATUTORILY ESTABLISHED DEDUCTIBLE PAID BY THE INSURANCE COMPANY PROVIDING THE COVERAGE. THE PREMIUM CHARGED FOR THIS COVERAGE IS PROVIDED BELOW AND DOES NOT INCLUDE ANY CHARGES FOR THE PORTION OF LOSS THAT MAY BE COVERED BY THE FEDERAL GOVERNMENT UNDER THE ACT.

YOU SHOULD ALSO KNOW THAT THE TERRORISM RISK INSURANCE ACT, AS AMENDED, CONTAINS A \$100 BILLION CAP THAT LIMITS U.S. GOVERNMENT REIMBURSEMENT AS WELL AS INSURERS' LIABILITY FOR LOSSES RESULTING FROM CERTIFIED ACTS OF TERRORISM WHEN THE AMOUNT OF SUCH LOSSES IN AN Y ONE CALENDAR YEAR EXCEEDS \$100 BILLION. IF THE AGGREGATE INSURED LOSSES FOR ALL INSURERS EXCEED \$100 BILLION, YOUR COVERAGE MAY BE REDUCED.

Your attached proposal (or policy) includes a charge for terrorism. We will issue (or have issued) your policy with terrorism coverage unless you decline by placing an "X" in the box below.

NOTE 1: If "included" is shown on your proposal (or policy) for terrorism you WILL NOT have the option to reject the coverage.

**NOTE 2:** You will want to check with entities that have an interest in your organization as they may require that you maintain terrorism coverage (e.g. mortgagees).

**EXCEPTION:** If you have property coverage on your policy, the following Standard Fire Policy states do not permit an Insured to reject fire ensuing from terrorism: CA, CT, GA, HI, IA, IL, MA, ME, MO, NJ, NY, NC, OR, RI, VA, WA, WV, WI. Therefore, if you are domiciled in the above states and reject terrorism coverage, you will still be charged for fire ensuing from terrorism as separately designated on your proposal.

I decline to purchase terrorism coverage. I understand that I will have no coverage for losses arising from "certified" acts of terrorism, EXCEPT as noted above.

You, as the Insured, have 30 days after receipt of this notice to consider the selection/rejection of "terrorism" coverage. After this 30 day period, any request for selection or rejection of terrorism coverage WILL NOT be honored.

**REQUIRED IN GA – LIMITATION ON PAYMENT OF TERRORISM LOSSES** (applies to policies which cover terrorism losses insured under the federal program, including those which only cover fire losses)

The provisions of the Terrorism Risk Insurance Act, as amended, can limit our maximum liability for payment of losses from certified acts of terrorism. That determination will be based on a formula set forth in the law involving the national total of federally insured terrorism losses in an annual period and individual insurer participation in payment of such losses. If one or more certified acts of terrorism in an annual period causes the maximum liability for payment of losses from certified acts of terrorism to be reached, and we have satisfied our required level of payments under the law, then we will not pay for the portion of such losses above that maximum. However, that is subject to possible change at that time, as Congress may, under the Act, determine that payments above the cap will be made.

### I. ORGANIZATION OVERVIEW

A. Relationships between Concord Station CDD Board of Supervisors, the District Manager, Clubhouse and Amenities Manager, Clubhouse Staff, and Heartland Payroll (HLP)

Concord Station Community Development District (CSCDD or "District") is a special-purpose local government established under Chapter 190, Florida Statutes, to manage, operate, and maintain the works of the District for the benefit of its residents.

The District is governed by a Board of Supervisors authorized to exercise the powers granted by law (§190.006, Fla. Stat.). The Board contracts with a District Manager to oversee administrative and financial operations (§190.007(1), Fla. Stat.). Concord Station's current District Manager is Patricia Thibault with Anchor Stone Management, LLC, 407-221-9153.

The Board has designated an Employee Liaison for employees directly hired by the District. The current Employee Liaison is Mr. Randall Griffin, 813-731-4812.

The Clubhouse & Amenities Manager (CAM) directs day-to-day operations and supervises clubhouse and amenities staff and serves as the first point of contact for employment-related questions. Current CAM: Mark A. Looknanan, Jr., 813-909-4569. The CAM coordinates with the District Manager on District-wide matters and keeps the Board informed through the Employee Liaison.

The District, through the Employee Liaison, maintains a co-employment relationship with Heartland Payroll (HLP) for payroll processing and workers' compensation coverage/claims handling. New hires sign an at-will employment agreement (Appendix 2) and acknowledge receipt of this handbook (Appendix 1).

### B. Organization Chart

See Appendix 3 for the CSCDD Organization Chart.

### II. MAJOR EMPLOYMENT LAWS

A. Americans with Disabilities Act (ADA)

The ADA prohibits discrimination against qualified individuals with disabilities and requires reasonable accommodation absent undue hardship. Questions should be directed to the District Manager.

### B. Equal Employment Opportunity (EEO)

The District provides equal opportunity in recruitment, appointment, training, promotion, compensation, retention, discipline, and separation without regard to protected characteristics, consistent with federal and Florida law. Employees who believe they have been discriminated against may contact the District Manager and the Florida Commission on Human Relations (FCHR).

### C. Fair Labor Standards Act (FLSA)

Non-exempt employees are paid at least minimum wage and receive overtime at one-and-one-half times their regular rate for hours worked over 40 in a workweek. Exempt employees are not overtime-eligible. Employees who are unsure of their classification should speak with the CAM.

### D. Florida Civil Rights Act (FCRA)

The FCRA promotes fair treatment and equal opportunity. For more information, contact the FCHR.

### E. Veterans' Preference

The District follows Chapter 295, Florida Statutes, providing veterans' preference in employment, retention, and promotion for eligible individuals.

#### F. Florida Whistle-Blower's Act

Employees are protected from retaliation for disclosing, in good faith, certain violations or abuses to an appropriate agency. Concerns may be reported to the CAM, Employee Liaison, District Manager, or appropriate authority.

### **III. EMPLOYMENT POLICIES**

### A. New Hires

The District, through HLP, hires only individuals authorized to work in the United States. New employees must provide required documentation within three (3) business days of employment. Employees with work authorization that expires must provide updated documentation prior to expiration.

### B. Open Door Policy

Employees are encouraged to raise questions or concerns with the CAM. If the concern involves the CAM, contact the Employee Liaison or District Manager. The District will review concerns fairly, maintain confidentiality to the extent possible, and prohibit retaliation.

### C. Performance Review Policy

Performance reviews clarify responsibilities, evaluate performance, identify development needs, and inform compensation decisions. During the first year, reviews typically occur every three months; thereafter annually.

#### D. Terminations

Employment may end by resignation, probationary release, layoff, retirement, or discharge. Employees are encouraged to provide two (2) weeks' written notice for resignations. The District may discharge employment with or without cause, consistent with applicable law. Pay in lieu of unused approved PTO may be provided as stated in this handbook and as required by law.

### E. Exit Interview

Departing employees are encouraged to complete an exit interview or the exit information survey (Appendix 5) to support continuous improvement.

### IV. COMPENSATION

### A. Job Descriptions

Job descriptions are provided in Appendix 4.

### B. Compensation for Hours Worked

Starting wages are competitive and commensurate with experience and job scope as established in hiring documentation.

#### C. Raises

All positions are subject to a 90-day probationary period; a wage adjustment within the Board-approved range may be granted at the CAM's discretion. Annual and longevity/performance increases are at the discretion and approval of the Board of Supervisors.

#### D. Benefits

Eligible salaried employees may receive health, dental, vision, 401(k), and ancillary benefits per plan documents. The District contributes 50% of the lowest employee-only health insurance premium. Employees who decline District health insurance may receive a \$350 monthly stipend (paid \$175 bi-weekly). Contact the CAM or Employee Liaison for details.

### V. ATTENDANCE AND LEAVE

#### A. Attendance

Employees are expected to work assigned schedules. Planned absences should be requested in advance. Unapproved absences may result in leave without pay and/or discipline, up to and including discharge.

### B. Work Schedules

Standard clubhouse hours are Monday–Thursday 10:00 a.m.–7:00 p.m.; Friday–Saturday 10:00 a.m.–9:00 p.m.; Sunday 10:00 a.m.–6:00 p.m. The Maintenance Technician's standard schedule is Monday–Friday 8:00 a.m.–4:00 p.m. Seasonal adjustments may occur. Salaried positions typically work 40 hours per week; part-time roles are capped at 29 hours per week. Concierge staff rotate weekend coverage.

Employees working an eight (8) hour shift generally receive two 15-minute paid rest breaks and one 30-minute meal break, scheduled with the CAM or Concierge Supervisor. Breaks may not be combined or used to offset late arrival or early departure. Employees must notify the CAM/Concierge Supervisor when leaving the premises during working time.

### C. Employee Attendance Records

The CAM, assisted by the Concierge Supervisor, records and maintains time and attendance records for all staff.

#### D. Paid Time Off for Salaried Positions

PTO covers sick, personal, and vacation time. Requests for personal time off should be submitted at least two (2) weeks in advance, and requests for vacation leave should be submitted at least one (1) month in advance, using the PTO Request Form (Appendix 9). Requests for weekend PTO (Friday through Monday) require prior approval from the Clubhouse & Amenities Manager, and will be granted based on operational and staffing needs.

Accr	rual					Schedule:
<ul><li>After</li></ul>	probation	through	Year	1:	10	days/year
•Years 2–5:	<u>.</u>				12	days/year
<ul> <li>After Year</li> </ul>	5:				15	days/year

PTO may be banked and used in advance within the employment year. Unused PTO carries over year-to-year. No more than twelve (12) consecutive business days may be taken at once (excluding weekends if not normally scheduled) unless specifically approved by the CAM. Unauthorized absences may lead to leave without pay and discipline. In emergencies, notify the CAM as soon as practicable.

### E. Holidays

Closed Holidays: New Year's Day (January 1), Easter Sunday, Thanksgiving Day (fourth Thursday in November), Christmas Day (December 25).

Early-Close at 5:00pm (Floating) Holidays: Valentine's Day (February 14), Mother's Day (second Sunday in May), Memorial Day (last Monday in May), Father's Day (second Sunday in June), Independence Day (July 4), Labor Day (first Monday in September), Christmas Eve (December 24), New Year's Eve (December 31).

Salaried employees will be credited up to eight (8) hours of pay on holidays when the Clubhouse is closed.

### VI. GENERAL INFORMATION

### A. Personal Appearance/Dress Code

Employees must present a neat, professional appearance appropriate for public contact. District-issued shirts (if provided) should be worn with jeans, solid cargo pants, or solid shorts. Camouflage, sweatpants, or sweatshirts are not permitted (except as needed for warmth during cold weather). When uniforms are unavailable, business formal or business casual attire is required.

#### B. Smoking Policy

Smoking or vaping is not permitted in any interior or exterior amenities areas.

### C. Safe Use of Cellular Phones and use of CDD phone

Do not use a mobile device while driving. Pull over to a safe location before calling or texting. Personal or non-work use of phones during working hours should be limited; abuse may result in discipline.

### D. Personal Property

The District is not responsible for loss or theft of personal property or valuables. Keep such property secure.

### E. District Property

District property and systems are for work-related purposes only. Report loss or damage promptly.

### F. Jury/Civic Duty

Notify the CAM promptly if subpoenaed for jury duty or as a witness and provide a copy of the subpoena or court order. Employees dismissed from jury duty prior to noon should return to work for the remainder of the day unless otherwise approved. If not returning, submit a PTO Request Form so time can be charged appropriately.

#### G. Severe Weather Conditions

Use sound judgment when traveling during inclement weather and communicate any delays to the CAM as soon as possible. If severe weather occurs during working hours, follow CAM instructions and shelter in designated safe areas until conditions improve.

#### H. Solicitations/Distributions

Solicitation or distribution of literature is not permitted during working time or in working areas. Examples include sales, political or religious materials, and outside memberships. Violations may result in discipline, up to and including discharge.

### I. Training and Development Policy

New hires receive role-specific onboarding. Cross-training is encouraged to ensure coverage during absences. Ongoing training may include safety, customer service, irrigation systems, pool readings, access control, and reservations management.

#### J. Resident Interaction Protocol

Operational directives to staff come from the CAM; residents should not direct staff duties. Document resident complaints or requests in the designated log and follow the chain of command. Treat all residents and guests with courtesy and professionalism; escalate hostile interactions to the CAM.

### K. Social Media and Public Communication Policy

Refer media or public inquiries to the CAM. Do not post confidential information, internal disputes, or resident-identifying details. Employees may not speak on behalf of the District without written authorization from the Board of Supervisors, the District Manager, or the CAM.

### VII. EMPLOYEE RELATIONS

### A. Drug-Free Workplace

The District maintains a drug-free workplace. Unauthorized possession, use, sale, or being under the influence of illegal drugs or alcohol while on duty or on District property is prohibited. Testing may occur as permitted by law (e.g., reasonable suspicion, post-accident). Violations may result in discipline up to termination.

#### B. Harassment

The District prohibits discrimination and harassment in the workplace. Actions, words, jokes, or remarks based on protected characteristics are not tolerated. This policy also prohibits harassment in any form—verbal, physical, or visual, including sexual harassment.

Employees who believe they have been harassed should promptly report the matter to the CAM; if the concern involves the CAM, report to the Employee Liaison or District Manager. Reports will be addressed promptly and, to the extent possible, confidentially. Retaliation is prohibited.

Similar prohibitions apply to harassment directed toward residents, patrons, or visitors. Reports will be investigated, and appropriate corrective action will be taken.

### A. Drug-Free Workplace

The District acknowledges that drug use has serious adverse effects in the workplace resulting in lost productivity and poses a threat to public health and safety. Maintaining a healthy and productive workforce with safe working conditions free from the effects of drugs decreases the occurrence of injuries on the job, absenteeism, and theft, and promotes employee morale.

The Drug-Free Workplace Act promotes the goal of drug-free workplaces within government through fair and reasonable drug-testing methods for the protection of public employees and employers.

Section 112.0455, Florida Statutes, identifies and defines the types of authorized drug testing: job applicant testing, routine fitness for duty testing, follow-up testing, random testing, and reasonable suspicion drug testing. Random testing and job applicant testing are currently conducted only under separate, specific legislative authorization. "Reasonable suspicion drug testing" means drug testing based on a belief that an employee is using or has used drugs in violation of the employer's policy drawn from specific objective facts and reasonable inferences drawn from those facts considering experience. A job applicant is defined in section 112.0455, Florida Statutes, as "a person who has applied for a position with an employer and has been offered employment conditioned upon successfully passing a drug test." To learn more about the other types of drug testing, review section 112.0455, Florida Statutes.

All employees are expected to adhere to the District's standards of conduct concerning the possession and/or use of drugs or alcohol while on duty or while in or on District property. Violations of this policy will result in disciplinary action, up to and including discharge.

#### B. Harassment

The District has a strict policy against discrimination and harassment in the workplace. It is expected that all employees will interact fairly and honestly with one another to ensure that the work environment is free of intimidation and harassment.

The District is committed to providing all job applicants and employees with an environment free of discrimination and unlawful harassment. Actions, words, jokes, or remarks based on an individual's sex, race, ethnicity, age, religion, physical impairment, or any other legally protected characteristic will not be tolerated. This policy also prohibits harassment in any form, including verbal, physical, and visual harassment.

Unwelcome sexual conduct, such as sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature when it is made as a term or condition of employment or, unwelcome sexual conduct, which creates an intimidating, hostile, or offensive work environment will not be tolerated.

Any employee who believes a co-worker, member of management, or agent of the District has unlawfully harassed him/her should promptly report the matter to the Clubhouse and Amenities Manager, or if against the Manager, then the report will be made to the District's Employee Liaison, Mr. Randall Griffin, at 813-731-4812. Every employee can raise concerns and make reports without fear of reprisal.

The District will make every effort to ensure that complaints of harassment are resolved promptly and effectively. All actions taken to resolve complaints of harassment through investigations should be conducted confidentially to the extent possible.

Similar actions of harassment directed towards residents, patrons, and/or visitors of the District by employees are also prohibited and will not be tolerated. Employees are expected to be courteous and respectful of residents, patrons, and visitors at all times. Any reports regarding such behavior will be promptly investigated.

Any employee, after appropriate investigation, who is found to have engaged in the harassment of an employee, resident, patron, or visitor, will be subject to disciplinary actions, up to and including discharge, with or without warning per Appendix 7.

### **ACKNOWLEDGMENT OF RECEIPT**

I acknowledge receipt of the Concord Station Community Development District Employee Handbook. I accept my responsibility to read and understand this handbook, including the District's policy on discipline and standards of conduct. I understand the topics discussed in this handbook represent the general policies of the District and that the District may impose additional requirements, depending upon the nature of my position.

### CONCORD STATION CDD AT WILL EMPLOYMENT AGREEMENT

Employment with the Concord Station Community Development District ("District") is at will. This means that neither the employee nor the District has entered into a contract guaranteeing employment for any specific length of time. Either party may terminate the employment relationship at any time, with or without notice, and with or without cause, subject only to applicable law.

Nothing in this Employee Policy Manual, any other District policy, guideline, practice, or statement—whether oral or written—creates an express or implied contract of employment or alters the at-will status of the employment relationship. The policies and procedures described herein are for informational and administrative purposes only and may be modified, amended, or discontinued by the District at its sole discretion.

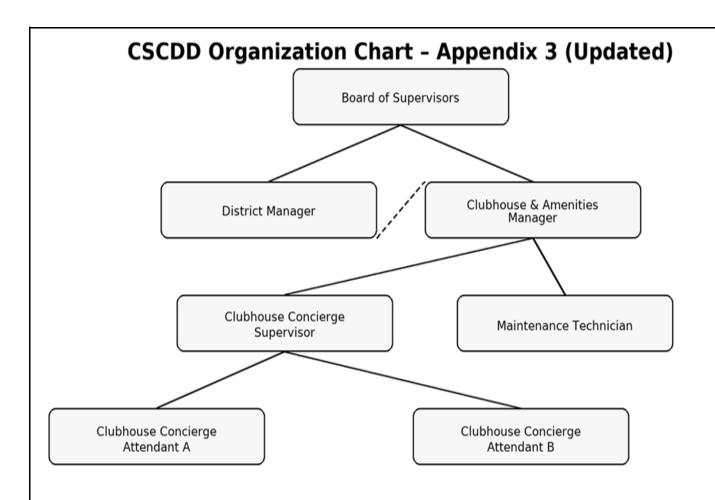

### **Exceptions:**

The at-will employment relationship may be modified only by a written agreement signed by both the employee and the Board of Supervisors or their authorized designee. This policy does not apply where a valid collective-bargaining agreement or specific written employment contract provides otherwise.

### **Legal Protections:**

Nothing in this policy affects or limits employees' rights under federal or state laws prohibiting unlawful
discrimination or retaliation. Employees are protected from termination or other adverse employment
actions based on race, color, religion, sex, national origin, age, disability, marital status, veteran
status, or any other classification protected under applicable federal, state, or local law.

### MINUTES OF 10/09/2025 REGULAR MEETING CONCORD STATION COMMUNITY DEVELOPMENT DISTRICT

The Regular Meeting of the Board of Supervisors of the Concord Station Community Development District was held Thursday, October 09, 2025 at 6:30 p.m. at the Concord Station Amenity Center, 18636 Mentmore Blvd., Land O'Lakes, Florida 34638. The public was able to listen and/or participate in-person or live via Teams conference.

#### I. Call to Order / Roll Call

The meeting was called to order by Ms. Thibault. Roll was called and a quorum was confirmed with the following Supervisors present:

Jessica LaBarbera	Board of Supervisors, Chairman
Randall Griffin	Board of Supervisors, Vice Chairman
Kevin Wagner (via phone)	Board of Supervisors, Assistant Secretary
	Board of Supervisors, Assistant Secretary
Also present were:	-
Patricia Thibault	
Mark Looknanan, Jr	
Lindsay A. Moczynski	District Counsel, Kilinski Van Wyk
Greg Woodcock	Project Engineer, Stantec
	President, SwimKids, USA, Inc.
Amanda Shapiro	Owner, Manda's Minnows
Dana Bryant	Irrigation Specialist, Anchor Stone Management
Corey White	Solitude Lake Management
Allan Willson (via phone)	Solitude Lake Management
Matt Olson	Irrigation, Red Tree Landscape Systems
John Burkett	Landscaping, Red Tree Landscape Systems

#### **Opening Remarks and Attendance Notes**

Ms. Thibault officially called the Meeting to order after confirming that quorum had been established. Present in person were Chairwoman LaBarbera, Supervisor Griffin, Supervisor Cisternas of the Board of Supervisors; Supervisor Wagner attended via phone. Also present were District Management Staff, District Counsel, and Amenity Team members.

#### II. Audience Comments – Agenda Items (limited to 3 minutes per individual)

Audience comments were then invited. One resident spoke in support of allowing Manda's Minnows service to operate from District facilities, praising the operator's dedication and the positive impact on families. No additional comments were offered in person or via Zoom.

#### III. Professional Vendor Presentations

#### A. District Engineering Report - Stantec Project Engineer Greg Woodcock

- 1. Status and Discussion of ADS Project
- 2. Discussion of Seal Coating Clubhouse Parking Lot & Pothole Repair
- 3. Discussion of Ditch Project

Mr. Woodcock reported the ADS operation-and-maintenance project has been completed. Crews are currently finishing work along the roadside ditch, with completion anticipated by week's end. Supervisor Griffin made inquiry regarding the new ditch section's final look and condition: the prior concrete wall is not being reconstructed; instead, the remaining wall is being cut down at the base where needed, overlaid with geotextile, and covered entirely with rock to stabilize the slope and retain soil. Mr. Woodcock noted this approach should prevent water from migrating behind the old wall, which had contributed to prior failures.

Supervisor Griffin also asked whether the observed damage might have been exacerbated by a recent hurricane event. While Mr. Woodcock could not confirm pre-storm conditions, he agreed storm flows did not help and likely forced water over and through the structure. The board requested confirmation of potential coverage under the District's general

liability/property program and whether any hurricane deductible would apply. Staff will investigate an insurance claim to offset repair costs and report back.

Supervisor Cisternas noted that the contractor repair equipment track damage made to turf during wet conditions. Mr. Woodcock confirmed site restoration is part of the contractor's closeout responsibilities and committed to enforcing.

Turning to pavement maintenance, Mr. Woodcock outlined a plan for the parking lot's failing strip: saw-cut approximately two feet on both sides, remove existing base and asphalt to a depth of 13 inches, rebuild with 10 inches of crushed-concrete base and 3 inches of asphalt to "beef up" the section similar to a utility crossing repair. Because one vendor could not cover both base repair and asphalt, additional outreach delayed proposals; Mr. Woodcock expects to present competitive proposals at the next meeting.

#### 4. Discussion of Tree Replacement Project

Mr. Woodcock went over the tree replacement project along the homes most directly impacted by large, declining trees. After a joint site review with Red Tree, twelve trees were identified for removal and replacement (four on one side of the corridor and eight on the other) due to potential impacts on adjacent residences. Red Tree provided a preliminary budgetary figure of approximately \$41,400 for turnkey removal and replacement. The concept envisions installing 30-gallon replacement trees roughly ten feet from the existing tree locations, with mulch rings and use of nearby spray heads presumed adequate for irrigation; if irrigation adjustments are needed, they would be addressed within the project scope.

The Supervisors questioned the unit cost of the proposal (roughly \$3,450 per tree at the budgetary number) and asked that the District solicit additional bids and confirm whether any irrigation modifications are explicitly included. The board also requested options for alternative, more appropriate species and sizes — particularly non-invasive trees with controlled root structures and flowering options previously discussed (e.g., crepe myrtle or comparable species). The District Manager will obtain at least two additional competitive proposals and bring back a side-by-side comparison with species, sizes, and complete scopes (including any irrigation work) at the next meeting.

Continuing the discussion on landscape replacements, the Board briefly revisited species selection for the twelve identified removals, expressing interest in a mixed palette for visual texture — potentially two crepe myrtles paired with a complementary species at each cluster. The Staff confirmed the trees in question sit just outside residential fences and were originally required plantings.

#### 5. Consideration of Stantec Professional Services Agreement Change Order - Increase of \$5,000

On professional services, Mr. Woodcock requested a change order to increase the FY budgeted "not-to-exceed" amount for engineering by \$5,000 to cover September activity at the end of the fiscal year. He explained the finance system cannot process invoices beyond the approved NTE without a board-authorized change order. He estimated actual September charges at approximately \$3,000; any unused portion of the authorization would not be billed.

After discussion based on inquiry by Supervisor Cisternas and Chairwoman regarding the hourly billing, and prioryear totals (approximately \$30,033 through August following a period without an engineer earlier in the year), the Board proceeded to action.

On a MOTION by Supervisor Griffin, SECONDED by Supervisor Cisternas, WITH ALL IN FAVOR, the Board approved Stantec Professional Services Agreement Change Order – Increase of \$5,000 for the Concord Station Community Development District.

The District Counsel then addressed the Stantec professional services agreement. The Counsel recommended updating the agreement to the firm's current form, noting the existing contract was prepared by prior counsel and contains outdated public records language that still references the District's former management company. The Counsel advised that current statutory requirements necessitate accurate public records provisions. The Counsel estimated the update at approximately one-half hour of work (targeting \$150 or less, with paralegal preparation and attorney review). The Board directed the Counsel to proceed with updating the Stantec agreement now and to review other vendor agreements for conforming updates as they come up for renewal.

#### B. Solitude Lake Management

#### 1. Waterway Inspection Report – 10.01.2025

Staff referenced the inspection packet (site R6), noting the illustrative photo of a desired gate configuration to allow maintenance access to the rear pond tracts. Members who were absent at the prior meeting asked for context; Staff explained recurring access challenges for certain ponds and described the need for a minimum of approximately five feet of clear width to maneuver equipment — ten feet being ideal, but five as a practical threshold. Letters were sent to four of six homeowners located along the designated access points asking them to coordinate with District Staff and Management on compliant solutions, such as adding or enlarging gates, or removing obstructions, while one property without a fence may still present constraints due to house placement and landscaping.

The Supervisors discussed next steps, including an on-site review with CJ to verify actual clearances and identify specific impediments beyond fence lines (e.g., decorative elements, plantings, utilities). Staff noted that for at least one lot, the plat reflects a 20.5-foot access easement; however, the functional width may be impaired by improvements. The consensus was to await homeowner responses to the letters while concurrently arranging a field visit to measure widths and document any additional obstacles so tailored remedies can be proposed.

#### 2. Discussion & Consideration of Revised Agreement for Service

Next, the Board considered a proposed revised agreement from Solitude. Chairwoman stated unequivocally that the District would not accept a three-year term with a buyout provision requiring payment of 50% upon termination, nor agree to reductions in scope (specifically the removal of water testing) in exchange for a lower rate. Counsel confirmed her earlier comments that the draft altered reporting language and omitted water testing, and reiterated the prior recommendation against any buyout provision. Discussion also noted that comparative pricing had not yet been sought from competitors and that the existing contract runs through March.

The Board determined it would complete the current term and then compete the services. A motion was made to reject the vendor's revised agreement and continue under the existing contract until expiration. The motion was seconded and, after brief clarification on intent, carried with the board in favor. Counsel will calendar the procurement timeline so that by the November meeting the District can initiate the RFP/ITB process for post-March services.

On a MOTION by Chairwoman LaBarbera, SECONDED by Supervisor Cisternas, WITH ALL IN FAVOR, the Board rejected the Proposed Revised Services Agreement from Solitude for the Concord Station Community Development District.

#### C. Red Tree Landscape Maintenance

#### 1. Landscape Maintenance Report – September

The landscape contractor then reported that Spanish moss removal and associated canopy cleanout had commenced and was well underway, proceeding section by section to achieve the planned aesthetic and health improvements for the mature trees. He explained that simply pulling visible moss is ineffective; the work requires reaching higher into the canopy to remove established mats, which have accumulated over years.

Supervisor Cisternas questioned a recent proposal line item related to a partially detached limb, stating the board assumed such cleanup would fall under the base contract's debris removal obligations, particularly since the limb appeared to be only a few feet off the ground and could have been fully cut and removed as routine debris. Management noted the in-house maintenance team ultimately cleared the material but sought clarity on scope. The contractor responded that arboricultural work, even at lower heights, can be treated as specialty tree work for safety and workmanship reasons (proper structural cuts to prevent tears and ensure callusing), and that industry practice and insurance classifications distinguish general grounds work from tree work. He cited significantly higher workers' compensation rates for arbor crews compared to grounds staff as one reason such items may be priced separately. Chairwoman acknowledged the distinction but reiterated their expectation that low, easily reachable storm-related or gravity-damaged limb removal be treated as debris cleanup when practicable and consistent with the contract. The Contractor agreed to review the specific incident against the contract language and coordinate with Management to ensure alignment going forward. With those clarifications, the Board asked staff to continue monitoring progress on the moss removal and to flag any tree-related items that might require formal arbor services before proposals are issued.

The Board continued its review of landscape performance and scope interpretation with RedTree. The Board Members referenced a recent incident involving a partially detached limb hanging at approximately shoulder height. Management confirmed the limb was ultimately cut and removed by in-house maintenance after the contractor submitted a \$150 proposal for the task. A Supervisor pointed to the contract's section on "trees and trunk care/aesthetic pruning" (as cited on page 14) and asked how that provision should apply to low, easily reachable hazards. The Contractor had previously explained that arboricultural work is treated as specialty service due to safety, technique, and insurance classifications; however, Board Members challenged why this particular item was not simply handled as routine debris removal given its low height and limited complexity. The exchange underscored the Board's expectation that minor, readily addressed safety issues be resolved within the base scope whenever consistent with the contract.

4 of 13

At this point, discussion turned to meeting decorum and professional conduct. The Chair stated that seemingly repeated displays of frustration and dismissiveness toward the Board's oversight responsibilities were unacceptable. The Contractor's representative was excused from the meeting.

#### 2. Consideration of Proposals Cited in Landscape Maintenance Report

- ❖ Flush Cut & Remove (1) Dying Tree Buckingham Shire Park \$650
- Flush Cut (3) Dead Trees on the South Side of Mentmore East of Sun Lake Blvd. \$1,950
- Stake (2) Leaning Trees at Buckingham Shire Park \$500
- Hardwood Elevation, Crown Thinning & Cleaning Proposal

Following the representative's departure, the Board addressed pending invoices and scope control. The Chair stated that RedTree invoices would not be approved that evening. Management clarified that two specific invoices had already been returned ("bounced") because no prior board approval existed: (i) an irrigation system repair invoice (noted around \$2,125) and (ii) a separate charge for an irrigation mapping effort. Management also noted that routine, recurring monthly maintenance invoices had been paid, but any "additional services" must follow the board approval process.

Counsel summarized the framework: additional services require compliance with the District's purchasing and payment procedures. With respect to the mapping issue, supervisors recalled multiple prior discussions requesting an irrigation map but emphasized that no cost had ever been disclosed or authorized at the time of the request. The Board Members reiterated the consensus that the vendor proceeded without an approved price, later submitting an invoice more than 60 days after the fact. One Supervisor recalled that, at a previous meeting, the Board chose to table the matter until all Members were present; however, sentiment now coalesced that the map — requested and discussed with no mention of price — should not be billable at the amount presented, if billable at all. Several Supervisors voiced the view that the substantial sums already being paid for irrigation evaluation and repair should reasonably encompass the mapping necessary to perform that work. No motion was made; the board directed that payment on the disputed mapping invoice continue to be withheld pending further review.

Management also reported receiving an email from the Contractor suggesting that, if certain unpaid invoices were not approved, the company would "put it back to where it was," which the Board interpreted as a threat to undo repairs. The District Counsel asked that the email be forwarded immediately for legal review and advised that the Board should not speculate on potential future acts but confirmed that any deliberate damage to the District's systems could constitute actionable misconduct. The Board discussed whether to issue a notice placing the Contractor on formal warning regarding preservation of the District's property and adherence to scope and approvals. Counsel confirmed the agreement requires a 30-day notice to terminate and that the board may issue appropriate notices as warranted. Staff will circulate the referenced email to Counsel, and counsel will prepare a written notice reinforcing (a) no alteration or removal of completed work without authorization; (b) compliance with the approvals process; and (c) expectations for professional conduct on the District's property.

#### 3. Status & Discussion of Irrigation Project

The Board then stepped back to the broader irrigation program. The Supervisors expressed concern that charges have trended toward wholesale replacement rather than targeted repair, with costs already approaching roughly \$50,000 while less than half of the system has been addressed. Members contrasted the Contractor's recent assertions that "nothing" functioned with the prior vendor's last walkthrough, during which zones could be run (albeit manually), and with a recent finding that at least one valve had simply been turned off. The board also noted delays on Spanish moss removal and uneven attention to easement areas and dead saplings, reinforcing a perception that base maintenance is not

being performed consistently without supplemental charges. Based on this pattern, the Supervisors anticipated the contractor might elect to terminate; the Board stated it would continue to protect the District's interests, tighten control of extras, and ensure that any future scope is competitively priced and clearly defined.

5 of 13

Finally, the Chair returned briefly to the earlier tree replacement discussion to contextualize cost concerns. A Supervisor observed that a 30-gallon sweetgum (or maple) can be purchased retail for under \$200, underscoring why the preliminary estimate of approximately \$41,400 for twelve removals and replacements requires careful scoping and competitive quotes. The Board reaffirmed the prior direction to obtain multiple proposals with transparent unit pricing that separately delineate removal, stump/grind, irrigation adjustments (if any), and new planting with specified species and sizes.

Continuing the landscaping and irrigation discussion, the Board returned to the twelve-tree removal and replacement project. Members clarified the scope previously discussed with the Contractor: last month, the Board's direction contemplated not only tree removal and new plantings but also stump grinding, with staff confirming that in-house personnel could not safely handle the removals due to size and equipment needs. The Supervisors reiterated that any pricing comparison must reflect complete, turnkey work — removal, stump grinding, and replanting — while also noting concerns about add-ons such as a proposed fee to stake new trees. Even with full scope acknowledged, Members stated the preliminary figure (about \$41,400) still appeared high and should be competitively tested

#### 4. Discussion & Consideration of Irrigation Monthly Fiscal Allotment for Repairs

The Chair asked Counsel to review an email the District had sent regarding vendor reactions and to advise on next steps. Counsel acknowledged receipt and, before turning to that matter, clarified a point from prior meetings: an additional \$10,000 tranche for irrigation repairs had been approved at one point, but Staff later instructed the vendor not to proceed pending a comprehensive estimate for project completion. Staff confirmed no work had been performed or billed against that second \$10,000 since the Board's subsequent direction to pause.

To close the loop formally, the Board took action to remove the unused authorization.

On a MOTION by Supervisor Griffin, SECONDED by Supervisor LaBarbera, WITH ALL IN FAVOR, the Board approved to RESCIND the second \$10,000 irrigation repairs allotment authorization for RedTree for the Concord Station Community Development District.

#### 5. Consideration for Approval: Invoices Not Previously Board Approved

#### Invoice 30746 – Mapping Project - \$4,290

The Invoice was not approved. The Supervisors reiterated that while a map had been requested and discussed at several meetings, the Vendor never disclosed a fee beforehand; the Board did not authorize a cost and would not approve the amount billed post hoc. No action was taken to pay the mapping invoice.

#### Invoice 31411 – Irrigation Repairs on 08.01.2025 - \$261.25

The Board reviewed the invoice for completed field repairs (labor noted as four hours and a one-inch cap on a line near Umberland and Sunlake). While several Supervisors questioned the time required for a straightforward cap, they acknowledged the work was performed and, lacking a practical way to dispute the exact labor time, opted to approve payment.

On a MOTION by Supervisor LaBabera, SECONDED by Supervisor Cisternas, WITH ALL IN FAVOR, the Board approved RedTree Invoice 31411 for Irrigation Repairs on 08.01.2025 in the total amount of \$261.25 for the Concord Station Community Development District.

#### Broader irrigation rehabilitation strategy

At approximately 8:00 p.m., the Board returned to the broader irrigation rehabilitation strategy. Members noted that the current vendor had not provided an end-to-end estimate and had instead requested funds in stages, citing evolving discoveries. The Board reaffirmed its direction from the prior meeting: obtain a clear picture of the system's condition and pursue competitive proposals for completion but avoid relying solely on a prospective bidder's assessment.

To that end, the Board asked Mr. Bryant, the Anchor Stone irrigation consultant, to work with Mr. Looknanan to independently re-walk the irrigation system — opening valve boxes, running zones, identifying which controllers are operating versus which rely on "hot hooks/nodes," and documenting non-functioning zones. Mr. Bryant advised that, although a pass-through was performed a few months ago, an updated survey could be conducted in one day (possibly two) and suggested a fee in the range of \$900 for the condition assessment. There was a discussion about whether to review only the unassessed remainder or to verify the entire system; the Board favored a comprehensive re-walk to establish a current baseline, understanding that verification could surface "onesie-twosie" defects even in previously worked areas.

Continuing without pause from the prior discussion on irrigation, the board formalized the independent assessment plan. At Staff's recommendation, the District will engage Anchor Stone (with consultant Mr. Bryant performing the work under Anchor Stone) to conduct a comprehensive, system-wide walk-through of all valve boxes and irrigation zones. Mr. Bryant will accompany Mr. Looknanan on site to verify functionality, identify any controllers operating via nodes ("hot hooks"), and document non-functioning zones and priority defects. The assessment will produce a concise, neutral matrix suitable for soliciting competitive, itemized proposals. The Board emphasized its preference for recommendations and bids from firms not affiliated with the District's management vendors, and expressed interest in sourcing capable local companies where feasible. After inviting and receiving supportive public comment, the Board proceeded to action.

On a MOTION by Supervisor Griffin, SECONDED by Supervisor LaBabera, WITH ALL IN FAVOR, the Board approved Anchor Stone Management proposal for Mr. Bryant to perform a full irrigation condition assessment for NTE \$900 provided deliverable will include zone/valve status, presence of nodes, and prioritized deficiencies for the Concord Station Community Development District.

#### D. District Counsel – Kilinski Van Wyk

The conferencing ability malfunctioned during this part of the Meeting.

#### 1. Discussion of Rules & Procedure Update

The Staff received the Board's direction to proceed with implementing changes to the Rules of Procedure for the District and to set public hearing on at a future meeting.

#### 2. Status Update on Letter to Resident with Bounce House

The Counsel advised that the Letters have been sent out.

#### 3. Status Update on Letters to Residents with Encroachments

Heard first among the District Counsel presentation. Counsel noted that letters have been sent to homeowners along the drainage access easements advising that access must be restored and offering to coordinate practical solutions (e.g., adding or widening gates, removing obstructions). One property, 3232 Whitley Bay Court (mailing address 4290 Shrewberry Place), is subject to an existing encroachment easement agreement approved by a prior board. That agreement allowed a fence and other improvements within the easement but reserves the District's right to terminate and requires the owner to remove improvements if necessary for access. Counsel initially requested a formal vote to terminate the encroachment agreement to clear the way for access.

After discussion, the board elected to pursue a cooperative path before termination. Supervisors directed counsel and management to notify the owner that the District requires compliant access to the easement — specifically, installation of a sufficiently wide gate and removal or relocation of any impediments (e.g., landscaping or equipment such as a water softener/pool equipment if present) to achieve the minimum clear width discussed by the board. The notice will invite the homeowner to work with staff on a modified license agreement that preserves the owner's improvements while guaranteeing District access; it will also set a clear response deadline. If the owner declines to cooperate or fails to respond by the stated date, Counsel will agendize formal termination of the encroachment agreement for consideration at the November meeting.

#### Walk-on Resolution Redesignating the Registered Agent

The District Counsel presented a walk-on Resolution to redesignate the District's Registered Agent. She explained that the prior Agent of record was former Counsel and recommended updating the designation to the current District Manager, Ms. Thibault with Anchor Stone, since most legal notices relate to billing and administrative matters handled by management. After inviting public comment (one Resident voiced support), the Board proceeded to action.

On a MOTION by Supervisor LaBabera, SECONDED by Supervisor Cisternas, WITH ALL IN FAVOR, the Board approved Resolution to appoint Ms. Thibault with Anchor Stone Management to be the District's Registered Agent for the Concord Station Community Development District.

#### **Personnel Policy Project**

Counsel then updated the Board on the personnel policy project. Mr. Looknanan reported that his draft is complete subject to several highlighted questions to be reviewed with Vice Chair Griffin. The agreed workflow is: Mr. Looknanan finalizes a working draft  $\rightarrow$  Ms. Thibault adds management remarks  $\rightarrow$  draft circulates to the Board for initial review  $\rightarrow$  HR counsel, Mitchell Herring with Sniffen & Spellman, P.A., performs revisions and final legal polish on a not-to-exceed basis approved previously. Counsel will place the finalized version for consideration at the November meeting, incorporating any Board edits.

#### **HOA-related Matters**

When asked, Counsel stated she had not yet received documents expected from the HOA representative; Supervisor Cisternas indicated the HOA Manager believed materials had been sent and would follow up. Counsel will coordinate with Management to obtain the missing submittals.

#### E. Amenity Center Report

#### **Purchase Authority**

The Amenity Manager asked for clarity on small-purchase authority to address urgent facility and grounds needs (e.g., replacement parts for the Waterford fountain, which he can install). The Board confirmed its prior intent that the Amenity Manager may make discretionary purchases up to \$1,000, and discussed separating expenditures into distinct categories: (1) clubhouse/amenity operations (e.g., consumables) and (2) maintenance/repairs (e.g., pumps, small parts), to avoid budget conflicts. Management reported the issuing bank had mailed a purchasing card in the user's name only (without the District's name), which caused delivery issues.

Regarding a credit card issued to the District, the Manager described repeated delivery failures because the issuing bank (SouthState) dispatched the card via FedEx addressed only to the user's personal name, which the office (and even a nearby bank branch) could not accept due to the required addressee signature match. The Board asked management to work directly with the bank's officer to (a) reissue the card showing the District's legal name with the Amenity Manager as authorized user, and (b) temporarily direct initial delivery to the clubhouse so Staff can sign and receive it, after which billing address details can be updated. Ms. Thibault stated she would call the bank regarding change of address.

Because immediate needs cannot wait for the card, the Board revisited short-term purchasing authority. The Amenity Manager confirmed he can complete the Waterford fountain repair and finish the monuments project if limited funds are made available now. After brief discussion, the Board authorized an interim advance sufficient for both maintenance and amenity programming.

Management was authorized to provide the Amenity Manager an immediate \$3,000 operating advance (comprised of up to \$2,000 for maintenance/repairs — including the Waterford fountain parts and remaining monument materials — and up to \$1,000 for amenities/events). This temporary arrangement remains in place until the District purchasing card is properly issued and received.

#### **Events and Communications**

The Amenity Manager confirmed:

Shred Event: Saturday, October 18, 12:00-4:00 p.m.

Trunk-or-Treat: October 31 (Halloween). The clubhouse to be decorated; staff would distribute goodie bags. Residents who wish to decorate trunks would be assigned parking spaces. Sign-ups to date were low.

The Board requested a targeted email specifically inviting residents to register vehicles for Trunk-or-Treat (separate from general event notices) to boost participation.

Holiday Festivities: December 20 event to include a train and funnel cakes; Maddie will appear as the Grinch and her father as Santa. Members asked for a contingency plan in case volunteers become unavailable; staff will coordinate with the vendor for backup performers. (A light-hearted request for a "Festivus pole" was noted without action.)

#### **Basketball Court Resurfacing.**

The District has paid \$11,150; the remaining \$3,000 balance is outstanding. A letter was sent and the contractor's response indicates they will forego the remaining balance and conclude the matter. No further payment is anticipated.

#### Monument Upgrades.

Concrete and painting are complete for all monuments west of the clubhouse; lighting is installed on all but the monument across the street. Drexel columns are poured and partially painted; trim and lighting installation will follow. Work began at the Enclave (rafters and prep). The Board acknowledged the visible "capping" and repainting work looks good.

#### Access Control/Electrical (ECS) – Lightning Repairs.

Following earlier lightning damage affecting tennis, basketball, and playground readers and exit buttons, ECS has installed four surge protectors (with battery backup capability). Two legacy surge units had been removed at some point and replaced with consumer-grade strips prior to current staff; ECS disclaimed involvement with that change. ECS's contract documents (returned earlier in the week) were presented for execution; the Chair signed to proceed. Staff will coordinate any related fence and conduit corrections with the fence installer, who has been called back to address workmanship concerns impacting wiring.

The Amenity Manager briefed the Board on access-control damage discovered at the playground fence line. He reported that when the fence installer last worked on-site, one reader post was cut off with wiring left on the ground and two additional posts were severed with wiring left exposed. ECS inspected the area the prior Thursday and will submit an estimate to restore the posts, readers, and associated wiring. The fence company's field representative (not the owner) acknowledged the issue but stated reimbursement would require the District to present the repair estimate first; no commitment to pay was made. The Board directed staff to obtain ECS's written estimate and tender it to the fence company with a formal demand for reimbursement, reserving all rights.

While reviewing ECS's contract package at the dais, the Chair noted a clause had been struck out in red—specifically, the warranty language stating labor/workmanship for one year and parts for three years. Counsel asked to review that change before execution and recommended holding signature on that document until she confirms acceptable warranty terms; related restoration work can be handled via a separate change order if needed.

On facilities status, the Amenity Manager confirmed the Waterford fountain pump itself is operational; the failure is with the lights, which he will replace so the unit can be reinstalled. He also acknowledged the Board's prior discussion of the playground fence and will coordinate any impacts with the access-control repairs.

Turning to forward planning, the Board considered several "vision list" items for the coming budget cycle:

**Pool furniture refresh.** The Amenity Manager referenced a past conversation noting ~\$58,000 as a rough placeholder for indoor and outdoor furniture; the Board clarified no approval was ever granted and asked that the item be placed on the Vision Projects List for future consideration, including options for re-strapping where frames are sound to reduce cost.

**Splash pad surface repainting**. Staff will bring options; preliminary expectation is on the order of \$3,000–\$4,000 for coating the deck surface.

Area lighting (tennis, basketball, pool/playground). The Supervisors reaffirmed prior guidance to explore lighting that aligns with amenity center hours (not overnight), with access controlled by the gate readers, and to consider solar solutions where appropriate. The item remains on the wish list for scoping and costing; community noise impacts during late evening must be mitigated.

**Pool plaster spot repair**. Amenity Manager stated per his research the main pool was replastered in 2020 and a typical life was 7–12 years. A small delamination (~12" x 12") was noted. The Amenity Manager outlined an in-place repair method using a temporary in-water cover to isolate and patch the area without draining the pool, planned for the

winter low-use period. The Board asked staff to verify any insurance or warranty implications and ensure proper materials and procedures; if feasible, the patch may be done in-house at minimal cost.

At this time, the District Manager updated the Board on the **insurance items**:

Insurance claim (access system lightning). The insurer is reviewing the claim; vendor statements regarding lightning impact have been submitted. Photos are challenging given the nature of internal damage, but potential recovery could be ~\$16,000. Staff will continue to shepherd the claim and report back.

#### Pool service agreement.

Records reflect an original 2016 contract with annual renewal by written agreement; subsequent renewals are unclear. A vendor-signed 2023 form was located, but no District signature appears, and certain statutory provisions are outdated. Counsel recommended issuing an updated, current-form agreement (mirroring the approach being taken with Stantec) to ensure compliance with public records and other legal requirements, and then fully executing it. In parallel, the Amenity Manager noted the vendor proactively repaired the splash pad pump at no charge but the main pool pump replacement remains pending. With a modernized agreement in place, staff will finalize remaining pump work promptly.

The District Counsel advised that the vendor-provided 2023 agreement on file was drafted by prior counsel and does not reflect the District's current contracting standards. She recommended issuing a clean, current-form agreement prepared by her office to ensure up-to-date statutory language and notice provisions. When asked about timing, Counsel said she could prepare the new agreement early next week.

The Supervisors emphasized the pool is presently operating on one pump and asked whether the vendor could proceed with the previously authorized pump repair while the contract update is being finalized. Counsel confirmed that an Additional Services Order (ASO) for the specific repair may be executed immediately and performed under the parties' working relationship, with the comprehensive services agreement to follow on the District's updated form.

Direction: Proceed now with a signed ASO to replace the failed pump; Counsel to deliver a refreshed, District-form pool services agreement for full execution the following week.

Following are the Agenda items which were heard out of order.

#### 1. Presentation of SwimKids Contract

This and the following items were reviewed outside of order at the start of the Meeting. At the Chair's suggestion, and without objection, the agenda was reordered to take up amenity center items and vendor presentations ahead of routine reports, consistent with prior practice to minimize wait times for guest presenters. Items related to swim instruction (including "Manda's Minnows" and the SwimKids USA contract) were advanced.

The Board then heard from two prospective swim lesson providers.

First, the founder of SwimKids USA, the company that has previously operated in multiple nearby communities, outlined a program of children's swim lessons structured around resident demand. He explained that the standard model is to offer morning classes—both weekday and weekend options — to accommodate family schedules and favorable weather conditions. Class format is small-group, limited to five children per 30-minute session with a single instructor, separated by 10-minute breaks to manage transition and crowding. The company marks off a modest area in the shallow end, typically near the first table and ladder, using cones and a small "lessons in progress" sign; upper-level stroke work occasionally uses a lane across the shallow area. He emphasized that at any given time only one instructor and one class would be present, and that historically pool use at that hour has been light.

On access and enrollment, he described a resident-first pre-registration window; any remaining spots may then be made available to non-residents, a practice coordinated across several area communities to help families find age-appropriate classes if a given session fills. He stated that non-residents are admitted solely as guests for the duration of their scheduled lesson. With respect to facility compensation, he proposed a flat \$500 fee to the District for the season, noting that some communities waive fees while others charge similarly.

Supervisor Cisternas asked for clarification on volume, scheduling, and potential impact during peak summer use. The presenter reiterated that operations would be limited to mornings, with one class at a time and total daily throughput dependent on demand (e.g., sequential half-hour blocks). He added that signage, spacing, and timing are designed to minimize interference with general swim.

#### 2. Presentation of Manda's Minnows Swim Lessons

A second presenter, Ms. Shapiro, an on-site resident who operates a one-on-one instruction program and employs another resident, addressed the Board next. She noted she currently serves approximately 35 Concord Station families and sought permission to continue lessons at the community pool in a limited weekly cadence. Her model consists entirely of private 15-minute lessons, up to three students concurrently (i.e., three instructors/three students), and she expressed flexibility on days, indicating a preference for two fixed weekdays (e.g., Monday/Wednesday) in response to the board's prior concerns about daily operations. She emphasized the benefits to resident families of receiving instruction within their own community.

Chairwoman referenced feedback gathered from a neighboring community (Ballantrae) regarding swim lesson program, specifically concerns about crowding, increased foot traffic, lingering after lessons, and noise (including reports of persistent "screamers"). In response, Ms. Shapiro stated that the program does not run group formats beyond five-student classes and that, in recent seasons, the most seen was 27 total students in a day across multiple instructors, not concurrently. She added that their participant agreement requires families to depart promptly after lessons and that while occasional distress is not uncommon for new swimmers, continuous screaming throughout lessons is atypical and addressed by instructors to calm students quickly. She also explained that at another venue, the company relocated its lesson area upon request to address space concerns.

Board discussion then focused on policy considerations for Concord Station: the high demand for pool space during summer, the advisability of inviting non-residents for any program, the practicality of enforcing timely exit of guests, fairness to the broader resident body, and the precedent that approving one business could set for other resident-run enterprises seeking similar access. Vice Chair voiced genuine ambivalence — expressing support for resident services on the one hand and, on the other, concern about dedicating public amenities to private commercial use during peak periods.

Chairwoman also raised a question about past facility fee payments at another community. Ms. Shapiro explained there had been an extended period years prior when a site contact directed the company not to remit separate fees, asserting that facility use and care were being handled; he indicated that arrangements later transitioned under different management. No further determination on that historical matter was sought by the Board at this time.

No motions were offered during this segment. The Board took both presentations under advisement, noting the need to balance resident demand for lessons with equitable access to the pool, potential limitations on days/times, enrollment priority for residents, clear guest departure rules, and any appropriate facility fee or permit structure. The Chair indicated the board would revisit specific terms and next steps under the amenity center report as the meeting continued.

#### Further deliberations on swim lessons

The Board Members expressed mixed views. On the one hand, Supervisor Cisternas recognized Resident demand and the convenience of on-site lessons, particularly for families balancing work and childcare. On the other, the Supervisor cited concerns about crowding, noise during daytime hours valued by shift workers, the precedent of opening amenities to private commercial activity, and reports from a nearby community (Ballantrae) of dissatisfaction with a resident-run program there. The Supervisor outlined a possible compromise should the Board wish to proceed: limit lessons to no more than two weekdays per week, avoid weekends due to heavy Resident use in summer, and strictly enforce Resident-first enrollment. She noted that, while lessons can benefit safety and skills, more scheduled activity increases the risk of pool incidents and the operational burden when closures are required.

Another Supervisor stated he did not favor turning community amenities into venues for private business generally and reported direct Resident feedback urging against authorizing any program; however, he said he would defer to the will of the Board if a narrow program was adopted. The Chair added that prior experience with SwimKids and reviews from other Districts Board Members had not generated complaints to the Board's knowledge.

Staff confirmed that the earlier SwimKids agreement approved by a prior Board was never fully executed and has expired; SwimKids has submitted a new proposal for the upcoming season. The SwimKids representative summarized their model: a curriculum built around 16-class sessions, typically Monday—Thursday morning blocks for June and July, and weekend sessions June—September to accommodate dual-income households; Resident pre-registration to prioritize Concord Station families; small classes with controlled throughput; and a site plan that minimally impacts pool space. He argued that on-site instruction promotes safety (drowning risk reduction) and supports Residents who would otherwise travel to other communities.

Concord Station CDD
CDD Board Meeting
October 09, 2025
11 of 13

The Resident provider (Mandy's Minnows) reiterated her willingness, as a Concord Station Resident, to limit operations to two days per week, operate entirely one-on-one lessons with at most three students at a time, and invite the Board to observe classes to see the program's footprint and management firsthand. She addressed the Ballantrae comments as unrepresentative of her broader track record and asked for an opportunity to prove the model here under tight constraints.

Counsel reminded all parties that any authorization would require the District's license agreement and participant waivers, with insurance/indemnity and scheduling controls drafted in District form, regardless of the provider.

No motion was made in this segment. The Board took the input under advisement, noting the following decision points to resolve when the item returns: whether to authorize any lessons at all; if so, provider selection; days/times (with a strong leaning away from weekends and toward a maximum of two weekdays); resident-first enrollment with strict guest exit rules; class size/footprint limitations; fee structure (e.g., a facility use fee); and standardized legal/insurance terms and enforcement mechanisms. The Chair indicated the Board would revisit the matter after drafting specific terms consistent with the District's amenity policies.

The Board concluded its deliberation on swim-instruction programming. After restating that the Board's charge is to serve the entire community rather than niche interests, Supervisor Cisternas noted they had not seen wide Resident interest for lessons at the District pool and remained sensitive to concerns about crowding, noise during daytime hours prized by shift workers, and the precedent of permitting commercial activity at public amenities. At Counsel's suggestion for efficiency, the Chair called for a straight up-or-down vote on whether to entertain swim lessons at all. The vote was taken individually: Supervisor LaBarbera voted yes; three Supervisors, including Supervisor Wagner remotely, voted no. With the majority opposed, the matter ended without further action and both presenters were thanked for their time.

#### 3. Consideration of Annual Invoice for Poop 911 – 22 Stations - \$7,979.40. Includes 3,200 Bags

Ms. Thibault presented the annual renewal from Poop 911 for twenty-two pet-waste stations (including 3,200 bags). The annual prepayment price of \$7,979.40 aligns with the budget and is lower than the month-to-month option (approximately \$8,800). Counsel advised that the District's standard agreement with this vendor — used at other districts — includes light maintenance provisions and recommended updating Concord Station's paperwork accordingly, particularly since the last agreement on file (2021) auto-renewed when the District later expanded to twenty-two stations. The Board approved proceeding on the annual basis and directed Counsel to put the service under the District's current-form contract, with an emphasis on appearance upkeep and minor maintenance.

On a MOTION by Supervisor LaBabera, SECONDED by Supervisor Griffin, WITH ALL IN FAVOR, the Board approved Annual Invoice for Poop 911 for 22 Stations for \$7,979.40, which includes 3200 Bags, for the Concord Station Community Development District.

#### F. District Manager

#### 1. Status of Sales Tax Reimbursement

Under the previously executed power of attorney, a refund claim has been submitted to the Florida Department of Revenue for Duke Energy sales tax overpayments. Separately, the DOR has assessed \$2,157.28 in late charges and interest stemming from a lapse in sales tax remittances on rentals earlier in the year and prior year. The Board Members requested that the late fees charges be sent to Breeze, the prior Management Company. Questioned by the Chairwoman regarding Breeze's prior delay in issuing 1099s, Ms. Thibault reported that no IRS notice of penalty has been received to date.

The Board revisited streetlight billing accuracy with Duke Energy. Management is working to compile an inventory audit of fixtures and accounts — using pole numbers and field verification — to confirm that billed assets belong to the District. The Amenity Manager will assist with on-the-ground verification, and Management will report back at the next meeting with findings and recommended corrections.

#### 2. Tot Lot HOA Question - does the Board prefer Bahia or St. Augustine

This item was heard during the District Counsel section being brought up as part of the HOA-related matters update.

Supervisors reiterated prior direction: the District prefers St. Augustine sod, not Bahia, within the entire tot lot parcel (both the previously fenced pad and immediately surrounding areas within that parcel) for a uniform surface. The Board

underscored that irrigation must be restored and operable before any sod installation; the District will not accept turnover until irrigation and turf are complete and healthy. Members noted RedTree's past budgetary concepts (~\$24,000 including irrigation work) and encouraged the HOA to obtain multiple competitive quotes—ideally from additional firms beyond RedTree — given past high pricing. Artificial turf was rejected as inconsistent with community standards. Management will advise the HOA that the Board's preference is St. Augustine throughout the tot lot parcel, that irrigation rehabilitation is a prerequisite, and that multiple bids are recommended; acceptance will follow only after completion to District standards. Existing shade trees at the site may remain as indicated by the HOA's survey of nearby residents, which favored an open play field (not a dog park).

#### IV. Administrative Items

#### A. Consideration for Acceptance of the August Unaudited Financial Report

The Board accepted the financial reports, noting that August actuals show the District tracking within budget.

On a MOTION by Supervisor Griffin, SECONDED by Supervisor LaBabera, WITH ALL IN FAVOR, the Board approved the August Unaudited Financial Report for the Concord Station Community Development District.

### B. Consideration for Approval – The Minutes of the Concord Station Regular Meeting of the Board of Supervisors Held on September 11, 2025

The Minutes for the September 11, 2025 meeting were reviewed and approved with targeted clarifications: attribution of HOA process background to Supervisor Cisternas in the drainage easement discussion; reframing a statement about irrigation water at the tot lot as information relayed at the meeting rather than a documented fact at the time; and specifying that HR Counsel — not District Counsel — would make revisions to the employee handbook, consistent with prior direction. With those edits, the Minutes were approved unanimously.

On a MOTION by Chairwoman LaBabera, SECONDED by Supervisor Cisternas, WITH ALL IN FAVOR, the Board approved The Minutes of the Concord Station Regular Meeting of the Board of Supervisors Held on September 11, 2025 for the Concord Station Community Development District.

#### V. Audience Comments – New Business (limited to 3 minutes per individual)

The Board Members returned to landscape services and anticipated vendor relations. Acknowledging ongoing friction and performance concerns, the Board directed Counsel and Management to begin preparing a competitive solicitation for landscape and irrigation services. Counsel explained the existing contract's notice framework (90 days' notice by the Vendor; 30 days by the District), and emphasized that issuing an RFP does not itself terminate the current agreement. To keep momentum, legal will circulate the draft RFP package in advance of the next agenda where possible; scope will be built collaboratively with the Management, the Field team, and Mr. Bryant's technical input so that deficiencies and performance standards are clearly defined. The Board expects a robust, detailed scope document and intends to proceed swiftly through the procurement process.

The Board Members emphasized that the new scope must be explicit and enforceable, detailing baseline and frequency standards for: tree care (including Spanish moss management), conservation area edge clearing and setback maintenance, palm "unbooting," and attention to historically neglected segments (e.g., the short tract between the apartments and the Enclave). The Board asked that each task be mapped to locations, intervals, and acceptance criteria so performance can be measured. The Management will also correct the District's website to remove outdated vendor references (e.g., Yellowstone listed as the "service area") to avoid confusion.

#### VI. Supervisors' Requests

Chairwoman LaBarbera placed on the record her disagreement with a prior decision to lift a Resident's amenity privileges suspension, noting that had she been present, she would have voted to keep the suspension in place.

The Board acknowledged the Sheriff's Office off-duty deputy contract ended September 30. Since then, per Chairwoman, regular zone patrols in the community were observed. While the HOA separately engages deputies, the Board saw no present need to reinstate a District-funded detail.

Vice Chair Griffin announced that at the upcoming election period, he does not intend to seek another term, citing the personal toll of persistent negativity despite his commitment to the community's best interests. Supervisor Cisternas expressed appreciation for his service and wish for the Vice Chair to reconsider.

Supervisor Cisternas also expressed agreement with the substance of the Chair's comments regarding RedTree but urged the Board Members' continued deliberative tone and strategy in future vendor interactions. Per the Supervisor, while recent tensions with the landscape contractor may accelerate a transition that likely was coming, the District retains leverage (including notice provisions) and may benefit from more strategic communication with the Vendors. Vice Chair Griffin supported the Chair escalating the matter addressing RedTree. Supervisor Wagner referenced audio malfunction and no ability to listen to the part of the Meeting when the matter occurred.

Separately, Supervisor Wagner requested legal guidance on Florida's open-carry/constitutional carry landscape as it pertains to District property and amenity rules. The Counsel reported the firm is preparing a memorandum for the Districts and attending the insurance carrier's briefing on the 22nd of the month; a written update and recommendations will be brought to the next Board meeting.

#### VII. Adjournment

**Printed Name** □ Secretary □ Assistant Secretary

With no further business, a motion to adjourn was made and seconded. Hearing no objection, Ms. Thibault declared the meeting adjourned.

On a MOTION by Supervisor Griffin, SECONDED by Supervisor Cisternas, WITH ALL IN FAVOR, the Board adjourned the Meeting for the Concord Station Community Development District.

~Any individual who wishes to appeal a decision made by the Board with respect to any matter considered at this meeting is hereby advised that they may be responsible for ensuring that a verbatim record of the proceedings is made, including all testimony and evidence upon which the appeal is based.~

### MINUTES OF 11/13/2025 REGULAR MEETING CONCORD STATION COMMUNITY DEVELOPMENT DISTRICT

The Regular Meeting of the Board of Supervisors of the Concord Station Community Development District was held Thursday, November 13, 2025 at 6:30 p.m. at the Concord Station Amenity Center, 18636 Mentmore Blvd., Land O'Lakes, Florida 34638. The public was able to listen and/or participate in-person or live via Teams conference.

#### I. Call to Order / Roll Call

The meeting was called to order by Ms. Lyalina. Roll was called and a quorum was confirmed with the following Supervisors present:

Board of Supervisors, Chairwoman
Board of Supervisors, Vice Chairman
Board of Supervisors, Assistant Secretary
Board of Supervisors, Assistant Secretary
Board of Supervisors, Assistant Secretary
District Management, Anchor Stone Management
District Management, Anchor Stone Management
<u> </u>

#### **Opening Remarks and Attendance Notes**

The meeting was called to order by Ms. Lyalina at 6:41P.M.. on November 13. Present were Chairwoman LaBarbera, Vice Chair Griffin, Supervisor Cisternas, Supervisor Wagner, and Supervisor Berdeguez.

#### II. Audience Comments – Agenda Items (limited to 3 minutes per individual)

A resident addressed the Board regarding ongoing concerns with vegetation encroachment from the conservation area located behind several homes. The resident explained that the overgrowth had begun to overtake his fence and that two of his neighbors were experiencing similar issues. He noted that he had previously contacted a landscaping contractor who informed him that work within the conservation area could not be performed by residents and must instead be brought before the CDD. The HOA had also advised him that such matters fall under the CDD's responsibility, prompting his attendance at the meeting.

The resident further described that certain trees within the conservation area were leaning toward private property and that one tree in particular appeared to be failing structurally. He sought clarification on whether residents were permitted to trim or remove vegetation that extended over their property lines and asked what procedures should be followed when conservation-area trees pose a risk or physically encroach onto private yards.

Chairwoman LaBarbera provided initial clarification on the distinction between HOA and CDD responsibilities, explaining that the HOA governs issues related to a homeowner's private property, while the CDD oversees areas owned and maintained by the community. She confirmed that trees located on the community side of the sidewalk fall under CDD governance, while vegetation management within conservation tracts may depend on the specific boundaries and maintenance responsibilities assigned to the District.

Ms. Lyalina added that conservation areas within District boundaries are generally maintained by the CDD's landscape contractor; however, it would first need to be confirmed whether the specific tract behind the resident's home is an area the District is responsible for maintaining. Chairwoman LaBarbera further clarified that residents may trim vegetation that crosses vertically over their property line, but may not take action inside the conservation area beyond their fence.

The resident reiterated that multiple homes in the vicinity were affected, and that one of the trees in question was leaning significantly due to overgrowth within the conservation tract. District Counsel advised the resident to send his name and address to either the District office or to Maintenance Manager Mr. Looknanan so that staff could review the area and determine ownership and maintenance responsibility. Mr. Looknanan noted that he had previously visited the location but was unable to physically access the conservation area due to dense vegetation, and that RedTree Landscape could not access the site either.

District Counsel emphasized that a determination could not be made during the meeting and that further review was required. Chairwoman LaBarbera inquired whether the conservation area was associated with a pond or other water management tract; the resident stated that the area was heavily overgrown and that he was unsure. Mr. Looknanan reviewed the District map with the Board, confirming that the home is located near Wetland W1 but not directly adjacent to a pond.

The resident asked whether his neighbors should also submit emails. Chairwoman LaBarbera responded that the Board should be able to determine the issue without each resident attending individually, once the site evaluation is completed.

The Board discussed the appropriate next steps. Supervisor Griffin asked what expectations the Board should provide the resident, noting that the matter should not be left open-ended. Supervisor Wagner stated that staff would return at the next meeting with a determination regarding whether the CDD is able to perform any work in the area and what, if anything, the resident may do on his own property. The resident agreed and added that his neighbors were more concerned than he was.

Chairwoman LaBarbera asked whether the vegetation was directly encroaching onto the residents' properties. The resident confirmed that it was and admitted that some individuals had already trimmed portions on their side of the fence. Chairwoman LaBarbera reiterated that trimming directly above a resident's property line is permissible; however, removing or cutting within the conservation area is not allowed. The resident expressed concern that one compromised tree might eventually fall. The Board briefly discussed whether someone could be dispatched to evaluate the specific tree. The resident asked if he needed to attend the next meeting; a Supervisor confirmed he would be notified once the review was completed. District Counsel advised that staff would contact him regarding whether remediation, if required, would fall to the CDD or the homeowner. The Board thanked the resident for attending, after which he departed the meeting.

Following the resident's departure, District Counsel added that Mr. Looknanan, being regularly onsite, could perform the initial assessment and determine whether further evaluation by Mr. Woodcock would be required.

Mr. Looknanan reported that he had already attempted to access the area but was unable to pass beyond the fence due to the density of vegetation. He stated that photographic documentation had been taken but noted the difficulty of locating the images due to the volume of pictures. He explained that the trees could not be accessed from either side without significant clearing. Supervisor Berdeguez asked whether the District should hire a contractor to cut the vegetation. Chairwoman LaBarbera cautioned that doing so would require the District to provide similar service for all residents with comparable conservation encroachment issues, which could create ongoing financial and operational burdens.

The Board then engaged in further discussion regarding wetland setbacks, conservation restrictions, and historical vegetation growth patterns throughout the community. District staff explained that many of the conservation tracts back up to designated wetlands, and if the vegetation falls within a wetland or setback, the District may be legally prohibited from entering. In such cases, residents may trim only vertically above their property line, while the conservation tract itself must remain untouched. Additional discussion took place regarding the possibility of obtaining an arborist's assessment for trees that may be hazardous. Mr. Looknanan and several Supervisors noted that extensive trimming within conservation areas can be cost-prohibitive.

Mr. Looknanan informed the Board that this issue was one of his scheduled agenda items, noting that several other residents—including homeowners near the Longwood and Snowdonia monuments—had reported similar concerns about trees overgrowing into private property or community monuments. Chairwoman LaBarbera distinguished between trees located within conservation areas and those on CDD-owned parcels, explaining that trees situated on CDD property should be maintained by the landscape contractor. She clarified that trimming on CDD-owned parcels, including around monuments, falls within the District's responsibility, provided the work is not within a wetland setback.

The Board discussed the specific location of the oak tree near the Longwood monument and confirmed that, because it is on CDD property and not within a conservation tract, the CDD's contractor should be maintaining it. Supervisors expressed no objections to performing necessary trimming in such areas. District Counsel recommended that any future resident complaints of this nature be forwarded with the property address so staff can confirm whether the vegetation is within a wetland or protected tract before authorizing work.

#### III. Professional Vendor Presentations

#### A. District Engineering Report - Stantec Project Engineer Greg Woodcock

Ms. Lyalina introduced Item 3 on the agenda, noting that the first presentation was scheduled for Stantec Project Engineer, Mr. Woodcock.

Before proceeding, District Counsel addressed the Board to place a statement on the record. She noted that, although vendor presentations were listed on the agenda, no outside vendors were physically present at the meeting, and it was unclear whether any were attending virtually. In light of this, District Counsel advised the Board to be mindful during any upcoming discussions that may relate to vendor performance or vendor responsibilities. She emphasized the importance of ensuring that all comments remain factual, non-speculative, and free of personal characterization, in order to preserve a clean and accurate public record.

District Counsel further explained that, since Ms. Lyalina was still familiarizing herself with certain District processes, she requested the Board's permission to assist during the meeting as needed. This assistance would include procedural guidance, support with motions, and clarification of issues that may arise throughout the agenda. After a brief discussion, the Board agreed to the request and expressed appreciation to District Counsel for offering her support.

#### 1. Status and Discussion of Ditch Project & Hurricane Reimbursement

Mr. Woodcock, began his presentation with an update on the status of the ditch project and the potential for hurricane-related reimbursement. He explained that his team had reviewed the site earlier in the year, visiting in March, and while the damage appeared consistent with impacts from the hurricane, there was no definitive documentation showing the condition of the area immediately before and immediately after the storm. He noted that the engineering report could state that the damage was likely hurricane-related, but without photographic or time-stamped evidence, the District could not state with certainty that the condition did not preexist the storm. He added that the cost of the repairs was substantial, estimating the deductible at approximately \$10,000, with total costs approaching \$70,000.

Supervisor Griffin remarked that, despite the uncertainty, it would still be worthwhile for the District to submit the insurance claim.

Supervisor Cisternas asked what type of proof would be required to demonstrate that the damage had not been present prior to the hurricane. Mr. Woodcock responded that even one or two photographs would be sufficient. Supervisor Cisternas noted that a resident in the community regularly flies a drone and has recorded aerial footage both before and after the hurricane. She stated that she would attempt to determine whether the resident captured video of the affected area and would follow up if such footage is available.

Mr. Woodcock agreed that this would be very helpful and confirmed that he would coordinate with District Management regarding next steps. Supervisor Cisternas clarified that the discussion pertained to the ditch located directly across from the clubhouse.

#### 2. Consideration for Approval – Finn Outdoor Extra Work

The Board reviewed the proposal identified as Exhibit 1B, representing additional work previously completed by the contractor. Mr. Woodcock explained that during the project, the contractor performed an additional 50 feet of brick-wrap work that had not originally been included in the approved scope. The contractor's project manager initially believed that the extra work was authorized; however, the contractor later determined that the work should have been billed separately.

Mr. Woodcock stated that he informed the contractor that he did not feel comfortable bringing the full cost of the additional work back to the Board because the misunderstanding originated on the contractor's side. As a result, the contractor reduced the amount by one-third and submitted a revised proposal in the amount of \$5,350, which was provided as Exhibit 1B for Board consideration.

The Board discussed the completed work and confirmed that Projects 1, 2, and 3 referenced in the exhibit had all been finished. Project 1 involved cutting and removing overgrown vegetation within five feet of the top of the wall, and then Mr. Woodcock confirmed that this work had been completed as described.

Following discussion, the Board proceeded with action on the item.

On a MOTION by Chairwoman LaBarbera, SECONDED by Supervisor Wagner, WITH ALL IN FAVOR, the Board approved the Finn Outdoor Extra Work for amount of \$5.350, for the Concord Station Community Development District.

#### 3. Discussion of Seal Coating Clubhouse Parking Lot & Pot Hole Repair Proposal

The Board reviewed the proposal for seal coating the clubhouse parking lot and repairing existing potholes. The proposal, submitted by ADS, reflected a total estimated cost of \$18,875. Mr. Woodcock was asked to confirm whether crack filling was included in the proposal as part of the pre-seal preparation work.

A detailed discussion followed regarding budget availability. Supervisor Cisternas questioned that if the project were approved during the current fiscal period, the expenditure would need to come from reserves, as this item was not allocated within the existing operating budget. It was noted that while the seal coating would improve the appearance and condition of the lot, the Board needed to consider budgetary constraints before moving forward. Several Supervisors discussed the option of postponing the full seal coat until 2027, aligning with the long-term resurfacing plan previously outlined for the property. The Board noted that in 2027 the District would already be budgeting for milling and resurfacing, and performing a full seal coat now only to resurface in two years might not be financially efficient.

The Supervisors also discussed the immediate need to address the potholes, which had been estimated in previous conversations at approximately \$4,000 for repairs. Some Board members suggested completing only the pothole repairs at this time and deferring the larger seal coating portion until the appropriate budget year. Supervisor Wagner noted that they were awaiting the fund balance rollover at fiscal year-end, and the final amount had not yet been confirmed. The rollover could potentially support the project if sufficient funds became available. Given the uncertainty, several Supervisors recommended tabling the decision until the next meeting, when final fund balance information would be available.

The Board also discussed capital improvement funds previously allocated for 2025 projects. Chairwoman noted that \$50,000 had been budgeted for monument work, which was not fully spent, and that the tennis and basketball court improvements had come in under budget as well. These unspent amounts might serve as an offset for the parking lot improvements, although staff reminded the Board that any reallocation must follow the appropriate financial procedures.

Mr. Woodcock provided technical input regarding the useful life of the pavement, explaining that a seal coat could extend the asphalt lifespan by approximately five years, and that resealing five years later could provide additional protection, potentially delaying large-scale resurfacing. Board members agreed that receiving additional pricing would be beneficial. Staff was directed to obtain additional bids for comparison with the ADS proposal and to request that vendors separate pricing for pothole repair from the seal coat work, enabling the Board to evaluate each scope individually.

Following discussion, the Board agreed to defer action until the next meeting, pending:

- Confirmation from Mr. Woodcock regarding whether crack filling is included in the ADS proposal;
  - Receipt of additional bids;

- Budget verification from Ms. Thibault;
- Finalization of the fund balance rollover.

No motion was made at this time. This item was tabled until the next meeting pending receipt of additional bids, budget verification, and confirmation of the proposal details.

#### 4. Discussion & Consideration of Tree Replacement Project Proposal

#### ❖ Steadfast – Tree Removal - \$14,650 and Tree Plantings - \$5,870

The Board discussed the Tree Replacement Project and reviewed a proposal received from Steadfast. Mr. Woodcock reported that Steadfast had submitted pricing in the amount of \$14,650 for tree removals and \$5,870 for planting replacement trees. He noted that this proposal covered removal and replacement of a group of trees along a section of the community boundary.

During the discussion, the Board confirmed that there are approximately twelve (12) existing trees in that area. It was noted that a previous proposal from RedTree for a similar scope of work had been significantly higher, at approximately \$41,400, and that the Steadfast pricing represented a substantially lower alternative. Board members questioned whether removal of all twelve trees was justified. The original concern had been raised by a homeowner living on the corner lot, who reported that tree roots from several nearby trees were impacting his property, including the area around a hot tub. Supervisors discussed whether the reported damage was limited to a small number of trees or whether the entire line of trees was contributing to problems.

Mr. Woodcock explained that he had contacted Arborist Abroad, a firm he has used in other communities, to obtain an independent assessment and proposal for the removals. The arborist visited the site, knocked on the residents' doors, and asked to be shown any visible damage. According to the arborist, only the corner property owner was able to demonstrate credible root-related damage; no conclusive evidence of damage was observed for the other homes along the same line of trees. Mr. Woodcock further advised that certain tree removal would require County permitting, and that the County typically requires proof of damage or justification before authorizing removals, particularly when healthy trees are involved. He noted that, based on the arborist's feedback, the County would likely request documentation of damage, and that it might be difficult to justify removing all twelve trees if only a limited number are currently affecting private property.

Several Supervisors expressed concern about removing all twelve trees when only a subset—primarily those adjacent to the complaining homeowner—appeared to be causing issues. They pointed out that many of the trees face the street or common areas rather than private lots and that the trees were originally installed to create a screening buffer along the fence line. The consensus emerged that it would be more appropriate to focus on the specific trees causing documented impact rather than clear an entire row. After further discussion, the Board agreed that the District should proceed by targeting only the problem trees. The general direction from the Board was to remove approximately three (3) trees at the corner property where root damage had been reported, and to consider removing up to two (2) additional trees only if there is clear evidence of damage or if future complaints are substantiated.

The Board then considered the replacement component of the project. Mr. Woodcock explained that the initial concept had contemplated installing twelve new trees in alternating positions to maintain the visual buffer. In light of the revised approach, he recommended that replacement trees be limited to the number of removals and that more suitable species be selected. He suggested alternatives such as magnolias and maples, noting that their root systems are generally less aggressive than oak trees and may pose a lower risk of future structural damage.

The Board discussed placement of any new trees in relation to existing power lines and fences. Mr. Woodcock advised that new plantings should be set back farther from both the fence and the overhead utilities to reduce conflicts. He also noted

that certain species may require annual pruning to maintain desired shape and clearance, and that this should be considered when selecting replacement trees. Given that only one proposal had been received at this time, the Board directed staff to obtain additional quotes before moving forward. Mr. Woodcock stated that he would work to secure a revised proposal from Steadfast reflecting the reduced scope (removal and replacement of only the affected trees) and would also seek at least two additional proposals from other qualified tree contractors.

Maintenance Manager Mr. Looknanan agreed to "own" the coordination of the project operationally and to pursue additional local vendors, while ensuring that any chosen contractor has the appropriate insurance and credentials to work for the District. Mr. Woodcock noted that he would forward any proposals he receives to Mr. Looknanan and requested that all proposals and estimates be copied to Ms. Thibault for recordkeeping and budget review.

The Board concluded that no formal action would be taken until all revised and comparative proposals are received and reviewed. This item was tabled until a future meeting pending receipt of revised scope and pricing from Steadfast, additional competitive proposals, and confirmation of any documented property damage and permitting requirements.

#### **B.** Solitude Lake Management

#### 1. Waterway Inspection Report

The Board reviewed the Waterway Inspection Report provided by Solitude Lake Management. As the vendor was not present and no Supervisors had questions or comments, no further discussion occurred on this item.

#### C. Red Tree Landscape Maintenance

#### 1. Landscape Maintenance & Irrigation Report

The Board reviewed the Landscape Maintenance & Irrigation Report provided by RedTree. Ms. Lyalina pointed out that RedTree recently included a site visit summary of the irrigation system and controllers, along with a newly provided irrigation controller checklist. Several Supervisors commented that they had never seen this level of detail from RedTree before, and that the inclusion of system-specific information was helpful for oversight.

Mr. Looknanan explained that last month he had reviewed the RedTree contract and identified a section requiring monthly irrigation reports. Upon discovering that the Board had not been receiving these, he asked Ms. Thibault whether any had been submitted. Shortly afterward, multiple backdated irrigation reports—ranging from April through September—were sent to the District. Mr. Looknanan discussed the usefulness of these reports, noting that they provide specific operational data, such as which valves and stations were activated, which zones failed to open, and where straightened heads or nozzle changes were completed. Several Supervisors expressed that these detailed technical logs would help diagnose recurring issues in areas like Mentmore, rather than relying on general verbal statements from the vendor.

However, Supervisors also pointed out that some report pages referenced "see back for notes," but no backside pages were included. The Board was unsure whether the missing pages had not been scanned or whether RedTree did not supply them. The Board requested confirmation on this point.

In response, District Counsel asked RedTree (via staff) to ensure that any double-sided reports are properly scanned and forwarded. She emphasized that all irrigation reports—including complete copies of any missing pages—must be transmitted to the Board promptly. The Board then formally requested that Ms. Thibault receive and distribute copies of all irrigation reports no later than next Monday, ensuring the Board has the full documentation ahead of the next meeting.

Additionally, the Board requested that beginning with the next cycle, RedTree must:

- Provide the monthly report earlier, prior to agenda publication;
- Include the backside pages or any supporting documentation that the checklist refers to;
- Ensure reports are complete, consistent, and usable for comparison month-over-month.

No further discussion occurred on this item.

#### ❖ Site Visit of Irrigation System & Controllers

The Board discussed Mr. Bryant's recent site visit of the irrigation system and controllers, exhibit 5B. The District Counsel questioned whether the mentioned 108 to 110 stations were the same that RedTree had mentioned that they had gotten through (approximately 100 stations) as part of their irrigation project. Mr. Looknanan stated that this would be hard to tell (without the representatives being present or maps/reports).

The Counsel referenced upcoming review of proposals for the burnt out controller and Supervisor Berdeguez stated that this matter is one of the reasons why it is his preference that at the upcoming Landscaping services RFP, the Irrigation part of services is contracted separately. Bord Members agreed.

No further action was taken on this item.

#### 2. Consideration of Payment of Proposal for Annuals - \$1,475

The Board reviewed the outstanding proposal in the amount of \$1,475 for the installation of seasonal annuals. District Counsel advised the Board that under the terms of the landscape maintenance contract, annual plantings are billed separately and are not included in RedTree's recurring monthly service fee. Counsel further explained that, according to the communication received from the vendor, the annuals installation had already been completed in the field.

The Board questioned placements and per Mr. Looknanan he was having a hard time confirming seeing the work done based on the pictures of monuments in his possession and his routine onsite work and presence. At the same time, Supervisor Cisternas clarified that the current flowers types, not necessarily the amount of such, are not the summer type.

Although it was not clearly identified where the installations took place, but because the work was claimed to have been performed and the associated proposal had not previously been brought before the Board for approval, Counsel recommended that the Board proceed by ratifying the payment to bring the item formally into compliance with the Florida Prompt Payment act.

Per the Board's request, Ms. Thibault would forward all related communications, including confirmation from the vendor regarding completion of the work, to District Counsel for verification and recordkeeping.

Following discussion, the Board took action.

On a MOTION by Supervisor Griffin, SECONDED by Supervisor Berdeguez, WITH ALL IN FAVOR, the Board approved the Payment of RedTree Proposal for Annuals - \$1,475, for the Concord Station Community Development District.

#### Consideration of Proposal for Irrigation Repair – Faults on Zone 7 & 9 - \$1,000

The Board reviewed the proposal in the amount of \$1,000 for irrigation controller repairs addressing reported faults on Zones 7 and 9. While the proposal outlined corrective work for the identified issues, Supervisors expressed that they did not have sufficient information at this time to confirm the underlying cause of the faults, the extent of the necessary repairs, or whether the proposed work aligned with the vendor's contractual maintenance responsibilities.

After a brief discussion, Board members agreed that further clarification was needed regarding the scope of the repairs and whether the observed zone failures should be addressed under routine maintenance rather than as a separately billed project. The Board also agreed to postpone decision making until Mr. Brayant's comprehensive review and report are completed. Mr. Looknanan stated that Mr. Bryant returned to the site and then he was trying to jump the clubhouse system from the controller, then he had no water, and that day of the meeting he went to check the pump and the first switch was burned out.

Accordingly, no action was taken, and the Board did not approve the proposal (Exhibit 6B).

#### D. District Counsel – Kilinski Van Wyk

- 1. Discussion of Status: Changes to Rules & Procedure Update
  - Memorandum of Updated Rules of Procedure & Rules of Procedure
  - Consideration of Resolution 2026-02, Setting the Public Hearing for January 8, 2026 at 6:30 p.m.

District Counsel provided a comprehensive update on the status of the District's Rules of Procedure rewrite. She explained that, at the Board's direction during the prior meeting, her office prepared updated Rules reflecting statutory changes, including recent legislative updates from 2025. She summarized several key revisions, noting:

- Changes to notice requirements for rule development and rulemaking—including an extended mandatory
  notice period of 35 days, which effectively means actions traditionally set for the following month will now
  require closer to two months of lead time.
- Updates to provisions relating to emergency procedures, rule variances, and competitive purchasing criteria.
- Integration of statutory requirements already followed by the District through resolutions but now formally incorporated into the Rules of Procedure to ensure alignment with current Florida law.

District Counsel informed the Board that a redline version highlighting all changes had been circulated; however, she noted the version included in the Board packet was added only shortly before the meeting due to a delay in processing. She clarified that the District's prior Rules date back to 2013–2014, and therefore the updated draft appears significantly longer because it now consolidates statutory material adopted over the past decade.

Supervisor LaBarbera expressed concern that the updated Rules were not included in the Board packet until 48 hours prior to the meeting, preventing Supervisors from having adequate time to review a document exceeding 150 pages. She reiterated a broader concern addressed to Ms. Thibault about agenda materials frequently being distributed in incomplete form until just before meetings, requiring Supervisors to re-review revised versions multiple times.

District Counsel acknowledged the issue, explaining that she had provided the materials to Ms. Thibault earlier in the week and believed they had been sent with sufficient notice. Nonetheless, she apologized for the delay and committed to resending the redline version directly to all Board members to ensure full visibility. In response to Supervisor Cisternas's question regarding whether the Rules could be modified during the public hearing (for example, theoretically changing the number of Supervisors if permitted by statute), District Counsel confirmed that the public hearing allows for Board and public input, and non-statutory provisions could indeed be adjusted or amended prior to adoption. District Counsel emphasized that the purpose of the current agenda item was not adoption, but simply approval of the Resolution setting the required public hearing, proposed for the Board's January 2026 regular meeting. She noted that public hearings for Rules of Procedure rarely draw significant attendance, unlike budget hearings or policy changes such as towing and parking rules.

Following discussion, the Board proceeded to the next portion of the item (Resolution 2026-02); Counsel requested a motion to adopt the Resolution and formally set the hearing date. District Staff was instructed to coordinate to ensure that the required statutory notice is properly published in the newspaper within the mandated timeframe.

On a MOTION by Chairwoman LaBarbera, SECONDED by Supervisor Wagner, WITH ALL IN FAVOR, the Board approved the Resolution 2026-02, - Setting the Public Hearing for January 8, 2026 at 6:30 p.m., for the Concord Station Community Development District.

#### 2. Discussion on Mapping Project Invoice from Red Tree

District Counsel provided an overview of the relevant contract provisions, noting that the agreement requires the contractor to submit a monthly maintenance report in a form acceptable to the District, including photographs and documentation of any significant issues encountered, as well as updates on outstanding items and any irrigation-related

concerns. Counsel reiterated that these reports must include photos of irrigation system issues as part of the District's contractual expectations.

Counsel further referenced the previously approved not-to-exceed \$10,000 irrigation repair proposal from July, which specified that work would be accompanied by photographs and the corresponding Google Earth mapping points, and noted that while mapping points were received, the volume of photos provided did not match the level of work claimed by the vendor. Supervisor Griffin then recalled a prior in-person meeting referenced in the invoice narrative. RedTree had brought a large printed irrigation map (approximately 3–4 feet in size) with highlighted lines showing sprinkler system routes. Board members reviewed the diagram with RedTree representatives and noted that the map was presented as a working reference tool, with no discussion at the time of any cost associated with producing it. Supervisors also recounted a smaller September meeting with three Board members in which RedTree acknowledged that they failed to communicate that the mapping would carry an additional cost. RedTree attributed the misunderstanding to their own lack of disclosure. Board members reiterated that because no cost was ever presented for approval, the District could not agree retroactively to pay for it. At that prior meeting, opinions were split—two Supervisors opposed payment, one Supervisor felt reimbursement might be fair—so the item had been tabled at that time for further review when all Board members would be present.

Counsel brought up a detailed timeline for discussion:

June 12, 2025 – RedTree sent partial mapping progress.

July 10, 2025 – RedTree sent photos of valves and mapping points, stating they had identified 124 points, including controllers, gate valves, electronic valves, and wire splice boxes.

Supervisor Cisternas expressed confusion as to why RedTree continued pursuing payment despite acknowledging that they had not disclosed the cost and despite the Board's prior decision to dispute payment. Chairwoman added to the discussion that the District has consistently requested Google Earth location points for all work performed, as part of the documentation standards for invoices under the contract, and that these requirements pre-date the current issue. A Supervisor emphasized that mapping and photographic documentation were established expectations and not separately billable deliverables unless pre-approved.

District Counsel reiterated for the record that no action was required, as the Board had already previously decided that the invoice would not be paid. Counsel stated that if any additional communication from RedTree is received regarding this matter, Ms. Thibault should notify the Board and Counsel, and from this point forward Counsel will handle all communication with RedTree related to the disputed invoice.

#### 3. Discussion of USA Fence Impact to Security System

District Counsel introduced the item by distributing the proposal prepared by ECS, the vendor responsible for the District's electronic access and security systems. Counsel explained that this proposal was generated following the installation of the new playground fence by USA Fence, during which the fence contractor cut multiple security system wires servicing the playground and adjacent amenities. As a result, several components of the District's access-control system were rendered inoperable, including:

- One non-operational card reader,
- Three maglock units that were no longer functioning when energized, and
- Exposed wiring at ground level, where conduit transitions up out of the concrete. The wires inside the conduit remained intact, but the exposed surface wiring required repair and proper burial.

District Counsel clarified that ECS's estimate of \$4,377 represented only the cost to replace damaged equipment and restore functionality to the access system. However, this initial proposal did not include the additional work required to properly rebury the exposed wiring, a task necessary to prevent future failures or safety hazards.

Supervisors discussed whether the District's maintenance staff should be responsible for burying the wiring. Several members expressed concern that if the work was performed in-house, USA Fence could later argue that the District did not remediate the wiring correctly. Board consensus was that ECS should handle the entire scope of work, including reburying all lines, ensuring that the repair meets professional standards and eliminates future liability.

To accomplish this, the Board directed that a revised proposal be requested from ECS reflecting a complete turnkey repair, including:

- Replacement of all damaged components,
- Proper burial of all affected wiring, and
- Any additional labor required to bring the access system back to full operational condition.

District Counsel then explained the procedural steps taken to protect the District financially. Counsel's office drafted a letter authorizing the District to withhold payment to USA Fence in the amount necessary to cover the ECS repair costs. This is permitted by statute when a contractor's action results in damage to District infrastructure. The letter was sent to the District Manager's office for issuance to USA Fence, though Counsel and Supervisors were uncertain whether the communication had been formally sent.

During review of the ECS proposal, Supervisor Griffin also noted that the document incorrectly listed the job location as "Concord Station CDD – Pool Access." The Board confirmed that the damage occurred at the playground, not the pool, and directed that this be corrected in the revised proposal.

The Board confirmed that no approval action would be taken until the corrected, comprehensive proposal is submitted. Supervisors emphasized the need for one complete scope of work from ECS so that all repairs can be coordinated and appropriately charged back to USA Fence.

District Staff and District Counsel will coordinate to obtain the revised proposal and ensure all future communications with USA Fence regarding the damage are handled through Counsel.

#### 4. Presentation of Project Manual for Landscape Services

District Counsel presented the draft Project Manual for Landscape Services, which will be used for the District's formal landscape maintenance procurement. She explained that the manual includes the scope of work, insurance and licensing requirements, pricing forms, and evaluation criteria that will guide the competitive selection process. The Board discussed the possibility of separating irrigation services from the general landscape scope, noting prior concerns regarding irrigation system maintenance and the potential benefit of having irrigation handled by a dedicated contractor. Counsel confirmed that the Request for Proposals could be structured to allow the Board to reserve the right to subcontract irrigation services separately, and that the pricing sheet could be revised so that proposers provide both a base landscape price excluding irrigation and a separate price specific to irrigation services.

During the discussion, the Board expressed an understanding that the maintenance scope should be comprehensive, including trimming of trees, addressing dead shrubs, moss, weeds, rather than such items being brought to the meetings as part of separate work proposals. The Board agreed that proposals should first be reviewed by Mr. Looknanan, who would compare each submission to the technical scope of work and identify whether each vendor's approach aligns with the District's landscaping and irrigation needs. After that internal review, proposals would be forwarded to the Board for consideration.

Addressed further were the RFP pricing sheets. The Board and Counsel discussed whether separate pricing should be listed for the landscaping and irrigation services.

Counsel discussed the evaluation criteria in the Project Manual and noted that the pricing section needed to be adjusted, because the current scoring system assumed irrigation was included in the main proposal. With irrigation being

separated, the Board directed Counsel to divide the pricing component so that one score would apply to the landscape portion and another to the irrigation portion. Counsel clarified that the overall score must remain a 100-point system and that the other criteria would be adjusted accordingly. The Board confirmed the revised scoring structure: fifteen points allocated to the price for landscape services excluding irrigation, and ten points allocated to the price for irrigation-only services (includes reducing the experience by 5). Counsel also clarified that the Board could evaluate the irrigation portion independently when awarding the contract.

Brought up by the Chairwoman, the Board then discussed the financial qualifications required from proposers. Counsel explained that the draft Manual allowed the District to request three years of audited financial statements. Board members expressed a preference for requiring proposers to submit the most recently completed annual audited financials, such as 2024 audits or the latest available year, along with the most recent interim unaudited financials, such as quarterly reports for Q1 and Q2. The Board determined that these financial documents would provide sufficient assurance of a proposer's stability. In connection with that requirement, the Board agreed to remove the bid bond requirement from the solicitation, while retaining the protest bond requirement as protection for the District in the event of a bid protest.

Counsel then reviewed the procurement timeline with the Board. The Project Manual will be issued and advertised beginning November 21, with notice submitted to the Business Observer for publication on Tuesday, November 18, to comply with statutory requirements. A mandatory pre-proposal meeting is scheduled for Monday, December 1 at 10:00 a.m. Written questions from proposers will be due later that day, with the Board agreeing to extend the submission deadline into the evening to accommodate vendor schedules. Counsel, Mr. Looknanan, and Ms. Thibault will collaborate to prepare written responses to all questions by the required response deadline. Sealed proposals will be due and publicly opened on December 5, and Counsel noted that because proposals are exempt from public disclosure until the notice of intended award, they will not be included in the Board meeting packet but will instead be distributed separately to Supervisors after the opening. The Board will evaluate the proposals and receive vendor presentations during the December 11 regular Board meeting, at which time proposers are expected to attend and address the Board.

The Counsel noted that because the proposals are exempt from disclosure, so they're going to be sealed. They're not going to be part of your agenda package. We will e-mail them to you under separate cover, but they're not going to be part of your agenda package. But you won't get them until December 5th evening

Following the discussion, the Board approved the Project Manual with the revisions stated on the record, including separating irrigation pricing, adjusting the evaluation criteria and scoring method, revising financial submission requirements, removing the bid bond requirement, and adopting the procurement schedule. Counsel and District Staff will finalize the Project Manual accordingly and proceed with issuance and publication.

On a MOTION by Chairwoman LaBarbera, SECONDED by Supervisor Wagner, WITH ALL IN FAVOR, the Board approved the Project Manual for Landscape Services, incorporating the revisions discussed on the record, for the Concord Station Community Development District.

#### 5. Status on Demand Letter to Prior Manager for Sales Tax

Counsel reported that, following the Board's direction at a previous meeting, a formal demand letter was prepared and transmitted to the former manager. The letter outlined the District's position that sales tax had been improperly unreported during the prior management period, and it requested reimbursement or corrective action consistent with the amounts determined during the District's review.

Counsel confirmed that the letter included a 15-day deadline for the former manager to respond. She noted for the record that the District has not yet received any reply, and no acknowledgment or documentation has been provided within the required response period. Counsel advised that the lack of response would be monitored closely, and that she would update the Board on any subsequent communication or failure to comply.

Supervisors briefly discussed whether further action may be required if the prior manager continues to remain unresponsive. Counsel indicated that, depending on whether a response is eventually received, the Board may need to consider additional steps, including escalation or enforcement measures, but no action was recommended at this time.

The Board accepted the update, and the item was left open pending further developments.

#### 6. Status of Letter to Red Tree Defining Scope Parameters

District Counsel provided an update on the letter previously issued to RedTree Landscape Maintenance, clarifying that the correspondence had been sent as directed by the Board and that no further action was required from Supervisors at this time. The intent of the letter was to restate the District's expectations regarding scope, performance standards, reporting requirements, and communication procedures. Counsel added that the District has emphasized the importance of accurate documentation and timely submittal of irrigation inspection reports, as well as the need for clarity in work representations, given the inconsistencies previously noted in RedTree's reporting.

During the discussion, several Supervisors expressed the ongoing expectation that RedTree must have an on-site representative present during maintenance visits, particularly when performing irrigation diagnostics or field troubleshooting. The Board reiterated that physical presence is essential to ensure proper oversight and to prevent miscommunication about what work has been completed or remains outstanding. Counsel acknowledged the Board's concerns and confirmed that these expectations had been communicated clearly to the vendor.

#### 7. Walk-on: HOA inquiry regarding open-carry

A walk-on topic was introduced relating to an open-carry inquiry raised by the HOA. District Counsel reported that she had already spoken with the HOA's attorney after receiving questions regarding an incident or concern involving the open carrying of a firearm on District property. Counsel explained that the HOA's attorney was attempting to understand the jurisdictional boundaries between the HOA and the District, and whether any District rules or enforcement authority applied to such conduct on common property. Counsel confirmed that she would continue her discussions with the HOA attorney to ensure there is a shared understanding of the legal parameters surrounding this issue. Following an inquiry from Supervisor Cisternas, Counsel noted that stickers such as "No firearms allowed" could be placed for the times of the Board meetings.

#### 8. Brought-on: HOA field items

Supervisor Cisternas asked that Counsel also address with the HOA any outstanding field items that overlap HOA and District responsibilities, including lingering irrigation-related work, grass restoration in several areas, and issues with trash cans and dog-waste receptacles that remain unresolved. Counsel agreed to include those operational concerns in her follow-up communication so that responsibilities are properly assigned and no task is overlooked.

#### 9. Brought-on: Encroachment letters

The Board also received an update regarding the encroachment letters previously sent to homeowners. Several homeowners had responded, and those replies were undergoing review to determine whether additional action was required. However, no response had been received from Solitude Lake Management, whose input is needed for certain encroachment questions, particularly those involving ponds, littoral shelves, or other water-management areas. The Board directed Ms. Thibault to reach out to Solitude to obtain the necessary information so the District may proceed appropriately with the homeowner responses.

No further action was taken on this matter, and the Board will revisit the matter as additional information becomes available from the HOA attorney, Solitude Lake Management, and outstanding homeowner communications.

#### E. Amenity Center Report – Revised

STAFF UPDATES

### 1. Asking: Pay rate raise for Mr. Hernandez \$1/hr – he's approaching 90 days

Under the Amenity Center Report, Amenity Manager Mark Looknanan, Jr. presented his first agenda item, which was a request for a \$1.00 per hour pay increase for Mr. Hernandez the Amenity Center employee who works under his supervision. Mr. Looknanan explained that Mr. Hernandez had recently reached his 90-day employment mark, and based on Mr. Hernandez's overall performance, professionalism, and daily contribution to operations, he believed the raise was appropriate and justified.

Mr. Looknanan stated that Mr. Hernandez is currently paid just over \$23.00 per hour, and that increasing him by \$1.00 per hour would bring him to \$24.07, placing his annual salary at approximately \$50,000.65. He confirmed for the Board that Mr. Hernandez's hire date was June 29, meaning the 90-day period had effectively concluded. He went on to evaluate Mr. Hernandez's performance in detail, describing him as excellent across all operational areas. He told the Board that Mr. Hernandez models the front desk well, enforces rules consistently and respectfully, and takes initiative without being asked. He emphasized Mr. Hernandez's strong work ethic, noting that Mr. Hernandez performs heavy cleaning duties, washes down surfaces, keeps the courtyard and pool areas tidy, and engages the children after school with friendly interactions and helpful supervision. Mr. Looknanan added that Mr. Hernandez was performing "much better than I expected," and that he had become a stabilizing and dependable presence at the amenity facility.

Board members then entered into a lengthy discussion of District personnel policy and prior practices surrounding the 90-day review period. A Supervisor asked whether the District typically sets a lower starting salary with the expectation of a raise at 90 days, or whether this case was unique. Mr. Looknanan explained that no such structure was pre-established when Mr. Hernandez was hired. District Counsel clarified that the employee manual states there may be a pay increase at 90 days, not that there must be one. Counsel emphasized that the Board has discretion and should consider performance, fairness, and budgetary impact before approving any wage change. Counsel also clarified that any increase should be processed in a clear and consistent manner, without creating confusion for future merit increases.

Supervisor Cisternas expressed hesitation and concern about the implications of granting a salary adjustment before the upcoming annual merit increase cycle, noting that awarding both a 90-day raise and a year-end merit increase might create compensation inconsistencies. The Supervisor stated openly that they would not support giving employees another 3–4% annual increase if they already received increases earlier in the year. Another Supervisor echoed this concern, wanting to avoid creating a pattern where multiple pay increases occur too close together. Other Board members disagreed and spoke strongly in support of the increase. Supervisor Cisternas said that although they rarely see all staff members due to working from home, they almost always see Mr. Hernandez working when they are onsite and consistently receive email updates from him. Multiple Board members commented positively on his noticeable presence, accountability, and overall performance.

The Board then discussed whether the raise should be effective immediately or retroactive to the date Mr. Hernandez completed 90 days of service. Counsel confirmed that retroactivity is permissible if the Board includes that instruction in the motion. Mr. Looknanan stated that he would verify the exact date and would inform the Board once payroll adjustments were submitted. A motion was then formally made by Supervisor Wagner to approve a \$1.00 per hour raise for Mr. Hernandez effective as of the date he reached his 90-day mark, with payroll adjustments to reflect that date accurately.

On a MOTION by Supervisor Wagner, SECONDED by Supervisor Griffin, WITH ALL IN FAVOR, the Board approved the \$1 Per Hour Raise for Mr. Danny Hernandez effective 90 Days retroactively, for the Concord Station Community Development District.

Immediately following the vote, Mr. Looknanan thanked the Board. Staff and the Amenity Manager were directed to complete the payroll update, confirm the retroactive effective date, and provide written confirmation back to the Board once processed.

## 2. Juan Gonzales: Motion raise on 90 days to 66k/ annual

The Board next considered the request regarding Juan Gonzalez, Maintenance Manager, whose 90-day employment period had recently concluded. The original proposal brought forward for discussion was to increase Juan's annual salary from \$60,000 to \$66,000, reflecting a 10% raise upon successful completion of his probationary period.

As the Board began reviewing the request, Mr. Looknanan revisited prior compensation discussions from earlier in the year, including the July 29th meeting, where the anticipated salary range for Mr. Gonzales' role had been identified between \$50,000 and \$60,000, with the understanding that performance during the first 90 days would inform any future adjustment. It was acknowledged that while the Board had left open the possibility of revisiting his salary at the 90-day mark, no formal or predetermined increase was promised or scheduled.

A substantive discussion followed on compensation policy, internal pay equity, and long-term salary management. Several Supervisors expressed concern about implementing a 10% increase so early in the employment cycle, noting that doing so would immediately place Mr. Gonzales at the top of the established salary range for his position and would restrict the District's ability to provide future merit increases without exceeding the intended compensation structure. Supervisors emphasized the importance of maintaining consistency with the District's personnel manual, which states that a 90-day increase may be granted based on performance but is neither mandatory nor automatic.

Board members agreed that Mr. Gonzales had performed well in his position, but they also underscored the need to balance recognition of strong performance with responsible long-term budget and salary planning. During the conversation, the Board explored an alternative approach—a more modest performance-based increase that would acknowledge his contributions while maintaining flexibility for future adjustments.

After discussion, Supervisor Griffin offered a substitute motion to approve a 4% salary increase for Mr. Gonzales, effective on his 91st day of employment, consistent with how the Board handles other probationary-period adjustments.

District staff were directed to process the 4% increase effective as of Mr. Gonzales' 91-day mark and to provide confirmation once payroll updates had been completed.

On a MOTION by Supervisor Wagner, SECONDED by Supervisor Cisternas, WITH ALL IN FAVOR, the Board approved the 4% Raise Effective 91st Day for Juan Gonzales, for the Concord Station Community Development District.

# 3. 401K: Motion to allow Heartland to allow staff to receive 401k with understanding of the CDD not contributing

Mr. Looknanan raised the subject of a 401K program for District staff. He explained that during the hiring process, prospective employees frequently ask whether the District offers a retirement plan and that the District's payroll provider, Heartland, already has a 401K platform available. He clarified that the District is not required to contribute employer funds into the plan in order for employees to participate; the feature simply has to be activated so that staff can voluntarily contribute.

He noted that, up to this point, the 401K option had not yet been "turned on" for District employees and stated that he was now requesting direction from the Board to proceed.

After discussion, Supervisor Cisternas made a motion to authorize Heartland to activate the 401K program so that eligible District staff may participate and contribute to their own accounts, with the clear understanding that the CDD will not make employer contributions to the plan.

On a MOTION by Supervisor Cisternas, SECONDED by Chairwoman LaBarbera, WITH ALL IN FAVOR, the Board allowed Heartland to Allow Staff to Receive 401K with Understanding of the CDD Not Contributing, for the Concord Station Community Development District.

### > Presentation for Discussion – Employee Handbook

Next, Mr. Looknanan provided an update on the Employee Policy Handbook. He reminded the Board that he had circulated a revised draft of the handbook to District Management and the Board on October 24, and that Ms. Thibault had already provided comments on the draft. Several Supervisors acknowledged that they had received the document but had not yet finished their review.

The Board discussed how best to proceed while remaining compliant with Sunshine requirements. District Counsel advised that individual Supervisors should review the handbook independently and send their written comments to Ms. Thibault, who would then compile the feedback and forward it, together with the draft, to Employment Counsel for formal review. Counsel noted that Board members should not circulate comments among themselves or deliberate on edits outside of the public meeting, and that Ms. Thibault would act as the central point for collecting feedback.

The Board agreed on a general timeframe, indicating that they would aim to complete their review and send comments to Ms. Thibault by November 24<sup>th</sup> in advance of the next regular meeting in December. Counsel added that the current employee handbook would also be sent to Employment Counsel along with the revised draft so that counsel could compare the two and ensure that all updated policies were properly aligned. No formal motion was required.

### > Events and Communications (Halloween Event / Facebook Discussion)

Mr. Looknanan then reported on the recent Halloween event, noting that attendance had been lower than he had hoped. He explained that one contributing factor seemed to be insufficient promotion. Chairwoman reminded the Board that in a prior period, under former management, the District had purchased and installed two metal poles near the front of the community specifically to hold a long event banner. That banner is still available and stored in the office but was not utilized for this year's Halloween event. There was brief discussion about how to better use existing signage infrastructure in the future.

This segued into a broader conversation regarding communications and outreach, including the possibility of using a dedicated CDD Facebook page to post information about events and amenity updates. District Counsel advised that the CDD could, in fact, create an official Facebook page for information-only purposes, but that comments would need to be disabled to avoid open discussion forums that could raise Sunshine Law and public records complications. It was emphasized that the page could be used to post notices such as "Holiday event on [date]; for any comments or concerns, please email the Clubhouse Manager," directing all feedback into a controlled, official channel.

At the same time, there was concern that if a CDD Facebook page was not kept updated or if outages and issues were not posted consistently, residents might quickly lose confidence in it.

On a MOTION by Supervisor Griffin, SECONDED by Chairwoman LaBarbera, WITH FOUR IN FAVOR and Supervisor Berdeguez OPPOSED, the Board approved for Mr. Looknanan to Create a Concord Station Facebook page for informational purposes only, no comments allowed, for the Concord Station Community Development District.

# > Resurfacing of Tennis and Basketball Courts

The Board then received an update on the resurfacing project for the tennis and basketball courts. It was reported that the original correspondence from the contractor indicated that the resurfacing work would be performed on or about September 22, but as of the meeting date, the District had not received a follow-up response to staff's inquiries. A follow-up communication from District staff had been sent on October 10, requesting clarification and a breakdown of the invoice between the tennis and basketball portions of the work.

District Counsel explained that, after the contractor provided a breakdown, there remained a disputed portion of the invoice of approximately \$3,000, related to work that appeared not to have been completed as represented. The District paid the undisputed amount and withheld the disputed balance, requesting additional documentation from the contractor. No further information had been provided, and the contractor had not addressed the discrepancy.

District Counsel asked the Board to ratify the actions of staff in withholding the disputed amount pending proper clarification. A motion was made to ratify staff's decision to pay only the undisputed portion of the invoice and to withhold the remaining funds until the contractor provides adequate documentation. The motion was seconded, and all Supervisors voted in favor. The Board formally ratified staff's actions, and the matter will remain open until the contractor responds.

On a MOTION by Supervisor Griffin, SECONDED by Supervisor Cisternas, WITH ALL IN FAVOR, the Board ratified the Staff Actions in withholding the disputed amount payment for the courts resurfacing job pending proper clarification for the Concord Station Community Development District.

### ➤ Monuments, Clock Tower and Lighting

Mr. Looknanan next reported on the status of the monument upgrades. He stated that work had been performed on the community monuments, including repainting and refreshing the finishes and lettering, and that the contractor had already started with some of the primary entrance features and signage.

Supervisor Cisternas asked specifically about the tower on Sunlake and noted that, unlike other entry features, that structure did not have operating lights. Mr. Looknanan confirmed that these were the only monuments currently without lighting and explained that electrical work is ongoing. He reported that power to certain fixtures had been temporarily disconnected while electrical cables and components were being installed or reconfigured, and that this was the reason some of the monument lighting remained off.

The Board expressed a desire to have the monuments and associated lighting fully operational and visually consistent, particularly as the community approached the holiday season. Mr. Looknanan agreed to follow up with the electrician to obtain a tentative timeline for completion, noting that historically these projects are usually finished by Thanksgiving, but that he would seek a more precise update.

### > Holiday Decorations / Christmas Décor

Following the lighting discussion, the Board turned to holiday décor. Mr. Looknanan advised that, unlike in prior years when wreaths and decorations had been rented from outside vendors, the District currently does not own any Christmas decorations. He further explained that because the District had been exploring the purchase of permanent lighting displays in previous years, it had begun moving away from renting seasonal items such as palm tree lights and wreaths. As a result, for the upcoming season, the only decorations currently expected were the monument lights themselves.

The Board discussed options for adding décor and concluded that it would be appropriate to purchase wreaths that could be reused in future years. Mr. Looknanan was asked to research pricing and reported that standard wreaths of approximately 22–24 inches were generally priced around \$30–35 per wreath, with some available at seasonal sales (such as 50% off at certain retailers). The Board calculated that providing two wreaths per monument for approximately thirteen monuments would total near \$900–\$1,000, depending on exact sizing and quantity.

A motion was made to authorize Mr. Looknanan to purchase Christmas wreaths for the community in an amount not to exceed \$1,200, with the understanding that some monuments might only require one wreath while others might use two, and that he would also purchase any necessary hardware for hanging them. Mr. Looknanan will proceed with ordering and installing the wreaths, aiming to have them in place by the Thanksgiving period.

On a MOTION by Supervisor Cisternas, SECONDED by Supervisor Berdeguez, WITH ALL IN FAVOR, the Board approved to allow a NTE \$1,200 for Mr. Looknanan to purchase Christmas Wreaths, 2 per Monument (Unless the NTE \$1,200 allows only one), and any hardware at Mr. Looknanan's discretion of the size and to be completed by Thanksgiving, for the Concord Station Community Development District.

### > Security Cameras and Door Access

Mr. Looknanan reported that the District's security vendor, ECS, had recently restored access control to the pool, tennis court, and basketball court gates as part of an ongoing upgrade and repair effort. However, there had been a new incident at the basketball court in which the pump equipment associated with the access system was damaged by unknown individuals. Mr. Looknanan informed the Board that he had taken photographs of the damage for documentation.

This led to a broader discussion about vandalism and community awareness. Supervisor Cisternas suggested that, once formal policies for communication are in place, staff could periodically post photographs (or similar documentation) of vandalism-related damage and the associated cost to repair it, so that residents understand the financial impact on the community.

#### Waterford Fountain

Mr. Looknanan explained that, as of the day prior to the meeting, he and Mr. Gonzalez had removed and inspected the pump for the fountain feature located on Waterford Lake. When they reinstalled the pump and attempted to operate it, the breaker immediately tripped, indicating a likely fault within the pump or its internal wiring. Upon discovering this, Mr. Looknanan contacted the manufacturer and was informed that the equipment was still within its warranty period. The manufacturer directed him to a designated service vendor located in Odessa, and Mr. Looknanan stated that he planned to follow up with that vendor the next day to arrange an inspection and determine what the warranty would cover, including possible repair or replacement of the pump. He assured the Board that he would continue to work with the vendor until the fountain was restored to regular operation and would report back with further updates.

#### > Pool Status

He also noted that both pool pumps at the amenity facility were operational at this time and that all essential pool equipment was currently functioning properly, though additional line items related to the pool would be addressed later under a separate proposal.

# Landscaping and Irrigation / Vendor Boundaries

Mr. Looknanan then briefly addressed landscaping and irrigation services. He noted that there had been some confusion regarding whether certain vendors could be on site for the meeting, but clarified that vendors are permitted to operate within the parameters of their ongoing contracts, even if they are not scheduled to present formally to the Board.

He informed the Board that the landscape contractor (RedTree) had submitted a proposal to remove four dead or dying trees, and that the work was being scheduled with consideration of dumpster capacity and debris disposal constraints. Because of the volume of material, some of the removal work might need to be staged over multiple days to avoid overfilling the available dumpsters. The Board acknowledged the update and did not take formal action at this time.

#### Resident Complaints

Mr. Looknanan and the Board then briefly revisited resident complaints discussed earlier in the meeting. It was noted that many of the complaints still relate to trees and vegetation encroaching over fences and conservation areas behind homes. The Board reaffirmed the plan already discussed with Mr. Woodcock to verify wetlands boundaries and responsibility lines, and to continue working through those concerns systematically.

Additionally, Mr. Looknanan mentioned a complaint regarding trash and littering near a particular area, where a trash basket had been installed to encourage proper disposal, but residents or visitors were still leaving trash outside of the receptacle. The Board recognized this as part of the broader pattern of amenity misuse and emphasized the importance of continued communication and enforcement efforts.

### > New / Small Projects and Maintenance Items

Finally, under "new projects" and small maintenance items, Mr. Looknanan reported on a few minor improvements. He stated that there is a bench near the locker area that has deteriorated and requires attention. He explained that he could either repair the bench or purchase a replacement, noting that the primary issue is the wooden components, which will eventually rot even if they are pressure treated. After a brief discussion, the Board agreed that this was a minor maintenance item within his managerial authority, and no motion was necessary; Mr. Looknanan was directed to address the bench in the most practical way.

He also noted that one of the water fountains in the amenity area had become rusty and unsightly. He advised the Board that he intends to refinish and restore the fountain in house, as part of routine maintenance, and that he plans to complete repainting and cosmetic improvements to the children's play and splash features in the spring of next year when weather conditions are more favorable for painting.

Mr. Looknanan mentioned several inquiries from vendors and visitors on whether there was a Notary at the Amenity Center.

On a MOTION by Supervisor Griffin, SECONDED by Supervisor Berdeguez, WITH ALL IN FAVOR, the Board approved for Mr. Looknanan/ the Amenity Center Manager to Become a Notary at the CDD, for the Concord Station Community Development District.

# **Consideration of ECS Proposal for Mag Lock**

The Board reviewed the proposal from ECS concerning the installation of a magnetic lock (mag-lock) at the amenity facility. Amenity Manager Mr. Looknanan introduced the item, explaining that the District had previously installed electronic access components at the pool, tennis courts, and basketball courts, but that additional security measures were still needed at one of the facility access points due to recurring misuse and tampering. Mr. Looknanan confirmed that ECS had submitted a proposal for the installation of the mag-lock system; however, as of the meeting date, the District had not yet received a final written proposal or confirmation of the exact hardware specifications. He clarified that ECS had provided preliminary pricing and described the components needed, but the proposal required refinement before being suitable for Board approval.

During discussion, District Counsel emphasized that, because the mag-lock affects controlled access and facility safety, the Board must ensure that the proposal clearly identifies the correct facility location, the exact equipment being installed, and the breakdown of labor and material costs. It was noted that previous ECS paperwork had referenced the wrong location, incorrectly labeling the work as related to pool access, which would need to be corrected before consideration of approval. Board members agreed that clarity was essential before moving forward, especially given the recent issues with vandalism and the malfunctioning access equipment at the courts. Mr. Looknanan stated that he would follow up with ECS to obtain a revised and complete proposal that corrects the project location and consolidates all required work into a single, comprehensive scope so that ECS would handle the entire job start to finish. As the revised proposal was still pending, no action was taken, and the Board deferred approval until the corrected proposal is received.

#### Documents Submission to Management

Mr. Looknanan handed over to Ms. Lyalina three hard copies of documents received at the Amenity Center location by mail:

- 1) Pasco Tax Collector's Excess Fees Notification
- Board members reiterated prior years approval of deposit of such excess fees into the District's reserves.
  - 2) USA Fence Notice to Owner
  - 3) Supervisor of Elections \$200 check for deposit

### 1. Status of Sales Tax Reimbursement from State

Ms. Lyalina reported that the sales tax reimbursement request previously submitted to the State was still ongoing with an initial response received which included a request for more detailed support. The Board acknowledged the update and took no further action at this time.

#### 2. Consideration for Approval – EGIS Insurance Loss Affidavit

District Counsel presented the EGIS Insurance Loss Affidavit needed for the District's insurance records. District Counsel advised that the document must be executed in the presence of a notary. Questioned by the Chairwoman, the District Counsel explained that what this affidavit stating is a property property loss occurred on or about the 8th of August and that the cause of the loss was a lightning strike; the building described or contained was occupied; and it was like as a business purpose. So what was struck as a business purpose at the time of the loss, what was damaged was owned by only the district and nobody else that there hasn't been a change in the interest user occupancy possession of it since and that it has the total amount of insurance was 30,000 at the time of the loss and the policy number. Chairwoman LaBarbera confirmed she would sign the affidavit accordingly.

No formal Board action or motion was taken.

# 3. LED Streetlight Upgrade from Duke Energy - Should be completed within the year

Ms. Lyalina provided an update that Duke Energy indicated the upgrade work should be completed within the year. The Board acknowledged the update, and no further direction was required.

### 4. A Better Court – No further communication – last email sent 10.10.2025

District Counsel informed the Board that the vendor A Better Court had not responded to recent communications. The last outreach to the vendor occurred on October 10, 2025, and the District had received no reply since that date. The Board took note of the update, and no additional action was taken.

#### IV. Administrative Items

# A. Consideration for Acceptance of the September Unaudited Financial Report

This item was listed on the agenda for Board consideration; however, as noted during the meeting, the Board elected not to proceed with discussion or review of the September Unaudited Financial Report at this time.

The item was tabled and deferred to a future meeting.

# B. Consideration for Approval – The Minutes of the Concord Station October 9, 2025 Regular Meeting of the Board of Supervisors

Supervisor LaBarbera noted a more detailed version of the meeting minutes in the past and requested a review of certain sections. Ms. Lyalina reported that the audio quality of the previous meeting (October 9, 2025) was missing sections, was very poor to be able to identify voices and words, but the staff would make another attempt to provide revisions to the presented minutes of the meeting. The approval of the October 9, 2025 meeting minutes was tabled.

#### C. Presentation: A Fiscal Year in Review

The presentation was tabled and will be carried forward to a later meeting.

# D. Discussion of Streetlight Boundary Map & Maintenance of the Area, Including the streetlights on Mentmore Blvd from the apartments to SR 54

Noted by the District Counsel was the ongoing audit of the matter by Ms. Thibault.

# V. Audience Comments – New Business – (limited to 3 minutes per individual)

There were no additional speakers and no new public comments recorded at this point in the meeting.

#### **VI.** Supervisor Requests

#### 1. Supervisor Cisternas – Landscaping RFP / Fire Ants

Supervisor Cisternas raised concerns regarding ongoing issues with fire ants throughout certain landscaped areas in the community. She requested that this matter be incorporated into the evaluation criteria for the landscaping RFP, noting that adequate treatment and ongoing monitoring should be part of the vendor expectations. She emphasized the importance of ensuring that prospective bidders demonstrate the capacity to manage fire ant mitigation as part of their regular services.

#### 2. Supervisor Cisternas – Alligator Concern

Supervisor Cisternas next reported that a resident had notified her of a recent alligator sighting within the community. She asked staff to verify the appropriate reporting protocol and ensure that any wildlife concerns were being directed promptly to the proper authorities.

# 3. Supervisor Cisternas – Homeowner Small Business Request for November 22

Supervisor Cisternas then brought forward a request from a homeowner who operates a small business, seeking permission to conduct a one-day activity on District property. District Counsel noted a requirement for no sales to be conducted on the premises. After brief discussion, the Board expressed support for allowing the event to proceed.

Chairwoman LaBarbera provided for Saturday, November 22 date being available as reserved by her but no longer needing the reservation. The request was accepted unanimously.

On a MOTION by Supervisor Griffin, SECONDED by Chairwoman LaBarbera, WITH ALL IN FAVOR, the Board approved for November 22, 2025 date for the Homeowners event at the Clubhouse to present their small businesses, for the Concord Station Community Development District.

### 4. Supervisor Berdeguez – Rust Issue at Shallot Park

Supervisor Berdeguez addressed concerns regarding rusting equipment at Shallot Park, reporting that the contractor responsible for previous work in the area had not completed the job satisfactorily. He requested that Amenity Manager Mr. Looknanan contact the vendor, communicate the deficiencies, and request corrective action. Mr. Looknanan confirmed that he would follow up and email the vendor accordingly.

#### 5. Chairwoman LaBarbera – Vendor Sign-In Procedure

Chairwoman LaBarbera requested that the District implement a formal vendor sign-in procedure for all contractors performing services on CDD property. She stated that having contractors sign in upon arrival would allow staff to maintain accurate service records and ensure that all visits to District property—particularly those under active contracts—are properly documented. Mr. Looknanan acknowledged the request and agreed to begin implementing a sign-in process.

#### 6. Supervisor Berdeguez – Timing of Agenda distribution

Supervisor Berdeguez asked that the Agenda be distributed timely with complete documentation allowing for appropriate time for review.

#### **TERMS & CONDITIONS:**

- 1. Required Approval: This Contract shall not be binding upon ECSI until signed by an officer of ECSI. In the event this Contract is not approved by said officer of ECSI, ECSI's liability shall be limited to refunding Subscriber the amount paid, if any, upon signing this Contract.
- 2. Warranty:

A. Standard Warranty. ECSI guarantees all material to be as specified. All work shall be completed in a workmanlike manner according to standard industry practices. Materials & labor are warranted for 90 days from date of installation or for the term of the selected Extended Service Plan if Subscriber elects to participate in such plan. There is no labor and material warranty on any customer provided equipment.

B. Extended Warranty. Applicable only if specified on face of this contract and is contingent upon ECSI being contracted to provide Central Station Monitoring Services and perform all of the NFPA mandated tests and inspections of the installed fire protection systems'.

- C. All Warranty obligations exclude pre-existing to remain components, batteries, acts of God, fire, theft, vandalism, or tampering by unauthorized personnel. All warranty's are void if any party not authorized by ECSI performs work on any item installed by ECSI.
- 3. Hours of Service. All work required by this Contract shall be performed between 8:00 a.m. and 4:30 p.m. on normal business days, except in the case of emergency. Service calls received after 3:30 p.m. are subject to after-hour rates.
- 4. Subscriber Responsibilities:
- A. Subscriber agrees not to tamper with, remove, or otherwise interfere with the communication software and agrees to furnish, at Subscriber's expense, all 110 volt AC power, electrical outlets, receptacles, and telephone hook-ups as deemed necessary by ECSI for connection of the equipment.
- B. Subscriber must visually inspect system components periodically and, if a problem is discovered, notify ECSI immediately. When ECSI alerts Subscriber of any issue with the system that requires correction, Subscriber assumes full responsibility for taking action to resolve the reported issue.
- C. Subscriber must inform ECSI, in writing, of any change in fire rating bureau or agency. Subscriber must also inform ECSI, in writing, of any change in the list of people that ECSI is to call in the event of alarm activation. ECSI is not responsible for any errors, omissions, or failure to update such list by Subscriber.

5. Default: A.

Event of Default. Subscriber shall be in default of this Contract if Subscriber: (a) fails to pay any installation charge, (b) fails to pay any monitoring or service charge, (c) willfully or negligently causes repeated false alarms, (d) cancels this Contract without cause before the end of its term, or (e) fails to perform any other obligations under this Contract.

- B. ECSI's Remedy Upon Default.
- i. Terminate Contract. If Subscriber defaults, ECSI may terminate this Contract ten (10) days after written notice of default if Subscriber has not cleared the default by that date.
- ii. Damages. If Subscriber defaults, Subscriber shall pay ECSI any money due for any product or services provided prior to default. Additionally, Subscriber shall pay an amount equal to 60% of the remaining monitoring and or Extended Service Plan fees, plus any other damages to which ECSI may be entitled under applicable law.
- iii. Costs. In the event either Party resorts to legal action to enforce the terms and provisions of this Agreement, or as a result of any breach under this Agreement, the prevailing Party shall be entitled to recover the costs of such action so incurred, including, without limitation, reasonable attorneys' fees, arbitration fees, prejudgment interest, and any other reasonable and related expenses of collection.
- 6. Changes: Any alteration or deviation from the specified work involving extra costs, will be executed only upon written orders, and will become an extra charge. The cost of any changes to the scope of work described herein made at the request of or made necessary or required by Subscriber's action, or which may be required by any governmental agency or insurance interest or inspection and rating bureaus are to be borne solely by Subscriber. SUBSCRIBER ACKNOWLEDGES THAT SUBSCRIBER HAS CHOSEN THE SYSTEM AND THAT ADDITIONAL PROTECTION IS AVAILABLE AND MAY BE OBTAINED FROM ECSI AT AN ADDITIONAL COST TO SUBSCRIBER. All risk of loss or damage to the system shall be borne exclusively by Subscriber.

  7. External Services: Any fines levied by a municipality or government agency regarding false alarms shall be the

sole responsibility of the Subscriber. Additional fees levied by monitoring agency for any reason, including but not limited to those caused by runaway dialers, runner services, etc. shall be the sole responsibility of Subscriber. Such fees shall be added to the service charges or billed to Subscriber directly by the appropriate agency.8.A. Limitation of Damages (cont.)

The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that the ECSI assume responsibility for any loss or damage sustained through burglary,

8. ECSI'S LIMITS OF LIABILITY:

A. Limitation of Damages. IT IS UNDERSTOOD AND AGREED THAT ECSI IS NOT AN INSURER AND THAT INSURANCE, IF ANY, COVERING INJURY AND PROPERTY LOSS OR DAMAGE ON SUBSCRIBER'S PREMISES SHALL BE OBTAINED BY THE SUBSCRIBER.

#### 8. A. Limitation of Damages (cont.)

The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that ECSI assume responsibility for any loss or damage sustained through burglary, theft, robbery, fire, or other cause, or that there exists or shall exist any liability on the part of ECSI by virtue of this Contract. Notwithstanding these provisions, if there should arise any liability on the part of ECSI, such liability is and shall be limited to a sum equal to the service charge for a period of six (6) months or \$500.00 whichever is less, which sum is liquidated damages and not a penalty. In the event that Subscriber wishes ECSI to assume greater liability, Subscriber may obtain from ECSI a higher limit by paying an additional amount proportioned to the responsibility and a rider shall be attached to this Contract, setting forth the additional liability of ECSI and the additional charges. However, any such additional obligation does not make ECSI an insurer.

B. Interruption of Service. ECSI shall not be liable for any damage or loss sustained by Subscriber as a result of any delay in service or installation of equipment, equipment failure, or interruption of service due to electric failures, strikes, war, acts of God, or other causes, including ECSI's negligence in the performance of this Contract. The estimated date that work is to be substantially completed is not a definite completion date and time is not of the essence.

C. Disclaimer of Warranties. ECSI does not represent or warrant that the system may not be compromised or circumvented; or that the system will prevent any loss by burglary, hold-up, fire or otherwise; or that the system will in all cases provide the protection for which it is installed or intended. Subscriber acknowledges and agrees that ECSI has made no representations or warranties, expressed or implied, as to any matter whatsoever including without limitation the condition of equipment, its merchantability or its fitness for any particular purpose; nor has Subscriber relied on any representations or warranties, expressed or implied, that any affirmation of fact or promise shall not be deemed to create an express warranty and that there are no warranties which extend beyond the face of this Contract: that

ECSI is not an insurer; that Subscriber assumes all risk of loss or damage to Subscribers premises or the contents thereof; and that Subscriber has read and understands all of this Contract, particularly paragraph eight (8) which sets forth ECSI's maximum liability in the event of any loss or damage to Subscriber or anyone else.

- 9. Third Party Indemnification: In the event any person, not a party to this contract, shall make any claim or file any lawsuit against ECSI for any reason relating to ECSI's duties and obligations pursuant to this Contract, including but not limited to the design, installation, maintenance, monitoring, operation, or any failure of the alarm system to operate properly, Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all damages expenses costs and attornov's fees to the extent Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims
- the extent Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all damages, expenses, costs, and attorney's fees to the extent caused by Subscriber. The parties agree that there are no third party beneficiaries of this Contract. Subscriber, for itself and any of its insurance carriers waives any right of subrogation Subscriber's insurance carriers may have against ECSI or any of its subcontractors, subject to the advice of Subscriber's counsel.
- 10. Assignment: ECSI shall have the right to assign this Contract without notice to Subscriber and shall have the further right to subcontract any services which it may perform. ECSI shall inform Subscriber when services are subcontracted and shall maintain current proof of subcontractor's state license, general insurance, and workers compensation coverage. Subscriber acknowledges that this Contract, and particularly those paragraphs relating to disclaimer of warranties, liquidated damages and third party indemnification, inure to the benefit of, and are applicable to any subcontractors employed by ECSI to provide monitoring, maintenance, installation or service of the system(s) and they bind Subscriber to said subcontractors with the same force and effect as they bind Subscriber to ECSI.
- 11. Severability: In the event any of the terms or provisions of this Contract shall be declared to be invalid or inoperative, all of the remaining terms and provisions shall remain in full force and effect.
- 12. Notices: All notices to be given hereunder shall be in writing and may be served either personally or by mail, postage prepaid to the addresses set forth in the Contract or to any other from time to time in writing.
- 13. Binding Arbitration: This Contract is binding for ECSI, Subscriber, successors in interest, agents, employees, shareholders, officers, former employees, former officers, directors, subsidiaries, parent corporations, attorneys, and all other entities acting on the their behalf. Parties agree to submit to binding arbitration, conducted by the American Arbitration Association under the Construction Industry Arbitration Rules, any matters which cannot otherwise be resolved, and expressly waive any and all rights in law and equity to bringing any civil disagreement before a court of law, except that judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof.
- 14. Entire Agreement: This Contract is intended by the parties as a final expression of their agreement and as a complete and exclusive statement of the terms. This Contract supersedes all prior representations, understandings or agreements of the parties. This Contract can only be modified in a writing signed by the parties. No waiver of a breach of any term or condition of this Contract shall be construed to be a waiver of any succeeding breach.

## AGREEMENT FOR SECURITY INSTALLATION SERVICES

**This Agreement** ("**Agreement**") is made and entered into this \_\_\_\_ day of September 2025, by and between:

CONCORD STATION COMMUNITY DEVELOPMENT DISTRICT, a local unit of special-purpose government established pursuant to Chapter 190, Florida Statutes, located in Pasco County, Florida, with a mailing address of c/o Anchor Stone Management, LLC, 255 Primera Boulevard, Suite 160, Lake Mary, Florida 32746 (the "District"); and

ECS INTEGRATIONS LLC, a Florida limited liability company with a mailing address of 1813 Baltic Place, Lakeland, Florida 33809 (the "Contractor," and collectively with the District, the "Parties," and each separately a "Party").

# RECITALS

WHEREAS, the District is a local unit of special-purpose government established pursuant to and governed by Chapter 190, Florida Statutes, which was established for the purpose of planning, financing, constructing, operating and/or maintaining certain public infrastructure supporting community development within the District; and

WHEREAS, the District has a need to retain an independent contractor to provide the security installation services described herein; and

WHEREAS, Contractor submitted a proposal and represents that it is qualified to provide the security installation services identified in **Composite Exhibit A**, attached hereto and incorporated by reference herein, in accordance with the terms of this Agreement ("Services"); and

WHEREAS, the District and Contractor warrant and agree that they have all right, power and authority to enter into and be bound by this Agreement.

**Now, THEREFORE,** in consideration of the recitals, agreements, and mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the Parties, the Parties agree as follows:

- **SECTION 1. INCORPORATION OF RECITALS.** The recitals stated above are true and correct and by this reference are incorporated herein as a material part of this Agreement.
- **SECTION 2. DUTIES.** District agrees to use Contractor to provide the Services in accordance with the terms of this Agreement. The duties, obligations, and responsibilities of the Contractor are described in **Composite Exhibit A** hereto.
  - **A. Scope.** Contractor shall provide the Services identified in **Composite Exhibit A**, including any effort reasonably necessary to allow the District to receive the

maximum benefit of all of the Services and items described herein. The security cameras described at **Composite Exhibit A** shall be capable of storing video footage for at least sixty (60) days. To the extent any of the provisions of this Agreement conflict with the provisions of **Composite Exhibit A**, this Agreement controls. Should any error or inconsistency appear in the Services, Contractor, before proceeding with the Services, must notify the District for the proper adjustment, and in no case proceed with the Services in uncertainty.

- **B.** *Property.* This Agreement grants to Contractor the right to enter the District property that is subject to this Agreement, for those purposes described in this Agreement, and Contractor hereby agrees to comply with all applicable laws, rules, and regulations. To the extent the Contractor needs to use or access non-District property while providing the Services, Contractor shall coordinate such use in advance with the District Representative (as defined herein) and property owner(s).
- C. **Permits and License.** All permits or licenses necessary for the Contractor to perform under this Agreement shall be obtained and paid for by the Contractor.
- **D.** Standard of Performance. Contractor shall perform all Services in a neat and workmanlike manner and shall use industry best practices and procedures when carrying out the Services. In the event the District, in its sole determination, finds that the work of Contractor is not satisfactory to District, District shall have the right to immediately terminate this Agreement and will only be responsible for payment of work satisfactorily completed and for materials incorporated into the Services.
- **E.** *Means and Methods.* Contractor shall be solely responsible for the means, manner and methods by which its duties, obligations and responsibilities are met to the satisfaction of the District. While providing the Services, the Contractor shall assign such experienced staff as may be required, and such staff shall be responsible for coordinating, expediting, and controlling all aspects of the Services to ensure efficient and full completion.
- **F.** *District Representative.* Contractor shall report directly to Mark Looknanan, who serves as Amenities Manager, or his designee (the "**District Representative**"). Contractor shall use all due care to protect the property of the District, its residents, and landowners from damage. Contractor agrees to complete repair of any damage resulting from Contractor's activities within twenty-four (24) hours in instances affecting health, safety or welfare, and otherwise within five (5) calendar days.

# G. Timing and Prioritization.

- i. Contractor shall coordinate commencement and completion of the Services with the District Representative. Contractor acknowledges that time is of the essence in the performance of this contract.
- ii. Contractor must coordinate the Services with others performing work for the

District as may be necessary to successfully and safely complete the Services or as the District directs.

- H. Clean-Up. Contractor shall keep the premises and surrounding area free from accumulation of waste materials or rubbish caused by operations under the Agreement. At completion of the Services, the Contractor shall remove from the site waste materials, rubbish, tools, construction equipment, machinery and surplus materials. If the Contractor fails to clean up as provided herein, the District may do so, and the cost thereof shall be charged to the Contractor and may be applied as an offset to the final payment to Contractor.
- **I. Subcontractors.** Contractor shall be as fully responsible to the District for the acts and omissions of its subcontractors, and of persons either directly or indirectly employed by them, as Contractor is for the acts and omissions of persons directly employed by Contractor. Nothing contained herein shall create contractual relationships between any subcontractor and the District.

### **SECTION 3. COMPENSATION AND PAYMENT.**

- A. Amount. For the Services identified in Composite Exhibit A, the District shall pay Contractor a total of Twenty-Seven Thousand Two Hundred Ten Dollars and Zero Cents (\$27,210.00) ("Total Payment"). An initial deposit of Thirteen Thousand Six Hundred Five Dollars and Zero Cents (\$13,605.00) shall be invoiced prior to the commencement of the Services for the Contractor to purchase materials necessary for the Services. The remainder of the Total Payment, in the amount of Thirteen Thousand Six Hundred Five Dollars and Zero Cents (\$13,605.00) shall be invoiced upon the completion of the Services and acceptance by the District of the work. The Total Payment includes all equipment, materials, permits and labor necessary to complete the Services as described in this Agreement and in Composite Exhibit A.
- **B.** Payments and Invoices. All payments and invoices shall be subject to Florida's Local Government Prompt Payment Act, Sections 218.70 through 218.80, Florida Statutes. The invoice shall contain, at a minimum, the District's name, Contractor's name, the invoice date, an invoice number, an itemized listing of all costs billed on each invoice with a sufficient description of each, the timeframe within which the Services were provided, and the address or bank information to which payment is to be remitted.
- C. Additional Services. If the District should desire additional work or services, the Contractor agrees to negotiate in good faith to undertake such additional work or services. Upon successful negotiations, the Parties shall agree in writing to an addendum, addenda, or change order(s) to this Agreement. The Contractor shall be compensated for such agreed additional work or services based upon a payment amount acceptable to the Parties and agreed to in writing.

D. Conditions Precedent to Payment. The District may require, as a condition precedent to making any payment to the Contractor, that all subcontractors, material men, suppliers or laborers be paid and require evidence, in the form of lien releases or partial waivers of lien, to be submitted to the District by those subcontractors, material men, suppliers or laborers, and further require that the Contractor provide an affidavit relating to the payment of said indebtedness. Further, the District shall have the right to require, as a condition precedent to making any payment, evidence from the Contractor, in a form satisfactory to the District, that any indebtedness of the Contractor, as to services to the District, has been paid and that the Contractor has met all of the obligations with regard to the withholding and payment of taxes, Security payments, Workmen's Compensation, Compensation contributions, and similar payroll deductions from the wages of employees.

#### SECTION 4. TERM AND TERMINATION.

- **A. Term.** This Agreement shall become effective as of the date first above written and shall terminate upon completion of the Services set forth herein and described in any amendment hereto, unless terminated in accordance with the terms of this Agreement.
- **B.** Termination. The District agrees that Contractor may terminate this Agreement for cause by providing thirty (30) days' written notice of termination to the District. Contractor agrees that the District may terminate this Agreement immediately for cause by providing a written notice of termination to Contractor. The District shall provide thirty (30) days' written notice of termination without cause. Upon any termination of this Agreement, Contractor shall be entitled to payment for all material and labor provided up until the effective termination of this Agreement, subject to whatever claims or offsets the District may have against Contractor.

SECTION 5. WARRANTY. The Contractor warrants to the District that all materials furnished by Contractor under this Agreement shall be new, and that all services and materials shall be of good quality, free from faults and defects, and will conform to the standards and practices for projects of similar design and complexity in an expeditious and economical manner consistent with the best interest of the District. In addition to all manufacturer warranties for materials purchased for purposes of this Agreement, if any, which Contractor shall assign to the District as necessary to give the District the benefit of said warranties, all Services provided by the Contractor pursuant to this Agreement shall be warranted for labor and workmanship for one (1) year and for parts for three (3) years from the date of acceptance of the Services by the District. Contractor shall replace or repair warranted items to the District's satisfaction and in the District's discretion. Neither final acceptance of the Services, nor final payment therefore, nor any provision of the Agreement shall relieve Contractor of responsibility for defective or deficient materials or Services. If any of the materials or Services are found to be defective, deficient or not in accordance with the Agreement, without intending to limit any other remedies, Contractor shall correct,

remove and replace it promptly after receipt of a written notice from the District and correct and pay for any other damage resulting therefrom to District property or the property of landowners within the District.

Contractor hereby covenants to the District that it shall perform the Services: (i) using its best skill and judgment and in accordance with generally accepted professional and design standards and practices for projects of similar design and complexity as the development occurring within the District; (ii) in compliance with all applicable federal, state, county municipal, building and zoning, land use, environmental, public safety, non-discrimination and disability accessibility laws, codes, ordinances, rules and regulations, including, without limitation, all professional registration (both corporate and individual) for all required basic disciplines that it shall perform; and (iii) in an expeditious and economical manner consistent with the best interest of the District.

#### **SECTION 6. INSURANCE.**

**A.** *Limits*. The Contractor shall maintain throughout the term of this Agreement maintain insurance with limits of liability not less than the following:

Workers Compensation In accordance with the

laws of Florida

Employer's Liability Coverage \$1,000,000 per

accident or disease

General Liability\*

Bodily Injury (including contractual) \$1,000,000/\$2,000,000
Property Damage (including contractual) \$1,000,000/\$2,000,000

\*Must include Independent Contractors Coverage for bodily injury and property damage in connection with any subcontractors' operation

Automobile Liability covering any owned, nonowned, or hired automobiles, trailers, or other equipment required to be licensed

Bodily Injury and Property Damage \$1,000,000 combined

single limit

**B.** Requirements. The District and its officers, supervisors, agents, managers, counsel, engineers, staff and representatives (together, "Additional Insureds") shall be named as additional insured parties on the Commercial General Liability and Automobile Liability policies. The Contractor shall furnish the District with a Certificate of Insurance evidencing compliance with this requirement prior to commencing the Services. No certificate shall be acceptable to the District unless

it provides that any change or termination within the policy periods of the insurance coverage, as certified, shall not be effective within thirty (30) days of prior written notice to the District. Insurance coverage shall be from a reputable insurance carrier, licensed to conduct business in the State of Florida, shall be considered primary and non-contributory with respect to the Additional Insureds, and shall be endorsed to provide for a waiver of underwriter's rights of subrogation in favor of the Additional Insureds.

C. Failure to Obtain Insurance. If the Contractor fails to have secured and maintained the required insurance, the District has the right but not the obligation to secure such required insurance in which event the Contractor shall pay the cost for that required insurance and shall furnish, upon demand, all information that may be required in connection with the District's obtaining the required insurance.

#### **SECTION 7. INDEMNIFICATION.**

- A. Indemnification by Contractor. To the fullest extent permitted by law, and in addition to any other obligations of Contractor under this Agreement or otherwise, Contractor shall indemnify, hold harmless, and defend the District and its officers, supervisors, agents, managers, counsel, engineers, staff and representatives (together, "Indemnitees"), from all claims, liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused, in part or in whole, by (i) the negligent, reckless, or intentionally wrongful misconduct of the Contractor, or any employee, agent, subcontractor, or any individual or entity directly or indirectly employed or used by any of them to perform any of the Services, (ii) the Contractor's performance of, or failure to perform, Contractor's obligations pursuant to this Agreement or any Services or Contractor's performance of any activities in connection therewith, and (iii) any breach of any warranty, representation, covenant, or agreement made by Contractor in this Agreement or any Services.
- **B.** *Limit.* To the extent a limitation is required by law, the obligations under this section shall be limited to no more than Two Million Dollars (\$2,000,000.00), which amount the District and Contractor agree bears a reasonable commercial relationship to this Agreement. Nothing in this Section is intended to waive or alter any other remedies that the District may have as against the Contractor.
- C. *Obligations*. Obligations under this section shall include the payment of all settlements, judgments, damages, liquidated damages, penalties, forfeitures, back pay awards, court costs, arbitration and/or mediation costs, litigation expenses, attorneys' fees, paralegal fees (incurred in court, out of court, on appeal, or in bankruptcy proceedings), any interest, expenses, damages, penalties, fines, or judgments against the District. Nothing in this Agreement is intended to waive or alter any other remedies that the District may have as against the Contractor. The provisions of this Section 7 are independent of, and will not be limited by, any insurance required to be obtained by Contractor pursuant to this Agreement or otherwise obtained by Contractor, and the provisions of this Section 7 survive the

expiration or earlier termination of this Agreement with respect to any claims or liability arising in connection with any event occurring prior to such expiration or termination.

**D. Subcontractors.** Contractor shall ensure that all subcontracts related to the Services include this Section for the benefit of the Indemnitees.

**SECTION 8. LIMITATIONS ON GOVERNMENTAL LIABILITY.** Nothing in this Agreement shall be deemed as a waiver of the District's sovereign immunity or the District's limits of liability as set forth in Section 768.28, *Florida Statutes*, or other statute, and nothing in this Agreement shall inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under such limitations of liability or by operation of law.

SECTION 9. COMPLIANCE WITH GOVERNMENTAL REGULATION. In performing its obligations under this Agreement, Contractor and each of its employees, agents, subcontractors or anyone directly or indirectly employed by Contractor shall comply with all applicable laws, ordinances, rules, regulations, and orders of any public or governmental authority having appropriate jurisdiction, including all laws, regulations and rules relating to immigration and/or the status of foreign workers. Contractor shall initiate, maintain, and supervise all safety precautions and programs in connection with its obligations herein. Contractor shall ensure that all of Contractor's employees, agents, subcontractors or anyone directly or indirectly employed by Contractor observe Contractor's rules and regulations of safety and conduct. Contractor shall take all reasonable precautions for the safety of and shall provide all reasonable protection to prevent damage, injury or loss to all its employees, agents and subcontractors performing its obligations herein and other persons who may be affected, and any material, equipment and other property. Contractor shall remedy all damage or loss to any property caused in whole or in part by Contractor, its employees, agents, subcontractors or anyone directly or indirectly employed by Contractor, or by anyone for whose acts Contractor may be liable. Contractor shall indemnify District for all damage or losses it may incur or be exposed to because of Contractor or any of its employees, agents, subcontractors or anyone directly or indirectly employed by Contractor's failure to comply with the provisions contained herein.

SECTION 10. LIENS AND CLAIMS. The Contractor shall promptly and properly pay for all labor employed, materials purchased, and equipment hired by it to perform under this Agreement. The Contractor shall keep the District's property free from any materialmen's or mechanic's liens and claims or notices in respect to such liens and claims, which arise by reason of the Contractor's performance under this Agreement, and the Contractor shall immediately discharge any such claim or lien. If the Contractor does not pay or satisfy such claim or lien within three (3) business days after the filing of notice thereof, the District, in addition to all other remedies available under this Agreement, may terminate this Agreement to be effective immediately upon the giving of notice of termination.

#### SECTION 11. DEFAULT AND ENFORCEMENT.

- A. **Remedies.** A default by either Party under this Agreement shall entitle the other to all remedies available at law or in equity, which may include, but not be limited to, the right of actual damages and/or specific performance.
- B. *Applicable Law and Venue*. This Agreement and the provisions contained herein shall be construed, interpreted and controlled according to the laws of the State of Florida. Each Party consents that the venue for any litigation arising out of or related to this Agreement shall be in Pasco County, Florida.
- C. Attorney Fees. If either Party is required to enforce this Agreement by court proceedings or otherwise, then the Parties agree that the prevailing Party shall be entitled to recover from the other all fees and costs incurred, including reasonable attorneys' fees, paralegal fees, and costs for trial, alternative dispute resolution, or appellate proceedings.
- D. *Third-Party Interference.* The District shall be solely responsible for enforcing its rights under this Agreement against any interfering third party. Nothing contained in this Agreement shall limit or impair the District's right to protect its rights from interference by a third party to this Agreement.
- E. *Claims for Construction Defects.* To the extent any of the Services described herein are classified as construction services, CLAIMS FOR CONSTRUCTION DEFECTS ARE <u>NOT</u> SUBJECT TO THE NOTICE AND CURE PROVISIONS OF CHAPTER 558, FLORIDA STATUTES.

SECTION 12. INDEPENDENT CONTRACTOR STATUS. It is understood and agreed that at all times the relationship of Contractor and its employees, agents, subcontractors or anyone directly or indirectly employed by Contractor to the District is the relationship of an independent contractor and not that of an employee, agent, joint venturer or partner of the District. Nothing in this Agreement shall be interpreted or construed as creating or establishing the relationship of employer and employee between the District and Contractor or any of its employees, agents, subcontractors or anyone directly or indirectly employed by Contractor. The Parties acknowledge that Contractor is not an employee for state or federal tax purposes. Contractor shall hire and pay all of Contractor's employees, agents, subcontractors or anyone directly or indirectly employed by Contractor, all of whom shall be employees of Contractor and not employees of District and at all times entirely under Contractor's supervision, direction and control.

In particular, the District will not: i) withhold FICA (Social Security) from Contractor's payments; ii) make state or federal unemployment insurance contributions on Contractor's behalf; iii) withhold state or federal income tax from payment to Contractor; iv) make disability insurance contributions on behalf of Contractor; or v) obtain workers' compensation insurance on behalf of Contractor.

**SECTION 13. NOTICES.** All notices, requests, consents and other communications under this Agreement ("**Notice**") shall be in writing and shall be delivered, mailed by First Class Mail, postage prepaid, or overnight delivery service, to the Parties, as follows:

Any Party or other person to whom Notices are to be sent or copied may notify the other Parties and addressees of any change in name or address to which Notices shall be sent by providing the same on five (5) days' written notice to the Parties and addressees set forth herein.

SECTION 14. THIRD-PARTY BENEFICIARIES. This Agreement is solely for the benefit of the Parties hereto and no right or cause of action shall accrue upon or by reason, to or for the benefit of any third party not a formal party to this Agreement. Nothing in this Agreement expressed or implied is intended or shall be construed to confer upon any person or corporation other than the Parties hereto any right, remedy, or claim under or by reason of this Agreement or any of the provisions or conditions of this Agreement; and all of the provisions, representations, covenants, and conditions contained in this Agreement shall inure to the sole benefit of and shall be binding upon the Parties hereto and their respective representatives, successors, and assigns.

SECTION 15. PUBLIC RECORDS. Contractor understands and agrees that all documents of any kind provided to the District in connection with this Agreement may be public records, and, accordingly, Contractor agrees to comply with all applicable provisions of Florida law in handling such records, including but not limited, to Section 119.0701, *Florida Statutes*. Among other requirements and to the extent applicable by law, Contractor shall 1) keep and maintain public records required by the District to perform the service; 2) upon request by the Public Records Custodian, provide the District with the requested public records or allow the records to be inspected or copied within a reasonable time period at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes; 3) ensure that public records which are exempt or confidential, and exempt from public records disclosure requirements, are not disclosed except as authorized by law for the duration of the contract term and following the contract term if Contractor does not

transfer the records to the Public Records Custodian of the District; and 4) upon completion of the contract, transfer to the District, at no cost, all public records in Contractor's possession or, alternatively, keep, maintain and meet all applicable requirements for retaining public records pursuant to Florida laws. When such public records are transferred by Contractor, Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the District in a format that is compatible with Microsoft Word or Adobe PDF formats. Contractor acknowledges that the designated public records custodian for the District is **Patricia Thibault**, of Anchor Stone Management, LLC ("**Public Records Custodian**").

IF CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS CONTRACT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT (407) 698-5350, INFO@ANCHORSTONEMGT.COM, AND 255 PRIMERA BOULEVARD, SUITE 160, LAKE MARY, FLORIDA 32746.

# SECTION 16. CONTRACTOR CERTIFICATIONS.

- **A.** Capability. Contractor has the capacity to furnish (directly or by subcontract or through vendors) any tools, materials, supplies, equipment and labor necessary to complete the Services required of Contractor under this Agreement and Contractor has sufficient experience and competence to perform the Services under the Agreement and meets the qualification standards set forth herein.
- **B.** Authorization. Contractor is authorized to do business in Pasco County and the State of Florida and is properly licensed (to the extent required by law) by all necessary governmental authorities having jurisdiction over the Services.
- C. *E-Verify Requirements*. Contractor shall comply with and perform all applicable provisions of Section 448.095, *Florida Statutes*. Accordingly, to the extent required by Florida Statute, Contractor shall register with and use the United States Department of Homeland Security's E-Verify system to verify the work authorization status of all newly hired employees and shall comply with all requirements of Section 448.095, *Florida Statutes*, as to the use of subcontractors. The District may terminate the Agreement immediately for cause if there is a good faith belief that the Contractor has knowingly violated Section 448.091, *Florida Statutes*. By entering into this Agreement, the Contractor represents that no public employer has terminated a contract with the Contractor under Section 448.095(5)(c), *Florida Statutes*, within the year immediately preceding the date of this Agreement.
- **D.** Scrutinized Companies. In accordance with Section 287.135, Florida Statutes, Contractor represents that in entering into this Contract, neither it nor any of its officers, directors, executives, partners, shareholders, members, or agents is on the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies

with Activities in the Iran Terrorism Sectors List, or the Scrutinized Companies that Boycott Israel List created pursuant to Sections 215.4725 and 215.473, *Florida Statutes*, and in the event such status changes, Contractor shall immediately notify Owner. If Contractor is found to have submitted a false statement, has been placed on the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies with Activities in the Iran Terrorism Sectors List, or has been engaged in business operations in Cuba or Syria, or is now or in the future on the Scrutinized Companies that Boycott Israel List, or engaged in a boycott of Israel, the Owner may immediately terminate this Agreement.

- **E.** Anti-Human Trafficking. Contractor certifies, by acceptance of this Agreement, that neither it nor its principals utilize coercion for labor or services as defined in Section 787.06, Florida Statutes. Contractor agrees to execute an affidavit in compliance with Section 787.06(13), Florida Statutes, and acknowledges that if Contractor refuses to sign said affidavit, the District may terminate this Agreement immediately.
- F. Public Entity Crimes. Contractor represents that in entering into this Agreement, Contractor has not been placed on the convicted vendor list as described in Section 287.133(3)(a), Florida Statutes, within the last thirty-six (36) months and, if Contractor is placed on the convicted vendor list, Contractor shall immediately notify the District whereupon this Agreement may be terminated by the District.
- G. Foreign Influence. Contractor understands that under Section 286.101, Florida Statutes, that Contractor must disclose any current or prior interest, any contract with, or any grant or gift from a foreign country of concern as that term is defined within the above referenced statute.

#### SECTION 17. MISCELLANEOUS.

- **A. Severability.** The invalidity or unenforceability of any one or more provisions of this Agreement shall not affect the validity or enforceability of the remaining portions of this Agreement, or any part of this Agreement not held to be invalid or unenforceable.
- **B.** Arm's Length Transaction. This Agreement has been negotiated fully between the Parties as an arm's length transaction. The Parties participated fully in the preparation of this Agreement with the assistance of their respective counsel. In the case of a dispute concerning the interpretation of any provision of this Agreement, the Parties are each deemed to have drafted, chosen, and selected the language, and any doubtful language will not be interpreted or construed against any party.
- C. Execution. This instrument may be executed in any number of counterparts, each of which, when executed and delivered, shall constitute an original, and such counterparts together shall constitute one and the same instrument. Signature and acknowledgment pages, if any, may be detached from the counterparts and attached to a single copy of this document to physically form one document. The Parties agree that electronic signatures may be used to sign this Agreement and shall have the same force and effect as a written signature.

- **D.** Headings for Convenience Only. The descriptive headings in this Agreement are for convenience only and shall neither control nor affect the meaning or construction of any of the provisions of this Agreement.
- E. Agreement; Amendments. This instrument shall constitute the final and complete expression of agreement between the Parties relating to the subject matter of this Agreement. To the extent any of the provisions of this Agreement conflict with the provisions of Composite Exhibit A, this Agreement controls. Amendments to and waivers of the provisions contained in this Agreement may be made only by an instrument in writing which is executed by both Parties.
- F. Custom and Usage. It is hereby agreed, any law, custom, or usage to the contrary notwithstanding, that the District shall have the right at all times to enforce the conditions and agreements contained in this Agreement in strict accordance with the terms of this Agreement, notwithstanding any conduct or custom on the part of the District in refraining from so doing; and further, that the failure of the District at any time or times to strictly enforce its rights under this Agreement shall not be construed as having created a custom in any way or manner contrary to the specific conditions and agreements of this Agreement, or as having in any way modified or waived the same.
- G. Successors; Assignment. This Agreement shall inure to the benefit of and be binding upon the heirs, executors, administrators, successors, and assigns of the Parties to this Agreement, except as expressly limited in this Agreement. Notwithstanding the foregoing, neither the District nor the Contractor may assign this Agreement without the prior written approval of the other. Any purported assignment without such approval shall be void.
- **H. Authorization.** The execution of this Agreement has been duly authorized by the appropriate body or official of the Parties, the Parties have complied with all the requirements of law, and the Parties have full power and authority to comply with the terms and provisions of this Agreement.

[signatures on following page]

**IN WITNESS WHEREOF,** the Parties hereto have signed this Agreement to be effective on the day and year first written above.

#### **TERMS & CONDITIONS:**

 Required Approval: This Contract shall not be binding upon ECSI until signed by an officer of ECSI. In the event this Contract is not approved by said officer of ECSI, ECSI's liability shall be limited to refunding Subscriber the amount paid, if any, upon signing this Contract.

A. Standard Warranty. ECSI guarantees all material to be as specified. All work shall be completed in a workmanlike manner according to standard industry practices. Materials & labor are warranted for 90 days from date of installation or for the term of the selected Extended Service Plan if Subscriber elects to participate in such plan. There is no labor and material warranty on any customer provided equipment

B Extended Warranty. Applicable only if specified on face of this contract and is contingent upon ECSI being contracted to provide Central Station Monitoring Services and perform all of the NFPA mandated tests and inspections of the installed fire protection systems!

C. All Warranty obligations exclude pre-existing to remain components, batteries, acts of God, fire, theft, vandalism, or tampering by unauthorized personnel. All warranty's are void if any party not authorized by ECSI performs work on any item installed by ECSI.

3. Hours of Service. All work required by this Contract shall be performed between 8:00 a.m. and 4:30 p.m. on normal business days, except in the case of emergency. Service calls received after 3:30 p.m. are subject to after-hour rates.

Subscriber Responsibilities:

A. Subscriber agrees not to tamper with, remove, or otherwise interfere with the communication software and agrees to furnish, at **Subscriber's** expense, all 110 volt AC power, electrical outlets, receptacles, and telephone hook-ups as deemed necessary by ECSI for connection of the equipment.

B. Subscriber must visually inspect system components periodically and, if a problem is discovered, notify ECSI immediately. When ECSI alerts Subscriber of any issue with the system that requires correction, Subscriber assumes full responsibility for taking action to resolve the reported issue.

C. Subscriber must inform ECSI, in writing, of any change in fire rating bureau or agency. Subscriber must also inform ECSI, in writing, of any change in the list of people that ECSI is to call in the event of alarm activation. ECSI is not responsible for any errors, omissions, or failure to update such list by Subscriber.

5. Default:

Event of Default. Subscriber shall be in default of this Contract if Subscriber. (a) fails to pay any installation charge, (c) willfully or negligently causes repeated false alarms, (d) cancels this Contract without cause before the end of its term, or (e) fails to perform any other obligations under this Contract.

#### B, ECSI's Remedy Upon Default,

- i. Terminate Contract. If Subscriber defaults, ECSI may terminate this Contract ten (10) days after written notice of default if Subscriber has not cleared the default by that date.
- ii. Damages. If Subscriber defaults, Subscriber shall pay ECSI any money due for any product or societies provided prior to default. Additionally, Subscriber shall pay an amount equal to 60% of the remaining monitoring and or Extended Service Plan fees, plus any other damages to which ECSI may be entitled under applicable law.
- iii. Costs. In the event either Party resorts to legal action to enforce the terms and provisions of this Agreement, or as a result of any breach under this Agreement, the prevaling Party shall be entitled to recover the costs of such action so incurred, including, without limitation, reasonable

attorneys' fees, arbitration fees, prejudgment interest, and any other reasonable and related expenses of collection.

6. Changes: Any alteration or deviation from the specified work involving extra costs, will be executed only upon written orders, and will become an extra charge. The cost of any changes to the scope of work described herein made at the request of or made necessary or required by Subscriber's action, or which may be required by any governmental agency or insurance interest or inspection and rating bureaus are to be borne solely by Subscriber. SUBSCRIBER ACKNOWLEDGES THAT SUBSCRIBER HAS CHOSEN THE SYSTEM AND THAT ADDITIONAL PROTECTION IS AVAILABLE AND MAY BE OBTAINED FROM ECSI AT AN ADDITIONAL COST TO SUBSCRIBER. All risk of loss or damage to the system shall be borne exclusively by Subscriber.

Services: Any fines levied by a municipality or government agency regarding false alarms shall be the sole responsibility of the Subscriber. Additional fees levied by monitoring agency for any reason, including but not limited to those caused by runaway dialers, runner services, etc. shall be the sole responsibility of Subscriber. Such fees shall be added to the service charges or billed to Subscriber directly by the appropriate agency.8.A. Limitation of Damages (cont.)

The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that the ECSI assume responsibility for any loss or damage sustained through burglary,

#### 8. ECSI'S LIMITS OF LIABILITY

A Limitation of Damages, IT IS UNDERSTOOD AND AGREED THAT ECSI IS NOT AN INSURER AND THAT INSURANCE, IF ANY, COVERING INJURY AND PROPERTY LOSS OR DAMAGE ON SUBSCRIBER'S PREMISES SHALL BE OBTAINED BY THE SUBSCRIBER.

#### 8. A. Limitation of Damages (cont.)

The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that ECSI assume responsibility for any loss or damage sustained through burglary, theft, robbery, fire, or other cause, or that there exists or shall exist any liability on the part of ECSI by virtue of this Contract. Notwithstanding these provisions, if there should arise any liability on the part of ECSI, such liability is and shall be limited to a sum equal to the service charge for a period of six (6) months or \$500.00 whichever is less, which sum is liquidated damages and not a penalty. In the event that Subscriber wishes ECSI to assume greater liability, Subscriber may obtain from ECSI a higher limit by paying an additional amount proportioned to the responsibility and a rider shall be attached to this Contract, setting forth the additional liability of ECSI and the additional charges. However, any such additional obligation does not make ECSI an insurer.

B. Interruption of Service. ECSI shall not be liable for any damage or loss sustained by Subscriber as a result of any delay in service or installation of equipment, equipment failure, or interruption of service due to electric failures, strikes, war, acts of God, or other causes, including ECSI's negligence in the performance of this Contract. The estimated date that work is to be substantially completed is not a definite completion date and time is not of the essence.

C. Disclaimer of Warranties. ECSI does not represent or warrant that the system may not be compromised or circumvented; or that the system will prevent any loss by burglary, hold-up, fire or otherwise, or that the system will in all cases provide the protection for which it is installed or intended. Subscriber acknowledges and agrees that ECSI has made no representations or warranties, expressed or implied, as to any matter whatsoever including without limitation the condition of equipment, its merchantability or its fitness for any particular purpose, nor has Subscriber relied on any representations or warranties, expressed or implied, that any affirmation of fact or promise shall not be deemed to create an express warranty and that there are no warranties which extend beyond the face of this Contract that

ECSI is not an insurer; that Subscriber assumes all risk of loss or damage to Subscribers premises or the contents thereof, and that Subscriber has read and understands all of this Contract, particularly paragraph eight (8) which sets forth ECSI's maximum liability in the event of any loss or damage to Subscriber or anyone else.

9. Third Party Indemnification: In the event any person not a party to this contract, shall make any claim or file any lawsuit against ECSI for any reason relating to ECSI's duties and obligations pursuant to this Contract, including but not limited to the design, installation, maintenance, monitoring, operation, or any failure of the alarm system to operate properly, Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all

defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all damanes expenses costs and attorney's fees to the extent Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all damages, expenses, costs, and attorney's fees to the extent caused by Subscriber. The parties agree that there are no third party beneficiaries of this Contract. Subscriber, for itself and any of its insurance carriers waives any right of subrogation Subscriber's rourises.

#### **TERMS & CONDITIONS:**

 Required Approval: This Contract shall not be binding upon ECSI until signed by an officer of ECSI. In the event this Contract is not approved by said officer of ECSI, ECSI's liability shall be limited to refunding Subscriber the amount paid, if any, upon signing this Contract.

A. Standard Warranty. ECSI guarantees all material to be as specified. All work shall be completed in a workmanlike manner according to standard industry practices. Materials & labor are warranted for 90 days from date of installation or for the term of the selected Extended Service Plan if Subscriber elects to participate in such plan. There is no labor and material warranty on any customer provided equipment

B Extended Warranty. Applicable only if specified on face of this contract and is contingent upon ECSI being contracted to provide Central Station Monitoring Services and perform all of the NFPA mandated tests and inspections of the installed fire protection systems!

C. All Warranty obligations exclude pre-existing to remain components, batteries, acts of God, fire, theft, vandalism, or tampering by unauthorized personnel. All warranty's are void if any party not authorized by ECSI performs work on any item installed by ECSI.

3. Hours of Service. All work required by this Contract shall be performed between 8:00 a.m. and 4:30 p.m. on normal business days, except in the case of emergency. Service calls received after 3:30 p.m. are subject to after-hour rates.

Subscriber Responsibilities:

A. Subscriber agrees not to tamper with, remove, or otherwise interfere with the communication software and agrees to furnish, at **Subscriber's** expense, all 110 volt AC power, electrical outlets, receptacles, and telephone hook-ups as deemed necessary by ECSI for connection of the equipment.

B. Subscriber must visually inspect system components periodically and, if a problem is discovered, notify ECSI immediately. When ECSI alerts Subscriber of any issue with the system that requires correction, Subscriber assumes full responsibility for taking action to resolve the reported issue.

C. Subscriber must inform ECSI, in writing, of any change in fire rating bureau or agency. Subscriber must also inform ECSI, in writing, of any change in the list of people that ECSI is to call in the event of alarm activation. ECSI is not responsible for any errors, omissions, or failure to update such list by Subscriber.

5. Default:

Event of Default. Subscriber shall be in default of this Contract if Subscriber. (a) fails to pay any installation charge, (c) willfully or negligently causes repeated false alarms, (d) cancels this Contract without cause before the end of its term, or (e) fails to perform any other obligations under this Contract.

#### B, ECSI's Remedy Upon Default,

- i. Terminate Contract. If Subscriber defaults, ECSI may terminate this Contract ten (10) days after written notice of default if Subscriber has not cleared the default by that date.
- ii. Damages. If Subscriber defaults, Subscriber shall pay ECSI any money due for any product or societies provided prior to default. Additionally, Subscriber shall pay an amount equal to 60% of the remaining monitoring and or Extended Service Plan fees, plus any other damages to which ECSI may be entitled under applicable law.
- iii. Costs. In the event either Party resorts to legal action to enforce the terms and provisions of this Agreement, or as a result of any breach under this Agreement, the prevaling Party shall be entitled to recover the costs of such action so incurred, including, without limitation, reasonable

attorneys' fees, arbitration fees, prejudgment interest, and any other reasonable and related expenses of collection.

6. Changes: Any alteration or deviation from the specified work involving extra costs, will be executed only upon written orders, and will become an extra charge. The cost of any changes to the scope of work described herein made at the request of or made necessary or required by Subscriber's action, or which may be required by any governmental agency or insurance interest or inspection and rating bureaus are to be borne solely by Subscriber. SUBSCRIBER ACKNOWLEDGES THAT SUBSCRIBER HAS CHOSEN THE SYSTEM AND THAT ADDITIONAL PROTECTION IS AVAILABLE AND MAY BE OBTAINED FROM ECSI AT AN ADDITIONAL COST TO SUBSCRIBER. All risk of loss or damage to the system shall be borne exclusively by Subscriber.

Services: Any fines levied by a municipality or government agency regarding false alarms shall be the sole responsibility of the Subscriber. Additional fees levied by monitoring agency for any reason, including but not limited to those caused by runaway dialers, runner services, etc. shall be the sole responsibility of Subscriber. Such fees shall be added to the service charges or billed to Subscriber directly by the appropriate agency.8.A. Limitation of Damages (cont.)

The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that the ECSI assume responsibility for any loss or damage sustained through burglary,

#### 8. ECSI'S LIMITS OF LIABILITY

A Limitation of Damages, IT IS UNDERSTOOD AND AGREED THAT ECSI IS NOT AN INSURER AND THAT INSURANCE, IF ANY, COVERING INJURY AND PROPERTY LOSS OR DAMAGE ON SUBSCRIBER'S PREMISES SHALL BE OBTAINED BY THE SUBSCRIBER.

#### 8. A. Limitation of Damages (cont.)

The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that ECSI assume responsibility for any loss or damage sustained through burglary, theft, robbery, fire, or other cause, or that there exists or shall exist any liability on the part of ECSI by virtue of this Contract. Notwithstanding these provisions, if there should arise any liability on the part of ECSI, such liability is and shall be limited to a sum equal to the service charge for a period of six (6) months or \$500.00 whichever is less, which sum is liquidated damages and not a penalty. In the event that Subscriber wishes ECSI to assume greater liability, Subscriber may obtain from ECSI a higher limit by paying an additional amount proportioned to the responsibility and a rider shall be attached to this Contract, setting forth the additional liability of ECSI and the additional charges. However, any such additional obligation does not make ECSI an insurer.

B. Interruption of Service. ECSI shall not be liable for any damage or loss sustained by Subscriber as a result of any delay in service or installation of equipment, equipment failure, or interruption of service due to electric failures, strikes, war, acts of God, or other causes, including ECSI's negligence in the performance of this Contract. The estimated date that work is to be substantially completed is not a definite completion date and time is not of the essence.

C. Disclaimer of Warranties. ECSI does not represent or warrant that the system may not be compromised or circumvented; or that the system will prevent any loss by burglary, hold-up, fire or otherwise, or that the system will in all cases provide the protection for which it is installed or intended. Subscriber acknowledges and agrees that ECSI has made no representations or warranties, expressed or implied, as to any matter whatsoever including without limitation the condition of equipment, its merchantability or its fitness for any particular purpose, nor has Subscriber relied on any representations or warranties, expressed or implied, that any affirmation of fact or promise shall not be deemed to create an express warranty and that there are no warranties which extend beyond the face of this Contract that

ECSI is not an insurer; that Subscriber assumes all risk of loss or damage to Subscribers premises or the contents thereof, and that Subscriber has read and understands all of this Contract, particularly paragraph eight (8) which sets forth ECSI's maximum liability in the event of any loss or damage to Subscriber or anyone else.

9. Third Party Indemnification: In the event any person not a party to this contract, shall make any claim or file any lawsuit against ECSI for any reason relating to ECSI's duties and obligations pursuant to this Contract, including but not limited to the design, installation, maintenance, monitoring, operation, or any failure of the alarm system to operate properly, Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all

defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all damanes expenses costs and attorney's fees to the extent Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all damages, expenses, costs, and attorney's fees to the extent caused by Subscriber. The parties agree that there are no third party beneficiaries of this Contract. Subscriber, for itself and any of its insurance carriers waives any right of subrogation Subscriber's rourises.

- 10. Assignment ECSI shall have the right to assign this Contract without notice to Subscriber and shall have the further right to subcontract any services which it may perform. Subscriber acknowledges that this Contract, and particularly those paragraphs relating to disclaimer of warranties, liquidated damages and third party indemnification, inure to the benefit of, and are applicable to any subcontractors employed by ECSI to provide monitoring, maintenance, installation or service of the system(s) and they bind Subscriber to said subcontractors with the same force and effect as they bind Subscriber to ECSI.
- 11. Severability: In the event any of the terms or provisions of this Contract shall be declared to be invalid or inoperative, all of the remaining terms and provisions shall remain in full force and effect.
- 12. Notices: All notices to be given hereunder shall be in writing and may be served either personally or by mail, postage prepaid to the addresses set forth in the Contract or to any other from time to time in writing.
- 13. Binding Arbitration: This Contract is binding for ECSI, Subscriber, successors in interest, agents, employees, shareholders, officers, former employees, former officers, directors, subsidiaries, parent copporations, attorneys, and all other entities acting on the their behalf. Parties agree to submit to binding arbitration, conducted by the American Arbitration Association under the Construction Industry Arbitration Rules, any matters which cannot otherwise be resolved, and expressly waive any and all rights in law and equity to bringing any civil disagreement before a court of law, except that judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof.
- 14. Entire Agreement. This Contract is intended by the parties as a final expression of their agreement and as a complete and exclusive statement of the terms. This Contract supersedes all prior representations, understandings or agreements of the parties. This Contract can only be modified in a writing signed by the parties. No waiver of a breach of any term or condition of this Contract shall be construed to be a waiver of any succeeding breach.

#### **TERMS & CONDITIONS:**

 Required Approval: This Contract shall not be binding upon ECSI until signed by an officer of ECSI. In the event this Contract is not approved by said officer of ECSI, ECSI's liability shall be limited to refunding Subscriber the amount paid, if any, upon signing this Contract.

A. Standard Warranty. ECSI guarantees all material to be as specified. All work shall be completed in a workmanlike manner according to standard industry practices. Materials & labor are warranted for 90 days from date of installation or for the term of the selected Extended Service Plan if Subscriber elects to participate in such plan. There is no labor and material warranty on any customer provided equipment

B Extended Warranty. Applicable only if specified on face of this contract and is contingent upon ECSI being contracted to provide Central Station Monitoring Services and perform all of the NFPA mandated tests and inspections of the installed fire protection systems!

C. All Warranty obligations exclude pre-existing to remain components, batteries, acts of God, fire, theft, vandalism, or tampering by unauthorized personnel. All warranty's are void if any party not authorized by ECSI performs work on any item installed by ECSI.

3. Hours of Service. All work required by this Contract shall be performed between 8:00 a.m. and 4:30 p.m. on normal business days, except in the case of emergency. Service calls received after 3:30 p.m. are subject to after-hour rates.

Subscriber Responsibilities:

A. Subscriber agrees not to tamper with, remove, or otherwise interfere with the communication software and agrees to furnish, at **Subscriber's** expense, all 110 volt AC power, electrical outlets, receptacles, and telephone hook-ups as deemed necessary by ECSI for connection of the equipment.

B. Subscriber must visually inspect system components periodically and, if a problem is discovered, notify ECSI immediately. When ECSI alerts Subscriber of any issue with the system that requires correction, Subscriber assumes full responsibility for taking action to resolve the reported issue.

C. Subscriber must inform ECSI, in writing, of any change in fire rating bureau or agency. Subscriber must also inform ECSI, in writing, of any change in the list of people that ECSI is to call in the event of alarm activation. ECSI is not responsible for any errors, omissions, or failure to update such list by Subscriber.

5. Default:

Event of Default. Subscriber shall be in default of this Contract if Subscriber. (a) fails to pay any installation charge, (c) willfully or negligently causes repeated false alarms, (d) cancels this Contract without cause before the end of its term, or (e) fails to perform any other obligations under this Contract.

#### B, ECSI's Remedy Upon Default,

- i. Terminate Contract. If Subscriber defaults, ECSI may terminate this Contract ten (10) days after written notice of default if Subscriber has not cleared the default by that date.
- ii. Damages. If Subscriber defaults, Subscriber shall pay ECSI any money due for any product or societies provided prior to default. Additionally, Subscriber shall pay an amount equal to 60% of the remaining monitoring and or Extended Service Plan fees, plus any other damages to which ECSI may be entitled under applicable law.
- iii. Costs. In the event either Party resorts to legal action to enforce the terms and provisions of this Agreement, or as a result of any breach under this Agreement, the prevaling Party shall be entitled to recover the costs of such action so incurred, including, without limitation, reasonable

attorneys' fees, arbitration fees, prejudgment interest, and any other reasonable and related expenses of collection.

6. Changes: Any alteration or deviation from the specified work involving extra costs, will be executed only upon written orders, and will become an extra charge. The cost of any changes to the scope of work described herein made at the request of or made necessary or required by Subscriber's action, or which may be required by any governmental agency or insurance interest or inspection and rating bureaus are to be borne solely by Subscriber. SUBSCRIBER ACKNOWLEDGES THAT SUBSCRIBER HAS CHOSEN THE SYSTEM AND THAT ADDITIONAL PROTECTION IS AVAILABLE AND MAY BE OBTAINED FROM ECSI AT AN ADDITIONAL COST TO SUBSCRIBER. All risk of loss or damage to the system shall be borne exclusively by Subscriber.

Services: Any fines levied by a municipality or government agency regarding false alarms shall be the sole responsibility of the Subscriber. Additional fees levied by monitoring agency for any reason, including but not limited to those caused by runaway dialers, runner services, etc. shall be the sole responsibility of Subscriber. Such fees shall be added to the service charges or billed to Subscriber directly by the appropriate agency.8.A. Limitation of Damages (cont.)

The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that the ECSI assume responsibility for any loss or damage sustained through burglary,

#### 8. ECSI'S LIMITS OF LIABILITY

A Limitation of Damages, IT IS UNDERSTOOD AND AGREED THAT ECSI IS NOT AN INSURER AND THAT INSURANCE, IF ANY, COVERING INJURY AND PROPERTY LOSS OR DAMAGE ON SUBSCRIBER'S PREMISES SHALL BE OBTAINED BY THE SUBSCRIBER.

#### 8. A. Limitation of Damages (cont.)

The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that ECSI assume responsibility for any loss or damage sustained through burglary, theft, robbery, fire, or other cause, or that there exists or shall exist any liability on the part of ECSI by virtue of this Contract. Notwithstanding these provisions, if there should arise any liability on the part of ECSI, such liability is and shall be limited to a sum equal to the service charge for a period of six (6) months or \$500.00 whichever is less, which sum is liquidated damages and not a penalty. In the event that Subscriber wishes ECSI to assume greater liability, Subscriber may obtain from ECSI a higher limit by paying an additional amount proportioned to the responsibility and a rider shall be attached to this Contract, setting forth the additional liability of ECSI and the additional charges. However, any such additional obligation does not make ECSI an insurer.

B. Interruption of Service. ECSI shall not be liable for any damage or loss sustained by Subscriber as a result of any delay in service or installation of equipment, equipment failure, or interruption of service due to electric failures, strikes, war, acts of God, or other causes, including ECSI's negligence in the performance of this Contract. The estimated date that work is to be substantially completed is not a definite completion date and time is not of the essence.

C. Disclaimer of Warranties. ECSI does not represent or warrant that the system may not be compromised or circumvented; or that the system will prevent any loss by burglary, hold-up, fire or otherwise, or that the system will in all cases provide the protection for which it is installed or intended. Subscriber acknowledges and agrees that ECSI has made no representations or warranties, expressed or implied, as to any matter whatsoever including without limitation the condition of equipment, its merchantability or its fitness for any particular purpose, nor has Subscriber relied on any representations or warranties, expressed or implied, that any affirmation of fact or promise shall not be deemed to create an express warranty and that there are no warranties which extend beyond the face of this Contract that

ECSI is not an insurer; that Subscriber assumes all risk of loss or damage to Subscribers premises or the contents thereof, and that Subscriber has read and understands all of this Contract, particularly paragraph eight (8) which sets forth ECSI's maximum liability in the event of any loss or damage to Subscriber or anyone else.

9. Third Party Indemnification: In the event any person not a party to this contract, shall make any claim or file any lawsuit against ECSI for any reason relating to ECSI's duties and obligations pursuant to this Contract, including but not limited to the design, installation, maintenance, monitoring, operation, or any failure of the alarm system to operate properly, Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all

defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all damanes expenses costs and attorney's fees to the extent Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all damages, expenses, costs, and attorney's fees to the extent caused by Subscriber. The parties agree that there are no third party beneficiaries of this Contract. Subscriber, for itself and any of its insurance carriers waives any right of subrogation Subscriber's rourises.

- 10. Assignment ECSI shall have the right to assign this Contract without notice to Subscriber and shall have the further right to subcontract any services which it may perform. ECSI shall inform Subscriber when services are subcontracted and shall maintain current proof subcontractor's state license, general insurance, and workers compensation coverage. Subscriber acknowledges that this Contract, and particularly those paragraphs relating to disclaimer of warranties, liquidated damages and third party indemnification, inure to the benefit of, and are applicable to any subcontractors employed by ECSI to provide monitoring, maintenance, installation or service of the system(s) and they bind Subscriber to said subcontractors with the same force and effect as they bind Subscriber to ECSI.
- 11. Severability: In the event any of the terms or provisions of this Contract shall be declared to be invalid or inoperative, all of the remaining terms and provisions shall remain in full force and effect.
- 12. Notices: All notices to be given hereunder shall be in writing and may be served either personally or by mail, postage prepaid to the addresses set forth in the Contract or to any other from time to time in writing.
- 13. Binding Arbitration: This Contract is binding for ECSI, Subscriber, successors in interest, agents, employees, shareholders, officers, former employees, former officers, directors, subsidiaries, parent copporations, attorneys, and all other entities acting on the their behalf. Parties agree to submit to binding arbitration, conducted by the American Arbitration Association under the Construction Industry Arbitration Rules, any matters which cannot otherwise be resolved, and expressly waive any and all rights in law and equity to bringing any civil disagreement before a court of law, except that judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof.
- 14. Entire Agreement. This Contract is intended by the parties as a final expression of their agreement and as a complete and exclusive statement of the terms. This Contract supersedes all prior representations, understandings or agreements of the parties. This Contract can only be modified in a writing signed by the parties. No waiver of a breach of any term or condition of this Contract shall be construed to be a waiver of any succeeding breach.

Such fees shall be added to the service charges or billed to Subscriber directly by the appropriate agency.8.A. Limitation of Damages (cont.)

The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that the ECSI assume responsibility for any loss or damage sustained through burglary,

#### 8. ECSI'S LIMITS OF LIABILITY

A Limitation of Damages, IT IS UNDERSTOOD AND AGREED THAT ECSI IS NOT AN INSURER AND THAT INSURANCE, IF ANY, COVERING INJURY AND PROPERTY LOSS OR DAMAGE ON SUBSCRIBER'S PREMISES SHALL BE OBTAINED BY THE SUBSCRIBER.

#### 8. A. Limitation of Damages (cont.)

The payments under this Contract are based solely upon the value of the services provided and it is not the intention of the parties that ECSI assume responsibility for any loss or damage sustained through burglary, theft, robbery, fire, or other cause, or that there exists or shall exist any liability on the part of ECSI by virtue of this Contract. Notwithstanding these provisions, if there should arise any liability on the part of ECSI, such liability is and shall be limited to a sum equal to the service charge for a period of six (6) months or \$500.00 whichever is less, which sum is liquidated damages and not a penalty. In the event that Subscriber wishes ECSI to assume greater liability, Subscriber may obtain from ECSI a higher limit by paying an additional amount proportioned to the responsibility and a rider shall be attached to this Contract, setting forth the additional liability of ECSI and the additional charges. However, any such additional obligation does not make ECSI an insurer.

B. Interruption of Service. ECSI shall not be liable for any damage or loss sustained by Subscriber as a result of any delay in service or installation of equipment, equipment failure, or interruption of service due to electric failures, strikes, war, acts of God, or other causes, including ECSI's negligence in the performance of this Contract. The estimated date that work is to be substantially completed is not a definite completion date and time is not of the essence.

C. Disclaimer of Warranties. ECSI does not represent or warrant that the system may not be compromised or circumvented; or that the system will prevent any loss by burglary, hold-up, fire or otherwise, or that the system will in all cases provide the protection for which it is installed or intended. Subscriber acknowledges and agrees that ECSI has made no representations or warranties, expressed or implied, as to any matter whatsoever including without limitation the condition of equipment, its merchantability or its fitness for any particular purpose, nor has Subscriber relied on any representations or warranties, expressed or implied, that any affirmation of fact or promise shall not be deemed to create an express warranty and that there are no warranties which extend beyond the face of this Contract that.

ECSI is not an insurer; that Subscriber assumes all risk of loss or damage to Subscribers premises or the contents thereof, and that Subscriber has read and understands all of this Contract, particularly paragraph eight (8) which sets forth ECSI's maximum liability in the event of any loss or damage to Subscriber or anyone else.

9. Third Party Indemnification: In the event any person not a party to this contract, shall make any claim or file any lawsuit against ECSI for any reason relating to ECSI's duties and obligations pursuant to this Contract, including but not limited to the design, installation, maintenance, monitoring, operation, or any failure of the alarm system to operate properly, Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all

defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all damanes expenses costs and attorney's fees to the extent Subscriber agrees to indemnify, defend and hold ECSI harmless from any and all claims and lawsuits, including the payment of all damages, expenses, costs, and attorney's fees to the extent caused by Subscriber. The parties agree that there are no third party beneficiaries of this Contract. Subscriber, for itself and any of its insurance carriers waives any right of subrogation Subscriber's rourises.

- 10. Assignment ECSI shall have the right to assign this Contract without notice to Subscriber and shall have the further right to subcontract any services which it may perform. ECSI shall inform Subscriber when services are subcontracted and shall maintain current proof subcontractor's state license, general insurance, and workers compensation coverage. Subscriber acknowledges that this Contract, and particularly those paragraphs relating to disclaimer of warranties, liquidated damages and third party indemnification, inure to the benefit of, and are applicable to any subcontractors employed by ECSI to provide monitoring, maintenance, installation or service of the system(s) and they bind Subscriber to said subcontractors with the same force and effect as they bind Subscriber to ECSI.
- 11. Severability: In the event any of the terms or provisions of this Contract shall be declared to be invalid or inoperative, all of the remaining terms and provisions shall remain in full force and effect.
- 12. Notices: All notices to be given hereunder shall be in writing and may be served either personally or by mail, postage prepaid to the addresses set forth in the Contract or to any other from time to time in writing.
- 13. Binding Arbitration: This Contract is binding for ECSI, Subscriber, successors in interest, agents, employees, shareholders, officers, former employees, former officers, directors, subsidiaries, parent copporations, attorneys, and all other entities acting on the their behalf. Parties agree to submit to binding arbitration, conducted by the American Arbitration Association under the Construction Industry Arbitration Rules, any matters which cannot otherwise be resolved, and expressly waive any and all rights in law and equity to bringing any civil disagreement before a court of law, except that judgment upon the award rendered by the arbitrator may be entered in any court having jurisdiction thereof.
- 14. Entire Agreement. This Contract is intended by the parties as a final expression of their agreement and as a complete and exclusive statement of the terms. This Contract supersedes all prior representations, understandings or agreements of the parties. This Contract can only be modified in a writing signed by the parties. No waiver of a breach of any term or condition of this Contract shall be construed to be a waiver of any succeeding breach.
