Please document a detailed Narrative of events that took place during your detail:

Upon arrival, I reported to the Ranger Station, then the clubhouse. Upon arrival I patrolled the neighborhood for suspicious activity observing none. I did not see anyone at the clubhouse During my foot patrols I did not see anyone at the dock, any areas trashed, smell of burnt marijuana, or juveniles looming the area. There was two vehicles parked out front during my checks but they were never occupied or left. During this detail there was an nearby active call for service of a Missing Man who was reported to be suicidal and armed. He was reported to be in a white Dodge truck. I kept an eye out for white Dodge Rams, but never located the truck or him within Wilderness Lakes Preserve during my patrols. The investigation is documented under 25040482.

I ran radar for about 30 minutes near the ranger station entrance. Almost every vehicle would see me and slow down. I did not get any violators above 33 miles an hour. There wasn't any house parties occurring during my patrols. I issued illegal parking written warnings to the following vehicles: Blue Chevy Traverse on Citrus Blossom, a black Mercedes SUV and silver Dodge Ram on Foxgrove, a black Toyota Corolla and silver Lexus coupe on Morning Mist, a gray Chevy Tahoe, white Volvo SUV, and Dodge Dakota on Citrus Blossom, white Buick SUV and silver Ford F250 on Kicklifter, a black Hyundai, white Ford F350 on Garden Walk Loop, a white Chevy Cruze, black Jeep, blue Kia sedan, white Dodge Ram, and dark gray Jeep SUV on Derwent Circle. All vehicles were parked in roadway with an available driveway to be used instead of street parking. There was no calls for service within Wilderness Lake Estates during my post.

### **SCORE 1-POOR 2-FAIR 3-GOOD**

#### **3 MOWING/EDGING/TRIMMING**

Turf growth has slowed considerably, and the lawn will now be cut every other week during the winter schedule. The lawns were neatly mowed at the correct height. The line trimming as well as the hard and soft edging were neatly performed. There were no issues associated with the mowing operation. Since turf growth has slowed, it is recommended that only turf that is actively growing be mowed. This will reduce stress on the turf and lessen soil compaction.

## **2 TURF WEED CONTROL**

Broadleaf turf weeds were present in all sections of viable St Augustine turf. ## **2 TURF INSECT/DISEASE CONTROL/OVERALL HEALTH**

The turf is being cut with sharp blades and at the correct height for strong growth. Since turf growth has slowed, it is recommended that only turf that is actively growing be mowed. This will reduce stress on the lawn and lessen soil compaction. The color of both the St Augustine as well as the Bahiagrass ranged from a heavily mottled medium green to a consistent dark green. The density of both turf varieties remained strong in all the viable growth areas. Broadleaf weed volume was present in all the viable St Augustine turf. Weeds can be controlled safely now that the weather is cool enough. There were no indications of insect activity but continually monitor for patch disease which is usually presents itself in the cooler temperatures of fall and winter. There were some small diseased areas present. The turf at Citrus Blossom park is dry.

The fall fertilization, contains a higher percentage of potash. This specific formulation improves root development over the winter months. - [Scheduled 12.5.25](#)

Nature's Ridge exit side- lorapetalum are dry.

Citrus Blossom playground- turf and plants are dry.

Main entry median endcap- flower bed is dry.

### **3 SHRUB PRUNING**

\*It should be noted that the shrubs, including but not limited to, the hawthorns and schilling hollies, should not be pruned too tightly. This means that too much vegetative growth was being removed, limiting the plants availability to make food for itself. In addition, the plant will look more attractive by not having “holes” in it and allowing it to develop its more natural shape. (i.e. Indian Hawthorn has a natural mounded habit)

21655 Cormorant Cove- prune viburnum hedge. - In process.

General work order-once the pink plumes fade on the muhley grass, the plants should be cut back. - Hold for now.

Tennis court sidewalk at Lodge entry drive- prune oak tree away from crape myrtle. *Photo below.* - Completed 12.1.25

General work order - along the boulevard there are several small crape myrtles with heavy low-hanging moss accumulations. This moss should be removed. - In process.

Night Heron median at Ambleside - remove moss from Palatka holly. - In process.

**FOR MANAGER**

**NEW Recommendation-** oak trees in the butterfly garden need to be pruned

**SUMMARY**

Redtree performed to contractual standards for this inspection. The turf was neatly mowed, edged, trimmed and cleaned up. The mower blades were set at the correct height for maximum sunlight absorption, and the mower blades were sharp. The turf color of both the St. Augustine, the Bahiagrass, and the common Bermudagrass ranged from a heavily mottled medium green to a consistent dark green. The consistency of the color is beginning to diminish as we enter the winter months. The turf growth has slowed considerably. The density at most areas of the various turf varieties remains strong, though the Bahiagrass and common Bermudagrass are going into a dormant period, and certain sections of the St. Augustine were being affected by disease activity. There were broadleaf weeds in all the viable St Augustine turf. They can be treated by spot spraying. There were no indications of insect activity but continue to monitor for patch disease as well as take all rot. Disease activity is present in several turf panels. Shrub health was generally good, and all shrubs appear to be pruned in accordance with the rotational schedule. There were no shrubs that needed immediate attention or could be considered overgrown. Some cosmetic hardwood pruning and wood line cutbacks need to take place over the coming months to have the property looking its best going into the spring. Bed weed management was good throughout the property with only small, isolated pockets of weeds noted. A few irrigation issues need to be addressed. Be certain to turn back all the irrigation controllers 1 hour. The seasonal flowers provided a colorful display at all locations except for one where there was an irrigation issue.

RedTree Landscape Systems certifies that all work on this list has been completed in the 14-day timeframe specified in the contractual agreement and provided to PSA within the same period.

## **2 TURF INSECT/DISEASE CONTROL/OVERALL HEALTH**

The turf was mowed at the proper height with sharp blades. There was a slight improvement in the color of the St. Augustine turf. The color of Bahiagrass and common Bermuda has diminished over the past month. This is common during the cooler weather. The density of the St. Augustine slightly improved. The Bahiagrass and the common Bermuda were thinning as they go into their winter dormancy. Broadleaf weeds continue to be a problem, but progress has been made and will continue to be addressed throughout the winter months. Patch disease, which is a common cool weather disease, was noted in several turf panels and needs to be controlled with fungicide. There were no insect problems noted. Be certain to remove any heavy leaf drop off the lawns to prevent smothering of grass plants.

## **2 SHRUB-TREE INSECT/DISEASE CONTROL/OVERALL HEALTH**

Behind ranger station-pine is in decline.

Rear of nature center- treat coontie palms for scale.

Front of Lodge-remove dead firebush.

Large patio- monitor health of windmill palm. Recommend removing affected trunk. *Photo below.*

Tennis court walkway-treat coontie palms for scale. *Photo below.*

Lodge right front corner-treat coontie palms for scale.

Pool deck - recommend removal of ligustrum. It is in decline and needs constant pruning to keep it off the deck. Replace with fountain grass. *Photo below.*

Butterfly garden-health of flowers and shrubs was good. It is recommended that more shade tolerant material such as philodendron or shell ginger be added to the rear of the garden.

### **3 BED / CRACK WEED CONTROL**

Weed management was very good.

Main entry and exit monuments-remove bed weeds

### **3 IRRIGATION MANAGEMENT**

Basketball court-repair irrigation leak on right side of court close to drain.

It was noted that there was recently completed irrigation cycle throughout the entire community.

Be careful not to over-irrigate areas prone to disease activity or already affected by patch disease. It is important that turf panels are not constantly wet. A wet/dry cycle is needed for best turf health.

### **3 SHRUB PRUNING**

\*It should be noted that the shrubs, including but not limited to, the hawthorns and schilling hollies, should not be pruned too tightly. This means that too much vegetative growth was being removed, limiting the plants availability to make food for itself. In addition, the plant will look more attractive by not having “holes” in it and allowing it to develop its more natural shape. (i.e. Indian Hawthorn has a natural mounded habit)

Main entry and exit monuments-prune dead sections out of schilling hollies.

Butterfly garden-cut back dead stalks on sage.

General work order-continue to cut back ornamental grasses throughout the property.

Ranger station medians-thin out palmetto.

Citrus Blossom Park common area-cut back dead section of anise. *Photo below.*

Heron's Wood monument cut back dead section of anise.

Draycott cul de sac-viburnum hedge was neatly pruned. *Photo below.*

*October*

*November*

*December*

### **3 TREE PRUNING**

Large common area across from roundabout next to Grasmere home- remove two leads from oak tree. They are growing close to home. This work may require a proposal. *Photo below.*

Cardinalwood-ligustrum trees were neatly pruned.

Boulevard median at Nature's Ridge-remove sucker growth from oak tree. *Photo below.*

Lodge parking lot and boulevard median-remove heavy moss accumulations from crape myrtles. *Photo below.*

### **3 CLEANUP/RUBBISH REMOVAL**

Boulevard across from Draycott gate-remove fallen branches.

There was not a significant amount of litter or vegetative debris that needed to be removed.

### **3 APPEARANCE OF SEASONAL COLOR**

Butterfly garden-some petunias are dead or missing in both beds. Replace them. *Photo below*

The Holiday seasonal flower display of petunias and Dusty Miller provided a strong curb appeal in all locations. Plants were healthy and properly spaced. Depending on the location some plants were not yet blooming, but those plants will flower soon. *Photo below.*

**SUMMARY**

Redtree performed to contractual standards for this inspection. The growth of the turf has slowed considerably, and some sections do not need regular mowing. When the turf does not need to be mowed, the labor resources should be used for other tasks such as wood line clearing and contractual tree elevations. The turf color of the St. Augustine grass has improved over the past month. Patch disease was noted in several locations and needs to be treated with fungicide. This is a common cool weather turf disease. The density of the viable St Augustine turf remained strong while the Bahiagrass and common Bermuda grass were going into their dormant period which affects both their color and density. There was no insect activity noted in the turf. Shrubs and most small trees were neatly pruned and required no immediate attention. Woodline cutbacks, elevations and small tree pruning should continue through the winter. Bed weeds were well managed with only a few isolated pockets being visible. Some irrigation concerns need to be addressed. The newly installed Holiday season flower displays were performing well in all locations though some plants were not yet in full bloom. The property is well positioned to go into the winter months.

RedTree Landscape Systems certifies that all work on this list has been completed in the 14-day timeframe specified in the contractual agreement and provided to PSA within the same period.

23 *Wilderness Lake CDD Board of Supervisors Regular Meeting.*

24 **SECOND ORDER OF BUSINESS – Pledge of Allegiance**

25 Ms. Hepner led all present in the Pledge of Allegiance.

26 **THIRD ORDER OF BUSINESS – Guest Speaker – Kate Kaste, Program Manager, UF/IFAS Pasco**  
27 **Extension**

28 Ms. Kaste introduced herself to the Board, and provided a presentation on the turf samples taken  
29 and their results. Ms. Kaste noted multiple types of fungi that had been identified in the samples,  
30 and gave an overview of healthy turf practices to reduce stress on grasses which could cause  
31 fungal issues to surge. Ms. Kaste additionally distributed handouts related to lawn management  
32 and landscaping plant selection.

33 Ms. Kaste fielded questions from Ms. Dobson and the Board, providing an overview of UF  
34 research on COMAND soil amendment and conditions where it had been shown to benefit plants,  
35 particularly in areas where there was not a significant amount of organic material already existing  
36 in the base soil. Ms. Kaste additionally commented on the importance of irrigation schedules  
37 allowing for certain amounts of time to dry, and advised that the WISE program with the  
38 Southwest Florida Water Management District, designed to help communities improve irrigation  
39 infrastructure for efficient water use, was currently held under review.

40 Following the presentation, Ms. Dobson noted that Ms. Kaste had also discussed some  
41 information with RedTree Landscaping specifically tailored to the community conditions.

46 **FIFTH ORDER OF BUSINESS – Exhibit 1: Presentation of Proof of Publication(s)**

47 **SIXTH ORDER OF BUSINESS – Supervisor Comments**

48 Mr. Staples commented on a check received in the mail from the County, which Ms. Dobson  
49 clarified would go into the general fund and could be allocated at a later date.

50 **SEVENTH ORDER OF BUSINESS – Staff Reports**

51 A. Aquatic Services

52 1. Exhibit 2: GHS Environmental Report

53 Ms. Dobson noted that diatomaceous earth sediment from the pool filtration system  
54 backflow was developing in Pond 20, and that proposals would be brought forward to  
55 remove this from property at the next meeting, as nothing could grow on this sediment.

56 B. Exhibit 3: District Engineer

57 Mr. Brletic noted that no movement had been observed in the permitting process, though he  
58 would continue to monitor for any new information. Ms. Dobson added that she had called and  
59 emailed the parcel developer to invite him to this meeting, but no response had been received.

60 C. District Counsel

61 Ms. Webster stated that she had reviewed the landscaping contract for details and options for  
62 potential recourse for sod issues, explaining that adverse conditions such as freezes or disease  
63 would be considered acts of God which the landscaper could not be held responsible for. Ms.  
64 Webster advised that if the Board felt that issues were due to improper or insufficient  
65 maintenance, she recommended having a notice in writing that indicated declining areas,  
66 reasoning, and a timeline to remediate the issues. Discussion ensued regarding contract  
67 compliance and vendor relationships, with additional comments being made by Counsel  
68 regarding the contents of PSA reports. Ms. Dobson suggested that she could reach out to see if  
69 PSA could provide a report on the overall condition of the turf based on the maintenance plan in  
70 place. The Board additionally suggested verifying the schedule of services for specific turf  
71 maintenance action such as fertilization and pest control.

72 D. Community Manager

73 1. Exhibit 4: Presentation of Community Manager Report

74 Ms. Dobson presented her report, noting that the duck and the white background of the  
75 front entrance monument were somewhat faded, which would be repainted and taken care  
76 of by maintenance. Ms. Dobson also noted that all fireplaces were now online  
77 functioning as designed, as was the splash pad.

78 E. District Manager

79 1. Exhibit 5: Presentation of District Manager & Field Operations Report

80 Ms. Dobson noted that aside from the discussed pond erosion concerns, there were also  
81 some drain grates that had accumulated rust, which would be replaced. Ms. Dobson  
82 additionally stated that Vesta was currently working on developing the staffing wage  
83 matrix per the Board's request at the previous meeting.

### Electronic fund transfers (For Consumer Accounts Only. Commercial Accounts refer to the Commercial Bank Services Agreement.)

Services such as Bill Payments and Zelle® are subject to the terms and conditions governing those services, which may not provide an error resolution process in all cases. Please refer to the terms and conditions for those services.

In case of errors or questions about your electronic fund transfers, if you think your statement or receipt is wrong or if you need more information about a transfer on the statement or receipt, IMMEDIATELY call 1-844-487-8478 or write to:

Fraud Management  
P.O. Box 1014  
Charlotte, NC 28201

Tell us as soon as you can, if you think your statement or receipt is wrong, or if you need more information about a transfer listed on the statement or receipt. We must hear from you no later than sixty (60) days after we sent the FIRST statement on which the problem or error appeared.

- Tell us your name and deposit account number (if any)
- Describe the error or transfer you are unsure of, and explain as clearly as you can why you believe it is an error or why you need more information
- Tell us the dollar amount of the suspected error

If you tell us orally, we may require that you also send us your complaint or question in writing within ten (10) business days. We will tell you the results of our investigation within ten (10) business days after we hear from you, and we will correct any error promptly. If we need more time, however, we may take up to forty-five (45) days to investigate your complaint or questions for ATM transactions made within the United States and up to ninety (90) days for new accounts, foreign initiated transactions and point-of-sale transactions. If we decide to do this, we will re-credit your account within ten (10) business days for the amount you think is in error, minus a maximum of \$50. If we ask you to put your complaint in writing, and we do not receive it within ten (10) business days, we may not re-credit your account and you will not have use of the money during the time it takes us to complete our investigation.

Tell us AT ONCE if you believe your access device has been lost or stolen, or someone may have electronically transferred money from your account without your permission, or someone has used information from a check to conduct an unauthorized electronic fund transfer. If you tell us within two (2) business days after you learn of the loss or theft of your access device or the unauthorized transaction, you can lose no more than \$50 if someone makes electronic transfers without your permission.

If you do NOT tell us within two (2) business days after you learn of the loss or theft of your access device or the unauthorized transaction, and we can prove we could

have stopped someone from making electronic transfers without your permission if you had told us, you could lose as much as \$500. Also, if your periodic statement shows transfers you did not make, tell us at once. If you do not tell us within sixty (60) days after the statement was mailed to you, you may not get back any money you lost after sixty (60) days if we can prove we could have stopped someone from taking the money if you had told us in time.

### Important information about your Truist Ready Now Credit Line Account

Once advances are made from your Truist Ready Now Credit Line Account, an INTEREST CHARGE will automatically be imposed on the account's outstanding "Average daily balance." The **INTEREST CHARGE** is calculated by applying the "Daily periodic rate" to the "Average daily balance" of your account (including current transactions) and multiplying this figure by the number of days in the billing cycle. To get the "Average daily balance," we take the beginning account balance each day, add any new advances or debits, and subtract any payments or credits and the last unpaid **INTEREST CHARGE**. This gives us the daily balance. Then we add all of the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "Average daily balance."

### Billing Rights Summary

#### In case of errors or questions about your Truist Ready Now Credit Line statement

If you think your statement is incorrect, or if you need more information about a Truist Ready Now Credit Line transaction on your statement, please call 1-844-4TRUIST or visit your local Truist branch. To dispute a payment, please write to us on a separate sheet of paper at the following address:

Card and Direct to Consumer Lending  
PO Box 200  
Wilson NC 27894-0200

We must hear from you no later than sixty (60) days after we sent you the FIRST statement on which the error or problem appeared. You may telephone us, but doing so will not preserve your rights. In your letter, please provide the following information:

- Your name and account number
- Describe the error or transfer you are unsure about, and explain in detail why you believe this is an error or why you need more information
- The dollar amount of the suspected error

During our investigation process, you are not responsible for paying any amount in question; you are, however, obligated to pay the items on your statement that are not in question. 3. Tell us the dollar amount of the suspected error.

You may be required to put your request in writing. We will investigate your complaint and will correct any error promptly.

**For Electronic Funds Transfers**, if we take more than 10 business days to investigate and correct the error, (20 business days if you are a new customer for electronic funds transfers occurring during the first 30 days after the first deposit is made to your account), we will recredit your consumer account for the amount you think is in error (plus interest if your account earns interest), so that you will have the use of the money during the time it takes us to complete our investigation.

**For Substitute Checks**, if we take more than 10 business days to investigate and correct the error, we will recredit your consumer account for the amount of loss up to the lesser of \$2,500.00 (plus interest if your account earns interest) or the amount of the substitute check. If your account is new (30 days from the date your account was established), has been subject to repeated overdrafts, or we believe the claim is fraudulent, we may delay the availability of recredited funds until we determine the claim is valid or until the 45th day after the claim was submitted.

**DESCRIPTION OF WORK**

Manager of the property called in reporting water coming through the ceiling. Upon arrival and inspection, I found an active water leak on a copper water pipe in the affected area. I immediately contacted dispatch and scheduled a plumbing tech to come out. Plumbing technician is already on-site and currently working on the repair.

While inspecting all air handlers located near the affected area, I found the York air handler with water inside the float switch, caused by a compromised drain line. Provided an estimate for a drain line cleaning, and the customer agreed to proceed.

We will need to collect payment from the customer for the approved drain line cleaning.

  - ▶ We cannot try to collect the amount in question, or report you as delinquent on that amount.
  - ▶ The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
  - ▶ While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
  - ▶ We can apply any unpaid amount against your credit limit.

### Your Rights If You Are Dissatisfied With Your Credit Card Purchases

If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase.

To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
2. You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us in writing at: Elan Financial Services, P.O. Box 6335, Fargo, ND 58125-6335. While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay we may report you as delinquent.

### Important Information Regarding Your Account

**1. INTEREST CHARGE:** Method of Computing Balance Subject to Interest Rate: We calculate the periodic rate or interest portion of the **INTEREST CHARGE** by multiplying the applicable Daily Periodic Rate ("DPR") by the Average Daily Balance ("ADB") (including new transactions) of the Purchase, Advance and Balance Transfer categories subject to interest, and then adding together the resulting interest from each category. We determine the **ADB** separately for the Purchases, Advances and Balance Transfer categories. To get the **ADB** in each category, we add together the daily balances in those categories for the billing cycle and divide the result by the number of days in the billing cycle. We determine the daily balances each day by taking the beginning balance of those Account categories (including any billed but unpaid interest, fees, credit insurance and other charges), adding any new interest, fees, and charges, and subtracting any payments or credits applied against your Account balances that day. We add a Purchase, Advance or Balance Transfer to the appropriate balances for those categories on the later of the transaction date or the first day of the statement period. Billed but unpaid interest on Purchases, Advances and Balance Transfers is added to the appropriate balances for those categories each month on the statement date. Billed but unpaid Advance Transaction Fees are added to the Advance balance of your Account on the date they are charged to your Account. Any billed but unpaid fees on Purchases, credit insurance charges, and other charges are added to the Purchase balance of the Account on the date they are charged to the Account. Billed but unpaid fees on Balance Transfers are added to the Balance Transfer balance of the Account on the date they are charged to the Account. In other words, billed and unpaid interest, fees, and charges will be included in the **ADB** of your Account that accrues interest and will reduce the amount of credit available to you. To the extent credit insurance charges, overlimit fees, Annual Fees, and/or Travel Membership Fees may be applied to your Account, such charges and/or fees are not included in the **ADB** calculation for Purchases until the first day of the billing cycle following the date the credit insurance charges, overlimit fees, Annual Fees and/or Travel Membership Fees (as applicable) are charged to the Account. Prior statement balances subject to an interest-free period that have been paid on or before the payment due date in the current billing cycle are not included in the **ADB** calculation. If you do not pay your New Balance in full by the Payment Due Date, you will not get an interest-free period on Purchases again until you pay the New Balance in full by the Payment Due Date for two billing cycles in a row.

**2. Payment Information:** We will accept payment via check, money order, the internet (including mobile and online) or phone or previously established automatic payment transaction. You must pay us in U.S. Dollars. If you make a payment from a foreign financial institution, you will be charged and agree to pay any collection fees added in connection with that transaction. The date you mail a payment is different than the date we receive the payment. The payment date is the day we receive your check or money order at Elan Financial Services, P.O. Box 790408, St. Louis, MO 63179-0408 or the day we receive your internet or phone payment. All payments by check or money order accompanied by a payment coupon and received at this payment address will be credited to your Account on the day of receipt if received by 5:00 p.m. CT on any banking day. Payments sent without the payment coupon or to an incorrect address will be processed and credited to your Account within 5 banking days of receipt. Payments sent without a payment coupon or to an incorrect address may result in a delayed credit to your Account, additional **INTEREST CHARGES**, fees, and/or Account suspension. The deadline for on-time internet and phone payments varies, but generally must be made before 5:00 p.m. CT to 8 p.m. CT depending on what day and how the payment is made. Please contact Elan Financial Services for internet, phone, and mobile crediting times specific to your Account and your payment option. Banking days are all calendar days except Saturday, Sunday and federal holidays. Payments due on a Saturday, Sunday or federal holiday and received on those days will be credited on the day of receipt. There is no prepayment penalty if you pay your balance at any time prior to your payment due date.

**3. Credit Reporting:** We may report information on your Account to Credit Bureaus. Late payments, missed payments or other defaults on your Account may be reflected in your credit report.
