

Aquatics Notification

**At this time all of the Aquatics are closed.
(The Jacuzzi, Lagoon Pool, Lap Pool, Splash Pad, and Pool Deck.)**

The Lap Pool is currently on target to reopen during the week of August 16th.

Construction on the Lagoon Pool and Jacuzzi will begin the week of August 16th.

For your safety, the Pasco County Public Pool Inspector advised The Preserve at Wilderness Lake CDD to close the Lagoon Pool until the repair of the coping is completed. As each repair is completed, that component of the Aquatics and adjoining pool deck will reopen. The community will receive an email notification announcing the reopening date for each body of water.

We appreciate your patience and we apologize for the inconvenience.

Thank you,

The Lodge Staff

Please direct all questions and concerns to the District Staff and/or the Board of Supervisors.
