

Road Repairs For Sterling Hill Villages Brightstone Place, Dunwoody, Glenburne, & Manadaly Place

Road work will be done of the course of three days to limit the impact in each of the four villages being worked on. Wednesday, November 4th, Thursday, November 5th, and Friday November 6th. Please see map you were sent to see what sections are being done each day.

Residents may park in another section of their village along the road way while work is being done in front of their home. The HOA is aware road work is being done, and you will not be noticed or fined for parking in roadway during this time.

You may also park your vehicle at either clubhouse during road work over night if necessary.

We will have Hernando County Sheriff Office and Florida Highway Patrol details patrolling the villages and at the clubhouses making sure the vehicles are safe.

This work is all being done under the original 5 year warranty we received when the roads were originally done. There is no additional cost to the district or homeowners for current road work.

If you have any additional questions please feel free to reach out to Jason at the north clubhouse at (352)686-5161 or at sterlinghillclub@live.com

Thank you for your cooperation and understanding while we continue to improve Sterling Hill.
