Re: Request for Proposal for Professional Auditing Services for the fiscal year ended September 30, 2026, with an option for four (4) additional optional annual renewals.

Grau & Associates (Grau) welcomes the opportunity to respond to the Greater Lakes Sawgrass Bay Community Development District's (the "District") Request for Proposal (RFP), and we look forward to working with you on your audit. We are an energetic and robust team of knowledgeable professionals and are a recognized leader of providing services to Community Development Districts. As one of Florida's few firms to primarily focus on government, we are especially equipped to provide you an effective and efficient audit.

Government audits are at the core of our practice: **95% of our work is performing audits for local governments and of that 98% are for special districts.** With our significant experience, we are able to increase efficiency, to provide immediate and continued savings, and to minimize disturbances to your operations.

Why Grau & Associates:

Knowledgeable Audit Team

Grau is proud that the personnel we assign to your audit are some of the most seasoned auditors in the field. Our staff performs governmental engagements year-round. When not working on your audit, your team is refining their audit approach for next year's audit. Our engagement partners have decades of experience and take a hands-on approach to our assignments, which all ensures a smoother process for you.

Servicing your Individual Needs

Our clients enjoy personalized service designed to satisfy their unique needs and requirements. Throughout the process of our audit, you will find that we welcome working with you to resolve any issues as swiftly and easily as possible. In addition, due to Grau's very low turnover rate for our industry, you also won't have to worry about retraining your auditors from year to year.

Developing Relationships

We strive to foster mutually beneficial relationships with our clients. We stay in touch year-round, updating, collaborating and assisting you in implementing new legislation, rules and standards that affect your organization. We are also available as a sounding board and assist with technical questions.

Maintaining an Impeccable Reputation

We have never been involved in any litigation, proceeding or received any disciplinary action. Additionally, we have never been charged with, or convicted of, a public entity crime of any sort. We are financially stable and have never been involved in any bankruptcy proceedings.

Complying With Standards

Our audit will follow the Auditing Standards of the AICPA, Generally Accepted Government Auditing Standards, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida, and any other applicable federal, state and local regulations. We will deliver our reports in accordance with your requirements.

This proposal is a firm and irrevocable offer for 90 days. We certify this proposal is made without previous understanding, agreement or connection either with any previous firms or corporations offering a proposal for the same items. We also certify our proposal is in all respects fair, without outside control, collusion, fraud, or otherwise illegal action, and was prepared in good faith. Only the person(s), company or parties interested in the project as principals are named in the proposal. Grau has no existing or potential conflicts and anticipates no conflicts during the engagement. Our Federal I.D. number is 20-2067322.

We would be happy to answer any questions or to provide any additional information. We are genuinely excited about the prospect of serving you and establishing a long-term relationship. Please do not hesitate to call or email either of our Partners, Antonio J. Grau, CPA (tgrau@graucpa.com) or Ben Steets, CPA (bsteets@graucpa.com) at 561.994.9299. We thank you for considering our firm's qualifications and experience.

Very truly yours,
Grau & Associates

October 3, 2025

To the Partners of Grau & Associates
And the Peer Review Committee of the
Florida Institute of Certified Public Accountants

We have reviewed the system of quality control for the accounting and auditing practice of Grau & Associates (the firm), in effect for the year ended June 30, 2025. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a system review as described in the Standards may be found at www.aicpa.org/prsummary. The summary also includes an explanation of how engagements identified as not performed or reported on conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing and complying with a system of quality control to provide the firm with reasonable assurance of performing and reporting in conformity with the requirements of applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported on conformity with the requirements of applicable professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of and compliance with the firm's system of quality control based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under *Government Auditing Standards*, including compliance audits under the Single Audit Act.

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

Opinion

In our opinion, the system of quality control for the accounting and auditing practice of Grau & Associates in effect for the year ended June 30, 2025, has been suitably designed and complied with to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. Firms can receive a rating of *pass*, *pass with deficiency(ies)*, or *fail*. Grau & Associates has received a peer review rating of *pass*.

Specific Audit Approach

Grau & Associates
CERTIFIED PUBLIC ACCOUNTANTS

AUDIT APPROACH

Grau's Understanding of Work Product / Scope of Services:

We recognize the District is an important entity and we are confident our firm is eminently qualified to meet the challenges of this engagement and deliver quality audit services. ***You would be a valued client of our firm and we pledge to commit all firm resources to provide the level and quality of services (as described below) which not only meet the requirements set forth in the RFP but will exceed those expectations.*** Grau & Associates fully understands the scope of professional services and work products requested. Our audit will follow the Auditing Standards of the AICPA, *Generally Accepted Government Auditing Standards*, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida and any other applicable Federal, State or Local regulations. **We will deliver our reports in accordance with your requirements.**

Proposed segmentation of the engagement

Our approach to the audit engagement is a risk-based approach which integrates the best of traditional auditing techniques and a total systems concept to enable the team to conduct a more efficient and effective audit. The audit will be conducted in three phases, which are as follows:

Phase I - Preliminary Planning

A thorough understanding of your organization, service objectives and operating environment is essential for the development of an audit plan and for an efficient, cost-effective audit. During this phase, we will meet with appropriate personnel to obtain and document our understanding of your operations and service objectives and, at the same time, give you the opportunity to express your expectations with respect to the services that we will provide. Our work effort will be coordinated so that there will be minimal disruption to your staff.

During this phase we will perform the following activities:

- » Review the regulatory, statutory and compliance requirements. This will include a review of applicable federal and state statutes, resolutions, bond documents, contracts, and other agreements;
- » Read minutes of meetings;
- » Review major sources of information such as budgets, organization charts, procedures, manuals, financial systems, and management information systems;
- » Obtain an understanding of fraud detection and prevention systems;
- » Obtain and document an understanding of internal control, including knowledge about the design of relevant policies, procedures, and records, and whether they have been placed in operation;
- » Assess risk and determine what controls we are to rely upon and what tests we are going to perform and perform test of controls;
- » Develop audit programs to incorporate the consideration of financial statement assertions, specific audit objectives, and appropriate audit procedures to achieve the specified objectives;
- » Discuss and resolve any accounting, auditing and reporting matters which have been identified.

Phase II – Execution of Audit Plan

The audit team will complete a major portion of transaction testing and audit requirements during this phase. The procedures performed during this period will enable us to identify any matter that may impact the completion of our work or require the attention of management. Tasks to be performed in Phase II include, but are not limited to the following:

- » Apply analytical procedures to further assist in the determination of the nature, timing, and extent of auditing procedures used to obtain evidential matter for specific account balances or classes of transactions;
- » Perform tests of account balances and transactions through sampling, vouching, confirmation and other analytical procedures; and
- » Perform tests of compliance.

Phase III - Completion and Delivery

In this phase of the audit, we will complete the tasks related to year-end balances and financial reporting. All reports will be reviewed with management before issuance, and the partners will be available to meet and discuss our report and address any questions. Tasks to be performed in Phase III include, but are not limited to the following:

- » Perform final analytical procedures;
- » Review information and make inquiries for subsequent events; and
- » Meeting with Management to discuss preparation of draft financial statements and any potential findings or recommendations.

You should expect more from your accounting firm than a signature in your annual financial report. Our concept of truly responsive professional service emphasizes taking an active interest in the issues of concern to our clients and serving as an effective resource in dealing with those issues. In following this approach, we not only audit financial information with hindsight but also consider the foresight you apply in managing operations.

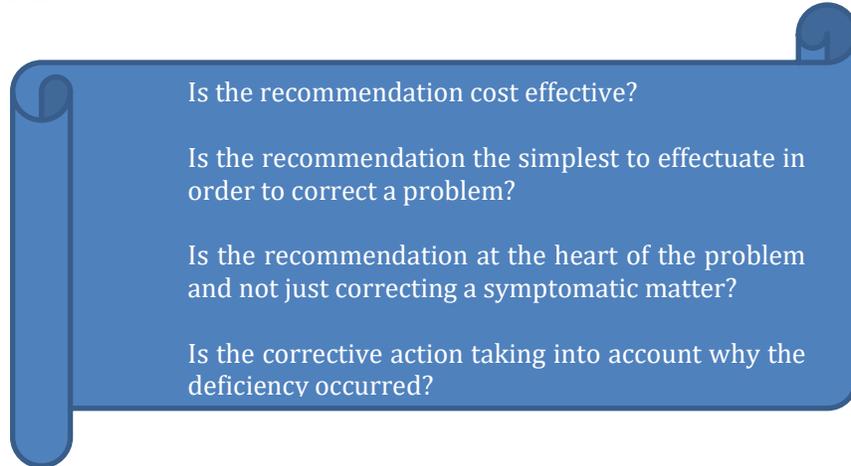

Application of this approach in developing our management letter is particularly important given the increasing financial pressures and public scrutiny facing today's public officials. We will prepare the management letter at the completion of our final procedures.

In preparing this management letter, we will initially review any draft comments or recommendations with management. In addition, we will take necessary steps to ensure that matters are communicated to those charged with governance.

In addition to communicating any recommendations, we will also communicate the following, if any:

- » Significant audit adjustments;
- » Significant deficiencies or material weaknesses;
- » Disagreements with management; and
- » Difficulties encountered in performing the audit.

Our findings will contain a statement of condition describing the situation and the area that needs strengthening, what should be corrected and why. Our suggestions will withstand the basic tests of corrective action:

To assure full agreement with facts and circumstances, we will fully discuss each item with Management prior to the final exit conference. This policy means there will be no “surprises” in the management letter and fosters a professional, cooperative atmosphere.

Communications

We emphasize a continuous, year-round dialogue between the District and our management team. We regularly communicate through personal telephone calls and electronic mail throughout the audit and on a regular basis.

Our clients have the ability to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability. This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal.

Cost of Services

Grau & Associates
CERTIFIED PUBLIC ACCOUNTANTS

Our proposed all-inclusive fees for the financial audit for the fiscal years ended September 30, 2026-2030 are as follows:

<u>Year Ended September 30,</u>	<u>Fee</u>
2026	\$3,000
2027	\$3,100
2028	\$3,200
2029	\$3,300
2030	<u>\$3,400</u>
TOTAL (2026-2030)	<u>\$16,000</u>

The above fees are based on the assumption that the District maintains its current level of operations. Should conditions change or Bonds are issued the fees would be adjusted accordingly upon approval from all parties concerned. If Bonds are issued the fee would increase by \$1,500. The fee for subsequent annual renewals would be agreed upon separately.

Greater Lakes Sawgrass Bay
Community Development District
Audit Selection Committee

Dear Committee Members:

We are pleased to have this opportunity to present the qualifications of DiBartolomeo, McBee, Hartley & Barnes, P.A. (DMHB) to serve as Greater Lakes Sawgrass Bay Community Development District's independent auditors. The audit is a significant engagement demanding various professional resources, governmental knowledge and expertise, and, most importantly, experience serving Florida local governments. DMHB understands the services required and is committed to performing these services within the required time frame. We have the staff available to complete this engagement in a timely fashion. We audit several entities across the State making it feasible to schedule and provide services at the required locations.

Proven Track Record— Our clients know our people and the quality of our work. We have always been responsive, met deadlines, and been willing to go the extra mile with the objective of providing significant value to mitigate the cost of the audit. This proven track record of successfully working together to serve governmental clients will enhance the quality of services we provide.

Experience—DMHB has a history of providing quality professional services to an impressive list of public sector clients in Florida. We currently serve a large number of public sector entities in Florida, including cities, villages, special districts, as well as a large number of community development districts. Our firm has performed in excess of 100 community development district audits. In addition, our senior management team members have between 25 and 35 years experience in serving Florida governments. DMHB is a recognized leader in providing services to governmental and non-profit agencies within the State of Florida. Through our experience in performing audits, we have been able to increase our audit efficiency and therefore reduce cost. We have continually passed this cost saving on to our clients and will continue to do so in the future. As a result of our experience and expertise, we have developed an effective and efficient audit approach designed to meet or exceed the performance specifications in accordance with audit standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States with minimal disruption to your operations. Our firm has frequent technical updates to keep our personnel informed and up to date on all changes that are occurring within the industry.

Timeliness – In order to meet the Districts needs, we will perform interim internal control testing by January 31st from unaudited preliminary general ledgers provided. The remaining testing will be completed no later than May 1st. We will also review all minutes and subsequent needs related to the review of the minutes by January 31st. Follow up review will be completed as necessary.

Communication and Knowledge Sharing— Another driving force behind our service approach is frequent, candid and open communication with management with no surprises. During the course of the audit, we will communicate with management on a regular basis to provide you with a status report on the audit and to discuss any issues that arise, potential management letter comments, or potential audit differences.

In the accompanying proposal, you will find additional information upon which you can evaluate DMHB's qualifications. Our full team is in place and waiting to serve you. Please contact us at 2222 Colonial Road, Suite 200 Fort Pierce, FL 34950. Our phone number is (772) 461-8833. We look forward to further discussion on how our team can work together with you.

Very truly yours,

➤ *Procedures for Ensuring Quality Control & Confidentiality*

Quality control in any CPA firm can never be taken for granted. It requires a continuing commitment to professional excellence. DiBartolomeo, McBee, Hartley & Barnes is formally dedicated to that commitment.

In an effort to continue to maintain the standards of working excellence required by our firm, DiBartolomeo, McBee, Hartley & Barnes, P.A. joined the Quality Review Program of the American Institute of Certified Public Accountants. To be a participating member firm, a firm must obtain an independent compliance review of its quality control policies and procedures to ascertain the firm's compliance with existing auditing standards on the applicable engagements. The scope of peer review is comprehensive in that it specifically reviews the following quality control policies and procedures of the participating firm:

- Professional, economic, and administrative independence
- Assignment of professional personnel to engagements
- Consultation on technical matters
- Supervision of engagement personnel
- Hiring and employment of personnel
- Professional development
- Advancement
- Acceptance and continuance of clients
- Inspection and review system

➤ *Independence*

Independence is a hallmark of our profession. We encourage our staff to use professional judgment in situations where our independence could be impaired or the perception of a conflict of interest might exist. In the governmental sector, public perception is as important as professional standards. Therefore, independent auditors must exercise utmost care in the performance of their duties.

Our firm has provided continuous certified public accounting services in the government sector for 31 years, and we are independent of the Community Development Districts as defined by the following rules, regulations, and standards:

➤ *Computer Auditing Capabilities*

DiBartolomeo, McBee, Hartley & Barnes' strong computer capabilities as demonstrated by our progressive approach to computer auditing and extensive use of microcomputers. Jay McBee is the MIS partner for DMHB. Jay has extensive experience in auditing and evaluating various computer systems and would provide these services in this engagement.

We view the computer operation as an integral part of its accounting systems. We would evaluate the computer control environment to:

- Understand the computer control environment's effect on internal controls
- Conclude on whether aspects of the environment require special audit attention
- Make preliminary determination of comments for inclusion in our management letter

This evaluation includes:

- System hardware and software
- Organization and administration
- Access

TECHNICAL APPROACH

a. *An Express Agreement to Meet or Exceed the Performance Specifications.*

1. The audit will be conducted in compliance with the following requirements:
 - a. Rules of the Auditor General for form and content of governmental audits
 - b. Regulations of the State Department of Banking and Finance
 - c. Audits of State and Local Governmental Units-American Institute of Certified Public Accountants.
2. The audit report shall contain the opinion of the auditor in reference to all financial statements, and an opinion reflecting compliance with applicable legal provisions.
3. We will also provide the required copies of the audit report, the management letter, any related reports on internal control weaknesses and one copy of the adjusting journal entries and financial work papers.
4. The auditor shall, at no additional charge, make all related work papers available to any Federal or State agency upon request in accordance with Federal and State Laws and Regulations.
5. We will work in cooperation with the District, its underwriters and bond council in regard to any bond issues that may occur during the term of the contract.
6. The financial statements shall be prepared in conformity with Governmental Accounting Standards Board Statement Number 34, 63 and 65.

We will commit to issuing the audit for each Fiscal year by June 1st of the following year. In order to ensure this we will perform interim internal control testing as required by January 31st from unaudited preliminary general ledgers provided. The remaining testing will be completed no later than May 1st. We will also review all minutes and subsequent needs related to the review of the minutes by January 30th. Follow up review will be completed as necessary.

b. SPECIFIC AUDIT APPROACH

Our partners are not strangers who show up for an entrance conference and an exit conference. We have developed an audit plan that allows the partners to directly supervise our staff in the field. By assigning two partners to the audit, we will have a partner on-site for a significant portion of the fieldwork. This also gives the District an additional contact individual for questions or problems that may arise during the audit.

The scope of our services will include a financial, as well as, a compliance audit of the District's financial statements. Our audit will be conducted in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Additionally, our audit will be conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local government entity audits performed in the State of Florida.

Our audit approach places emphasis on the accounting information system and how the data is recorded, rather than solely on the verification of numbers on a financial statement. This approach enables us to:

- Maximize our understanding of the District's operating environment
- Minimize time required conducting the audit since we start with broad considerations and narrow to specific audit objectives in critical areas

Our audit approach consists of four phases encompassing our audit process:

- Planning Phase
- Detailed Audit Phase
- Closing Phase
- Reporting

Planning Phase

Meetings and Expectations:

Our first step in this phase will be to set up a planning meeting with the financial and operating management of Greater Lakes Sawgrass Bay Community Development District. Our goal here is to eliminate "surprises." By meeting with responsible officials early on we can discuss significant accounting policies, closing procedures and timetables, planned timing of our audit procedures and expectations of our work. This will also be the starting point for our discussions with management related to *SAS No. 99-Consideration of Fraud in a Financial Statement Audit*. Inquiries will be made regarding managements knowledge of fraud and on management's views regarding the risk of fraud.

Review Operations and Develop Engagement Plan

It is critical that we understand the District's operating environment. To do this we will obtain and review such items as, organizational charts, recent financial statements, budget information, major contracts and lease agreements. We will also gather other information necessary to increase our understanding of the District's operations, organization, and internal control.

Study and Evaluate Internal Control

As part of general planning, we will obtain an understanding and assessment of the District's control environment. This assessment involves a review of management's operating style, written internal control procedures, and the District's accounting system. The assessment is necessary to determine if we can rely on control procedures and thus reduce the extent of substantive testing.

We then test compliance with established control procedures by ascertaining that the significant strengths within the system are functioning as described to us. Generally, transactions are selected and reviewed in sufficient detail to permit us to formulate conclusions regarding compliance with control procedures and the extent of operation compliance with pertinent laws and regulations. This involves gaining an understanding of the District's procedures, laws and regulations, and testing systems for compliance by examining contracts, invoices, bid procedures, and other documents. After testing controls, we then evaluate the results of those tests and decide whether we can rely on controls and thus reduce other audit procedures.

Conduct Preliminary Analytical Review

Also during the planning stage, we undertake analytical procedures that aid us in focusing our energies in the right direction. We call these analytical reviews.

A properly designed analytical review can be a very effective audit procedure in audits of governmental units. Analytical reviews consist of more than just a comparison of current-year actual results to prior-year actual results. Very effective analytical review techniques include trend analysis covering a number of years and comparisons of information not maintained totally within the financial accounting system, such as per capita information, prevailing market interest rates, housing statistics, etc.

Some examples of effective analytical reviews performed together and/or individually include:

- Comparison of current-year actual results with current-year budget for the current and past years with investigation of significant differences and/or trends
- Trend analysis of the percentage of current-year revenues to current-year rates for the current and previous years with investigation of significant changes in the collection percentage
- Trend analysis of the percentage of expenditures by function for the current and previous years with investigation of significant changes in percentages by department
- Monthly analysis of receipts compared to prior years to detect trends that may have audit implications

Conclusions reached enable us to determine the nature, timing and extent of other substantive procedures.

Detailed Audit Phase

Conduct Final Risk Assessment and Prepare Audit Programs

Risk assessment requires evaluating the likelihood of errors occurring that could have a material affect on the financial statements being audited. The conclusions we reach are based on many evaluations of internal control, systems, accounts, and transactions that occur throughout the audit. After evaluating the results of our tests of control and our final risk assessment we can develop detailed audit programs.

Perform Substantive Tests of Account Balances

These tests are designed to provide reasonable assurance as to the validity of the information produced by the accounting system. Substantive tests involve such things as examining invoices supporting payments, confirmation of balances with independent parties, analytical review procedures, and physical inspection of assets. All significant accounts will be subjected to substantive procedures. Substantive tests provide direct evidence of the completeness, accuracy, and validity of data.

Perform Single Audit Procedures (if applicable)

During the planning phase of the audit we will request and review schedules of expenditures of federal awards and state financial assistance. These schedules will be the basis for our determination of the specific programs we will test.

In documenting our understanding of the internal control system for the financial statement audit, we will identify control activities that impact major federal and state programs as well. This will allow us to test certain controls for the financial audit and the single audit concurrently. We will then perform additional tests of controls for each federal and state program selected for testing. We will then evaluate the results of the test of controls to determine the nature, timing and extent of substantive testing necessary to determine compliance with major program requirements.

Perform Statutory Compliance Testing

We have developed audit programs for Greater Lakes Sawgrass Bay Community Development District designed to test Florida Statutes as required by the Auditor General. These programs include test procedures such as general inquiries, confirmation from third parties, and examination of specific documents.

Closing Phase

During the closing phase we perform detail work paper reviews, request legal letters, review subsequent events and proposed audit adjustments. Communication with the client is critical in this phase to ensure that the information necessary to prepare financial statements in conformity with accounting principles generally accepted in the United States has been obtained.

Reporting Phase

Financial Statement Preparation

As a local firm, we spend a considerable amount of time on financial statement preparation and support. With this in mind, we can assist in certain portions of the preparation of financial statements or simply review a draft of financials prepared by your staff. We let you determine our level of involvement.

Management Letters

We want to help you solve problems before they become major.

Our management letters go beyond citing possible deficiencies in the District's internal control structures. They identify opportunities for increasing revenues, decreasing costs, improving management information, protecting assets and improving operational efficiency.

The diversity of experience of our personnel and their independent and objective viewpoints make the comments, observations, and conclusions presented in our management letters a valuable source of information. We have provided positive solution-oriented objective recommendations to our governmental clients regarding investments, accounting accuracy, data processing, revenue bonds, payroll, utility billing, purchasing, budgeting, risk management, and internal auditing.

This review ensures the integrity of the factual data in the management letter but does not influence or impair our independence.

Exit Conferences and Delivery of Reports

We anticipate meeting with appropriate District personnel in February and issuing the final required reports by the May meeting of each year.

PROPOSED AUDIT FEE

DiBartolomeo, McBee, Hartley & Barnes P.A. will perform the annual audit of Greater Lakes Sawgrass Bay Community Development District as follows:
