Management Summary

Overall, the ponds are looking great from our previous applications. Site 34 will need an algaecide application during our next visit. This pond has been blooming lately with algae. As long as the technician does follow-up application to this pond, the amount of algae growth should be under control. We will also keep an eye on the other sites that have been growing algae to make sure they are looking their best. Site 2 and 4 will need an application to the baby tears soon. It is important to get rid of this vegetation only when it starts floating. It will stay in the water body for a very long time if left alone and can cause more algae to bloom.

Sites 29-32 are located near the construction and the mesh fence that was installed is making it very difficult to do proper applications to these sites.

Shoreline grasses are what we will be targeting for our upcoming visit. Keeping these weeds out of the water will help prevent small algae build ups and will keep the ponds looking their best.

Thank You For Choosing SOLitude Lake Management.

The Objective and Scope of the Audit of the Financial Statements

You have requested that Berger, Toombs, Elam, Gaines & Frank CPAs PL ("we") audit Easton Park Community Development District's, (the "District"), governmental activities and each major fund as of and for the year ending September 30, 2025, which collectively comprise the District's basic financial statements. We are pleased to confirm our acceptance and our understanding of this audit engagement by means of this letter for the year ending September 30, 2025, and thereafter if mutually agreed upon by Easton Park Community Development District and Berger, Toombs, Elam, Gaines & Frank.

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America ("GAAS") and *Government Auditing Standards* issued by the Comptroller General of the United States ("GAS") will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of controls.

The Responsibilities of the Auditor

We will conduct our audit in accordance with GAAS and GAS. Those standards require that we comply with applicable ethical requirements. As part of an audit in accordance with GAAS and GAS, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, based on an understanding of the entity and its environment, the applicable financial reporting framework, and the entity's system of internal control, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion;

2. Consider the entity's system of internal control in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we have identified during the audit;
3. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
4. Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for the reasonable period of time.

Because of the inherent limitations of an audit, together with the inherent limitations of controls, an unavoidable risk that some material misstatements may not be detected exists, even though the audit is properly planned and performed in accordance with GAAS and GAS. Because the determination of waste or abuse is subjective, GAS does not require auditors to perform specific procedures to detect waste or abuse in financial statement audits.

We will also communicate to the Board (a) any fraud involving senior management and fraud (whether caused by senior management or other employees) that causes a material misstatement of the financial statements that becomes known to us during the audit, and (b) any instances of noncompliance with laws and regulations that we become aware of during the audit (unless they are clearly inconsequential).

We will maintain our independence in accordance with the standards of the American Institute of Certified Public Accountants ("AICPA") and GAS.

The Responsibilities of Management and Identification of the Applicable Financial Reporting Framework

Management is responsible for:

1. Identifying and ensuring that the District complies with the laws and regulations applicable to its activities, and for informing us about all known violations of such laws or regulations, other than those that are clearly inconsequential;

Easton Park Community Development District
October 14, 2025

2. The design and implementation of programs and controls to prevent and detect fraud, and for informing us about all known or suspected fraud affecting the District involving management, employees who have significant roles in internal control, and others where the fraud could have a material effect on the financial statements; and
3. Informing us of its knowledge of any allegations of fraud or suspected fraud affecting the District received in communications from employees, former employees, analysts, regulators, short sellers, vendors, customers or others.

Management is responsible for the required supplementary information ("RSI") which accounting principles generally accepted in the United States of America ("U.S. GAAP") require to be presented to supplement the basic financial statements.

The Board is responsible for informing us of its views about the risks of fraud, waste or abuse within the District, and its knowledge of any fraud, waste or abuse or suspected fraud, waste or abuse affecting the District.

Our audit will be conducted on the basis that management acknowledges and understands that it has responsibility:

1. For the preparation and fair presentation of the financial statements in accordance with U.S. GAAP;
2. To evaluate subsequent events through the date the financial statements are issued. Management also agrees that it will not conclude on subsequent events earlier than the date of the management representation letter referred to below;
3. For the design, implementation and maintenance of internal control relevant to the preparation of fair presentation of financial statements that are free from material misstatement, whether due to fraud or error;
4. For report distribution; and
5. To provide us with:
 - a. Access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements including information relevant to disclosures;
 - b. Information relevant to the preparation and fair presentation of the financial statements, when needed, to allow for the completion of the audit in accordance with the proposed timeline;
 - c. Additional information that we may request from management for the purpose of the audit; and

Easton Park Community Development District
October 14, 2025
Page 4

- d. Unrestricted access to persons within the District from whom we determine it necessary to obtain audit evidence.

As part of our audit process, we will request from management written confirmation concerning representations made to us in connection with the audit, including among other items:

1. That management has fulfilled its responsibilities as set out in the terms of this Engagement Letter; and
2. That it believes the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

Reporting

We will issue a written report upon completion of our audit of the District's financial statements. Our report will be addressed to the Board of Supervisors of the District. Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinion, or add an emphasis-of-matter paragraph or other-matter paragraph to our auditor's report.

If circumstances arise relating to the condition of the District's records, the availability of appropriate audit evidence or indications of a significant risk of material misstatement of the financial statements because of error, fraudulent financial reporting or misappropriation of assets which, in our professional judgement, prevent us from completing the audit or forming an opinion, we retain the unilateral right to take any course of action permitted by professional standards, including, but not limited to, declining to express an opinion or issue a report, or withdrawing from the engagement.

In addition to our report on the District's financial statements, we will also issue the following reports:

1. Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with GAS;
2. Auditor General Management Letter, if applicable; and
3. Report on Compliance with Section 218.415, Florida Statutes, if applicable.

Records and Assistance

During the course of our engagement, we may accumulate records containing data that should be reflected in the District's books and records. The District will determine that all such data, if necessary, will be so reflected. Accordingly, the District will not expect us to maintain copies of such records in our possession.

The assistance to be supplied by District personnel, including the preparation of schedules and analyses of accounts, will be discussed and coordinated with a designated individual, serving on behalf of management. The timely and accurate completion of this work is an essential condition to our completion of the audit and issuance of our audit report.

Non-audit Services

In connection with our audit, you have requested us to perform the following non-audit services:

1. Assistance in drafting the District's financial statements in accordance with accounting principles generally accepted in the United States of America, based on information provided by the District. While we will assist in drafting the financial statements, management retains responsibility for the financial statements, including their fair presentation, the selection and application of accounting principles, the accuracy and completeness of the underlying financial information, and for reviewing, approving, and accepting the financial statements prior to their issuance. Management is also responsible for establishing and maintaining effective internal controls relevant to the financial reporting process.

GAS independence standards require that the auditor maintain independence so that opinions, findings, conclusions, judgments, and recommendations will be impartial and viewed as impartial by reasonable and informed third parties. Before we agree to provide a non-audit service to the District, we determine whether providing such a service would create a significant threat to our independence for GAS audit purposes, either by itself or in aggregate with other non-audit services provided. A critical component of our determination is consideration of management's ability to effectively oversee the non-audit services to be performed. The District has agreed to designate an individual, serving on behalf of management, who possesses suitable skill, knowledge, and experience, and who understands the non-audit services to be performed and described above sufficiently to oversee them. Accordingly, the management of the District agrees to the following:

1. The District will designate a qualified individual, serving in a management capacity, who possesses suitable skill, knowledge, and experience to oversee the services;
2. The designated individual will assume all management responsibilities for the subject matter and scope of the non-audit service described above;

Easton Park Community Development District
October 14, 2025
Page 6

3. The District will evaluate the adequacy and results of the services performed; and
4. The District accepts responsibility for the results and ultimate use of the services.

GAS further requires that we establish an understanding with the District's management or those charged with governance of the objectives of the non-audit services, the services to be performed, the District's acceptance of its responsibilities, the auditor's responsibilities, and any limitations of the non-audit services. We believe this Engagement Letter documents that understanding.

Other Relevant Information

In accordance with GAS, a copy of our most recent peer review report has been provided to you, for your information.

Fees and Costs

Our fees for the services described above are based upon the value of the services performed and the time required by the individuals assigned to the engagement, plus direct expenses. Billings are due upon submission. Our fee for the services described in this letter for the year ending September 30, 2025 will not exceed \$3,975 unless the scope of the engagement is changed, the assistance which the District has agreed to furnish is not provided, or unexpected conditions are encountered, in which case we will discuss the situation with you before proceeding. Our fee and the timely completion of our work are based on anticipated cooperation from District personnel, timely responses to our inquiries, timely completion and delivery of client assistance requests, timely communication of all significant accounting and financial reporting matters, and the assumption that no unexpected circumstances will be encountered during the engagement. All other provisions of this letter will survive any fee adjustment.

Use and Ownership; Access to Audit Documentation

The Audit Documentation for this engagement is the property of Berger, Toombs, Elam, Gaines, & Frank. For the purposes of this Engagement Letter, the term "Audit Documentation" shall mean the confidential and proprietary records of Berger, Toombs, Elam, Gaines, & Frank's audit procedures performed, relevant audit evidence obtained, other audit-related workpapers, and conclusions reached. Audit Documentation shall not include custom-developed documents, data, reports, analyses, recommendations, and deliverables authored or prepared by Berger, Toombs, Elam, Gaines, & Frank for the District under this Engagement Letter, or any documents belonging to the District or furnished to Berger, Toombs, Elam, Gaines, & Frank by the District.

Review of Audit Documentation by a successor auditor or as part of due diligence is subject to applicable Berger, Toombs, Elam, Gaines, & Frank policies, and will be agreed to, accounted for and billed separately. Any such access to our Audit Documentation is subject to a successor auditor signing an Access and Release Letter substantially in Berger, Toombs, Elam, Gaines, & Frank's form. Berger, Toombs, Elam, Gaines, & Frank reserves the right to decline a successor auditor's request to review our Audit Documentation.

In the event we are required by government regulation, subpoena or other legal process to produce our documents or our personnel as witnesses with respect to our engagement for the District, the District will, so long as we are not a party to the proceeding in which the information is sought, reimburse us for our professional time and expenses, as well as the fees and expenses of our counsel, incurred in responding to such requests.

Indemnification, Limitation of Liability, and Claim Resolution

Because we will rely on the District and its management and Board of Supervisors to discharge the foregoing responsibilities, the District agrees to indemnify, holds harmless and releases Berger, Toombs, Elam, Gaines & Frank, its partners, directors, and employees from all third-party claims, liabilities, losses and costs arising in circumstances where there has been a knowing misrepresentation by a member of the District's management.

The District and Berger, Toombs, Elam, Gaines & Frank agree that no claim arising out of, from, or relating to the services rendered pursuant to this engagement letter shall be filed more than two years after the date of the audit report issued by Berger, Toombs, Elam, Gaines & Frank or the date of this engagement letter if no report has been issued. To the fullest extent permitted by Florida law, our firm shall not be liable for any loss of profits, business interruption, or other consequential, incidental, or punitive damages. In all circumstances, the total liability for any claim arising from this engagement will not exceed the total amount of the fees paid by the District to Berger, Toombs, Elam, Gaines & Frank under this engagement letter. Notwithstanding the foregoing, nothing in this limitation of liability provision shall, or shall be interpreted or construed to, relieve the District of its payment obligations to Berger, Toombs, Elam, Gaines & Frank under this Engagement Letter.

Confidentiality

Berger, Toombs, Elam, Gaines & Frank is committed to the safe and confidential treatment of the District's proprietary information. Berger, Toombs, Elam, Gaines & Frank is required to maintain the confidential treatment of client information in accordance with relevant industry professional standards which govern the provision of services described herein. The District agrees that it will not provide Berger, Toombs, Elam, Gaines & Frank with any unencrypted electronic confidential or proprietary information, and the parties agree to utilize commercially reasonable measures to maintain the confidentiality of the District's information, including the use of collaborate sites to ensure the safe transfer of data between the parties.

Further, in addition to providing you with those deliverables set forth in this Engagement Letter, upon request, we will provide you with a copy of any records we prepare or accumulate in connection with such deliverables which are not otherwise reflected in your books and records without which your books and records would be incomplete. You have the sole responsibility for retaining and maintaining in your possession or custody all of your financial and non-financial records related to this engagement. We will not host, and will not accept responsibility to host, any of your records. We, however, may maintain a copy of any records of yours necessary for us to comply with applicable law and/or professional standards or to exercise our rights under this Engagement Letter. Either party hereto may terminate this Engagement Letter for any reason upon fifteen (15) days' prior written notice to the other party. In the event the District terminates this engagement, the District will pay us for all services rendered, expenses incurred, and noncancelable commitments made by us on the District's behalf through the effective date of termination.

Either party may terminate this Engagement Letter upon written notice if: (i) circumstances arise that in its judgment cause its continued performance to result in a violation of law, a regulatory requirement, applicable professional or ethical standards, or in the case of Berger, Toombs, Elam, Gaines, & Frank, our client acceptance or retention standards; or (ii) if the other party is placed on a Sanctioned List, or if any director or executive of, or other person closely associated with such other party or its affiliate, is placed on a Sanctioned List.

Neither Berger, Toombs, Elam, Gaines & Frank nor the District shall be responsible for any delay or failure in its performance resulting from acts beyond our reasonable control or unforeseen or unexpected circumstances, such as, but not limited to, acts of God, government or war, riots or strikes, disasters, fires, floods, epidemics, pandemics, or outbreaks of communicable disease, cyberattacks, and internet or other system or network outages. At the District's option, the District may terminate this Engagement Letter where our services are delayed more than 120 days; however, the District is not excused from paying us for all amounts owed for services rendered and deliverables provided prior to the termination of this Engagement Letter.

The parties agree that those provisions of this Engagement Letter which, by their context, are intended to survive, including, but not limited to, payment, limitations on liability, claim resolution, use and ownership, and confidentiality obligations, shall survive the termination of this Engagement Letter.
