

Louisiana Delta Community College

Academic Affairs Master Syllabus

Course Name: ANALOG CONTROL SYSTEMS

Course Number: INST 2830

Credit Lecture hours: 0 **Credit Lab Hours:** 3 **Contact Hours:** 90

Textbook, Author, and Publisher: To be provided by College Campus

Instructor Information: To be provided by College Campus

Class Location: To be provided by College Campus

Course Description: The student will be asked to construct, troubleshoot, and repair process control loops using analog control devices. Loop documentation and drawings will also be presented.

Prerequisites: None

Co-requisites: None

Learning Outcomes:

On completion of this course, the student should be able to perform the following with a proficiency that complies with the minimum standard of industry:

Competency:

1. Construct a process loop.

Objectives:

- a. Identify test equipment, tools, and materials to construct a process loop.
- b. Develop a process loop.
- c. Calibrate instruments needed for loop construction.
- d. Start up, tune, and operate a loop.
- e. Document results.
- f. Demonstrate appropriate safety procedures.

Competency

2. Troubleshoot and repair process control loops.

Objectives:

- a. Identify process control loop application.
- b. Identify all test equipment, tools, and materials needed.
- c. Apply safety procedures.

Competency:

3. Describe annunciator/shutdown systems.

Objectives:

- a. Identify terms associated with annunciator/shutdown systems
- b. Identify types of annunciator/shutdown systems.
- c. Describe the operation of annunciator/shutdown systems.
- d. Document results.

Learning Outcomes continued:Competency:

4. Construct an annunciator/shutdown system.

Objectives:

- a. Identify and select annunciator/shutdown system components.
- b. Identify all test equipment, tools, and materials needed for construction
- c. Document results.
- d. Apply appropriate safety procedures.

Competency:

5. Troubleshoot and repair an annunciator/shutdown system.

Objectives:

- a. Identify annunciator/shutdown system application.
- b. Describe troubleshooting techniques.
- c. Identify all test equipment, tools, and materials needed for troubleshooting.
- d. Apply appropriate safety precautions.

Assessment Measures: To be provided by the College Campus.**Library Resource Center:**

The Delta Library and Learning Resource Center is committed to providing quality information and learning resources and services, including technology, in supporting the overall mission of Delta Community College and its commitment to lifelong learning.

Special Accommodations:

Louisiana Delta Community College complies with Section 504 of the Rehabilitation Act, as well as the Americans with Disabilities Act. Students with disabilities who attend the Monroe campus may make a request by contacting the Director of Counseling and Disability Services (See College Directory for contact information.) at the beginning of each semester. Reasonable accommodations will be attempted for students with documented disabilities. If an impairment is identified later in the semester, a non-retroactive accommodation plan will be developed. Students at satellite campuses should contact the Coordinator of Student Affairs at their particular campus.

Title IX:

Louisiana Delta Community College is committed to protecting the rights of students, which includes compliance with Title IX requirements. As such, the institution and members of our community will not tolerate the offenses of dating violence, domestic violence, sexual assault, and stalking. Students with Title IX concerns should contact the College's Title IX Coordinator (See College Directory for contact information.) Students are required to complete Sexual Assault Awareness and Prevention Online Training. Access to this online course will be sent out through the Delta email account.

Student Code of Conduct:

Louisiana Delta Community College encourages an environment of academic integrity and mutual respect. Students should read and follow both academic and behavioral expectations identified in the Code of Student Conduct that can be found online at www.ladelta.edu. Students are expected to act with integrity, respect the rights of others, and conduct themselves in a professional manner. The Honor Code prohibits academic misconduct such as cheating, engaging in unauthorized collaboration, and plagiarism. Violations of the Code of Student Conduct may result in disciplinary action as provided in the Code. Incidents are reported through the online Student Conduct system.
