# **AUDIT APPROACH**

## **Grau's Understanding of Work Product / Scope of Services:**

We recognize the District is an important entity and we are confident our firm is eminently qualified to meet the challenges of this engagement and deliver quality audit services. ***You would be a valued client of our firm and we pledge to commit all firm resources to provide the level and quality of services (as described below) which not only meet the requirements set forth in the RFP but will exceed those expectations.*** Grau & Associates fully understands the scope of professional services and work products requested. Our audit will follow the Auditing Standards of the AICPA, *Generally Accepted Government Auditing Standards*, issued by the Comptroller General of the United States, and the Rules of the Auditor General of the State of Florida and any other applicable Federal, State or Local regulations. **We will deliver our reports in accordance with your requirements.**

## **Proposed segmentation of the engagement**

Our approach to the audit engagement is a risk-based approach which integrates the best of traditional auditing techniques and a total systems concept to enable the team to conduct a more efficient and effective audit. The audit will be conducted in three phases, which are as follows:

## **Phase I - Preliminary Planning**

A thorough understanding of your organization, service objectives and operating environment is essential for the development of an audit plan and for an efficient, cost-effective audit. During this phase, we will meet with appropriate personnel to obtain and document our understanding of your operations and service objectives and, at the same time, give you the opportunity to express your expectations with respect to the services that we will provide. Our work effort will be coordinated so that there will be minimal disruption to your staff.

### **During this phase we will perform the following activities:**

- » Review the regulatory, statutory and compliance requirements. This will include a review of applicable federal and state statutes, resolutions, bond documents, contracts, and other agreements;
- » Read minutes of meetings;
- » Review major sources of information such as budgets, organization charts, procedures, manuals, financial systems, and management information systems;
- » Obtain an understanding of fraud detection and prevention systems;
- » Obtain and document an understanding of internal control, including knowledge about the design of relevant policies, procedures, and records, and whether they have been placed in operation;
- » Assess risk and determine what controls we are to rely upon and what tests we are going to perform and perform test of controls;
- » Develop audit programs to incorporate the consideration of financial statement assertions, specific audit objectives, and appropriate audit procedures to achieve the specified objectives;
- » Discuss and resolve any accounting, auditing and reporting matters which have been identified.

## Phase II – Execution of Audit Plan

The audit team will complete a major portion of transaction testing and audit requirements during this phase. The procedures performed during this period will enable us to identify any matter that may impact the completion of our work or require the attention of management. Tasks to be performed in Phase II include, but are not limited to the following:

- » Apply analytical procedures to further assist in the determination of the nature, timing, and extent of auditing procedures used to obtain evidential matter for specific account balances or classes of transactions;
- » Perform tests of account balances and transactions through sampling, vouching, confirmation and other analytical procedures; and
- » Perform tests of compliance.

## Phase III - Completion and Delivery

In this phase of the audit, we will complete the tasks related to year-end balances and financial reporting. All reports will be reviewed with management before issuance, and the partners will be available to meet and discuss our report and address any questions. Tasks to be performed in Phase III include, but are not limited to the following:

- » Perform final analytical procedures;
- » Review information and make inquiries for subsequent events; and
- » Meeting with Management to discuss preparation of draft financial statements and any potential findings or recommendations.

You should expect more from your accounting firm than a signature in your annual financial report. Our concept of truly responsive professional service emphasizes taking an active interest in the issues of concern to our clients and serving as an effective resource in dealing with those issues. In following this approach, we not only audit financial information with hindsight but also consider the foresight you apply in managing operations.

Application of this approach in developing our management letter is particularly important given the increasing financial pressures and public scrutiny facing today's public officials. We will prepare the management letter at the completion of our final procedures.

In preparing this management letter, we will initially review any draft comments or recommendations with management. In addition, we will take necessary steps to ensure that matters are communicated to those charged with governance.

In addition to communicating any recommendations, we will also communicate the following, if any:

- » Significant audit adjustments;
- » Significant deficiencies or material weaknesses;
- » Disagreements with management; and
- » Difficulties encountered in performing the audit.

Our findings will contain a statement of condition describing the situation and the area that needs strengthening, what should be corrected and why. Our suggestions will withstand the basic tests of corrective action:

To assure full agreement with facts and circumstances, we will fully discuss each item with Management prior to the final exit conference. This policy means there will be no “surprises” in the management letter and fosters a professional, cooperative atmosphere.

### **Communications**

We emphasize a continuous, year-round dialogue between the District and our management team. We regularly communicate through personal telephone calls and electronic mail throughout the audit and on a regular basis.

Our clients have the ability to transmit information to us on our secure client portal with the ability to assign different staff with separate log on and viewing capability. This further facilitates efficiency as all assigned users receive electronic mail notification as soon as new information has been posted into the portal.

# Cost of Services

**Grau & Associates**  
CERTIFIED PUBLIC ACCOUNTANTS

Our proposed all-inclusive fees for the financial audit for the fiscal years ended September 30, 2026-2030 are as follows:

<u>Year Ended September 30,</u>	<u>Fee</u>
2026	\$3,400
2027	\$3,500
2028	\$3,600
2029	\$3,700
2030	<u>\$3,800</u>
<b>TOTAL (2026-2030)</b>	<b><u>\$18,000</u></b>

The above fees are based on the assumption that the District maintains its current level of operations. Should conditions change or Bonds are issued the fees would be adjusted accordingly upon approval from all parties concerned. If Bonds are issued the fee would increase by \$1,500. The fee for subsequent annual renewals would be agreed upon separately.

District Manager  
8529 South Park Circle, Suite 330  
Orlando, FL 33819  
*Westridge Community Development District*

Thank you for the opportunity to submit our qualifications and experience to serve as independent auditors of *Westridge Community Development District*. The accompanying proposal will provide you detailed information regarding the scope of services to be provided, as well as a profile of the firm, the individuals who will serve you, our qualifications and experience, and representative clients, including specific references.

It is our understanding that we will provide the following services:

1. Financial audit of the basic financial statements of *Westridge Community Development District* for the fiscal year ending September 30, 2026, with an option for four additional annual renewals.
2. We will commit to maintain staff required to conclude the audits within the time constraints indicated in the RFP.
3. The audit will be performed in accordance with generally accepted auditing standards, *Governmental Auditing Standards* and the Rules of the Auditor General of the State of Florida.

We believe we are the best-qualified firm to perform the engagement for the following reasons:

- o We presently audit **over forty Community Development Districts**, fourteen municipalities and one special water district and have an excellent working knowledge of generally accepted accounting principles related to governmental entities.
- o We assist in the preparation of the financial statements for most of these governmental entities.
- o We have assisted nine municipalities in receiving the GFOA "Certificate of Achievement for Excellence in Financial Reporting". Most of these municipalities have been receiving the "Certificate of Achievement" for ten to twenty years. Tamara Campbell is active as a national review team member of the GFOA's "Certificate of Achievement for Excellence in Financial Reporting" program. As a review team member, Ms. Campbell reviews and evaluates financial reports submitted by cities and counties to determine whether the financial reports meet the stringent requirements to receive the GFOA's prestigious award. Participating as a review team member, Ms. Campbell has demonstrated her expertise in governmental accounting and auditing.
- o We have strong information technology ability and will input the District's general ledger balances into our ProSystem fx Engagement software and perform a virtually "paperless" audit. The District's Financial Statements are linked to the general ledger; therefore, the likelihood of errors on the financial statements is reduced.
- o We have recent and continuous experience and have devoted a great deal of our continuing education to the governmental auditing and accounting field. Our firm meets the independence and education requirements of the Government Auditing Standards issued by the Comptroller General of the United States. Our firm is independent of *Westridge Community Development District* as defined by Government Auditing Standards.

- o We are members of the American and Florida Institutes of Certified Public Accountants and an Associate member of the Governmental Finance Officers Association. Our firm is active in governmental organizations throughout Central Florida and has served on governmental committees of the Florida Institute of CPAs.
- o We are a local firm with personnel committed to quality and professional performance, accustomed to providing a high level of client satisfaction. We believe that our firm is part of a team effort to assist the District in developing the best financial reporting possible.
- o We have a history of continuity of personnel assigned to the engagement. Our single office firm and low personnel turnover assures uninterrupted services from our partners and staff. We have a staff of 28 people and 8 of those are governmental audit staff.

McDimit Davis, LLC has not colluded with any of the proposers, and we have not defaulted on any previous contract, and are not in arrears on any previous or existing contract and are properly licensed.

Because of our unique qualifications and a philosophy based on complete dedication to client service, we feel confident that we can provide you with responsiveness and a range of experience that will best serve your needs.

Ms. Tamara Campbell, partner, is authorized to represent the firm and may be contacted at 1800 Pembroke Drive, Suite 170, Orlando, Florida 32810, or phone (407) 843-5406.

We would consider it a privilege to continue to serve as independent auditors for *Westridge Community Development District*.

Sincerely,

McDimit Davis, LLC

Tamara Campbell, CPA

## Service Approach

## Service Approach

Our audit will be segmented as follows:

- Phase 1: Audit Planning
- Phase 2: Evaluation and Testing of Internal Controls
- Phase 3: Substantive Testing
- Phase 4: Reporting

### Phase 1: Audit Planning

Preliminary planning includes deciding on an overall strategy for the audit, obtaining an understanding of the entity and its environment, including its internal control, making an initial assessment of audit risk and materiality, and deciding on the overall timing of the engagement. We will also begin to assemble our "permanent file," which consists of copies of organizational charts, District manuals, documents, and financial and other management systems.

We will meet with staff of the District to obtain an understanding of the flow of transactions through your accounting system. This includes understanding your computer environment in order to comply with the requirements of AU-C 300, *Planning an Audit*. We will also gather information to identify fraud risks as required by AU-C 240 *Consideration of Fraud in a Financial Statement Audit*.

We will also perform preliminary analytical procedures and compare trends for the current and at least the two previous years for unusual fluctuations. This will include review of both budget and actual amounts.

During this planning phase, we will ask management and staff at the District to identify areas of higher risk as well as other areas that they want us to focus on during our audit. We will also provide the District with a list of all schedules to be prepared by the District.

### Phase 2: Evaluation and Testing of Internal Controls and Compliance

During Phase 2, we will evaluate your control policies and procedures to determine if they are functioning properly in significant transaction classes. To gain an understanding of the procedures in place, and current internal control structure, we typically conduct interviews with staff and management involved in the specific transaction class to be tested. We then perform tests of these controls to determine with reasonable assurance that control procedures are functioning as planned and whether further testing will be needed.

As part of our tests of controls, we will include tests of compliance with applicable ordinances, and state and federal laws and regulations. In order to determine which ordinances, laws and regulations to test for compliance, we start by reviewing the FICPA Practice Aid *Compliance Auditing in Florida*. We then evaluate which ordinances, laws and regulations have a direct and material effect on the determination of financial statement amounts. Sample sizes are determined based upon our assessment of control risk and may be judgmental, random, or stratified, depending on the attributes of the population being tested. We will select samples from the significant transaction classes and trace from original documents through the computer system to the general ledger through the use of Data Analysis Software.

## Service Approach - Continued

### Phase 2: Evaluation and Testing of Internal Controls and Compliance - Continued

Our control testing includes obtaining an understanding of the computer software used by the District, and tracing sample selections through the system to determine the desired outcomes are being achieved. Our testing of Information Technology includes inquiries of appropriate personnel regarding data backups and access to District files.

After controls have been documented, evaluated and tested, we will finalize the District's audit plan. Audit programs will be tailored to fit the specifics of the District's accounting systems.

### Phase 3: Substantive Testing

Our year-end fieldwork will focus on verifying balances in accounts. For example, we will confirm cash balances, as well as debt balances with financial institutions. In addition to obtaining audit confirmations, representation letters and attorney letters, we will perform tests on account balances using analytical procedures, recalculation and verification.

Our firm uses ProSystem fx Engagement electronic audit software which may allow us to interface with your accounting system and reduce the time required to transfer your accounting data to a separate software package. We believe it is important to use analytical review procedures in this substantive phase of the audit. We compare analytical results to our expectation of what the results should be in order to determine if additional audit procedures are required. Typical analytical procedures include expense variances with previous years and budget amounts, revenue variances with previous years and budgeted amounts.

We will keep the District's management up to date on the progress of the audit and will discuss preliminary findings and potential problems or opportunities as we encounter them. Our approach to resolving problems encountered is to discuss with the District Manager to make sure our understanding is correct. Our process to produce a meaningful "management letter" is to review results of testing of internal controls, as well as year-end field work and draft recommendations for improvements to be discussed with management.

### Phase 4: Reporting

The audit work is reviewed by the engagement partner throughout the engagement. Once the engagement partner review is complete, a second review of the financial statements is performed by the independent reviewer. This second review is required as part of McDermitt Davis's internal system of quality control and ensures the District receives the best service possible.

We will prepare a draft of the financial statements and then issue the following:

- Auditor's report on financial statements
- Report on internal control over financial reporting and on compliance and other matters based on an audit of financial statements performed in accordance with *Government Auditing Standards*.
- Management Letter

We will provide technical assistance to the District to meet changes in required disclosures. Once reports have been reviewed by management and approved in final form, we will issue final reports and supply in electronic format.

**b. SPECIFIC AUDIT APPROACH**

**Our partners are not strangers who show up for an entrance conference and an exit conference.** We have developed an audit plan that allows the partners to directly supervise our staff in the field. By assigning two partners to the audit, we will have a partner on-site for a significant portion of the fieldwork. This also gives the District an additional contact individual for questions or problems that may arise during the audit.

The scope of our services will include a financial, as well as, a compliance audit of the District's financial statements. Our audit will be conducted in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Additionally, our audit will be conducted in accordance with the provisions of Chapter 10.550, Rules of the Auditor General, which govern the conduct of local government entity audits performed in the State of Florida.

Our audit approach places emphasis on the accounting information system and how the data is recorded, rather than solely on the verification of numbers on a financial statement. This approach enables us to:

- Maximize our understanding of the District's operating environment
- Minimize time required conducting the audit since we start with broad considerations and narrow to specific audit objectives in critical areas

Our audit approach consists of four phases encompassing our audit process:

- Planning Phase
- Detailed Audit Phase
- Closing Phase
- Reporting

**Planning Phase**

**Meetings and Expectations:**

Our first step in this phase will be to set up a planning meeting with the financial and operating management of Westridge Community Development District. Our goal here is to eliminate "surprises." By meeting with responsible officials early on we can discuss significant accounting policies, closing procedures and timetables, planned timing of our audit procedures and expectations of our work. This will also be the starting point for our discussions with management related to *SAS No. 99-Consideration of Fraud in a Financial Statement Audit*. Inquiries will be made regarding managements knowledge of fraud and on management's views regarding the risk of fraud.

## **Review Operations and Develop Engagement Plan**

It is critical that we understand the District's operating environment. To do this we will obtain and review such items as, organizational charts, recent financial statements, budget information, major contracts and lease agreements. We will also gather other information necessary to increase our understanding of the District's operations, organization, and internal control.

## **Study and Evaluate Internal Control**

As part of general planning, we will obtain an understanding and assessment of the District's control environment. This assessment involves a review of management's operating style, written internal control procedures, and the District's accounting system. The assessment is necessary to determine if we can rely on control procedures and thus reduce the extent of substantive testing.

We then test compliance with established control procedures by ascertaining that the significant strengths within the system are functioning as described to us. Generally, transactions are selected and reviewed in sufficient detail to permit us to formulate conclusions regarding compliance with control procedures and the extent of operation compliance with pertinent laws and regulations. This involves gaining an understanding of the District's procedures, laws and regulations, and testing systems for compliance by examining contracts, invoices, bid procedures, and other documents. After testing controls, we then evaluate the results of those tests and decide whether we can rely on controls and thus reduce other audit procedures.

## **Conduct Preliminary Analytical Review**

Also during the planning stage, we undertake analytical procedures that aid us in focusing our energies in the right direction. We call these analytical reviews.

A properly designed analytical review can be a very effective audit procedure in audits of governmental units. Analytical reviews consist of more than just a comparison of current-year actual results to prior-year actual results. Very effective analytical review techniques include trend analysis covering a number of years and comparisons of information not maintained totally within the financial accounting system, such as per capita information, prevailing market interest rates, housing statistics, etc.

Some examples of effective analytical reviews performed together and/or individually include:

- Comparison of current-year actual results with current-year budget for the current and past years with investigation of significant differences and/or trends
- Trend analysis of the percentage of current-year revenues to current-year rates for the current and previous years with investigation of significant changes in the collection percentage
- Trend analysis of the percentage of expenditures by function for the current and previous years with investigation of significant changes in percentages by department
- Monthly analysis of receipts compared to prior years to detect trends that may have audit implications

Conclusions reached enable us to determine the nature, timing and extent of other substantive procedures.

## Detailed Audit Phase

### **Conduct Final Risk Assessment and Prepare Audit Programs**

Risk assessment requires evaluating the likelihood of errors occurring that could have a material affect on the financial statements being audited. The conclusions we reach are based on many evaluations of internal control, systems, accounts, and transactions that occur throughout the audit. After evaluating the results of our tests of control and our final risk assessment we can develop detailed audit programs.

### **Perform Substantive Tests of Account Balances**

These tests are designed to provide reasonable assurance as to the validity of the information produced by the accounting system. Substantive tests involve such things as examining invoices supporting payments, confirmation of balances with independent parties, analytical review procedures, and physical inspection of assets. All significant accounts will be subjected to substantive procedures. Substantive tests provide direct evidence of the completeness, accuracy, and validity of data.

### **Perform Single Audit Procedures (if applicable)**

During the planning phase of the audit we will request and review schedules of expenditures of federal awards and state financial assistance. These schedules will be the basis for our determination of the specific programs we will test.

In documenting our understanding of the internal control system for the financial statement audit, we will identify control activities that impact major federal and state programs as well. This will allow us to test certain controls for the financial audit and the single audit concurrently. We will then perform additional tests of controls for each federal and state program selected for testing. We will then evaluate the results of the test of controls to determine the nature, timing and extent of substantive testing necessary to determine compliance with major program requirements.

## **Perform Statutory Compliance Testing**

We have developed audit programs for Westridge Community Development District designed to test Florida Statutes as required by the Auditor General. These programs include test procedures such as general inquiries, confirmation from third parties, and examination of specific documents.

### **Closing Phase**

During the closing phase we perform detail work paper reviews, request legal letters, review subsequent events and proposed audit adjustments. Communication with the client is critical in this phase to ensure that the information necessary to prepare financial statements in conformity with accounting principles generally accepted in the United States has been obtained.

### **Reporting Phase**

#### **Financial Statement Preparation**

As a local firm, we spend a considerable amount of time on financial statement preparation and support. With this in mind, we can assist in certain portions of the preparation of financial statements or simply review a draft of financials prepared by your staff. We let you determine our level of involvement.

#### **Management Letters**

*We want to help you solve problems before they become major.*

Our management letters go beyond citing possible deficiencies in the District's internal control structures. They identify opportunities for increasing revenues, decreasing costs, improving management information, protecting assets and improving operational efficiency.

The diversity of experience of our personnel and their independent and objective viewpoints make the comments, observations, and conclusions presented in our management letters a valuable source of information. We have provided positive solution-oriented objective recommendations to our governmental clients regarding investments, accounting accuracy, data processing, revenue bonds, payroll, utility billing, purchasing, budgeting, risk management, and internal auditing.

This review ensures the integrity of the factual data in the management letter but does not influence or impair our independence.

#### **Exit Conferences and Delivery of Reports**

We anticipate meeting with appropriate District personnel in February and issuing the final required reports by the May meeting of each year.

**PROPOSED AUDIT FEE**

The firm was formed from the merger of Edwards, Berger, Harris & Company (originated in 1972) and McAlpin, Curtis & Associates (originated in 1949). J. W. Gaines and Associates (originated in 1979) merged with the firm in 2004. Our tremendous growth rate experienced over the last 69 years is directly attributable to the firm's unrelenting dedication to providing the highest quality, responsive professional services attainable to its clients.

We are a member of the Private Companies Practice Section (PCPS) of the American Institute of Certified Public Accountants (AICPA) to assure we meet the highest standards. Membership in this practice section requires that our firm meet more stringent standards than standard AICPA membership. These rigorous requirements include the requirement of a triennial peer review of our firm's auditing and accounting practice and annual Continuing Professional Education (CPE) for all accounting staff (whether CPA or non-CPA). For standard AICPA membership, only a quality review is required and only CPAs must meet CPE requirements.

We are also a member of the Government Audit Quality Center ("the Center") of the American Institute of Certified Public Accountants to assure the quality of our government audits. Membership in the Center, which is voluntary, requires our firm to comply with additional standards to promote the quality of government audits.

We have been extensively involved in serving local government entities with professional accounting, auditing and consulting services throughout the entire 69 year history of our firm. Our substantial experience over the years makes us uniquely qualified to provide accounting, auditing, and consulting services to these clients. We are a recognized leader in providing services to governmental and nonprofit agencies on the Treasure Coast and in Central and South Florida, with extensive experience in auditing community development districts and water control districts. We were the independent auditors of the City of Fort Pierce for over 37 years and currently, we are the independent auditors for St. Lucie County since 2002, and for 34 of the 38 years that the county has been audited by CPA firms. Additionally, we have performed audits of the City of Stuart, the City of Vero Beach, Indian River County and Martin County. We also presently audit over 75 Community Development Districts throughout Florida.

Our firm was founded on the belief that we are better able to respond to our clients needs through education, experience, independence, quality control, and personal service. Our firm's commitment to quality is reflected in our endeavor of professional excellence via continuing education, the use of the latest computer technology, professional membership in PCPS and peer review.

We believe our approach to audit engagements, intelligence and innovation teamed with sound professional judgment enables us to explore new concepts while remaining sensitive to the fundamental need for practical solutions. We take pride in giving you the assurance that the personal assistance you receive comes from years of advanced training, technical experience and financial acumen.

## Professional Staff Resources

**Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL** has a total of 32 professional and administrative staff (including 12 professional staff with extensive experience servicing government entities). The work will be performed out of our Fort Pierce office with a proposed staff of one senior accountant and one or two staff accountants supervised by an audit manager and audit partner. With the exception of the directors of the firm's offices, the professional staff is not specifically assigned to any of our individual offices. The professional and administrative staff resources available to you through Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL are as follows:

	<u>Total</u>
Partners/Directors (CPA's)	7
Managers (1 CPA)	2
Senior/Supervisor Accountants (1 CPA)	3
Staff Accountants	8
Paraprofessional	6
Administrative	<u>6</u>
Total – all personnel	32

Following is a brief description of each employee classification:

**Staff Accountant** – Staff accountants work directly under the constant supervision of the auditor-in-charge and, are responsible for the various testing of documents, account analysis and any other duties as his/her supervisor believes appropriate. Minimum qualification for a staff accountant is graduation from an accredited university or college with a degree in accounting or equivalent.

**Senior Accountant** – A senior accountant must possess all the qualifications of the staff accountant, in addition to being able to draft the necessary reports and financial statements, and supervise other staff accountants when necessary.

**Managers** – A manager must possess the qualifications of the senior accountant, plus be able to work without extensive supervision from the auditor-in-charge. The manager should be able to draft audit reports from start to finish and to supervise the audit team, if necessary.

**Partner/Director** – The director has extensive governmental auditing experience and acts as the auditor-in-charge. Directors have a financial interest in the firm.

## **Professional Staff Resources (Continued)**

**Independence** – Independence of the public accounting firm, with respect to the audit client, is the foundation from which the public gains its trust in the opinion issued by the public accounting firm at the end of the audit process. This independence must be in appearance as well as in fact. The public must perceive that the accounting firm is independent of the audit entity to ensure that nothing would compromise the opinion issued by the public accounting firm. **Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL** is independent of Westridge Community Development District, including its elected officials and related parties, at the date of this proposal, as defined by the following rules, regulations, and standards:

Au-C Section 220 – Statements on Auditing Standards issued by the American Institute of Certified Public Accountants;

ET Sections 101 and 102 – Code of Professional Conduct of the American Institute of Certified Public Accountants;

Chapter 21A-1, Florida Administrative Code;

Section 473.315, Florida Statutes; and,

Government Auditing Standards, issued by the Comptroller General of the United States.

On an annual basis, all members of the firm are required to confirm, in writing, that they have no personal or financial relationships or holding that would impair their independence with regard to the firm's clients.

Independence is a hallmark of our profession. We encourage our staff to use professional judgment in situations where our independence could be impaired or the perception of a conflict of interest might exist. In the governmental sector, public perception is as important as professional standards. Therefore, the utmost care must be exercised by independent auditors in the performance of their duties.

### **Ability to Furnish the Required Services**

As previously noted in the Profile of the Proposer section of this document, our firm has been in existence for over 74 years. We have provided audit services to some clients for over 30 years continually. Our firm is insured against physical loss through commercial insurance and we also carry liability insurance. The majority of our audit documentation is stored electronically, both on our office network and on each employee laptop or computer assigned to each specific job. Our office computer network is backed up on tape, so in the event of a total equipment loss, we can restore all data as soon as replacement equipment is acquired. In addition, our field laptop computers carry the same data and can be used in the event of emergency with virtually no delay in completing the required services.

## **GOVERNMENTAL AUDITING EXPERIENCE**

**Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL** has been practicing public accounting in Florida for 69 years. Our success over the years has been the result of a strong commitment to providing personalized quality service to our clients.

### **Continuing Professional Education**

All members of the governmental audit staff of our firm, and audit team members assigned to this engagement, are in compliance with the Continuing Professional Education (CPE) requirements set forth in Government Auditing Standards issued by the Comptroller General of the United States. In addition, our firm is in compliance with the applicable provisions of the Florida Statutes that require CPA's to have met certain CPE requirements prior to proposing on governmental audit engagements.

## GOVERNMENTAL AUDITING EXPERIENCE (CONTINUED)

The audit team has extensive experience in performing governmental audits and is exposed to intensive and continuing concentration on these types of audits. Due to the total number of governmental audits our team performs, each member of our governmental staff must understand and be able to perform several types of governmental audits. It is our objective to provide each professional employee fifty hours or more of comprehensive continuing professional education each year. This is accomplished through attending seminars throughout Florida and is reinforced through in-house training.

Our firm has made a steadfast commitment to professional education. Our active attendance and participation in continuing professional education is a major part of our objective to obtain the most recent knowledge on issues which are of importance to our clients. We are growing on the reputation for work that our firm is providing today.

### Quality Control Program

Quality control requires continuing commitment to professional excellence. **Berger, Toombs, Elam, Gaines & Frank, Certified Public Accountants, PL** is formally dedicated to that commitment.

To ensure maintaining the standards of working excellence required by our firm, we joined the Private Companies Practice Section (PCPS) of the American Institute of Certified Public Accountants (AICPA). To be a participating member firm of this practice section, a firm must obtain an independent Peer Review of its quality control policies and procedures to ascertain the firm's compliance with existing auditing standards on the applicable engagements.

The scope of the Peer Review is comprehensive in that it specifically reviews the following quality control policies and procedures of the participating firm:

- Professional, economic, and administrative independence;
- Assignment of professional personnel to engagements;
- Consultation on technical matters;
- Supervision of engagement personnel;
- Hiring and employment of personnel;
- Professional development;
- Advancement;
- Acceptance and continuation of clients; and,
- Inspection and review system.

We believe that our commitment to the program is rewarding not only to our firm, but primarily to our clients.

The external independent Peer Review of the elements of our quality control policies and procedures performed by an independent certified public accountant, approved by the PCPS of the AICPA, provides you with the assurance that we continue to conform to standards of the profession in the conduct of our accounting and auditing practice.

## **GOVERNMENTAL AUDIT EXPERIENCE (CONTINUED)**

Our firm is also a member of Governmental Audit Quality Center (GAQC), a voluntary membership center for CPA firms that perform governmental audits. This center promotes the quality of governmental audits.

Our firm has completed successive Peer Reviews. These reviews included a representative sample of our firm's local governmental auditing engagements. As a result of these reviews, our firm obtained an unqualified opinion on our quality control program and work procedures. On page 33 is a copy of our most recent Peer Review report. It should be noted that we received a pass rating.

Our firm has never had any disciplinary actions by state regulatory bodies or professional organizations.

As our firm performs approximately one hundred audits each year that are reviewed by federal, state or local entities, we are constantly dealing with questions from these entities about our audits. We are pleased to say that any questions that have been raised were minor issues and were easily resolved without re-issuing any reports.

### **Certificate of Achievement for Excellence in Financial Reporting (CAFR)**

We are proud and honored to have been involved with the City of Fort Pierce and the Fort Pierce Utilities Authority when they received their first Certificates of Achievement for Excellence in Financial Reporting for the fiscal years ended September 30, 1988 and 1994, respectively. We were also instrumental in the City of Stuart receiving the award, in our first year of performing their audit, for the year ended September 30, 1999.

We also assisted St. Lucie County, Florida for the year ended September 30, 2003, in preparing their first Comprehensive Annual Financial Report, and St. Lucie County has received their Certificate of Achievement for Excellence in Financial Reporting every year since.

As continued commitment to insuring that we are providing the highest level of experience, we have had at least one employee of our firm serve on the GFOA – Special Review Committee since the mid-1980s. This committee is made up of selective Certified Public Accountants throughout the United States who have demonstrated their high level of knowledge and expertise in governmental accounting. Each committee member attends a special review meeting at the Annual GFOA Conference. At this meeting, the committee reports on the Certificate of Achievement Program's most recent results, future goals, and common reporting deficiencies.

We feel that our previous experience in assisting the City of Fort Pierce, the Fort Pierce Utilities Authority and St. Lucie County obtain their first CAFRs, and the City of Stuart in continuing to receive a CAFR and our firm's continued involvement with the GFOA, and the CAFR review committee make us a valued asset for any client in the field of governmental financial reporting.

## **FEE SCHEDULE**

We propose the fee for our audit services described below to be \$4,100 for the years ended September 30, 2026 and 2027, \$4,225 for the year ended September 30, 2028, and \$4,450 for the years ended September 30, 2029 and 2030. In addition, if a bond issuance occurs there will be an additional fee for each additional bond. The fee is contingent upon the financial records and accounting systems of Westridge Community Development District being "audit ready" and the financial activity for the District is not materially increased. If we discover that additional preparation work or subsidiary schedules are needed, we will consult with your authorized representative. We can assist with this additional work at our standard rates should you desire.

## **SCOPE OF WORK TO BE PERFORMED**

If selected as the District's auditors, we will perform a financial and compliance audit in accordance with Section 11.45, Florida Statutes, in order to express an opinion on an annual basis on the financial statements of Westridge Community Development District as of September 30, 2026, 2027, 2028, 2029 and 2030. The audits will be performed to the extent necessary to express an opinion on the fairness in all material respects with which the financial statements present the financial position, results of operations and changes in financial position in conformity with generally accepted accounting principles and to determine whether, for selected transactions, operations are properly conducted in accordance with legal and regulatory requirements. Reportable conditions that are also material weaknesses shall be identified as such in the Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters. Other (non-reportable) conditions discovered during the course of the audit will be reported in a separate letter to management, which will be referred to in the Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters.

Our audit will be performed in accordance with standards for financial and compliance audits contained in *Government Auditing Standards*, as well as in compliance with rules and regulations of audits of special districts as set forth by the State Auditor General in Chapter 10.550, Local Governmental Entity Audits, and other relevant federal, state and county orders, statutes, ordinances, charter, resolutions, bond covenants, Administrative Code and procedures, or rules and regulations which may pertain to the work required in the engagement.

The primary purpose of our audit will be to express an opinion on the financial statements discussed above. It should be noted that such audits are subject to the inherent risk that errors or irregularities may not be detected. However, if conditions are discovered which lead to the belief that material errors, defalcations or other irregularities may exist or if other circumstances are encountered that require extended services, we will promptly notify the appropriate individual.
