Who did you contact upon arrival?	Darryl, by phone.
Number of field interview reports:	2
Number of parking tickets:	12 warnings
Amount of time running radar:	3 hours
Were there any other types of violations, such as trespassing, written warnings, additional event numbers:	See below
Please document a detailed Narrative of events that took place during your detail:	At start of detail I attempted to call Angela, but it went to voicemail. I then spoke with Darryl by phone and he advised the biggest complaint was speeding through the neighborhood. He also confirmed this was only for Long Lake Reserve, which is the eastern portion of Long Lake Ranch. I actively patrolled the community looking for speeders and other violations. I issued two warnings for speed, and a citation for an equipment violation. I stopped a juvenile resident on a non-street legal electric moped; he was returned to his parents with a warning. I also observed several vehicles parked on the main roads for a majority of this shift; I gave them all warnings and their tags have been documented for future enforcement. I also stopped two people on gas-powered minibikes (very loud) coming from Leonard Road and cutting through LLR. These minibike are not street legal, and neither operator had a valid license. They were cited for the criminal violations and warned that if they are caught in LLR (or anywhere else) the bikes will be impounded and they may get arrested. No other problems reported or observed.

**Management Summary**

January has been a little cooler month. We are starting to see a slow in the shoreline grasses. As we suspected, our treatments have been working, and the ponds at Long Lake Reserve are looking good overall. This month has been filled with some minor algae treatments and the usual shoreline grasses treatments.

Sites have very minor to no algae growth at time of inspection and have been responding very well to treatments.

Site water level is starting to drop exposing some shoreline growth that was previously submerged. Sites were treated for grasses during inspection.

Please allow 2 weeks for full results.

Site SE had some erosion starting on homeowners side. Please let me know if you would like this addressed before it continues.

As the temperature continues to cool we will continue to stay on top of the growth that comes with it. The plan for next month is to treat algae aggressively and stay ahead of it. Shoreline grasses will continue to grow as well, so we will stay on top of these as usual.

If you have any questions or concerns, don't hesitate to reach out: kyle.wilson@solitudelake.com

Thank you for choosing Solitude Lake Management! Have a great day!

Good morning,

Today's focus was to get all of the trash cleared from the ponds.
All sites have been cleared of trash and debris.

Inspections were done for all sites. Most sites have little to no growth and the new beneficial plants are in good condition. There was a small amount of algae and grasses in site G2.

Site G2 has been treated for grasses and algae. It may take 1-2 months to see full results.

Thank you for choosing Solitude Lake Management. Have a great day!

Good morning,

All sites have little to no growth.

Trash and debris has been removed from all
sites.Due to the cold weather and low water levels,
there is a possibility that fish can die. Although
this is a natural occurrence it is still unfortunate.If you have any questions or concerns please

Compliance Audit Overview

The Community Website Compliance Audit (CWCA) consists of a thorough assessment of Florida Community Development District (CDD) websites to assure that specified district information is available and fully accessible. Florida Statute Chapter 189.069 states that effective October, 2015, every CDD in the state is required to maintain a fully compliant website for reporting certain information and documents for public access.

The CWCA is a reporting system comprised of quarterly audits and an annual summary audit to meet full disclosure as required by Florida law. These audits are designed to assure that CDDs satisfy all compliance requirements stipulated in Chapter 189.069.

Compliance Criteria

The CWCA focuses on the two primary areas – website accessibility as defined by U.S. federal laws, and the 16-point criteria enumerated in [Florida Statute Chapter 189.069](#).

ADA Website Accessibility

Several federal statutes (American Disabilities Act, Sec. 504 and 508 of the Rehabilitation Act of 1973) require public institutions to ensure they are not discriminating against individuals on the basis of a person's disability. Community websites are required to conform to web content accessibility guidelines – [WCAG 2.1](#), which is the international standard established to keep websites barrier-free and the recognized standard for ADA-compliance.

Florida Statute Compliance

Pursuant to F.S. [189.069](#), every CDD is required to maintain a dedicated website to serve as an official reporting mechanism covering, at minimum, 16 criteria. The information required to report and have fully accessible spans: establishment charter or ordinance, fiscal year audit, budget, meeting agendas and minutes and more. For a complete list of statute requirements, see page 3.

Audit Process

The Community Website Compliance Audit covers all CDD web pages and linked PDFs.* Following the [WCAG 2.1](#) levels A, AA, and AAA for web content accessibility, a comprehensive scan encompassing 312 tests is conducted for every page. In addition, a human inspection is conducted to assure factors such as navigation and color contrasts meet web accessibility standards. See page 4 for complete accessibility grading criteria.

In addition to full ADA-compliance, the audit includes a 16-point checklist directly corresponding with the criteria set forth in Florida Statute Chapter 189.069. See page 5 for the complete compliance criteria checklist.

* **NOTE:** Because many CDD websites have links to PDFs that contain information required by law (meeting agendas, minutes, budgets, miscellaneous and ad hoc documents, etc.), audits include an examination of all associated PDFs. **PDF remediation** and ongoing auditing is critical to maintaining compliance.

Accessibility overview

Everyone deserves equal access.

With nearly 1-in-5 Americans having some sort of disability – visual, hearing, motor, cognitive – there are literally millions of reasons why websites should be fully accessible and compliant with all state and federal laws. Web accessibility not only keeps board members on the right side of the law, but enables the entire community to access all your web content. The very principles that drive accessible website design are also good for those without disabilities.

The legal and right thing to do

Several federal statutes (American Disabilities Act, Sec. 504 and 508 of the Rehabilitation Act of 1973) require public institutions to ensure they are not discriminating against individuals on the basis of a person's disability. Community websites are required to conform to web content accessibility guidelines, WCAG 2.1, the international standard established to keep websites barrier-free. Plain and simple, any content on your website must be accessible to everyone.

ADA Compliance Categories

Most of the problems that occur on a website fall in one or several of the following categories.

Contrast and colors

Some people have vision disabilities that hinder picking up contrasts, and some are color blind, so there needs to be a distinguishable contrast between text and background colors. This goes for buttons, links, text on images – everything. Consideration to contrast and color choice is also important for extreme lighting conditions.

Contract checker: <http://webaim.org/resources/contrastchecker>

Using semantics to format your HTML pages

When web page codes are clearly described in easy-to-understand terms, it enables broader sharing across all browsers and apps. This ‘friendlier’ language not only helps all the users, but developers who are striving to make content more universal on more devices.

Text alternatives for non-text content

Written replacements for images, audio and video should provide all the same descriptors that the non-text content conveys. Besides helping with searching, clear, concise word choice can make vivid non-text content for the disabled.

Helpful article: <http://webaim.org/techniques/alttext>

Ability to navigate with the keyboard

Not everyone can use a mouse. Blind people with many with motor disabilities have to use a keyboard to make their way around a website. Users need to be able to interact fully with your website by navigating using the tab, arrows and return keys only. A “skip navigation” option is also required. Consider using [WAI-ARIA](#) for improved accessibility, and properly highlight the links as you use the tab key to make sections.

Helpful article: <http://webaim.org/techniques/skipnav>

Easy to navigate and find information

Finding relevant content via search and easy navigation is a universal need. Alt text, heading structure, page titles, descriptive link text (no ‘click here’ please) are just some ways to help everyone find what they’re searching for. You must also provide multiple ways to navigate such as a search and a site map.

Helpful article: <http://webaim.org/techniques/sitetools/>

Properly formatting tables

Tables are hard for screen readers to decipher. Users need to be able to navigate through a table one cell at a time. In addition to the table itself needing a caption, row and column headers need to be labeled and data correctly associated with the right header.

Helpful article: <http://webaim.org/techniques/tables/data>

Making PDFs accessible

PDF files must be tagged properly to be accessible, and unfortunately many are not. Images and other non-text elements within that PDF also need to be ADA-compliant. Creating anew is one thing; converting old PDFs – called PDF remediation – takes time.

Helpful articles: <http://webaim.org/techniques/acrobat/acrobat>

Making videos accessible

Simply adding a transcript isn't enough. Videos require closed captioning and detailed descriptions (e.g., who's on-screen, where they are, what they're doing, even facial expressions) to be fully accessible and ADA compliant.

Helpful article: <http://webaim.org/techniques/captions>

Making forms accessible

Forms are common tools for gathering info and interacting. From logging in to registration, they can be challenging if not designed to be web-accessible. How it's laid out, use of labels, size of clickable areas and other aspects need to be considered.

Helpful article: <http://webaim.org/techniques/forms>

Alternate versions

Attempts to be fully accessible sometimes fall short, and in those cases, alternate versions of key pages must be created. That is, it is sometimes not feasible (legally, technically) to modify some content. These are the 'exceptions', but still must be accommodated.

Feedback for users

To be fully interactive, your site needs to be able to provide an easy way for users to submit feedback on any website issues. Clarity is key for both any confirmation or error feedback that occurs while engaging the page.

Other related requirements

No flashing

Blinking and flashing are not only bothersome, but can be disorienting and even dangerous for many users. Seizures can even be triggered by flashing, so avoid using any flashing or flickering content.

Timers

Timed connections can create difficulties for the disabled. They may not even know a timer is in effect, it may create stress. In some cases (e.g., purchasing items), a timer is required, but for most school content, avoid using them.

Fly-out menus

Menus that fly out or down when an item is clicked are helpful to dig deeper into the site's content, but they need to be available via keyboard navigation, and not immediately snap back when those using a mouse move from the clickable area.

No pop-ups

Pop-up windows present a range of obstacles for many disabled users, so it's best to avoid using them altogether. If you must, be sure to alert the user that a pop-up is about to be launched.

Insufficient Funds Payment Policy - Charter may charge an insufficient funds processing fee for all returned checks and bankcard charge-backs. If your check, bankcard (debit or credit) charge, or other instrument or electronic transfer transaction used to pay us is dishonored, refused or returned for any reason, we may electronically debit your account for the payment, plus an insufficient funds processing fee as set forth in your terms of service or on your Video Services rate card (up to the amount allowable by law and any applicable sales tax). Your bank account may be debited as early as the same day payment is dishonored, refused or returned. If your bank account is not debited, the returned check amount (plus fee) must be replaced by cash, cashier's check or money order.

The following taxes, fees and surcharges are included in the price of the Spectrum Business Voice services - . FEES AND CHARGES: E911 Fee \$0.80, Federal USF \$3.72, Florida CST \$10.48, TRS Surcharge \$0.16.

Billing Practices - Spectrum Business mails monthly, itemized invoices for all monthly services in advance. A full payment is required on or before the due date indicated on this invoice. Payments made after the indicated due date may result in a late payment processing charge. Failure to pay could result in the disconnection of all your Spectrum Business service(s). Disconnection of Business Voice service may also result in the loss of your phone number.

Changing Business Locations - Please contact Spectrum Business before moving your Business Voice modem to a new address. To establish service at your new location or return equipment, please contact Spectrum Business at least twenty-one (21) business days prior to your move.

Past Due Fee / Late Fee Reminder - A late fee will be assessed for past due charges for service.

Complaint Procedures: If you disagree with your charges, you need to register a complaint no later than 60 days after the due date on your bill statement.

Video Closed Captioning Inquiries - Spectrum provided set-top boxes for video consumption support the ability for the user to enable or disable Closed Captions for customers with hearing impairment.

For immediate closed captioning concerns, call **855-70-SPECTRUM** or email closedcaptioningsupport@charter.com.

To report a complaint on an ongoing closed captioning issue, please send your concerns via US Mail to W. Wesselman, Sr. Director, 2 Digital Place, Simpsonville, SC 29681, send a fax to **1-704-697-4935**, call **1-877-276-7432** or email closedcaptioningissues@charter.com.

Important to know

Your next meter reading on or after: Dec 1

Please be sure we can safely access your meter. Don't worry if your digital meter flashes eights from time to time. That's a normal part of the energy measuring process.

Your electric service may be disconnected if your payment is past due

If payment for your electric service is past due, we may begin disconnection procedures. The due date on your bill applies to current charges only. Any unpaid, past due charges are not extended to the new due date and may result in disconnection.

Electric service does not depend on payment for other products or services

Non-payment for non-regulated products or services (such as surge protection or equipment service contracts) may result in removal from the program but will not result in disconnection of electric service.

When you pay by check

We may process the payment as a regular check or convert it into a one-time electronic check payment.

Asset Securitization Charge

A charge to recover cost associated with nuclear asset-recovery bonds. Duke Energy Florida is acting as the collection agent for Special Purpose Entity (SPE) until the bonds have been paid in full or legally discharged.

Medical Essential Program

Identifies customers who are dependent on continuously electric-powered medical equipment. The program does not automatically extend electric bill due dates, nor does it provide priority restoration. To learn more or find out if you qualify, call 800.700.8744 or visit duke-energy.com/home/billing/special-assistance/medically-essential.

Special Needs Customers

Florida Statutes offer a program for customers who need special assistance during emergency evacuations and sheltering. Customers with special needs may contact their local emergency management agency for registration and more information.

Today's Service Comments

Hi Mr/Ms,

Today's 6-Point Advantage Service:

1. Inspected the exterior of your home to identify potential pest problems
2. Removed and treated cobwebs and wasps nests within reach
3. Provided conventional pest control applications
4. Treated pest entry points around doors and windows
5. Applied pest control materials around the outside perimeter of your business.
6. Provided this detailed service report.

Today's Service Comments:

Today I found and treated for Argentine ants around the perimeter of the pool and surrounding areas. This will aid in suppressing insect activity until your next service. If you have any pest issues or concerns do not hesitate to call the office at (813)886-4700. Please allow a week for our products to work. Thank you for your trust, Branden.

Curbside Call was completed, (yes) , (no. Mr was home. No signature. COVID 19.)

Thank you for choosing HomeTeam Pest Defense as your service provider.

Your next scheduled service month will be in +3months.

<p>We strive to ensure the best service for our valued customers, which may include occasional adjustments to service rates.</p>

INFORMATION ABOUT YOUR VALLEY ONECARD ACCOUNT

As used below, *you* and *your* refer to the accountholder (i.e., the corporate customer) and *we*, *our* and *us* refer to Valley National Bank. Your Valley OneCard is issued and credit is extended by Valley National Bank.

MAKING PAYMENTS

You will pay us the total amount shown as due on each Billing Statement on or before the Payment Due Date shown on that Billing Statement. If you do not make payment in full by the payment due date, in addition to our other rights under your Agreement, we may, at our option, assess a late fee and finance charge in accordance with your Agreement. There is no right to defer any payment due on an Account. In addition, you will pay us the amount of all fees and charges according to the schedule of charges currently in effect. All charges are subject to change upon 30 days prior notice, except that any increase in charges to offset any increase in fees charged to us by any supplier for services used in delivering the services covered by your Agreement may become effective in less than 30 days.

Payments will be automatically deducted from the Valley Bank [business checking account] that you have designated. Should payment not be received for any reason, you may incur additional fees and finance charges. All credits for payments to your Account are subject to final payment by the institution on which the item of payment was drawn. Payments on your Account will be applied in the following order: finance charges, fees, your Account balance.

BALANCE COMPUTATION METHOD

[We calculate the average daily balance on your Account in two categories: (1) Purchases and (2) Cash Advances. To get the "average daily balance" for each category, we take the beginning balance of your Account for that category each day. We then add any new transactions in that category, which may include Fees and Interest. We then subtract any new payments or credits. This gives us the daily balance for each category. We then add up all the daily balances for each category for the billing cycle. We then divide the total by the number of days in the billing cycle. This gives us the Average Daily Balance for Purchases and the Average Daily Balance for Cash Advances.]

INTEREST

In the event you do not pay your balance(s) in full by the due date, your balance(s) may be subject to an interest rate or interest charges, as further described in your Agreement. Your due date is the 25th of each month. If the 25th falls on a weekend or holiday, your payment will be due the business day before the weekend/holiday. We will not charge you interest if you pay your balance(s) in full by the due date each month.

CREDIT BALANCE

Any credit balance on your Account] is money we owe you. You can make charges against this amount or request a full refund of the amount by calling us at the Contact Us number on the front of this statement.

NOTICE TO PAST-DUE CUSTOMERS:

If there is a message on this statement that your account is past due, this is an attempt to collect a debt; any information we obtain will be used for that purpose.

WHAT TO DO IF YOU THINK YOU FIND A MISTAKE ON YOUR STATEMENT

If you or a Cardholder think there is an error on your statement, call us at (844) 626-6581 international (301) 665-4442. or write to us at: PO Box 2988 Omaha, NE 68103-2988.

You must contact us within 60 days after the error appeared on your statement. Please provide us with the following information:

- *Account information:* Your name and account number.
- *Dollar amount:* The dollar amount of the suspected error.
- *Description of Problem:* Describe what you believe is wrong and why you believe it is a mistake.

While we investigate whether or not there has been an error, the following are true:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

YOUR RIGHTS IF YOU ARE DISSATISFIED WITH YOUR VALLEY ONECARD PURCHASES

If you are dissatisfied with the goods or services that you have purchased with your Valley OneCard, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase. To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50.
2. You must have used your Valley OneCard for the purchase. Purchases made with cash advances do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us *in writing* at PO Box 2988 Omaha, NE 68103-2988 or call us at (844) 626-6581 international (301) 665-444.

While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay we may report you as delinquent.

TELEPHONE MONITORING AND RECORDING.

You acknowledge that telephone calls and other communications you provide to us may be monitored and recorded for training and quality control purposes. You agree that we may, and you authorize us to, monitor, record, retain and reproduce your telephone calls and any other communications you provide to us, regardless of how transmitted to us, as evidence of your authorization to act in connection with any Transaction, your Account or other service contemplated by this Agreement. We will not be liable for any losses or damages that are incurred as a result of these actions. We are not, however, under any obligation to monitor, record, retain or reproduce such items, unless required to do so by Applicable Law.

Contract and Terms

Information & Terms: A non-refundable deposit and an authorized signature on your proposal will reserve your activities and date. The balance is due on or before the date of the event prior to set-up. We reserve the right to set appropriate rules of conduct and age/weight/time limits in order to best facilitate your event and maintain a safe environment.

Cancellation and Rain Policy: This contract, after signing, is a legal and binding contract. To cancel or reschedule, sufficient notice must be given—at least 48 hours prior to start of your event. Cancellation of event with less than 48 hour notice forfeits entire deposit. Cancellation after set-up has begun forfeits any refund. Postponement of event with at least 1-week notice may entitle you to use all or part of your deposit towards a timely rescheduled event at our discretion. Any rescheduled event is subject to availability of activities at the time of notification of postponement.

Hold Harmless Provision: Lessee recognizes and understands that use of Lessor equipment may involve inherently dangerous activities. Consequently, lessee agrees to indemnify and hold lessor harmless from any and all claims, actions, suits, proceeding costs, expenses, damages and liabilities, including reasonable attorney's fees arising by reason of injury, damage, or death to persons or property, in connection with or resulting from the use of said equipment including, but not limited to the delivery, possession, use, operation, or return of the equipment. Lessee hereby releases and holds harmless lessor from injuries or damages incurred as a result of the use of said equipment unless lessors operating the equipment and is deemed by a court of law to be negligent in its actions. Lessor cannot under any circumstances be held liable for injuries as a result of acts of God, nature, or other conditions beyond its control or knowledge. Lessee also agrees to indemnify and hold harmless lessor from any loss, damage, theft, or destruction of the equipment during the term of this contract and any extension thereof.

Merger Clause: This signed Agreement in conjunction with the signed Instruction Manual and Reservation Form contains the entire agreement between the Lessor and the Lessee. No amendment, whether from previous or subsequent negotiations between the Lessee and the Lessor, shall be valid or enforceable unless in writing and signed by all parties to this contract. The invalidity or unenforceability of any particular provision of this Agreement shall not affect the other provisions hereof.

DELIVERY TIMES: Please note that delivery times are between 7am – 12pm. We will contact you on the Thursday before your event to provide you a more precise delivery estimate. If you require a specific delivery time, please contact our office. For events that are being hosted at a park, we will contact you to get a precise delivery time for you. If you're hosting an event for an organization, we will contact you directly to get a precise delivery time.

Delivery: Upon arrival for delivery, if the lessee or adult 18 years of age or older is not available, our team will wait up to 15 minutes before leaving. We will attempt deliver again at the end of our delivery route. If no one is available again, we will cancel your rental without a refund. If you anticipate that you will not be home for delivery, you can authorize our team to enter your property to setup the equipment. We require verbal, text or email authorization to enter the property.

Pets: Pets must be locked up or remain in the home while our team is on site. If not, our team reserves the right to not service you for your event.

Gate Requirements: We require a 4-foot gate/door to enter a yard or facility. If the requirement is not met, we reserve the right to not service you for your event.

Excessive Cleaning: Our team will inspect every inflatable before and after the rental. If an item is deemed excessively dirty, a cleaning fee of up to \$250 will be applied.

Street Setup: Our team will **NOT** setup equipment on the street or end of cul de sac unless street access is blocked off by a government official. If our team arrives for setup and that is the only location a customer will agree to and there is no official governing body that is blocking off the area, our team will leave without setting up and a refund will not be issued. Our team will not setup in a parking lot, unless the parking lot has been blocked off officially by the governing body of that parking lot. If our team arrives for setup and that is the only location a customer will agree to and there is no official governing body that is blocking off the area, our team will leave without setting up and a refund will not be issued.

Lessor will:

1. Provide the necessary staff to facilitate your event and power cords to reach a minimum of 50ft. If power cords cannot reach within 50ft, the lessee must rent a generator from Moore Bounce and Party Rentals.
2. Deliver, set-up, teardown, and operate all activities with/without volunteer staff.
3. Carry a liability insurance policy covering our services & equipment.

Lessee will:

1. Provide 3 110volt/20amp electric circuits within 50ft of equipment. If an electric circuit is not available within 50ft, a generator must be rented from Moore Bounce and Party Rentals.
2. Provide any required entrance and parking passes.
3. Provide a minimum of 0 adult volunteer(s) to operate the activities.
4. Ensure that the area in which the equipment will be used is free of dog/pet droppings.
5. Ensure that no inflatable is moved/relocated during the rental. If the unit is required to be moved or location changes, it must be done by Moore Bounce and Party Rentals employees and may result in an additional relocation fee of \$100.

Details for Axe Throwing:

1. There is NO silly string allowed inside or outside of the unit. I understand that this will permanently damage the unit and ruin the vinyl. There is no face paint, gum, candy, or sticky substances allowed near the unit. I understand that this will permanently damage the unit. The use of colored banners, streamers, balloons, or tissue paper is strictly prohibited. The dyes that are used in the paper products will permanently stain and damage the unit. There is to be NO toys or sharp objects allowed in the unit at any time. These things can permanently damage the unit and it will need to be repaired.
2. Under NO circumstances is it allowed for the customer to use any cleaners or chemicals on the inflatable. Harsh chemicals such as bleach can destroy the protective coating. If you need to re-clean or re-sanitize the unit, you must call us prior to doing so (813) 995-7915. If a unit is found with areas that have been cleaned with chemicals that result in peeling or deterioration, you will be responsible for the full replacement cost of the unit.
3. Once the unit is setup, it cannot be moved without a charge. If an issue arises during the rental and a return trip is needed by Moore Bounce and Party Rentals staff there is a \$100 charge unless there is faulty equipment (ex. bad blower). Customer will be charged for things such as a hose twisting or breaker tripping. We will attempt to troubleshoot over the phone but if those attempts fail and we must return to your location, your card on file will be charged \$50. Customer is responsible for marking any utility, sprinkler, water, septic lines/fields/areas. Customer releases Moore Bounce and Party Rentals from any responsibility due to damage or breach of any of the lines mentioned above.

4. Unit must be deflated if winds or wind gusts are to exceed 15 mph. Staff members will show you how to do this. In heavy rain the blower needs to be covered with a bin, an oversized garbage bag, box, etc. If the input is completely covered during use the inflatable will not inflate properly. Do not use in heavy rain! Please watch for weather update texts.
5. The unit **MUST BE INFLATED** upon pickup. This allows the staff of Moore Bounce and Party Rentals an opportunity to inspect the unit for damage and clean/remove debris. If the unit is not inflated, a fee of \$25 can be charged to the credit card on file. The unit is **NOT** to be moved, rotated, placed on concrete by anyone other than a trained member of Moore Bounce and Party Rentals staff.

I HAVE READ THIS CONTRACT AND AGREE & UNDERSTAND THE CONTENT.
