Good Afternoon,

I am reaching out due to a required resign from the Board. I was in the process of selling my home and it happened a bit faster than expected. It is with a heavy heart that I have to share our relocation. I've been on the Board and in the neighborhood since the beginning of the development, so this is not easy to share with you.

I am not sure if the payment from the last board meeting was sent, but I have checked the mail and it was not received as of yet. Please forward the payment to:

9105 Tredinick Pkwy
Unit 52104
Jacksonville FL 32211

Please advise if you need anything specific from me to finalize this process.

Kisha M. Lewis

Pools

At this time, there are no mechanical issues regarding the pools.

All pressure gauges were replaced due to old gauges being rusty.

The Zero Entry Grating to the pool became brittle and needed to be replaced as an emergency to provide potential injury and avoid closing the pool. The zero entry grating was replaced earlier this month

Several sections of tile had to be patched with epoxy because they were chipped.

Several broken pool gutter grates were cracked and needed replacement

The pool and splash pad were approved by FL Dept of Health for repermitting

Maintenance and Facility

- On May 31st, we had a paid reservation where the resident broken several rules and Staff received numerous complaints about noise.
- Fencing and Amenity Center was pressure washed on June 4th
- The entrance monument was hit by a vehicle involved in a crash. The police report was obtained and provided to District Management for insurance claim. We are in the process of getting bids for the repair.
- A bid was provided for the District Manager for Playground Mulch
- Wasp have been ongoing
- Hi-Tech Security needed to replace the lock on one of the pool gates, as well as secure the magnet to the gym door
- The gym A/C unit failed on Friday, July 18th. A/C tech found the unit empty of refrigerant and that the evaporating coil in the air handler was leaking badly. The unit required new Evap coil and refrigerant.
- **On July 19th, a Fraternity through an unauthorized pool party with several hundred participants and breaking many District Policies. JSO had to be called to clear out the Amenity Center. We are requesting that the Board Consider hiring a security guard daily for the remainder of the Summer**

\$9,925,000 Special Assessment Bonds, Series 2019
Annual Arbitrage Report for the period June 10, 2024 to June 10, 2025

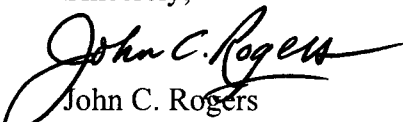

Dear Alta Lakes Community Development District Board of Supervisors:

Please find attached the Annual Arbitrage Report for \$9,925,000 Alta Lakes Community Development District (City of Jacksonville, Florida) Special Assessment Bonds, Series 2019 ("Series 2019").

As calculated in the Annual Arbitrage Report, **no arbitrage liability was incurred** on Series 2019 Bonds during the annual period June 10, 2024 to June 10, 2025, and therefore there is **no need to file** with the U.S. Treasury Department (I.R.S.).

Please note that the next annual arbitrage report for the Series 2019 is due June 10, 2026.

Sincerely,

John C. Rogers
President

Re: \$9,925,000

(City of Jacksonville, Florida)
\$9,925,000 Special Assessment Bonds, Series 2019
Annual Arbitrage Report for the period June 10, 2024 to June 10, 2025

Dear Alta Lakes Community Development District Board of Supervisors:

This opinion is being delivered to you pursuant to our engagement to calculate the annual arbitrage liability, if any, under section 148 of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder (the "Code") for \$9,925,000 Alta Lakes Community Development District (City of Jacksonville, Florida) (the "District"), Special Assessment Bonds, Series 2019 ("Series 2019") for the annual period June 10, 2024 to June 10, 2025 (the "Annual Computation Period"). Our opinion is accompanied by an Annual Arbitrage Report (the "Annual Arbitrage Report").

The scope of our engagement was limited to computing an annual arbitrage liability, if any, for the Series 2019, based upon the following information from the referenced sources:

Trust fund and account statements for Series 2019 for the period June 10, 2024 to June 10, 2025

Source: US Bank

Closing Documents for the Series 2019, including Official Statement, Arbitrage and Tax Certificate and I.R.S. Form "8038-G"

Source: Rizzetta & Company, Tampa, Florida

In accordance with the terms of our engagement, we did not audit the aforementioned information, and we express no opinion as to the completeness or the accuracy of such information for purposes of calculating the annual arbitrage liability amount, if any.

Our Understanding of the Financing

According to the Official Statement, proceeds of Series 2019 were used to provide funds (i) for the payment of the costs of acquiring and/or constructing public infrastructure improvements, (ii) to fund the Series 2019 Reserve Account, (iii) to pay the costs of issuance of Series 2019, and (iv) to pay a portion of the interest coming due on Series 2019.

Factors Entering Our Computations

- a) Our examination of the trust funds and accounts established with respect to the Series 2019 included the Series 2019 Costs of Issuance Account, the Series 2019 Acquisition and Construction Account, the Series 2019 Reserve Account, the Series 2019 Sinking Fund Account, and the Series of 2019 Prepayment Account.
- b) According to the Code, proceeds of Series of 2019 deposited to the Series 2019 Costs of Issuance Account could be invested at a yield greater than the yield on the Series 2019 for the three-year period June 10, 2019 to June 10, 2022 (the “three-year temporary period”), but were subject to arbitrage rebate.
- c) According to the Code, proceeds of Series 2019 deposited to the Series 2019 Acquisition and Construction Account could be invested at a yield greater than the yield on the Series 2019 during the three-year temporary period, but were subject to arbitrage rebate.

According to the Code, proceeds remaining in the Series 2019 Acquisition and Construction Account after the expiration of the three-year period were restricted to the yield on Series 2019.

- d) According to the Code, Series 2019 proceeds deposited to the Series 2019 Reserve Account could be invested at an unrestricted yield in perpetuity but were subject to arbitrage rebate.
- e) The Series 2019 Sinking Fund constituted a “bona fide debt service fund” as defined in the Code during the Annual Computation Period if (1) such fund were used primarily to achieve a proper matching of revenues and debt service payable on the Series 2019, (2) monies deposited therein were spent within a thirteen-month period from the date of receipt thereof, and (3) such funds were exhausted in each Bond Year (as defined in paragraph “g” below), except for a reasonable carryover amount not to exceed the greater of one year’s earnings in such funds or one-twelfth of annual debt service.

In accordance with the Code, a “bona fide debt service fund” is “unrestricted” as to yield, and not subject to arbitrage rebate.

Alta Lakes Community Development District
Annual Arbitrage Report
Page Three

- f) Proceeds of Series of 2019 were not on deposit in the 2019 Prepayment Account during the Annual Computation Period.
- g) “Bond Year” is defined, in accordance with the Code, as the one-year period beginning on June 10, 2024 and ending on June 10, 2025.
- h) According to the Arbitrage and Tax Certificate, the District did not use any proceeds of Series 2019 to reimburse costs incurred by the District prior to June 10, 2019.
- i) According to the Arbitrage and Tax Certificate, the District did not enter into any hedging transaction with respect to Series 2019.
- j) All amounts withdrawn from the trust funds and accounts were assumed to be spent on the day they were withdrawn.
- k) Computations of yield are based on a 360-day year and semiannual compounding.
- l) No investment acquired (or sold) by the District was acquired (or sold) for an amount that was more (or less) than the fair market value of such investment during the Annual Computation Period.
- m) The calculation of arbitrage rebate liability for the Annual Computation Period is made as of June 10, 2025 (the “Annual Computation Date”).

Based upon the assumptions referred to in the preceding paragraphs and the related information referred to above, the computations presented in the accompanying Annual Arbitrage Report and are presented below:

1. The Sources and Uses of Funds Upon Issuance of Series of 2019 are as shown on Page A-1.
2. The yield on Series of 2019 is 4.50194677% (the “Series 2019 Yield”), as calculated on Pages B-1, B-2 and B-3.
3. The District earned \$2,457.51 less on its unrestricted investments on its investments of Series 2019 during the Annual Computation Period than it would have earned had such proceeds been invested at the Series 2019 Yield and therefore **did not incur an arbitrage liability** on Series 2019 during the Annual Computation Period as calculated on Pages C-1 and C-2

4. Our examination of the Series 2019 Sinking Fund showed that such fund constituted a “bona fide debt service fund” the Bond Year and therefore was not subject to arbitrage rebate during such period.

REPORT OF INDEPENDENT AUDITORS

To the Board of Supervisors
Alta Lakes Community Development District
Jacksonville, Florida

Report on Audit of the Financial Statements

Opinion

We have audited the financial statements of the governmental activities and each major fund of Alta Lakes Community Development District (the "District"), as of and for the year ended September 30, 2024, and the related notes to financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Alta Lakes Community Development District as of September 30, 2024, and the respective changes in financial position and the budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS), and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

To the Board of Supervisors
Alta Lakes Community Development District

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for one year beyond the financial statement date, including currently known information that may raise substantial doubt thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining on a test basis, evidence regarding the amounts, and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

To the Board of Supervisors

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the *Governmental Accounting Standards Board* who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated May 2, 2025 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations and contracts.

The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Alta Lakes Community Development District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2024**

Management's discussion and analysis of Alta Lakes Community Development District's (the "District") financial performance provides an objective and easily readable analysis of the District's financial activities. The analysis provides summary financial information for the District and should be read in conjunction with the District's financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District's basic financial statements comprise three components; 1) *Government-wide financial statements*, 2) *Fund financial statements*, and 3) *Notes to financial statements*. The *Government-wide financial statements* present an overall picture of the District's financial position and results of operations. The *Fund financial statements* present financial information for the District's major funds. The *Notes to financial statements* provide additional information concerning the District's finances.

The *Government-wide financial statements* are the **statement of net position** and the **statement of activities**. These statements use accounting methods similar to those used by private-sector companies. Emphasis is placed on the net position of governmental activities and the change in net position. Governmental activities are primarily supported by special assessments.

The **statement of net position** presents information on all assets and liabilities of the District, with the difference between assets and liabilities reported as net position. Net position is reported in three categories; 1) net investment in capital assets, 2) restricted, and 3) unrestricted. Assets, liabilities, and net position are reported for all Governmental activities.

The **statement of activities** presents information on all revenues and expenses of the District and the change in net position. Expenses are reported by major function and program revenues relating to those functions are reported, providing the net cost of all functions provided by the District. To assist in understanding the District's operations, expenses have been reported as governmental activities. Governmental activities financed by the District include general government, physical environment, culture/recreation and debt service.

Fund financial statements present financial information for governmental funds. These statements provide financial information for the major funds of the District. Governmental fund financial statements provide information on the current assets and liabilities of the funds, changes in current financial resources (revenues and expenditures), and current available resources.

**Alta Lakes Community Development District
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended September 30, 2024**

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Fund financial statements include a **balance sheet** and a **statement of revenues, expenditures and changes in fund balances** for all governmental funds. A **statement of revenues, expenditures, and changes in fund balances – budget and actual** is provided for the District's General Fund. *Fund financial statements* provide more detailed information about the District's activities. Individual funds are established by the District to track revenues that are restricted to certain uses or to comply with legal requirements.

The *government-wide financial statements* and the *fund financial statements* provide different pictures of the District. The *government-wide financial statements* provide an overall picture of the District's financial standing. These statements are comparable to private-sector companies and give a good understanding of the District's overall financial health and how the District paid for the various activities, or functions, provided by the District. All assets of the District, including capital assets are reported in the **statement of net position**. All liabilities, including principal outstanding on bonds are included. The **statement of activities** includes depreciation on all long-lived assets of the District, but transactions between the different functions of the District have been eliminated in order to avoid "doubling up" the revenues and expenses. The *fund financial statements* provide a picture of the major funds of the District. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as special assessment bonds, are not included in the fund financial statements. To provide a link from the *fund financial statements* to the *government-wide financial statements*, reconciliations are provided from the *fund financial statements* to the *government-wide financial statements*.

Notes to financial statements provide additional detail concerning the financial activities and financial balances of the District. Additional information about the accounting practices of the District, investments of the District, capital assets and long-term debt are some of the items included in the *notes to financial statements*.

Financial Highlights

The following are the highlights of financial activity for the year ended September 30, 2024.

- ◆ The District's total assets were exceeded by total liabilities by \$(513,154) (net position). Net investment in capital assets was \$2,589,768. Restricted net position was \$136,170. Unrestricted net position was \$(3,239,092).
- ◆ Governmental activities revenues totaled \$1,234,414 while governmental activities expenses totaled \$1,229,705.

Alta Lakes Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2024

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the District have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The District's more significant accounting policies are described below.

1. Reporting Entity

The District was established on November 13, 2018, pursuant to the Uniform Community Development District Act of 1980, Chapter 190, Florida Statutes, as amended (the "Act"), by the City of Jacksonville Ordinance #2018-660-E as a Community Development District. The District was established for the purposes of financing and managing the acquisition, construction, maintenance and operation of the infrastructure necessary for community development within its jurisdiction. The District is authorized to issue bonds for the purpose, among others, of financing, funding, planning, establishing, acquiring, constructing district roads, landscaping, and other basic infrastructure projects within or outside the boundaries of the Alta Lakes Community Development District. The District is governed by a five member Board of Supervisors who are elected on an at large basis by landowners of the District. The District operates within the criteria established by Chapter 190, Florida Statutes.

As required by GAAP, these financial statements present the Alta Lakes Community Development District (the primary government) as a stand-alone government. The reporting entity for the District includes all functions of government in which the District's Board exercises oversight responsibility including, but not limited to, financial interdependency, selection of governing authority, designation of management, significant ability to influence operations and accountability for fiscal matters.

Based upon the application of the above-mentioned criteria as set forth by the Governmental Accounting Standards Board, the District has identified no component units.

2. Measurement Focus and Basis of Accounting

The basic financial statements of the District are composed of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to financial statements

Alta Lakes Community Development District
NOTES TO FINANCIAL STATEMENTS
September 30, 2024

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

a. Government-wide Financial Statements

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Government-wide financial statements report all non-fiduciary information about the reporting government as a whole. These statements include all the governmental activities of the primary government. The effect of interfund activity has been removed from these statements.

Governmental activities are supported by special assessments, and interest. Program revenues are netted with program expenses in the statement of activities to present the net cost of each program.

Amounts paid to acquire capital assets are capitalized as assets, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source.

Amounts paid to reduce long-term indebtedness of the reporting government are reported as a reduction of the related liability, rather than as an expenditure.

b. Fund Financial Statements

The underlying accounting system of the District is organized and operated on the basis of separate funds, each of which is considered to be a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Fund financial statements for the primary government's governmental funds are presented after the government-wide financial statements. These statements display information about major funds individually.

b. Fund Financial Statements (Continued)

Governmental Funds

The District classifies fund balance according to Governmental Accounting Standards Board Statement 54 – Fund Balance Reporting and Governmental Fund Type Definitions. The Statement requires the fund balance for governmental funds to be reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent.

The District has various policies governing the fund balance classifications.

Nonspendable Fund Balance – This classification consists of amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

Restricted Fund Balance – This classification includes amounts that can be spent only for specific purposes stipulated by constitution, external resource providers, or through enabling legislation.

Assigned Fund Balance – This classification consists of the Board of Supervisors' intent to be used for specific purposes, but are neither restricted nor committed. The assigned fund balances can also be assigned by the District's management company.

Unassigned Fund Balance – This classification is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. Unassigned fund balance is considered to be utilized first when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Fund Balance Spending Hierarchy – For all governmental funds except special revenue funds, when restricted, committed, assigned, and unassigned fund balances are combined in a fund, qualified expenditures are paid first from restricted or committed fund balance, as appropriate, then assigned and finally unassigned fund balances.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. Measurement Focus and Basis of Accounting (Continued)

b. Fund Financial Statements (Continued)

Governmental Funds (Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are considered to be available when they are collected within the current period, or soon thereafter, to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Interest associated with the current fiscal period is considered to be an accrual item and so has been recognized as revenue of the current fiscal period.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of “available spendable resources”.

Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of “available spendable resources” during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by non-current liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources are expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability.

Debt service expenditures are recorded only when payment is due.

3. Basis of Presentation

a. Governmental Major Funds

General Fund – The General Fund is the District’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

3. Basis of Presentation (Continued)

a. Governmental Major Funds (Continued)

Debt Service Fund – Accounts for the accumulation of resources for the annual payment of principal and interest on long-term general obligation debt.

Capital Projects Fund – The Capital Projects Funds account for the construction of infrastructure improvements within the boundaries of the District. This fund was closed during the current year.

b. Non-current Governmental Assets/Liabilities

GASB Statement 34 requires that non-current governmental assets, such as capital assets, and non-current governmental liabilities, such as special assessment bonds be reported in the governmental activities column in the government-wide Statement of Net Position.

4. Assets, Liabilities, and Net Position or Equity

a. Cash and Investments

Florida Statutes require state and local governmental units to deposit monies with financial institutions classified as "Qualified Public Depositories," a multiple financial institution pool whereby groups of securities pledged by the various financial institutions provide common collateral from their deposits of public funds. This pool is provided as additional insurance to the federal depository insurance and allows for additional assessments against the member institutions, providing full insurance for public deposits.

The District is authorized to invest in those financial instruments as established by Section 218.415, Florida Statutes. The authorized investments consist of:

1. Direct obligations of the United States Treasury;
2. The Local Government Surplus Funds Trust or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperative Act of 1969;
3. Interest-bearing time deposits or savings accounts in authorized qualified public depositories;
4. Securities and Exchange Commission, registered money market funds with the highest credit quality rating from a nationally recognized rating agency.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

4. Assets, Liabilities, and Net Position or Equity (Continued)

b. Restricted Net Position

Certain net position of the District is classified as restricted on the Statement of Net Position because their use is limited either by law through constitutional provisions or enabling legislation; or by restrictions imposed externally by creditors. In a fund with both restricted and unrestricted net position, qualified expenses are considered to be paid first from restricted net position and then from unrestricted net position.

c. Capital Assets

Capital assets, which include buildings and improvements and infrastructure, are reported in the governmental activities column.

The District defines capital assets as assets with an initial, individual cost of \$5,000 or more and an estimated useful life in excess of two years. The valuation basis for all assets is historical cost.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation of capital assets is computed and recorded by utilizing the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows:

Infrastructure	15 – 25 years
Buildings and improvements	30 years

d. Budgets

Budgets are prepared and adopted after public hearings for the governmental funds, pursuant to Chapter 190, Florida Statutes. The District utilizes the same basis of accounting for budgets as it does for revenues and expenditures in its various funds. The legal level of budgetary control is at the fund level. All budgeted appropriations lapse at year end. Formal budgets are adopted for the general and debt service funds. As a result, deficits in the budget columns of the accompanying financial statements may occur.

e. Unamortized Bond Discount

Bond discounts are presented on the government-wide financial statements. The costs are amortized over the life of the bonds using the method of accounting. For financial reporting, the unamortized bond discount is netted against the applicable long-term debt.

NOTE B – CASH AND INVESTMENTS

All deposits are held in qualified public depositories and are included on the accompanying balance sheet as cash and investments.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a formal deposit policy for custodial credit risk; however, they follow the provisions of Chapter 280, Florida Statutes regarding deposits and investments. As of September 30, 2024, the District's bank balance was \$606,803 and the carrying value was \$604,905. Exposure to custodial credit risk was as follows. The District maintains all deposits in a qualified public depository in accordance with the provisions of Chapter 280, Florida Statutes, which means that all deposits are fully insured by Federal Depositors Insurance or collateralized under Chapter 280, Florida Statutes.

Investments

As of September 30, 2024, the District had the following investments and maturities:

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
First American Treasury Obligation Fund	31 Days*	\$ 601,960

*Weighted Average Maturity

The District categorizes its fair value measurements within the fair value hierarchy recently established by generally accepted accounting principles. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The District uses a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 is the most reliable and is based on quoted price for identical assets, or liabilities, in an active market. Level 2 uses significant other observable inputs when obtaining quoted prices for identical or similar assets, or liabilities, in markets that are not active. Level 3 is the least reliable and uses significant unobservable inputs that use the best information available under the circumstances, which includes the District's own data in measuring unobservable inputs.

Based on the criteria in the preceding paragraph, the investments listed above are Level 1 assets.

Interest Rate Risk

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE B – CASH AND INVESTMENTS (CONTINUED)

Credit Risk

The District's investments are limited by state statutory requirements and bond compliance. The District has no investment policy that would further limit its investment choices. As of September 30, 2024, the District's investments in First American Treasury Obligation Fund were rated AAAM by Standard and Poor's.

Concentration of Credit Risk

The District places no limit on the amount it may invest in any one fund. The District's investment in the First American Treasury Obligation Fund represents 100% of the District's total investments.

The types of deposits and investments and their level of risk exposure as of September 30, 2024 were typical of these items during the period then ended. The District considers any decline in fair value to be temporary.

NOTE C – CAPITAL ASSETS

Capital Asset activity for the period ended September 30, 2024 was as follows:

	Balance October 1, 2023	Additions	Deletions	Balance September 30, 2024
<u>Governmental Activities:</u>				
Capital assets, being depreciated:				
Buildings and improvements	\$ 2,722,020	\$ -	\$ -	\$ 2,722,020

NOTE D – LONG-TERM DEBT (CONTINUED)

Summary of Significant Bond Resolution Terms and Covenants

Significant Bond Provisions

The Series 2019 Bonds, maturing on or after May 1, 2039, are subject to redemption at the option of the District prior to their maturity, in whole or in part, at any time after May 1, 2029 at a redemption price equal to the principal amount of the Series 2019 Bonds to be redeemed, plus accrued interest to the date of redemption. The Series 2019 Bonds are subject to extraordinary mandatory redemption prior to maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Trust Indenture.

The Trust Indenture established certain amounts be maintained in a reserve account. In addition, the Trust Indenture has certain restrictions and requirements relating principally to the use of proceeds to pay for the infrastructure improvements and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements.

Depository Funds

The bond resolution establishes certain funds and determines the order in which revenues are to be deposited into these funds. A description of the significant funds, including their purposes, is as follows:

1. Reserve Fund – The 2019 Reserve Account is funded from the proceeds of the Series 2019 Bonds in an amount equal to the fifty percent of the maximum annual debt service with respect to the Series 2019 Bonds. Monies held in the reserve accounts will be used only for the purposes established in the Trust Indenture.

	Special Assessment Bonds	
	Reserve Balance	Reserve Requirement
Series 2019 Special Assessment Bonds	<u>\$ 300,234</u>	<u>\$ 300,204</u>

NOTE E – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. There were no claims or settled claims from these risks and claims have not exceeded commercial insurance coverage in the last three years.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Board of Supervisors
Alta Lakes Community Development District
Jacksonville, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements, as listed in the table of contents, of Alta Lakes Community Development District, as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the basic financial statements and have issued our report thereon dated May 2, 2025.

Report on Internal Control Over Financial Reporting

In planning and performing our audit, we considered Alta Lakes Community Development District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Alta Lakes Community Development District's internal control. Accordingly, we do not express an opinion on the effectiveness of Alta Lakes Community Development District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

To the Board of Supervisors
Alta Lakes Community Development District

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Alta Lakes Community Development District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT LETTER

To the Board of Supervisors
Alta Lakes Community Development District
Jacksonville, Florida

Report on the Financial Statements

We have audited the financial statements of the Alta Lakes Community Development District as of and for the year ended September 30, 2024, and have issued our report thereon dated May 2, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and Chapter 10.550, Rules of the Florida Auditor General.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* and our Independent Auditor's Report on an examination conducted in accordance with *AICPA Professionals Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, Rules of the Auditor General. Disclosures in those reports, which are dated May 2, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding financial audit report. There were no findings in the previous financial audit report.

Financial Condition and Management

Section 10.554(1)(i)5.a. and 10.556(7), Rules of the Auditor General, require us to apply appropriate procedures and communicate the results of our determination as to whether or not Alta Lakes Community Development District has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific conditions met. In connection with our audit, we determined that Alta Lakes Community Development District did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

To the Board of Supervisors
Alta Lakes Community Development District

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), Rules of the Auditor General, we applied financial condition assessment procedures for Alta Lakes Community Development District. It is management's responsibility to monitor the Alta Lakes Community Development District's financial condition; our financial condition assessment was based in part on the representations made by management and the review of the financial information provided by the same as of September 30, 2024.

Section 10.554(1)(i)2., Rules of the Auditor General, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Specific Information

The information provided below was provided by management and has not been audited; therefore, we do not express an opinion or provide any assurance on the information.

**INDEPENDENT ACCOUNTANTS' REPORT/COMPLIANCE WITH
SECTION 218.415, FLORIDA STATUTES**

To the Board of Supervisors
Alta Lakes Community Development District
Jacksonville, Florida

We have examined Alta Lakes Community Development District's compliance with Section 218.415, Florida Statutes during the year ended September 30, 2024. Management is responsible for Alta Lakes Community Development District's compliance with those requirements. Our responsibility is to express an opinion on Alta Lakes Community Development District's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about Alta Lakes Community Development District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Alta Lakes Community Development District's compliance with the specified requirements.

In our opinion, Alta Lakes Community Development District complied, in all material respects, with the aforementioned requirements during the year ended September 30, 2024.

RESOLUTION 2025-11
[FY 2026 APPROPRIATION RESOLUTION]

THE ANNUAL APPROPRIATION RESOLUTION OF THE ALTA LAKES COMMUNITY DEVELOPMENT DISTRICT (“DISTRICT”) RELATING TO THE ANNUAL APPROPRIATIONS AND ADOPTING THE BUDGET(S) FOR THE FISCAL YEAR BEGINNING OCTOBER 1, 2025, AND ENDING SEPTEMBER 30, 2026; AUTHORIZING BUDGET AMENDMENTS; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, for the fiscal year beginning October 1, 2025, and ending September 30, 2026 (“**FY 2026**”), the District Manager prepared and submitted to the Board of Supervisors (“**Board**”) of the Alta Lakes Community Development District (“**District**”) prior to June 15, 2025, proposed budget(s) (“**Proposed Budget**”) along with an explanatory and complete financial plan for each fund of the District, pursuant to the provisions of Section 190.008(2)(a), *Florida Statutes*; and

WHEREAS, at least sixty (60) days prior to the adoption of the Proposed Budget, the District filed a copy of the Proposed Budget with the local general-purpose government(s) having jurisdiction over the area included in the District pursuant to the provisions of Section 190.008(2)(b), *Florida Statutes*; and

WHEREAS, the Board set a public hearing on the Proposed Budget and caused notice of such public hearing to be given by publication pursuant to Section 190.008(2)(a), *Florida Statutes*; and

WHEREAS, the District Manager posted the Proposed Budget on the District’s website in accordance with Section 189.016, *Florida Statutes*; and

WHEREAS, Section 190.008(2)(a), *Florida Statutes*, requires that, prior to October 1st of each year, the Board, by passage of the Annual Appropriation Resolution, shall adopt a budget for the ensuing fiscal year and appropriate such sums of money as the Board deems necessary to defray all expenditures of the District during the ensuing fiscal year.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE ALTA LAKES COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. BUDGET

- a. The Proposed Budget, attached hereto as **Exhibit A**, as amended by the Board, is hereby adopted in accordance with the provisions of Section 190.008(2)(a), *Florida Statutes* (“**Adopted Budget**”), and incorporated herein by reference; provided, however, that the comparative figures contained in the Adopted Budget may be subsequently revised as deemed necessary by the District Manager to reflect actual revenues and expenditures.
- b. The Adopted Budget, as amended, shall be maintained in the office of the District Manager and at the District’s Local Records Office and identified as “The Budget for the Alta Lakes Community Development District for the Fiscal Year Ending September 30, 2026.”

- c. The Adopted Budget shall be posted by the District Manager on the District's official website in accordance with Chapter 189, *Florida Statutes*, and shall remain on the website for at least two (2) years.

SECTION 2. APPROPRIATIONS

There is hereby appropriated out of the revenues of the District, for FY 2026, the sum(s) set forth in **Exhibit A** to be raised by the levy of assessments and/or otherwise, which sum is deemed by the Board to be necessary to defray all expenditures of the District during said budget year, to be divided and appropriated as set forth in **Exhibit A**.

SECTION 3. BUDGET AMENDMENTS

Pursuant to Section 189.016, *Florida Statutes*, the District at any time within FY 2026 or within 60 days following the end of the FY 2026 may amend its Adopted Budget for that fiscal year as follows:

- a. A line-item appropriation for expenditures within a fund may be decreased or increased by motion of the Board recorded in the minutes, and approving the expenditure, if the total appropriations of the fund do not increase.
- b. The District Manager or Treasurer may approve an expenditure that would increase or decrease a line-item appropriation for expenditures within a fund if the total appropriations of the fund do not increase and if either (i) the aggregate change in the original appropriation item does not exceed the greater of \$15,000 or 15% of the original appropriation, or (ii) such expenditure is authorized by separate disbursement or spending resolution.
- c. Any other budget amendments shall be adopted by resolution and consistent with Florida law. The District Manager or Treasurer must ensure that any amendments to the budget under this paragraph c. are posted on the District's website in accordance with Chapter 189, *Florida Statutes*, and remain on the website for at least two (2) years.

SECTION 4. EFFECTIVE DATE. This Resolution shall take effect immediately upon adoption.

PASSED AND ADOPTED THIS ____ DAY OF _____, 2025.

Our Capabilities

Lake and Pond Management

EMS manages over 1mm acres of aquatic habitats across 11 states. Our 30 years' experience, highly trained staff, deep technical expertise, and wide array of capabilities, along with our long-standing relationships, set us apart in the aquatics industry.

Natural Areas Management

With our certified Natural Areas applicators and fleet of airboats equipped Raven Precision Guides application equipment, EMS oversees large lake and natural resource management programs for countless government agencies and utility clientele. Services include: algae and aquatic weed control; water testing and restoration, lake mapping, shoreline erosion management, and fish stocking and management.

Dredging & Bathymetric Mapping

Our experienced consulting team performs bathymetric surveys and analysis internally, providing multiple layers of data to ensure your ecosystems are healthy and in compliance. EMS boasts 6 hydraulic dredges with trained crews, along with certified equipment operators and long reach excavation equipment to perform mechanical dredging when needed.

Environmental Consulting

Our in-house consulting team performs a range of services, including wetlands consulting, permitting, environmental assessments, wildlife studies and water quality testing and analysis. In addition, all services provided by EMS are environmentally conscious. As stewards of the planet, our commitment is to protect every aquatic ecosystem we care for.

Our Leadership Team

John Crabb, Sr. Aquatics Director - John Crabb has been a licensed aquatics contractor for 30 years across eleven different states. A former board member for the SC Aquatic Plant Management Society and the Arkansas Water Resource Commission, John has been actively involved in the aquatics industry and an advocate for the preservation of natural areas for his entire career. John has provided consulting services for GADNR, SCDNR, Tennessee Valley Authority, City of Atlanta, and Santee Cooper in matters regarding water quality and aquatic resource management. In his 30 years in the industry, John has overseen large-scale lake management programs and drinking reservoirs in thirteen different states.

Jeremy Anderson, Natural Areas Director – Jeremy Anderson has 20 years of natural areas management experience on private, federal, state and utility waterways. He has 10 years of experience treating aquatic weeds on the Santee Cooper lakes. Jeremy is licensed in five states in aquatics, rights-of-way, and natural areas. Mr. Anderson also holds certifications as a Master Certified Stormwater Manager, USCG Captains License, SePRO Certified preferred applicator and Procellacor specialist. Additionally, Jeremy is an experienced Raven Precision Guided spray technician and is licensed BioBase Bathymetry mapping technician. Jeremy oversees services for Miami Dade County, SCDNR aquatic vegetation control program and Santee Lake management program. Jeremy is also certified in hazardous material handling and spill containment.

Jennifer Kasper, Chief Operating Officer - Jennifer Kasper has over 15 years of management experience. Jennifer specializes in administrative management, team leading, and is actively engaged in aquatics training. She oversees all aspects of EMS operations, driving efficiency, scalability, and profitability. With a proven history of implementing innovative solutions and optimizing processes, Jennifer Kasper plays a pivotal role in guiding EMS towards its strategic goals. She brings a combination of strategic vision and hand-on operational expertise, ensuring alignment across departments and fostering a culture of collaboration and excellence. Jennifer is a powerful force in the workplace and uses her cheerful outlook and tireless energy to encourage others to work hard and succeed as a team.

Tim Woodland, President – Tim Woodland has over 15 years of experience in construction, development, and land management, with a particular focus on large scale project management across multiple geographies. Tim is a licensed General Contractor, a Certified Master Pond Manager, and is a member of the Stormwater Policy Committee for the Southeast Stormwater Association. Tim has completed successful projects in 27 different states and internationally for numerous Fortune 100 companies, heads of state and federal and municipal entities.
