Justin Croom                  District Manager, Rizzetta & Company, Inc.
Scott Green                   Field Services Manager, Rizzetta & Company, Inc.
John Vericker                 District Counsel, Straley Robin & Vericker (via phone)

Audience

FIRST ORDER OF BUSINESS  Call to Order

Mr. Croom called the meeting to order and performed the roll call.

SECOND ORDER OF BUSINESS  Audience Comments on Agenda Items

There were no audience comments.

THIRD ORDER OF BUSINESS  Consideration of Minutes of the Board of Supervisors’ Meeting held on April 25, 2019

Mr. Grillo questioned the Cardno invoice relating to wall research for ($520.00) that was discussed at last month’s meeting, in which he never received any information on. Mr. Roethke will follow-up.
On a Motion by Ms. Ballou, seconded by Mr. LeBlanc, with all in favor, the Board of Supervisors approved the minutes of the Board of Supervisors’ Regular meeting held on April 25, 2019, for the Waters Edge Community Development District.

FOURTH ORDER OF BUSINESS  Consideration of Operation and Maintenance Expenditures for April 2019

On a Motion by Mr. LeBlanc, seconded by Ms. Geney, with all in favor, the Board of Supervisors approved the Operation and Maintenance Expenditures for April 2019 ($19,387.34) for the Waters Edge Community Development District.

FIFTH ORDER OF BUSINESS  Staff Reports

A. District Engineer

As District Engineer Mr. Woodcock was unable to attend the meeting. Mr. Roethke provided an update to the Board on his behalf, stating that the erosion repairs have been completed.

Mr. Grillo asked for Mr. Roethke to follow-up to make sure both erosion repairs were completed since it was a two-part completion from the resident area and Cardno.

B. Aquatics Manager

1. Presentation of May 2019 Waterway Inspection Report

The Board reviewed the May 2019 Waterway Inspection Report. Mr. Roethke informed the Board that this will be the last report from Aquatic Systems, since Sitex Aquatics will be starting as of June 1st.

Mr. Grillo gave a background of issues regarding the ponds to the audience members.

Ms. Geney expressed her concerns regarding Yellowstone throwing the grass clippings into the ponds. Mr. Roethke will contact Yellowstone to make sure this does not continue to happen.

C. Field Services Manager

1. Presentation of May 2019 Field Inspection Report

Mr. Green presented the May 2019 Field Inspection Report to the Board and reviewed its contents with the Board including the tree located on CDD property. Mr. Grillo requested for Mr. Roethke to issue a letter to the homeowner and give them permission to remove the tree. Mr. Green will provide the address to Mr. Roethke.
Mr. Green continued with his report regarding the last inspection done with Mr. De Sierra on April 29, which included tree trimming around the pool, boots from palm trees need to be picked up, plant material missing, annuals are looking dry, and landscape lighting in front beds which is coming out of the ground and is in need of repair. Mr. Green will forward vendor information to Mr. Roethke.

Ms. Ballou expressed her concern regarding the trash that is not being picked up. Mr. Green will speak with Yellowstone.

2. Consideration of Proposals for Landscape Enhancement

Mr. Roethke presented five proposals to the Board for review, A discussion ensued.

The Board expressed concern regarding the Bahia Grass Install, and would like Mr. Roethke to work with Mr. Green and Yellowstone for new price.

On a Motion by Ms. Geney, seconded by Mr. Grillo, with all in favor, the Board of Supervisors approved the Yellowstone Proposal for Slidel Entrance Annual Plant Change to Jasmine in the amount of ($938.04) for the Waters Edge Community Development District.

On a Motion by Mr. LeBlanc, seconded by Ms. Geney, with all in favor, the Board of Supervisors approved the Yellowstone Proposal for Broken Red Maple Tree Replacement in the amount of ($386.50) for the Waters Edge Community Development District.

D. District Counsel

Mr. Vericker informed the Board he is working on Final Budget notices and resolutions.

Mr. Geney commented on the fountain lighting still not working, Mr. Green will follow-up with Mr. Roethke and vendor.

(Mr. Green left the meeting at 5:37 p.m.)

E. District Manager

Mr. Croom announced that the next regularly-scheduled meeting would be held on June 27, 2019 at 3:30 P.M., and to be held at the Waters Edge Clubhouse.
SIXTH ORDER OF BUSINESS

Presentation of Proposed Budget for Fiscal Year 2019/2020

1. Consideration of Resolution 2019-02, Approving Proposed Budget and Setting the Public Hearing

   Mr. Grillo noted the date needs to be corrected on the Resolution.

   Mr. Roethke presented the fiscal year 2019/2020 proposed budget to the Board. A discussion ensued. Mr. Roethke entertained various questions pertaining to the proposed budget, and explained the increase regarding the townhomes. Mr. Grillo will work with Mr. Roethke to finalized the final budget.

   A resident commented on reclaimed water. Mr. Grillo answered various questions.

On a Motion by Mr. LeBlanc, seconded by Ms. Ballou, with all in favor, the Board of Supervisors adopted Resolution 2019-02, approving proposed budget and setting the public hearing as amended for the Waters Edge Community Development District.

SEVENTH ORDER OF BUSINESS

Consideration of Resolution 2019-03, Re-Designating of Assistant Secretary

On a Motion by Ms. Geney, seconded by Mr. LeBlanc, with all in favor, the Board of Supervisors adopted Resolution 2019-03, re-designating of assistant secretary to Mr. Roethke for the Waters Edge Community Development District.

EIGHTH ORDER OF BUSINESS

Presentation of Registered Voter Count

Mr. Croom presented the registered voter count letter from Pasco County Supervisor of Elections to the Board, noting that there are 1,789 registered electors.

NINTH ORDER OF BUSINESS

Audience Comments and Supervisor Request

Mr. LeBlanc comment on the smell coming from the irrigation line and requested for this to be an item for discussion on the June meeting agenda.

Ms. Geney commented on fountain lights repair. She also informed the Board that she will be out of town during June & July.
### TENTH ORDER OF BUSINESS

**Adjournment**

On a Motion by Ms. Geney, seconded by Mr. LeBlanc, with all in favor, the Board of Supervisors adjourned the meeting at 6:29 p.m. for the Waters Edge Community Development District.

Monthly Report
Inspection Date: 06/15/19

Prepared For:
Joe Roethke
Rizzetta & Company

Prepared By:
Joe Craig
P: 407-717-5851
E: joe@sitexaquatics.com
Monthly Report

Pond AA1

Pond AA1 had a Filamentous Algae present, pond was treated with a blend of Algaecide & Blue dye was added.

Pond CH2

Pond CH2 had a major infestation of Slender Spikerush, Bladderwort & Algae. Treatment was successful.
Pond L14 was a disaster upon arrival, an infestation of just about every aquatic weed we see in Florida was present at time of initial treatment, treatment successful.

Ponds A2 & AA2

Pond A2 has a major infestation of Slender Spikerush & AA2 had a planktonic algae bloom that was treated.
MONTHLY SUMMARY

We have completed the first treatment & I believe it was a successful one. I have included a few before treatment & after treatment pictures. I will expand on these pictures as we move forward. The report will also include a little more detail as we move forward.

We appreciate the opportunity & please feel free to reach out to myself or one of my staff should you have any questions or concerns.

Regards
Joe Craig

FIELD INSPECTION REPORT

June 11th 2019
Rizzetta & Company
L. Scott Green – Field Services Manager
The following are action items for Yellowstone to complete. Please refer to the item # in your response listing action already taken or anticipated time of completion. Red text indicates deficient from previous report. **Bold Red text** indicates deficient for more than a month. **Green text** indicates a proposal has been requested. **Blue** indicates irrigation.

**Summary:** Field Services Inspection was conducted on 06/11/2019 with account manager Nelson De Sierra from Yellowstone Landscaping. Turf in the front the community is very dry in areas due to lack of natural rain fall and adequate water from irrigation. Some of the turf appears to be dead and may need to be removed and replaced. New annuals have been installed and appear to be in goof health in most areas. Service crew was on site completing mowing of all ponds and detail crew on site completed trimming of shrubs.

1. **Reference Pic (1)** Located at the entrance new annuals have been installed, but some have died and need to be removed and replaced by contractor as annuals have not been in that long. Ask contractor to remove and replace these annuals.

2. **Reference Pic (2)** Located throughout the community many landscape beds are bare and have no ground cover (mulch) in the beds.
3. Reference Pic (3) Located on the right hand side of the main entrance Loropetalum plants have vines growing in them that need to be removed. Vines need to be removed before they take over the plant material and kill it.

4. Reference Pic (4) Located on the right hand side of the main entrance exit side there is dead brown plant material that needs to be removed. Brown plant material also needs to be trimmed off lower part of grasses.

5. Reference Pic (5) Juniper on right hand side of main entrance exit side also has vines growing in it that needs to be removed.
6. Reference Pic (6) Located at front of the community contractor was requested to turn on irrigation and it appear to be in proper working fashion as of the date and time of this inspection.

7. Reference Pic (7) Located at front monument annual bed has now has new annuals installed and they appear to have good color and are in good health.

8. Reference Pic (8) Turf located at the front the community to right hand side exit lane is very dry and brown due to lack of water. Ask contractor to submit course of action to bring turf back to good health and to make any necessary adjustments to Fert/Chem in order to promote healthier turf in this area.
9. Reference Pic (09) Large hedge rows have been trimmed and shaped as of the date and time of this inspection.

10. Reference Pic (10) Irrigation covers have been hit and damaged by mowers need to be replaced at contractors expensive as they have been damaged by a service worker on a mower.

11. Reference Pic (11) Located at the playground there is a gap of space that needs to be filled in and sod installed as the gap drops off several inches and could pose a hazard to a child at play or someone walking in the park.
12. Reference Pic (12) Located in the corner open area on Edistro Pl. there is a dead tree that will need to be removed and replaced. Ask

13. Reference Pic (13) Located at the front entrance turf to the right hand side exit side is brown and dead in areas. Ask contractor to inspect this turf as some of it may need to be replaced. Ask contractor to also inspect irrigation in this area and ensure turf is getting adequate water from irrigation.

14. Reference Pic (14) Another photo of the turf to the right hand side of the main entrance that is brown and dead in areas. Sod may need to be replaced. Landscape beds in this area also need to be mulched.

ADA Website Accessibility
Underwriting Guidelines - Policy Year 2019 - 2020
1 - Accessibility Policy

• An adopted and implemented (or in the process of implementing) website accessibility policy that is consistent with WCAG 2.0 Level A and AA
A disability accessibility statement posted on their website that includes:

- A commitment to accessibility for persons with disabilities
- The accessibility standard used and applied to the District’s website
- Contact information (email and phone number) in case users encounter any problems
Video and Audio is published or streamed in an accessible format.
Quarterly audits done by a third-party to ensure that the website is in continual compliance with prevailing WCAG standards.
• If the District has been previously sued
  - Settlement Agreement
  - Review remedial measures taken by District
ADA Site Compliance

Waters Edge CDD
Website Compliance and Accessibility
ADA Site Compliance is a leading provider of website accessibility and solutions for businesses and government. Our team includes specialists in auditing and remediation, coding, PDFs and WCAG compliance. Entities of all sizes and across industries trust our expertise in making their digital assets usable and enjoyable for all while meeting the guidelines of the ADA.
Accessibility, Compliance & Community Development Districts

The Florida Department of Economic Opportunity requires that all special district websites, by law, be fully accessible to those with disabilities. Community Development Districts (CDDs) and other special purpose entities must ensure that all content on their sites comply with the Americans with Disabilities Act, a 1990 federal law.
How Do People with Disabilities Use My Website?

**HEARING IMPAIRED**
All media that can be heard – videos, sound bites – must have a written description.

**VISUALLY IMPAIRED**
Sites must be properly built to let assistive devices read all visual elements aloud to blind and low-vision users.

**PHYSICALLY IMPAIRED**
Keyboard shortcuts must permit disabled users to navigate a site without using a mouse.

“Accessible design is good design”
Steve Ballmer
Former CEO, Microsoft
Costs: Reputational & Monetary

- Web accessibility lawsuits are on the rise and continue to be backed by the U.S. Department of Justice.
- The cost to hire attorneys and pay associated fees can range from tens of thousands of dollars to the high-six-figures.
- Related costs include human capital, negative PR, stress on your district, and reputational damage via traditional and social media.

“We believe very deeply that accessibility is a human right”
Tim Cook
CEO, Apple
First Steps: Risk-Mitigation

Compliance Shield
A certificate on your website indicates that you have a compliance plan in place and are taking active steps toward usability for all.

Site Accessibility Policy
A compliance plan details your strides toward access for all and lists alternate contact info for users in need of accommodations.

Compliance Audit Report
A detailed audit report shows the lines of code to be corrected and screen shots and text descriptions of every compliance failure.
Option 1 – Audit & Remediation of Your Current Site

Phase 1

Technological Auditing

Technological auditing identifies up to 30% of the errors on a website. A detailed report indicates the line of code to be corrected, along with a screen shot of the error and a recommendation for remediating the issue.

Phase 2

Human Expert Auditing

Only human expert auditing can reveal the 70-80% of compliance failures that technological auditing cannot find. This applies both to webpages and PDFs, the latter of which can only be made accessible with human-expert-led remediation.
Option 2 – Site Migration

Phase 1

Migration of All Content

Our technical team migrates your existing website over to a brand new site built on accessible themes that ADA Site Compliance has designed and maintains – and that is proven to be compliant under the ADA.

Phase 2

Quality Assurance

Post-migration, our technical team tests your newly migrated site for the same WCAG 2.1-level criteria we use when auditing and remediating existing sites.
Web Developers and IT Teams are NOT Audit and Compliance Experts

Auditing correctly the first time saves you time and money.

Without human expert auditing, your website and PDFs will not be compliant, accessible, and usable.
Our Chief Technology Officer, Scott Rubenstein, and his analyst team directly oversee the migration and/or auditing and remediation of your district website. Our team draws on decades of experience to do far more than just identify compliance failures; we assess your current methods and suggest new best practices to help keep your website accessible. Our hands-on approach makes your remediation faster, easier, and less costly.
First Look: Sample Pages from Your District’s New, Compliant Website

Welcome to the official website for the Waterset Central Community Development District (the “District”). This website is funded on behalf of the District to serve two major purposes. The first is to comply with Chapter 190.068 of the Florida Statutes, which requires each special district to maintain an official internet website. The second is to help educate the general public about the services provided by the District, and to highlight the other agencies involved in the day-to-day operations of the community. These agencies include, but are not limited to, the Florida Department of Economic Opportunity, Hillsborough County and the Waterset Central homeowners association.

Community Development Districts – What you should know!
A Community Development District (CDD) is a governmental unit created to serve the long-term specific needs of its community. Created pursuant to chapter 190 of the Florida Statutes, a CDD’s main powers are to plan, finance, construct, operate and maintain community-wide infrastructure and services specifically for the benefit of its residents.

What will the CDD Do?
Through a CDD, the community can offer its residents a broad range of community related services and infrastructure to help ensure the highest quality of life possible. CDD responsibilities within our community may include storm water management, potable and irrigation water supply, sewer and wastewater management, and street lights.

District Administration
The District Manager’s responsibilities include:

- Preparation and submittal of a proposed operations and maintenance budgets for Board review and adoption
- Preparation of contract specifications for District operations, including community appearance, wastewater management, street lighting and facilities maintenance
- File all required forms and documents with state and local agencies
- Attend all Board of Supervisor meetings – implement the policies of the Board
- Additional duties as directed by the Board

Option 1:

$5,900 (year one) - auditing & remediation of the existing Waters Edge CDD website
$1,500 (annually) - to ensure continued accessibility and compliance as WCAG standards change
  - includes two hours of consulting and help desk access
  - annual fee is waived in year one
$2.90 per page - PDF human expert auditing & remediation**
$190 per hour - additional consulting beyond two hours

Option 2:

$3,900 (year one) - migration of current site content to new, ADA-compliant format
  - performed by experts in website coding & design
$900 (annually) - to ensure continued accessibility and compliance as WCAG standards change
  - includes two hours of consulting and help desk access
  - annual fee is waived in year one
$2.90 per page - PDF human expert auditing & remediation
$190 per hour - additional consulting beyond two hours

* the pricing above reflects a 20% discount that ADA Site Compliance is pleased to offer to all Egis clients
** PDF auditing & remediation is not included in either option

“If you think compliance is expensive, try non-compliance.”
Statement of Work (SOW) Agreement to Perform Consulting Services

Date | Services Performed By | Services Performed For
--- | --- | ---
January 11, 2019 | ADA Site Compliance, LLC | Waters Edge CDD

This Statement of Work (SOW) is issued pursuant to the Master Services Agreement between Waters Edge CDD (“Client”) and ADA Site Compliance, LLC (“Contractor”), effective January 11, 2019 (the “Agreement”). This SOW is subject to the terms and conditions contained in the agreement between the parties and is made a part thereof. Any term not otherwise defined herein shall have the meaning specified in the agreement. In the event of any conflict or inconsistency between the terms of this SOW and the terms of the agreement, the terms of the SOW shall govern and prevail.

This SOW, effective as of January 11, 2019, is entered into by and between Contractor and Client for Client’s website www.watersedgecdd.org and is subject to the terms and conditions specified below. The exhibit(s) to this SOW, if any, shall be deemed to be a part hereof. In the event of any inconsistencies between the terms of the body of this SOW and the terms of the exhibit(s) hereto, the terms of the SOW shall prevail.

Period of Performance

The services shall begin on the date of the Agreement’s execution and shall continue through completion or termination, subject to the termination provisions below.

Process & Engagement

ADA Site Compliance uses both technological (i.e. software-based) and human expert auditing to detect compliance failures for websites, mobile applications, PDFs, and other digital assets. We evaluate their accessibility against evolving web content accessibility guidelines (currently WCAG 2.1) and offer the solutions below. In both cases, we will deliver you a website that has been audited and remediated for substantial compliance with current standards.

Option 1 – Our team of human expert auditors performs manual compliance testing of your existing website using
screen reader software and keyboard shortcuts. This testing method best simulates the actual conditions a user with disabilities experiences when visiting your site and is therefore the most reliable gauge of its real-world accessibility. Our remediation team uses the resulting audit report to make all relevant fixes to your existing site via its source code. We then re-submit the fixed pages for round two of human auditing and a corresponding second round of corrections. This is to ensure all failures have been addressed and that no new ones were created in the process.

Throughout the process and afterward, you will receive quarterly technological audit reports that identify all errors that software can detect. Please note that software-based reports alone cannot identify 100% of accessibility failures; at best, they can uncover about one-third of them. As such, your technological reports are intended only as a general diagnostic of your site’s ongoing compliance health – not as a measure of your website’s overall accessibility.

**Option 2** – Our team will migrate your existing site to an accessible and compliant theme built and maintained by ADASC. Rizzetta & Company will continue to host and provide backup for your site. Post-migration, our audit and design teams will employ best efforts to ensure that your new website is substantially compliant with current standards. By building a new site on an accessible and compliant theme, we avoid the significant preparation and testing costs associated with Option 1. This is reflected in the price difference between the two options.

### Scope of Work & Deliverables

Contractor shall provide the following services/deliverables for Client and its site, www.watersedgecdd.org:

**Technological & Human Expert Auditing (Option 1 only)**
- customized software-based and human expert auditing of the entire web domain
- detailed audit reports including the precise location in the code of each failure, a description of the error, a picture for visual context, and a suggested remediation step

**Site Migration (Option 2 only)**
- Contractor will migrate the content of Client’s existing website to one built on Contractor’s own themes that are known to be accessible and compliant with WCAG 2.1 standards
- content may include, but is not limited to, pictures, text, tables, video files, and forms
- some existing functionality/content, including that provided by third-party vendors, may be impossible to migrate “as is” from the existing site to the new one, in which case another solution may be required
- review by Contractor’s technical team leaders of the migrated site for quality assurance

**PDF Auditing & Remediation (if applicable)**
- Contractor will deliver fully accessible PDFs to Client
- document types may include, but are not limited to, meeting agendas, minutes, and budgets
- this service is not automatically included with either migration or auditing/remediation
- per-page pricing is included in the Fee Schedule section of this SOW

**Customized Accessibility Policy & Compliance Shield (Options 1 & 2)**
• indication of Client’s active engagement with recognized experts in the field of website accessibility and compliance; the deliverable is uploaded to the footer of Client’s website and acts as a deterrent to litigation from trolling plaintiffs and/or attorneys
• statement of Client’s specific ongoing strides toward compliance with current WCAG standards – to be posted on the website (links to ADA Compliance Shield)
• alternate contact info for users to report inaccessible areas of Client’s website and to request assistance – to be posted on the website (links to ADA Compliance Shield)

Technical Support (Options 1 & 2)
• available to Client and/or its developers via email, phone, video, and (where feasible) in-person contact

Fee Schedule

Option 1:
$5,900 (year one) – auditing and remediation of the current Waters Edge CDD website
$1,500 (annually) – to ensure continued accessibility and compliance
$2.90 per page – PDF human expert auditing and remediation
$190 per hour – additional consulting beyond two hours (e.g. adding new site content, editing existing content)

Option 2:
$3,900 (year one) – migration of the current website to a new site built on ADA-compliant themes
$900 (annually) – to ensure continued accessibility and compliance
$2.90 per page – PDF human expert auditing and remediation
$190 per hour – additional consulting beyond two hours (e.g. adding new site content, editing existing content)

The above pricing reflects a 20% discount based on Client’s contract with Egis Insurance and Risk Advisors. One-half (50%) of the year-one fee for services is due at the time of the Agreement’s signing, with the balance due upon Client’s acceptance of the final deliverables.

The annual fee, to be paid one (1) year after the execution date of this SOW, includes Client’s continued use of Contractor’s Compliance Shield and Accessibility Policy; updates made to the Accessibility Policy to reflect changing standards and laws; quarterly technological auditing and reporting, and continued consulting.

Completion Criteria

Contractor will make all reasonable efforts to complete human expert auditing in an expeditious way. The process of migrating, auditing, and remediating website-based content is time-intensive and typically takes between thirty (30) and forty-five (45) days, per round, to complete. This excludes any time needed to remediate the identified failures and to validate their corrections. The total completion time for multiple rounds of human expert auditing may be three (3) to six (6) months in all. For sites of significant complexity, this term may be longer.

Contractor shall have fulfilled its obligations to Client when either of the following occurs:
• Contractor provides Client all deliverables above, and Client accepts these without unreasonable objections. If Contractor receives no response within seven (7) business days of delivery, this shall be deemed acceptance.
• Contractor and/or Client may cancel services not yet provided within sixty (60) business days with advance written notice to the other party.

Signatures

In witness whereof, the Parties have, by their duly authorized representatives, executed this SOW as of the date first set forth above.

189.069 Special districts; required reporting of information; web-based public access. —

(1) Beginning on October 1, 2015, or by the end of the first full fiscal year after its creation, each special district shall maintain an official website containing the information required by this section. Each special district shall submit its official website address to the department.

(a) Each independent special district shall maintain a separate website.

(b) Each dependent special district shall be prominently displayed on the home page of the website of the local general-purpose government upon which it is dependent with a hyperlink to such webpages as are necessary to provide the information required by this section. A dependent special district may maintain a separate website providing the information required by this section.

(2)(a) A special district shall post the following information, at a minimum, on the district’s official website:

1. The full legal name of the special district.

2. The public purpose of the special district.

3. The name, official address, official e-mail address, and, if applicable, term and appointing authority for each member of the governing body of the special district.

4. The fiscal year of the special district.

5. The full text of the special district’s charter, the date of establishment, the establishing entity, and the statute or statutes under which the special district operates, if different from the statute or statutes under which the special district was established. Community development districts may reference chapter 190 as the uniform charter but must include information relating to any grant of special powers.

6. The mailing address, e-mail address, telephone number, and website uniform resource locator of the special district.

7. A description of the boundaries or service area of, and the services provided by, the special district.

8. A listing of all taxes, fees, assessments, or charges imposed and collected by the special district, including the rates or amounts for the fiscal year and the statutory authority for the levy
of the tax, fee, assessment, or charge. For purposes of this subparagraph, charges do not include patient charges by a hospital or other health care provider.

9. The primary contact information for the special district for purposes of communication from the department.

10. A code of ethics adopted by the special district, if applicable, and a hyperlink to generally applicable ethics provisions.

11. The budget of the special district and any amendments thereto in accordance with s.189.016.

12. The final, complete audit report for the most recent completed fiscal year and audit reports required by law or authorized by the governing body of the special district.

13. A listing of its regularly scheduled public meetings as required by s. 189.015(1).

14. The public facilities report, if applicable.

15. The link to the Department of Financial Services’ website as set forth in s. 218.32(1)(g).

16. At least 7 days before each meeting or workshop, the agenda of the event, along with any meeting materials available in an electronic format, excluding confidential and exempt information. The information must remain on the website for at least 1 year after the event.

(b) The department’s website list of special districts in the state required under s. 189.061 shall include a link for each special district that provides web-based access to the public for all information and documentation required for submission to the department pursuant to subsection
2.0 ADA & WCAG Compliance – Introduction

Every individual must have equal access to information whether it is in person service or online. This is a general agreement and understanding of access.

The Internet has dramatically changed the way state and local governments do business. Today, government agencies routinely make much more information about their programs, activities, and services available to the public by posting it on their websites. As a result, many people can easily access this information seven day a week, 24 hours a day.

Many government services and activities are also provided on websites because the public is able to participate in them at any time of day and without the assistance of government personnel. Many government websites offer a low cost, quick, and convenient way of filing tax returns, paying bills, renewing licenses, signing up for programs, applying for permits or funding, submitting job applications, and performing a wide variety of other activities.

The Americans with Disabilities Act (ADA) and, if the government entities receive federal funding, the Rehabilitation Act of 1973 generally require that state and local governments provide qualified individuals with disabilities equal access to their programs, services, or activities unless doing so would fundamentally alter the nature of their programs, services, or activities or would impose an undue burden. One way to help meet these requirements is to ensure that government websites have accessible features for people with disabilities, using the simple steps described in this document. An agency with an inaccessible website may also meet its legal obligations by providing an alternative accessible way for citizens to use the programs or services, such as a staffed telephone information line. These alternatives, however, are unlikely to provide an equal degree of access in terms of hours of operation and the range of options and programs available.

The World Wide Web Consortium (W3C) sets the main international standards for the World Wide Web and its accessibility. W3C created the Web Content Accessibility Guidelines (WCAG 2.0 and 2.1) which are similar to Section 508, but on an international level. WCAG 2.0 and 2.1 requires specific techniques for compliance and is more current than Section 508.

Many countries and international organizations require compliance with WCAG 2.0 and 2.1. The guidelines are categorized into three levels of compliance: A (must support), AA (should support), and AAA (may support). Representatives from the accessibility community around the world participate in the evolution of these guidelines.

Source: https://www.w3.org/WAI/standards-guidelines/wcag/

Visit http://vglobaltech.com/website-compliance/ for more details, do a website compliance check on your website and to download a PDF proposal.
2.1 Common Problems and Solutions in Website Accessibility

2.1.1 Problem: Images Without Text Equivalents
Solution: Add a Text Equivalent to Every Image

Adding a line of simple HTML code to provide text for each image and graphic will enable a user with a vision disability to understand what it is. Add a type of HTML tag, such as an “alt” tag for brief amounts of text or a “longdesc” tag for large amounts, to each image and graphic on your agency’s website.

The words in the tag should be more than a description. They should provide a text equivalent of the image. In other words, the tag should include the same meaningful information that other users obtain by looking at the image. In the example of the mayor’s picture, adding an “alt” tag with the words “Photograph of Mayor Jane Smith” provides a meaningful description.

In some circumstances, longer and more detailed text will be necessary to convey the same meaningful information that other visitors to the website can see. For example, a map showing the locations of neighborhood branches of a city library needs a tag with much more information in text format. In that instance, where the map conveys the locations of several facilities, add a “longdesc” tag that includes a text equivalent description of each location shown on the map – e.g., “City Center Library, 433 N. Main Street, located on North Main Street between 4th Avenue and 5th Avenue.”

2.1.2 Problem: Documents Are Not Posted In an Accessible Format
Solution: Post Documents in a Text-Based Format

Always provide documents in an alternative text-based format, such as HTML or RTF (Rich Text Format), in addition to PDF. Text-based formats are the most compatible with assistive technologies.

2.1.3 Problem: Specifying Colors and Font Sizes
Solution: Avoid Dictating Colors and Font Settings

Websites should be designed so that they can be viewed with the color and font sizes set in users’ web browsers and operating systems. Users with low vision must be able to specify the text and background colors as well as the font sizes needed to see webpage content.

2.1.4 Problem: Videos and Other Multimedia Lack Accessible Features
Solution: Include Audio Descriptions and Captions

Videos need to incorporate features that make them accessible to everyone. Provide audio descriptions of images (including changes in setting, gestures, and other details) to make videos accessible to people who are blind or have low vision. Provide text captions synchronized with the video images to make videos and audio tracks accessible to people who are deaf or hard of hearing.
Understanding the Four Principles of Accessibility

The guidelines and Success Criteria are organized around the following four principles, which lay the foundation necessary for anyone to access and use Web content. Anyone who wants to use the Web must have content that is:

1. **Perceivable** - Information and user interface components must be presentable to users in ways they can perceive.
   - This means that users must be able to perceive the information being presented (it can’t be invisible to all of their senses)

2. **Operable** - User interface components and navigation must be operable.
   - This means that users must be able to operate the interface (the interface cannot require interaction that a user cannot perform)

3. **Understandable** - Information and the operation of user interface must be understandable.
   - This means that users must be able to understand the information as well as the operation of the user interface (the content or operation cannot be beyond their understanding)

4. **Robust** - Content must be robust enough that it can be interpreted reliably by a wide variety of user agents, including assistive technologies.
   - This means that users must be able to access the content as technologies advance (as technologies and user agents evolve, the content should remain accessible)

If any of these are not true, users with disabilities will not be able to use the Web.

Under each of the principles are guidelines and Success Criteria that help to address these principles for people with disabilities. There are many general usability guidelines that make content more usable by all people, including those with disabilities. However, in WCAG 2.1, we only include those guidelines that address problems particular to people with disabilities. This includes issues that block access or interfere with access to the Web more severely for people with disabilities.

See reference section at the end of this document for more information and websites for ADA, Usability and other important compliance issues and solutions.
VGlobalTech development and business management team shall study these compliance guidelines and with our technical capabilities apply these to make your website accessible, compatible and fully functional for all people, including those with disabilities.

Visit https://vglobaltech.com/website-compliance/ for details of our compliance process and expertise in this area.

Please see References section for several resources on compliance.
3.0 Pricing

**Website Complexity: Medium Level Websites**

VGlobalTech team shall complete the following critical tasks for client website. All costs below are per website / CDD:

3.1 Existing Website Remediation / New Website Build:

<table>
<thead>
<tr>
<th>Task</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Remediate existing website / Build new website from start for ADA and WCAG compliance requirements – ALL webpages on the website. Create accessibility document, code review, html updates, plugins / security updates required for ADA and WCAG compliance</td>
</tr>
<tr>
<td>2. Cross-Device Check (Website needs to appear as per ADA standards on Mobile Phones, Tablets, Desktops etc.). Braille Readers, Other assistance technology compatibility</td>
</tr>
<tr>
<td>3. ADA Standards application (as per Section 1 above). ADA.gov, Web Content Accessibility Guidelines (WCAG)</td>
</tr>
<tr>
<td>4. PDF Documents conversion (to Text, HTML etc.) as needed for ADA Compliance / Reader Compliance (up to 2 years of documents shall be converted)</td>
</tr>
<tr>
<td>5. Create a webpage showing websites ADA Compliance efforts</td>
</tr>
<tr>
<td>6. Create customized footer with VGlobalTech’s ADA Compliance Seal (valid for 1 year only)</td>
</tr>
<tr>
<td>7. <strong>Web Design Total: $4750/- (one time)</strong></td>
</tr>
</tbody>
</table>
### 3.2 ADA Compliance Monthly Maintenance and Hosting

Maintenance contract starts after initial conversion is completed (Optional Maintenance – It is critical to maintain compliance as websites get updated):
The Annual Maintenance **DOES NOT** include the quarterly audits proposed in the previous section.

Maintenance contract is required to receive VGlobalTech’s proprietary document conversion software (PDF to RTF) that allows you to easily convert documents or submit to VGlobalTech and get docs converted within less than 24 hrs.

<table>
<thead>
<tr>
<th>Task</th>
</tr>
</thead>
<tbody>
<tr>
<td>1. Assist with ADA Website Compliance tasks for current / new website on an ongoing basis – All new webpages and content that is put on the website – Customer must notify what updates are made (content shall be uploaded by client, VGlobalTech shall provide feedback on the content ADA requirements – This is as per customers’ request. Please contact VGlobalTech if a full maintenance, including content upload is required)</td>
</tr>
<tr>
<td>2. PDF Documents conversion (to Text, HTML etc) as needed <em>(new documents during the maintenance year only)</em> for ADA Compliance / Reader Compliance. VGlobalTech’s <strong>proprietary batch conversion software</strong> is included as long as the contract is valid (big time saver that creates compliant documents that can be uploaded to the website). There is no limit on how many documents you can convert using VGlobalTech’s software. If Auto conversion fails, VGlobalTech team shall perform manual OCR and conversion within 24 hrs.</td>
</tr>
<tr>
<td>3. Update footer with VGlobalTech’s ADA Compliance Seal (extended for current year)</td>
</tr>
</tbody>
</table>

**Monthly Maintenance: (starts after initial compliance engagement quoted above is complete):**

$1440 /- (annually – can be broken into equal monthly charges)

*support beyond 8 hrs / month shall be billed at $55 / hr separately
**Annual maintenance can be broken up into smaller monthly bills.

<table>
<thead>
<tr>
<th>4. Website hosting and backups – Premium hosting, unlimited file space, bandwidth, fast website response, regular automated backups, SSL certificates for secure site access (https protocol), 99.9% website uptime:</th>
</tr>
</thead>
<tbody>
<tr>
<td>$600 / year</td>
</tr>
</tbody>
</table>

**Total Maintenance and Hosting: $2040 / year**
3.3 Quarterly Technical and Human Audit

This audit is as per the Florida Insurance Alliance guidelines. Please check with your insurance agency for specific requirements. Read more here: https://vglobaltech.com/wp-content/uploads/2019/03/FIA_ADA_Guidelines-2019-2020.pdf

VGlobalTech has partnered with a local agency for the visually impaired – LightHouse Works. LightHouse has developed a unique program for digital accessibility that is run by visually impaired personnel that are highly skilled in human auditing of websites and software as per the section 508 stipulations. Read more about our partnership here: https://vglobaltech.com/website-compliance/

Together we are now able to provide not one but two compliance seals for all our customers:

1. Digital Asset Technical Compliance Seal:

VGlobalTech in-house technical team shall remediate / test the website / software for ADA, WCAG compliance. VGlobalTech’s technical design & development team is fully aware of the Americans with Disability Act (ADA), Web Content Accessibility Guidelines (WCAG), Section 508 of the Rehabilitation Act of 1973 and overall the design principles of a professional, accessible, functional and responsive web design. The entire team has taken dedicated time and efforts to learn these design principles first hand. Our purpose is clear - Universal, Creative Web design that works for everyone, everywhere and every time!

2. Human Audit Seal:

LightHouse Works’ visually impaired personnel shall actually test the website for compliance as per the section 508 and ADA requirements. The VGlobalTech technical team shall remediate any points discovered by LightHouse team and send the site for re-certification. Upon satisfactory completion LightHouse shall provide the Human Audit Seal that will be specific to the site and the VGlobalTech team shall put the seal on the site. This is an added layer of true Human Audit testing that provides full ADA compliance.

Cost for Technical and Human Audits:

$1600 / Four Audits per Year
(paid as a onetime fee) (Seals renewed every quarter) (Audits are conducted by VGlobalTech and LightHouse Agency together)
This proposal includes following points, stipulations terms and conditions:

*(1) conference call or in person meetings per month with client to review metrics, results and monthly recaps *unless otherwise noted

* email and phone communication

*Anything out of the scope of work in the above proposal will be addressed and client will be immediately notified. After notification of additional work, a subsequent quote will be provided to cover that work.

*Client is responsible to adhering to timelines as far as information required to complete the task is concerned. If timelines are not adhered to and exceed 15 business days past the current marketing months, last day, all work will end. A new month with new allocated costs will be presented for future work to commence. No refunds and owed work will be due unless otherwise agreed upon. An Invoice will be provided once signature approval of this project proposal. Payments will be made to VGLOBALTECH

*Client is responsible for verifying quality of work, providing feedback, verifying that compliance has been met as required. VGlobalTech team shall not be responsible for any legal ramifications arising from work not done as per external agencies / organizations / associations needs if proper feedback is not provided by the customer. VGlobalTech’s work will be in best faith but cannot guarantee all compliance / legal needs since we are not the final authority in the ADA or WCAG compliance area. VGlobalTech shall not be liable for any legal ramifications arising from compliance issues and cannot be held responsible for any legal or other lawsuits.

Refund Policy: The client may halt work and request for a refund within seven days of the date of signing this services agreement by mailing a signed letter to the main address listed on www.VGlobalTech.com website. If client requests a refund within seven days of the date of signing their agreement they shall be liable to pay for all work completed and will be refunded the remaining balance of the initial payment if billable work has not exceeded a charge that would be greater than client’s initial payment. If client requests a refund after the seven days from the date of the signing of the agreement client is liable to pay for all work completed plus an additional 25% of any remaining balance that may still be due. Once line item projects are complete no refunds will be issued. Confidentiality: All information between client and service provider inclusive of technical and business information relating to proprietary ideas, patentable ideas and/or trade secrets, existing and/or contemplated products and services, research and development, production, costs, profit and margin information, finances and financial projections, customers, clients, marketing, and current or future business plans and models, regardless of whether such information is designated as “Confidential Information” at the time of its disclosure and will be treated as such and with absolute confidentiality and will not be shared or used, which will be maintained at all times. The client is not allowed to disclose their price with any third parties. Doing so is in breach of this agreement. All information development will be shared and proprietary information and property between client and service providers.
4.0 Proposal Acceptance:

The VGlobalTech proposed solution and terms have been accepted by the customer and the VGlobalTech can proceed with the project. All payments shall be made according to this agreement.
