

# CDD Playgrounds and Tennis Court

Attention Residents,

CDD playgrounds and tennis court will reopen to residents Friday, May 22nd. Please be advised that staff will not be disinfecting these areas daily and residents will be using them at their own risk.

It is recommended that patrons who use these areas practice safe social distancing as recommending by the CDC. Adult supervision is critical to ensure that children are complying with recommendations.

The fitness room will remain closed at this time. Target date has not be set at this time but I will pass along any information that I receive.

Many of you have reached out to me asking for progress reports regarding the swimming pool. The sub-contractor who was hired to spray the interior finish was terminated two weeks ago by the Contractor. This sub-contractor was largely responsible for the delays. The Contractor has hired another sub and they started working yesterday. We are now seeing huge progress toward the completion. Once the pool has been refilled with water, there will be about two weeks that the finish needs to cure and water balanced. During this time, I will be in communication with the District Chairman, District Manager, and District Counsel regarding target opening dates, as well as other operating guidelines.

When the pool does reopen, it will be with limitations. Expect to see reduced capacity and limited hours initially. These restriction will grow as we enter into other phases of opening.
