Wipe down the Fitness Center equipment after each use.

Return the Fitness Center equipment to the racks once your workout is complete.

Throw your trash in the waste receptacle.

Thank you for your assistance in maintaining a clean and tidy Fitness Center.

HOA News

Dear Friends and Families of the WLP,

We hope that everyone had a wonderful Christmas and New Year. Did you get the opportunity to drive through WLP and see how our neighborhoods had the holiday spirit with decorations and the magnificent lighting? Our residents made this holiday season one that will be remembered for years to come and why Wilderness Lake Preserve is a desired community to live in within Pasco County. Thanks also to everyone for doing their part by taking their holiday decorations down and restoring our community to its daily splendor. It takes a village to build such a beautiful community.

As a reminder, the HOA Annual Meeting will be conducted on February 22, 2022, at 7 p.m. in the Activities Center. This meeting in particular, results in many decisions made and issues voted on. We welcome all of our Homeowners to share and exchange information, as well as concerns first-hand. This is a great opportunity to voice your opinion or ask any questions that you may have regarding what is happening in the community. In addition, you can learn more about ways that you can get involved through volunteering and committees. Put your talents to use and make a positive difference in the neighborhood by supporting the HOA.

The Annual Meeting is when many decisions are made, and issues are voted on. This requires a quorum, which means 190 Homeowners or 20 percent of members in a good standing must be in attendance. It's your chance to have input on how the association is run, the budget, and what projects or plans are set for the future. This is also when new board members are elected, so you'll want to be there to decide who you want to represent WLP on the Homeowners Association.

Please mark your calendars and plan on attending this meeting! We would love to see you and hear your thoughts on how to continue keeping the WLP one of the most prestigious communities within our county.

Best Regards,

WLP HOA Board of Directors

Yard of the Month

Mr. and Mrs. Todd Schrader
7240 Night Heron Dr.

Recipe of the Month

Double Orange Scones

Ingredients

- 2 cups all purpose flour
- 3 tablespoons sugar
- 2 1/2 teaspoons baking powder
- 2 teaspoons grated orange peel
- 1/3 cup butter
- 1/2 cup chopped canned mandarin orange segments, drained
- 1/4 cup milk
- 1 egg, slightly beaten
- 1 tablespoon sugar

Heat oven to 400F. Lightly grease cookie sheet. In a large bowl, combine flour, 3 tablespoons sugar, baking powder and orange peel. Using a pastry blender or fork, cut in butter until the mixture resembles coarse crumbs. Add orange segments, milk, and egg. With fork, stir just until mixture leaves sides of bowl and soft dough forms.

On a floured surface, gently knead dough 10 times. Place on the greased cookie sheet; roll or pat into a 6-inch circle. Sprinkle dough with 1 tablespoon sugar. Cut dough into 8 wedges; separate slightly.

Bake at 400F for 15-20 minutes or until golden brown. Serve warm.

The Great Blue Heron

Imposing and majestic, the great blue heron is the largest heron species in North America, standing four feet tall. These large wading birds flock to open water and wetlands throughout the

country. They are highly adaptable to temperature fluctuations, and can thrive through cold northern winters as long as fish-bearing waters remain unfrozen. They can be found in any fresh or saltwater marsh, mangrove swamps, flooded meadows, lake edges, or shorelines. They are ravenous eaters, known to opportunistically feed on all species of fish, shrimp, crabs, aquatic insects, small mammals, amphibians, reptiles (including snakes), and birds. They visually locate their prey, spear it with their sharp bills, and usually swallow it whole. Feeding behaviors usually consist of standing in one place, probing, pecking, walking at slow speeds, flying and hovering, diving headfirst into the water, or floating along the surface.

According to Native American culture, great blue herons are known to symbolize self-reliance and self-determination based on their natural ability to evolve and progress.

January 5, 2022 CDD Meeting Highlights

The official minutes will be posted on our website after they have been voted on and approved by the CDD Board.

The regular meeting of the Board of Supervisors of the Preserve at Wilderness Lake Community Development District was held at 9:30 a.m. on Wednesday, January 5, 2022.

Supervisor Requests and Walk-on Items:

None.

Landscape Report:

Ms. Dobson presented the PSA Field Service Report.

Mr. Johnson and Mr. Lucadano reviewed the landscape maintenance. The mowing, trimming, and de-mossing is ongoing. The front median will need to be scheduled for enhancement – remove vegetation, leave trees, and replace vegetation with sod.

District Engineer's Report:

Mr. Brletic presented the Board with an update on the resurfacing project. He stated that it is on schedule. Minor repairs were addressed with Ms. Dobson's threshold and approval.

District Counsel's Report:

No action items.

GHS Environmental Report:

Ms. Dobson presented the GHS report for the Board's review. There were no questions put forth. Ms. Dobson stated that GHS Environmental and RedTree Landscape will work together in maintaining the channel and drainage structure.

Lodge Manager's Report:

Ms. Dobson presented the Lodge Manager's Report. Ms. Dobson requested permission to heat the Lap Pool until January 16th. The Board approved.

Ms. Dobson will conference with RedTree on trimming the Palm trees in the later part of February versus waiting until March or April.

Consideration of Investment Options:

Leslie Spock and Kathy Clark presented the November 30, 2021 Balance and Reserve Sheets. A discussion ensued regarding the transfer of \$50,000.00 to the Reserves for Fiscal Year 2020/2021.

Discussion Regarding the New Staffing Matrix:

Mr. Gruhl was not present. Ms. Dobson presented the new staffing matrix to the Board. A discussion ensued. Ms. Dobson and Mr. Gruhl will bring back the final matrix to the February meeting. A

discussion ensued regarding staff reviews.

Consideration of Establishment of Audit Committee for Fiscal Years 2022-2026:

Ms. Dobson stated that it was time to begin the District's Audit RFP process for fiscal Years 2022-2026 and reviewed the audit RFP process for the Board. The Board of Supervisors appointed themselves to serve on the Audit Committee and authorized District staff to advertise the Request for Proposals for the Auditing Services.

Consideration of Resolution 2022-03, Prompt Payment Policy:

Ms. Dobson presented and reviewed Resolution 2022-03, Prompt Payment Policy. The Board of Supervisors approved Resolution 2022-03, Prompt Payment Policy as presented.

Discussion Regarding Scope for Pool Service Contract:

Mr. Brletic reviewed the advertisement and the scope of services for the RFP. A discussion ensued. Mr. Brletic will contact Dawn Valley to advertise the Request for Proposals. The Board of Supervisors approved the revised Scope of Services for the Pool Services and authorized District staff to advertise the Request for Proposals.

Consideration of Proposals for Foxgrove Drainage Project:

Mr. Brletic presented and reviewed the proposals for the Foxgrove Drainage Project. Mr. Brletic recommended Site Masters' proposal at a cost of \$8,500.00. The Board of Supervisors approved Site Masters' proposal for the Foxgrove Drainage Project with District Counsel drafting an agreement with operative provisions.

Consideration of Communication Project:

Ms. Dobson presented the Going Green Communication Project. She entertained the Board members' questions. The Board of Supervisors approved the purchase of four (4) televisions at a not-to-exceed \$1,200.00 and requested a proposal to add the televisions to the network.

Consideration of the Minutes of the Board of Supervisors' Meeting held on December 1, 2021:

Ms. Dobson presented the minutes of the Board of Supervisors' meeting held on December 1, 2021. The Board of Supervisors approved the minutes as presented.

Consideration of the Operation & Maintenance Expenditures for November 2021:

Ms. Dobson presented the Operation & Maintenance Expenditures for November 2021. The Board of Supervisors approved the Operation & Maintenance Expenditures for November 2021 (\$92,018.93).

continued to the next page

January 5, 2022 CDD Meeting Highlights cont'd

Fabulous

February

General Manager's Update:

Ms. Dobson presented the Financial Statements for November 2021 and the Reserve Study Report. She stated that she would contact Steve Schwartz for guidance on the higher price points that are impacting the reserves.

Supervisors Requests:

A discussion ensued regarding the Ranger Station repairs. The Board of Supervisors approved that if Ms. Dobson, the District Engineer, and Structural Engineer agree that the Ranger Station's repair is simple, straight forward, and does not exceed \$10,000.00, then the District will proceed with the repair of the Ranger Station with Ms. Dobson and Ms. Ruhlig signing off on the repairs and anything more complex or more expensive will be brought back to the Board for approval.

The next regular meeting is Wednesday, February 2, 2022 at 6:30 p.m.

Purple amethyst birthstones, violets, primrose, and Valentine's hearts...Febbraio, Fevrier, and Y Mis Back ("Little Month")...here are some fun facts about February:

- February is the shortest month, with 28 days or 29 every fourth year. The odds of being born on February 29 are about 1 in 1,461.
- February, March, and November always start on the same day of the week unless it's a leap year.
- "February" comes from the Latin "Februum" which means "purification".
- The month of February was added to the Roman calendar in 713 BC.
- Black History Month, President's Day, Groundhog Day, Valentine's Day, and the Chinese New Year are all notable events in the month of February.
- The US Supreme Court convened for the first time on February 1, 1790.
- Major League Baseball began in February of 1876.

Natural Areas and Environmentally Sensitive Areas

If you modify or use CDD owned property and/or Conservation/Natural Areas without permission, you will be legally required to pay for remediation.

Everyone plays a role in helping to protect and sustain Florida's wetlands and preserves: the government, developers, environmental groups, scientists, and YOU! Here at Wilderness Lake Preserve, Southwest Florida Water Management District (SWFWMD) vested The Preserve at Wilderness Lake CDD with the legal responsibility of protecting and maintaining all conservation land. This includes both CDD owned land and the numerous conservation buffer areas on residents' property. SWFWMD has mandated that the preserves remain untouched so that they will continue to serve their natural purpose, except in special circumstances.

Sometimes there are instances when it makes sense to help the preserve maintain its natural balance. So the CDD, at the request of numerous concerned residents, developed a Conservation Maintenance Policy. To summarize the policy, if you have wooded and/or wetland areas adjacent to your home, PLEASE DO NOT trim or disturb these areas yourself, regardless of whether they are on CDD owned land or YOUR OWN LOT. Instead, notify the Lodge or District Management, who will make an appointment with you. Prior to your meeting, please review our Conservation Maintenance Policy, which is available on the community website, www.wildernesslakecdd.org.

Because our CDD Board takes our environmental responsibilities very seriously; they will strictly enforce the Conservation Maintenance Policy to ensure we are in compliance with all SWFWMD regulations and are in no way damaging our environment. If you feel the wooded and wetland areas surrounding your home need attention, please first review our community's policy and contact the Lodge to arrange for your inspection.

If you should have any questions, please feel free to contact the District Office to discuss any questions you may have, 813-933-5571.

****Please do not dump yard clippings or trimmings in the wooded and/or wetland areas adjacent to your home.**

The Protected Areas Notification

AS A REMINDER...

The wetlands and wetland setback areas,

on both CDD property AND resident property, are part of the SWFWMD CDD wetlands permit. This means that residents may only remove invasive species AND must have CDD permission / supervision to do so. Residents must contact the Lodge prior to the removal of any plant material. The CDD wetlands vendor will review the area and provide guidance as to what may and may not be removed or cut back. Residents must receive written permission from the CDD prior to removal / cutback of any plant material on CDD property. The Lodge Manager will provide residents with the proper forms that must be completed prior to any work being done.

Any non-authorized removal of plant material in areas falling under the SWFWMD CDD permit will be replanted at the offending resident's expense. All legal costs associated with the violation will also be charged to the offending resident.

Cutting trails, clearing of the underbrush, constructing forts, and dumping are just a few examples of violations that have occurred in 2021. These violations are becoming far too common and will ultimately impact the protected areas and community adversely. Be responsible by enjoying the surrounding areas without disturbing them.

Florida Winter Landscape Tips

Water Plants

Water newly planted plants, trees, and shrubs since it doesn't rain often in Florida during the winter. Most above-ground plants are dormant but the roots can continue to grow if adequate moisture is present.

Mulch

Mulch moderates soil temperatures and keeps roots warmer in the winter and cooler in the summer. Mulch inhibits weeds, reduces soil erosion, and insulate plants by absorbing the sun's radiation.

Cold Snaps

If the temperature plunges, cover tender plants by using cloth, burlap, or specially-designed coverings to protect them from the chill. Avoid using plastic; it will cause condensation to form on the leaves, which could be later burned by the sun.

Neuro & Ortho Spine Surgeons

James Ronzo, D.O.

Reginald Davis, M.D.

Frank Bono, D.O.

BioSpine

Institute

Minimally Invasive*

We exclusively practice minimally invasive spine procedures for our patients that are performed through a small 3/4" incision.

Recovery Time

With our minimally invasive approach, patients go home the same day and recover much more quickly than traditional spine surgery.

In-Network

We are in-network with leading health insurers and have helped thousands of patients successfully navigate the insurance process.
