Hello Homeowners:

At the September 20, 2015 the Wilderness Lake Preserve Board of Directors met and approved the new colors and design for the mailboxes for the homes outside the gated communities. While hesitant to change our traditional colors, in order to promote uniformity and compliance the following changes have been made. All current mailboxes are grandfathered in unless some subsequent board decides otherwise.

MAILBOXES

It was agreed that going forward, any mailboxes that are need of replacement must be replaced with the following mailbox:

Color: Black
Material: Steel
Capacity: Standard
Flag: Red

You may purchase this mailbox at Lowes for approximately \$19.00 (PostMaster Mailboxes & Posts: Classic Mailbox). If you wish to purchase and have one installed, you may call Rodney Dean the Fence Man at 813-907-9977 or via Email: rodneydean64@yahoo.com and he will do so for \$37.00 (mailbox only).

If in the future, if your mailbox is in need of repainting and/or touch ups, the approved paint to do so is. The above vendor may also be contacted to perform this service:

Brand: Rust-oleum Universal Advanced Formula. Paint & Primer in one.
Color: Gloss Black

POSTS

If you need to replace your post, you must replace with the approved PVC post. If you are able to paint it then you must use the approved color: Benjamin Moore # 943 Spanish White. The house Numbers and Swan must be black. Currently, the only approved vendor for WLP mail posts is Rodney Dean the Fence Man at 813-907-9977 or via Email: rodneydean64@yahoo.com.
