COMMUNITY ASSET MANAGEMENT REPORT

March 06, 2026

Rizzetta & Company

Amiee Brodeen – Community Asset Specialist

Rizzetta & Company
Professionals in Community Management

Summary, Crater Cir, Lakemont Dr

General Updates, Recent & Upcoming Maintenance Events:

- **Bahia Sod – April Fertilization Guidelines:** Apply a complete fertilizer based on current soil test results. Include the second round of pre-emergent herbicide (Pre-M) at a rate not exceeding .5 lb. of nitrogen per 1,000 sq. ft. The fertilizer must contain no less than 50% slow-release nitrogen to ensure steady nutrient availability and reduce surge growth.
- **St. Augustine Sod – April Fertilization Guidelines:** Apply a complete fertilizer based on current soil test results. Include the second round of pre-emergent herbicide (Pre-M) at a rate not exceeding .5 lb. of nitrogen per 1,000 sq. ft. The fertilizer must contain a minimum of 50% slow-release nitrogen to promote steady, sustainable growth and reduce nutrient leaching.
- **Shrub, Tree & Groundcover Fertilization – March Guidelines:** **If this was not completed due to the weather, continue below for guidelines.** Apply a complete fertilizer (formula determined by current soil test results) at a rate of 4–6 lbs. of nitrogen per 1,000 sq. ft. per year. A minimum of 50% of the nitrogen must be in a slow-release form to ensure steady nutrient availability and promote healthy, sustained growth.
- **Palm Fertilization – March Guidelines:** **If this was not completed due to the weather, continue below for guidelines.** Apply 1.5 pounds of 8N–2P₂O₅–12K₂O + 4Mg fertilizer with micronutrients per 100 square feet of palm canopy. Requirements: 100% of the Nitrogen (N), Potassium (K), and Magnesium (Mg) must be in slow-release form. All micronutrients must be in water-soluble form to ensure proper uptake. Fertilizer should be broadcast evenly under the canopy dripline, keeping product at least 6 inches away from the palm trunk to prevent trunk damage and nutrient burn.

The following are action items for Pine Lake Landscaping to complete. Please refer to the item # in your response listing action already taken or anticipated time of completion. **Red text** indicates deficient from previous report. **Bold Red text** indicates deficient for more than a month. **Green text** indicates a proposal has been requested. **Blue** indicates irrigation. **Orange** text represents Staff and **bold, black, underlined** represents questions or information for the BOS.

- 1. Lakemont and Hudson (East Side):** Blow mulch and wet leaf buildup away from the base of all Ligustrum trunks. Excess moisture and mulch-to-trunk contact can lead to disease or trunk dieback. Address on next visit.
 - 2. Lakemont & Hudson:** Pittosporum shrubs; Remove all weedy growth from within the shrub canopy. Variegated jasmine (Mimina); Treat and remove the various weeds....
 - 3. Hudson:** Near the burnt vegetation, remaining trash from the power company is still present and needs removal. Additionally, clear any unwanted plant material in the area. A palmetto palm sapling is beginning to grow within the shrubs and should be removed.
- (#2 Cont.)**.... present throughout the bed. All green growth shown in the photo is not part of the intended planting design and should be corrected on the next visit. (Pic 2a>, 2b>)

Lakemont Dr, Pond 3

4. **Lakemont (West Side):** In front of the 'Lakeside' monument, an irrigation box lid has collapsed into the box. It is flagged, but with storms approaching, this should be repaired as soon as possible. Requesting status update.

5. **Lakemont & Hudson (West Side):** Remove all unwanted weedy material. Warm-season weeds are growing throughout the Blue Pacific junipers and need to be cleared on the next visit.

6. **Hudson (West Side):** Weeds present throughout the turf. Have these been treated yet? If not, when are they scheduled for treatment, and what product is being used? Please provide an update. (Pic 6>)

7. **Same Area as #6:** Trim the limbs around the power line to clear adequate space around the pole. Address on the next visit for safety and maintenance access. (Pic 7)

8. **Lakemont Entrance:** Turf is beginning to green up, but several areas still need attention. Near the electric box, the turf remains brown and shows signs consistent with possible fungus activity. Please send a crew member to inspect the area and provide a diagnosis. (Pic 8a>, 8b>)

9. **Pond 4:** At the southern end of the pond/drainage area, there are 30+ plastic bottles and cans accumulated in a pile. With the water level lower during inspection, the debris was more visible. **Pond Techs:** Please propose a large trash and debris removal for the next visit.

Lakemont Dr, Hudson Ave

10. Lakemont – Turf at Pond 4: Along the west side of Pond 4, there is significant weed activity present throughout the turf. Please treat accordingly on the next visit. (Pic 10)

11. Bullnoses – Lakemont & Higgins: Each bullnose continues to exhibit a large browning patch, persisting for several months. Please provide an assessment of the cause (e.g., fungal activity, irrigation issues, or other contributing factors). Requesting diagnostic update. (Pic 11a, 11b, 11c>, 11d>)

12. Lakemont & Higgins: The Scheffleras are beginning to green out at the bases, a great sign for recovery. When will cutbacks start?

13. Higgins: Remove all crape myrtle water sprouts growing throughout the medians. Additionally, remove all weedy growth present in the medians. Please address on the next visit.

14. Same Area as #13: Check the status of all recently installed trees. The root.... **(Next pg)**

Lakemont Dr, Higgins Dr, Crest Lake Dr

(#14 Cont.).... systems are not establishing as well as expected. Please inspect and provide an assessment of contributing factors and any recommended corrective actions.

15. Crest Lake – Pocket Park: The area was recently mulched; however, the backside of the planting bed was not edged. Please edge this area on the next visit to prevent mulch from washing out. (Pic 15a>, 15b>)

16. Schefflera Shrubs: During my inspection, I observed that the shrubs are beginning to leaf out at the base. They may require additional time to fully recover. Please review the most recent visit and provide an assessment along with your findings.

17. Crest Lake Dr – Loropetalum Shrubs: Viburnum shrubs are growing up through the loropetalum. These should be trimmed out promptly before they begin to overtake and shade out the intended shrubs. (Pic 17)

Lakemont Dr, Hudson Ave, Opopka St

18. Crest Lake Dr – Turf Dieback: What is the status of the wet checks for the pocket park on Crest Lake, across from Higgins? I am observing significant turf decline along with increased weed growth, which is creating a misleading green appearance. Please review recent irrigation inspections and provide an updated assessment. Additionally, one of the rotors along the sidewalk appears to have been hit by a mower (just right of the electrical box). It is missing the top cap of the rotor, check if this is still working. (Pic 18)

19. Crest Lake Dr – Soil Compaction (Same Area as #18): Tire tracks are visible leading toward the wetland area, which may result in soil compaction and further turf decline. We may need to consider aeration and overseeding during the next winter season to help restore soil structure and improve turf health.

20. Crest Lake Dr – Pocket Park Maintenance (Same Area as #18): The small pocket plantings require weeding, and an old tree strap needs to be removed. Additionally, please confirm whether the dripline in this area is still functioning. Should we consider capping it until a future tree installation, or is there a planned improvement or planting scheduled for this location? (Pic 20>)

21. Crest Lake – Adjacent Pocket Park Turf: The turf in the pocket park adjacent to the other referenced area is also showing signs of decline. Has this area received its scheduled fertilization yet? Please confirm the most recent treatment and provide an update. (Pic 21)

Opopka St, Newport Shores Dr

22. Same Area as #21: The bed requires thorough weeding, and the sun-bleached tree straps lying on top of the mulch need to be removed. Please detail the bed carefully to help suppress weed growth for the upcoming season. (Pic 22)

24. Newport Shores Dr / Opopka St – Turf Recovery (Same Area as #23): The long strip of turf where electrical work was completed at the end of last year has still not recovered. Board: would you prefer Pine Lake to propose overseeding with Bahia, or would you like to consider new sod replacement for this area? (Pic 24)

23. Newport Shores Dr / Opopka St – Planting Bed: The planting bed south of Newport Shores is showing significant dollarweed growth. Please confirm whether the irrigation system has been checked. The pattern of growth suggests either excessive run times or a possible slow leak. Assess the area and report any irrigation issues or contributing factors. (Pic 23)

25. Newport Shores – Camera Pole Area: Have the crew detail this small area and remove the encroaching turf to maintain a clean, defined space around the camera pole. (Pic 25)

26. Newport Shores Dr – Broken Pipe/Vent: A broken pipe was found in the ground. It may be a vent line, but the crew should dig around the area to confirm whether it is a pipe that requires a vented cap to prevent debris from entering. Please assess and report on the condition and needed repairs. (Pic 26)

27. Ant Mounds – Turf Areas: Numerous ant mounds are still present throughout the turf. Please ensure the crew continues to treat all active mounds during each visit and rakes out the debris once they become inactive to maintain safe and clean turf conditions.

28. Popka & Hudson – Turf Replacement: It appears that some turf has been laid, but not all damaged areas were addressed. This may have been partial replacement by the City, but additional sod is still needed to fully restore the area. Pine Lake, please propose to replace all the bare spots in the turf. (Pic 28a>, 28b>)

29. Same area as #28: I noticed a few flags out, are these due to an irrigation break? I ask because the mulch in the beds are becoming washed out, please replace.

30. Hudson Ave – Bed Edges: The bed edges along Hudson Ave are heavily infested with weeds. Warm-season weeds are beginning to emerge and need to be treated promptly. Please identify all affected areas and apply appropriate treatment to prevent further spread.

31. Sea Bridge Dr – Turf Condition: The turf between the rows is dried out, and vigorous weed growth is becoming established within the turf. Please treat the turf weeds and apply fertilizer as needed to help restore turf health and encourage recovery. (Pic 31a>, 31b>)

32. Lakemont Dr – Sump Pump Area: The area surrounding the sump pump has still not been edged or mulched, and the driplines remain exposed. When is this area.... (Nxt pg)

Opopka St, Newport Shores Dr

33. Lakemont Dr – Turf Ruts Near Sump Pump Area: A vehicle has driven over the turf rows near the sump pump, leaving noticeable ruts. If not already addressed, please have the crew tamp down any raised or uneven areas to prevent scalping during mowing and to help the turf recover properly.

(#32 Cont.).... scheduled to be detailed and mulched to ensure proper coverage and protection of the irrigation components? (Pic 32a, 32b>)

Billing Information

Tax and Fees - This statement reflects the current taxes and fees for your area (including sales, excise, user taxes, etc.). These taxes and fees may change without notice. Visit spectrum.net/taxesandfees for more information.

Spectrum Terms and Conditions of Service - In accordance with the Spectrum Business Services Agreement, Spectrum services are billed on a monthly basis. Spectrum does not provide credits for monthly subscription services that are cancelled prior to the end of the current billing month.

Terms & Conditions - Spectrum's detailed standard terms and conditions for service are located at spectrum.com/policies.

Notice - Nonpayment of any portion of your cable television, high-speed data, and/or Digital Phone service could result in disconnection of any of your Spectrum provided services.

Insufficient Funds Payment Policy - Charter may charge an insufficient funds processing fee for all returned checks and bankcard charge-backs. If your check, bankcard (debit or credit) charge, or other instrument or electronic transfer transaction used to pay us is dishonored, refused or returned for any reason, we may electronically debit your account for the payment, plus an insufficient funds processing fee as set forth in your terms of service or on your Video Services rate card (up to the amount allowable by law and any applicable sales tax). Your bank account may be debited as early as the same day payment is dishonored, refused or returned. If your bank account is not debited, the returned check amount (plus fee) must be replaced by cash, cashier's check or money order.

Billing Information

Tax and Fees - This statement reflects the current taxes and fees for your area (including sales, excise, user taxes, etc.). These taxes and fees may change without notice. Visit spectrum.net/taxesandfees for more information.

Spectrum Terms and Conditions of Service - In accordance with the Spectrum Business Services Agreement, Spectrum services are billed on a monthly basis. Spectrum does not provide credits for monthly subscription services that are cancelled prior to the end of the current billing month.

Terms & Conditions - Spectrum's detailed standard terms and conditions for service are located at spectrum.com/policies.

Notice - Nonpayment of any portion of your cable television, high-speed data, and/or Digital Phone service could result in disconnection of any of your Spectrum provided services.

Insufficient Funds Payment Policy - Charter may charge an insufficient funds processing fee for all returned checks and bankcard charge-backs. If your check, bankcard (debit or credit) charge, or other instrument or electronic transfer transaction used to pay us is dishonored, refused or returned for any reason, we may electronically debit your account for the payment, plus an insufficient funds processing fee as set forth in your terms of service or on your Video Services rate card (up to the amount allowable by law and any applicable sales tax). Your bank account may be debited as early as the same day payment is dishonored, refused or returned. If your bank account is not debited, the returned check amount (plus fee) must be replaced by cash, cashier's check or money order.

**NOTICE OF CLOSED EXECUTIVE SESSION
OF THE BOARD OF SUPERVISORS OF
LAKESIDE COMMUNITY DEVELOPMENT DISTRICT**

A regular meeting of the Board of Supervisors (the "Board") of the Lakeside Community Development District ("District") **will be held on Wednesday, January 7, 2026, at 6:00 p.m. at the Lakeside Amenity Center, 13739 Lakemont Drive, Hudson, Florida 34669.** The purpose of the meeting is to conduct any and all business coming before the Board. A copy of the agenda for the meeting may be obtained by contacting the office of the District Manager c/o Rizzetta & Company, Inc., at 5844 Old Pasco Road, Suite 100, Wesley Chapel, Florida 33544, or (813) 994-1001 ("District Manager's Office").

In accordance with sections 119.071(3)(a) and 286.0113(1), Florida Statutes, a portion of the meeting may be closed to the public, as it relates to details of the District's security system plan. The closed session may occur at any time during the meeting and is expected to last approximately thirty (30) minutes but may end earlier or extend longer.

The meeting, including the closed executive session described above, will be conducted in accordance with the provisions of Florida law for community development districts and, other than the closed session described above, will be open to the public. The meeting may be continued in progress without additional notice to a date, time, and place to be specified on the record at the meeting.

At the meeting, staff or Board members may participate by speaker telephone. Any person requiring special accommodations at the meeting because of a disability or physical impairment should contact the District Manager's Office at least three (3) business days prior to the meeting. If you are hearing or speech impaired, please contact the Florida Relay Service by dialing 7-1-1, or 1-800-955-8771 (TTY) / 1-800-955-8770 (Voice), for aid in contacting the District Manager's Office.

Each person who decides to appeal any decision made by the Board with respect to any matter considered at the meeting is advised that person will need a record of proceedings and that, accordingly, the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which such appeal is to be based.
