ENGINEER'S REPORT FOR May 6, 2026 BOARD MEETING**

Ongoing Projects Report and Updates:

**Parcel 35-25-18-0040-00100-000 Potential Development - (Northeast corner of US41 and Wilderness Lake Blvd)**

The CDD board requested BDi to help track the permitting process of a potential development reported by the District Manager located at the entrance to the community (northeast corner of US41 and Wilderness Lake Blvd). The following is the information gathered and updates as of December 29, 2025.

- SWFWMD Environmental Resource Permitting – According to the SWFWMD WMIS (Water Management Information System) which is the portal used by SWFWMD for permitting shows the most recent activity as follows:
  - ERP Permit 46945.000 – Wetland Delineation Approval – This permit establishes a formal delineation of the wetland lines on the property only. It was applied for by and issued to the owner of the property, Arbor Capital Developments, LLC.
  - There are records of past attempts to submit plans for various developments prior to the 2023 which show permit denials.
  - No follow up records of new applications for new projects past October 2023 were found.

**Update as of 4/29/26: no change in SWFWMD permitting found.**

- Pasco County – According to the Pasco County Accela which is the portal used by the county for permitting the most recent activity is as follows:
  - A site permit was applied for in September 2024 for the site, comments were to be issued to the applicant by Pasco county by the end of February 2025. Most department reviews show Revision Required. No subsequent resubmittals were found since the comments were issued.
  - BDi has requested all documents related to the initial submittal which have been sent to BDi and can be shared with the CDD (file size is too large to email). BDi has also requested the comments issued by the county but have not received them. BDi to continue following up on the request.

**Update as of 4/29/26: Found records of a resubmittal to Pasco County on 2/24/26 with a review deadline of 3/17/26. Most departments still mark the review as revisions are required. No final approval has been given yet. BDi will request/download records found.**

Butterfly garden walkway- staple down drip tube at magnolia.

Turf, shrubs and flowers appear to be receiving sufficient irrigation.

### **3 SHRUB PRUNING**

\*It should be noted that the shrubs, including but not limited to, the hawthorns and schilling hollies, should not be pruned too tightly. This means that too much vegetative growth was being removed, limiting the plants availability to make food for itself. In addition, the plant will look more attractive by not having “holes” in it and allowing it to develop its more natural shape. (i.e. Indian Hawthorn has a natural mounded habit)

The renewal pruning of larger shrubs and winter damaged plants is continuing throughout the community.

Lodge walkway between office and activity center- remove minima jasmine off the building. *Photo below*

Lodge patio- cut back dead portions of bougainvillea in pots.

**SUMMARY**

RedTree performed to contractual standards for this inspection. There were no major concerns regarding the mowing operation. Most of the other turf panels had acceptable color, density and vigor. As the temperature increases, monitor for grub and chinch bug activity as well as disease presence. Proactive treatments are always recommended to reduce damage. Woodlines were neatly maintained. Plant health was good as many of the cold damaged plants were flushing out new growth. The shrub pruning was being performed according to the rotational schedule and most of the cutbacks have been completed. Bed weed management was strong. There were some minor irrigation issues noted, and the flower displays were performing well. The grounds are well positioned to go into the growing season.

RedTree Landscape Systems certifies that all work on this list has been completed in the 14-day timeframe specified in the contractual agreement and provided to PSA within the same period.

31 community. Additional discussion ensued regarding irrigation lines being accidentally cut by recent  
32 utilities department work, and some comments were made expressing concerns about pine tree  
33 health and replacement responsibilities. Ms. Dobson stated that she would get with the utilities to

 78 In response to comments about the dry weather, Mr. Burkett also noted a 30-day  
 79 establishment period in which the County would not fine for watering, though  
 80 Board concerns were expressed regarding whether conditions would still be dry by  
 81 the end of the 30-day period. Comments were made suggesting for a late May to  
 82 early June installation timeline that would line up with the rainy season. Ms.  
 83 Dobson noted that she would get with RedTree to work out the sod install map  
 84 based on community needs and refine the scope of the installation proposal.

### PAYING YOUR BILL

You are responsible for all legitimate, undisputed charges on your bill. Paying by check authorizes Frontier to make a one-time electronic funds transfer from your account, as early as the day your check is received. When making an online payment, please allow time for the transfer of funds. If funds are received after the due date, you may be charged a fee, your service may be interrupted, and you may incur a reconnection charge to restore service. A fee may be charged for a bank returned check. Continued nonpayment of undisputed charges (incl. 900 and long distance charges) may result in collection action and a referral to credit reporting agencies, which may affect your credit rating.

### IMPORTANT MESSAGES

You must pay all basic local service charges to avoid basic service disconnection. Failure to pay other charges will not cause disconnection of your basic service but this may cause other services to be terminated. Frontier Bundles may include charges for both basic and other services. Frontier periodically audits its bills to ensure accuracy which may result in a retroactive or future billing adjustment. Internet speed, if noted, is the maximum wired connection speed for selected tier; Wi-Fi speeds may vary; actual and average speed may be slower and depends on multiple factors. Performance details are at [frontier.com/internetdisclosures](https://frontier.com/internetdisclosures).

### SERVICE TERMS

Visit [frontier.com/terms](https://frontier.com/terms), [frontier.com/tariffs](https://frontier.com/tariffs) or call Customer Service for information on tariffs, price lists and other important Terms, Conditions and Policies ("Terms") related to your voice, Internet and/or video services including limitations of liability, early termination fees, the effective date of and billing for the termination of service(s) and other important information about your rights and obligations, and ours. Frontier's Terms include a binding arbitration provision to resolve customer disputes ([frontier.com/terms/arbitration](https://frontier.com/terms/arbitration)). **Video and Internet services are subscription-based and are billed one full month in advance. Video and/or Internet service subscription cancellations and any early termination fees are effective on the last day of your Frontier billing cycle. No partial month credits or refunds will be provided for previously billed service subscriptions.** By using or paying for Frontier services, you are agreeing to these Terms and that disputes will be resolved by individual arbitration. By providing personal information to Frontier you are also agreeing to Frontier's Privacy Policy posted at [frontier.com/privacy](https://frontier.com/privacy).
