

NOTICE:

Your Street Will Be Closing Wednesday November 4th, Thursday November 5th AND Friday November 6th

****See over for map of your street's specific day of closure****

WHY IS MY ROAD CLOSING?

Roads in your subdivision are having a pavement preservation treatment installed that will help significantly extend the life of asphalt streets. The benefits of properly maintained streets include higher property values, a smoother/safer ride, and reduced costs to the community by prolonging the need for replacement.

WHAT IF MY CAR IS PARKED ON A ROAD THAT IS CLOSED?

Work will commence at 7:00 AM and the streets being treated will be closed for 12 hours, reopening at 7pm. A tow truck will be called for any cars parked on the streets scheduled to be treated that day. Please do not park within 50 feet of any street being worked on. Towing expenses will be the owner's responsibility.

WHAT IF I DRIVE ON THE ROAD WHILE CLOSED?

You will be liable for damage to your vehicle and to repair the area of road you have driven on. Minimum repair cost is \$750 to repair the installed surface treatment. In the event of a life threatening emergency, emergency vehicles will not be stopped from driving on the treated surface.

WHAT ABOUT SCHEDULED DELIVERIES AND GARBAGE COLLECTION?

Please be aware that garbage collection, recycling, mail deliveries and other vendor related services may be affected during these closures.

ALL OUTSIDE WATER MUST BE TURNED OFF

Water may damage the installation of the surface treatment. Please do not have sprinklers, hoses, etc... set to come on 24 hours before the road closure, during the road closure, or 24 hours after the road closure. Damage due to outdoor water use will result in the same minimum repair cost of \$750 to repair the installed surface treatment.

WEATHER CANCELLATION PROCEDURES:

If your street is cancelled due to weather, THAT DAY will be rescheduled. All other days will proceed as scheduled. You will receive notification of your new closure date. You will not receive a cancellation notice (if we have removed the barricades, you can bring your cars back in) and you will not receive immediate notice of your new date. If you require earlier notification of your rescheduled closure date, please call one of the numbers below and we will be happy to let you know of any approved dates.
