By submitting a Proposal, the Proposer is assumed to be familiar with all federal, state, and local laws, ordinances, rules, and regulations that in any manner affect the work as well as the District's operating rules and procedures. 9. SUBMISSION OF ONLY ONE PROPOSAL. Proposers shall be disqualified, and their proposals rejected if the District has reason to believe that collusion may exist among the Proposers, the Proposer has defaulted on any previous contract or is in arrears on any previous or existing contract, or for failure to demonstrate proper licensure and business organization.

- C.** Describe proposed staffing levels, including information on current operations, administrative, maintenance and management staffing of both a professional and technical nature, including resumes for staff at or above the project manager level.
- D.** Information related to other projects of similar size and scope for which Proposer has provided, or is currently providing, landscape and irrigation maintenance services (forms attached).

15. INSURANCE. All Proposers shall include as part of their proposal a current Certificate of Insurance demonstrating that the company's ability to meet the insurance coverage requirements set forth in the attached contract form provided herein. In the event the Proposer is notified of award, it shall provide proof of the insurance coverage identifying the District, its officers, employees and agents as additional insureds, as stated in the Contract form provided herein, within fourteen (14) calendar days after notification, or within such approved extended period as the District may grant. Failure to provide proof of insurance coverage shall constitute a default.

16. FINANCIALS. In evaluating and scoring the proposals, the District will consider the financial capability of each Proposer, and as such each Proposer should submit relevant information regarding financial capability. In the event the Proposer is notified of award, the District may in its sole discretion require that the Proposer provide sufficient proof of financial capability, including, if requested, audited financial statements from the last three years.

17. BASIS OF AWARD/RIGHT TO REJECT. The District reserves the right to reject any and all proposals, in its sole and absolute discretion, make modifications to the work, and waive any informalities or irregularities in proposals as it is deemed in the best interests of the District.

18. CONTRACT AWARD. Within fourteen (14) days of receipt of the Notice of Award from the District or as otherwise extended by the District, the Proposer shall enter into and execute a Contract in substantially the form included in the Project Manual. If a Proposer to whom a contract is awarded forfeits and fails to execute a contract agreement within the aforementioned timeframe, the contract award may be annulled at the District's option. If the award is annulled, the District may, at its sole discretion, award the contract to the next highest ranked Proposer for the contract work, re-advertise, perform the work by day/temporary labor, or through in-house operations. The District and the selected contractor ("**Contractor**") will execute a contract for a specified term. This RFP does not guarantee that a contract will be awarded. The District reserves the exclusive right to reject any and all Proposals. The District reserves the right to award by items, groups of items, or total proposal.

19. MANDATORY AND PERMISSIVE REQUIREMENTS. Notwithstanding anything else within the Project Manual, the only mandatory requirements of this Project Manual are that each Proposer must (1) be authorized to do business in Florida, (2) hold all required state and federal licenses in good standing; (3) have at least five (5) years of experience as a landscape and irrigation maintenance contractor; (4) attend the mandatory pre-proposal meeting, (5) must be in good financial standing with no history of bankruptcy or financial reorganization, and (6) be fully licensed and insured. All other requirements set forth in the Project Manual shall be deemed "permissive," in that a Proposer's failure to meet any requirement described in mandatory terms such as "shall," "will," "mandatory," or similar language does not automatically disqualify the Proposer's Proposal, but instead in the Board's discretion may result in the disqualification of a Proposal or alternatively may be taken into account in the evaluation and scoring of the Proposal.

20. INDEMNIFICATION. The successful Proposer shall fully indemnify, defend, and hold harmless the District and its officers, agents, and employees from and against all claims, damages, costs, and losses arising, in whole or in part, from Contractor's negligence or breach of contract, as more fully set forth in the agreement form, provided herein.

21. LIMITATION OF LIABILITY. Nothing herein shall be construed as or constitute a waiver of District's limitations on liability contained in section 768.28, *Florida Statutes*, or other statute or law.

22. EVALUATION OF PROPOSALS. The proposals shall be ranked based on criteria presented in the Evaluation Criteria sheets contained within the Project Manual. The Board shall review and evaluate the Proposals in their individual discretion and make any final determination with respect to the award of a final contract that is in the best interests of the District. Chapter 112 of the *Florida Statutes* will govern any voting conflicts of interest, and as such a voting conflict of interest may arise solely where there is a personal financial interest relating to the contract award.

Proposals may be held by the District for a period not to exceed 90 days from the date of proposal opening for the purposes of reviewing the proposals and investigating the qualifications of the Proposers, prior to executing a contract agreement. During this time, all provisions of the submitted proposal must be in effect, including pricing. The District may visit the Proposer's facilities as part of the evaluation process. The District also reserves the right to seek clarification from prospective firms on any issue in a response, invite specific firms for site visits or oral presentations, or take any action it feels necessary to properly evaluate the submissions and construct a solution in the District's best interest. Failure to submit the requested information or required documentation may result in the lessening of the proposal score or the disqualification of the proposal response.

23. COLLUSION. Proposers shall be disqualified, and their proposals rejected if the District has reason to believe that collusion may exist among the Proposers, the Proposer has defaulted on any previous contract or is in arrears on any previous or existing contract, or for failure to demonstrate proper licensure and business organization.

24. BLACK OUT PERIOD/CONE OF SILENCE. The blackout period is defined as between the time the Request For Proposals is issued by the District and the time the Board awards the contract. During this black out period, and except as otherwise expressly authorized herein, any attempt to communicate either directly or indirectly with District staff or officials related to this solicitation for goods or services, in person, by mail, by facsimile, by telephone, by electronic mail, or by any other means of communication, will result in disqualification of their award and/or contract. This does not apply to pre-solicitation conferences, contract negotiations, or communications with staff not concerning this solicitation.

25. PRICING. Proposers shall submit their price information on the supplied forms with all blank spaces completed. Proposers shall also sign the required form. Each line item shall be clearly stated and cover all charges including incidental expenses, applicable taxes, insurance, overhead and profit. Proposers will not be allowed to make any substitutions in materials, quantities, or frequencies during the proposal process. Proposers shall guarantee that their pricing to the District shall not increase throughout the term of the contract agreement executed.

26. REFERENCE TERMS. Any headings in this document are for the purposes of reference only and shall not limit or otherwise affect the meaning thereof. Any reference to gender shall be construed to include all genders, firms, partnerships, and corporations. References in the singular shall be construed to include the plural and references in the plural shall be construed to include the singular.

27. ADDITIONAL TERMS AND CONDITIONS. No additional terms and conditions included with the proposal response shall be evaluated or considered and any and all such additional terms and conditions shall have no force and effect and are inapplicable to this proposal. If submitted either purposefully through

intent or design or inadvertently appearing separately in transmitting letters, specifications, literature, price lists or warranties, it is understood and agreed the general and special conditions in this solicitation are the only conditions applicable to this proposal and the Proposer's authorized signature affixed to the proposal attests to this.

28. NO CONSIDERATION OF SOCIAL, POLITICAL, OR IDEOLOGICAL INTERESTS. The District may not request documentation of or consider a vendor's social, political, or ideological interests when determining if the vendor is a responsible vendor. The District may not give preference to a vendor based on the vendor's social, political, or ideological interests. Each solicitation for procurement of commodities or contractual services by the District will include a provision notifying vendors of these provisions.

29. PROTESTS. Any protest relating to the Project Manual, including but not limited to protests relating to the proposal notice, the proposal instructions, the proposal forms, the contract form, the scope of work, the maintenance map, the specifications, the Evaluation Criteria, the evaluation process, or any other issues or items relating to the Project Manual, must be filed in writing, within seventy-two (72) hours (excluding Saturdays, Sundays, and official holidays of the State of Florida) after the issuance of the Project Manual (**i.e., by no later than [BID PROTEST DEADLINE] 5:00 PM (EST)**), and any protest relating to a decision regarding a contract award or rejection of proposal(s) must be filed within seventy-two (72) hours (excluding Saturdays, Sundays, and official holidays of the State of Florida) after issuance of a notice of such a decision. Such protests must be filed at: **Lexington Oaks Community Development District, c/o: Inframark & Co., Inc., 2005 Pan Am Cir., Tampa, FL 33607, ATTN: Mark Vega, District Manager.** A formal protest setting forth with particularity the facts and law upon which the protest is based shall be filed within seven (7) calendar days after the initial notice of protest was filed. Failure to timely file a notice of protest or failure to timely file a formal written protest shall constitute a waiver of any right to object or protest relating to the aforesaid Project Manual.

Any person who files a notice of protest shall provide to the District, simultaneous with the filing of the notice, a protest bond with a responsible surety to be approved by the District and in the amount equal to 20% of the anticipated total contract award (including the initial one-year term of the contract and all renewal terms) that is the subject of the protest. If the protest relates to the Project Manual, or a decision to reject all proposals, the protest bond shall be in the amount of One Hundred Thousand Dollars (\$100,000.00). In the event the protest is successful, the protest bond shall be refunded to the protestor. In the event the protest is unsuccessful, the protest bond shall be applied towards the District's costs, expenses and attorney's fees associated with hearing and defending the protest. In the event the protest is settled, the protest bond may be applied as set forth in the settlement agreement. No proposer shall be entitled to recover any costs of proposal preparation from the District, regardless of the outcome of any protest.

Additional information and requirements regarding protests are set forth in the Project Manual and the District's Rules of Procedure, which are available from the District Manager, Inframark & Co., Inc., 2005 Pan Am Circle Suite 300 Tampa, Florida 33607

3. Understanding Scope of RFP (10 Points Possible) (____ Points Awarded)

Does the proposal demonstrate an understanding of the District's needs for the services requested? 4. Price (20 Points Possible) (____ Points Awarded)

A full twenty (20) points will be awarded to the Proposer submitting the lowest bid for Parts 1 - 4 (the Contract Amount). AN AVERAGE OF ALL FIVE YEARS' PRICING IS TO BE CONSIDERED WHEN AWARDING POINTS FOR PRICING - THE INITIAL TERM AND THE FIRST, SECOND, THIRD & FOURTH ANNUAL RENEWALS. All other proposers will receive a percentage of this amount based upon a formula which divides the low bid by the proposer's bid and is then multiplied by the number of points possible (20) in this part of the evaluation criteria. *

* Contractor "A" turns in a bid of \$210,000 and is deemed to be low bid and will receive the full 20 points. Contractor "B" turns in a bid of \$265,000. Bid "A" is divided by Bid "B" then multiplied by the number of points possible (20). $(210,000/265,000) \times 20 = 15.80$. Therefore, Contractor "B" will receive 15.80 of 20 possible points. Additionally, for the services specified in Parts 2 & 3 of the Contractor's Proposal Form attached as Exhibit C, the District agrees to pay Contractor using the pricing specified in the Contractor's Proposal Form in the month after the services were performed and after required documentations (if any) have been provided. Up to a maximum of XXXXXXXXXXXXXXXX Dollars and 00/100 Cents (\$XXXXXX.00) for the Initial contract term, and the same rate for subsequent first, second, third and fourth annual renewals, shall be paid if all mulch topdressings (Part 4) are performed and awarded to Contractor and all annual flower rotations (Part 5) are performed and awarded to Contractor. Contractor shall not perform mulching or annual flower installation services without the prior written approval of the District.

If any additional Services are proposed beyond those identified in this Agreement, Contractor shall perform them but only after receiving a written Work Authorization from the District. Contractor shall cooperate with and assist the District in preparing and determining the scope of any additional work. In the event the service represents a unit price set forth in this Agreement, Contractor's compensation shall be adjusted for the added or deducted services proposed by the Work Authorization in accordance with the unit prices established in the Agreement. In the event the service is not represented by a lump sum or unit price set forth in this Agreement, Contractor's compensation shall be adjusted for the added or deducted services proposed by the Work Authorization as reasonably determined by the District in conference with the Contractor. All Work Authorizations shall be in the form attached hereto as **Exhibit D**.

SECTION 5. WARRANTY AND COVENANT. The Contractor warrants to the District that all materials furnished under this Agreement shall be new, and that all services and materials shall be of good quality, free from faults and defects. The Contractor hereby warrants any materials and Services for a period of one year after acceptance by the District or longer as required under Florida law. With respect to any and all plant material provided pursuant to Section 2, all plant material shall be guaranteed to be in a satisfactory growing condition and to live for a period of one year from planting except for annuals (if any), which will be replaced seasonally. All plants that fail to survive under the guarantee shall be replaced as they fail with the same type and size as originally specified. Contractor further warrants to the District those warranties which Contractor otherwise warrants to others and the duration of such warranties is as provided by Florida law unless longer guarantees or warranties are provided for elsewhere in the Agreement (in which case the longer periods of time shall prevail). Contractor shall replace or repair warranted items to the District's satisfaction and in the District's discretion. Neither final acceptance of the Services, nor monthly or final payment therefore, nor any provision of the Agreement shall relieve Contractor of responsibility for defective or deficient materials or Services. If any of the Services or materials are found to be defective,

At no time shall Contractor be without insurance in the above amounts. No policy may be canceled during the term of this Agreement without at least thirty (30) days written notice to the District. An insurance certificate evidencing compliance with this section shall be sent to the District prior to the commencement of any performance under this Agreement.

SECTION 7. INDEPENDENT CONTRACTOR. It is understood and agreed that at all times the relationship of Contractor and its employees, agents, subcontractors or anyone directly or indirectly employed by Contractor to the District is the relationship of an independent contractor and not that of an employee, agent, joint venturer or partner of the District. Nothing in this Agreement shall be interpreted or construed as creating or establishing the relationship of employer and employee between the District and Contractor or any of its employees, agents, subcontractors or anyone directly or indirectly employed by Contractor. The parties acknowledge that Contractor is not an employee for state or federal tax purposes. Contractor shall hire and pay all of Contractor's employees, agents, subcontractors or anyone directly or indirectly employed by Contractor, all of whom shall be employees of Contractor and not employees of District and at all times entirely under Contractor's supervision, direction and control.

Contractor shall indemnify District for all damage or losses it may incur or be exposed to because of Contractor or any of its employees, agents, subcontractors, or anyone directly or indirectly employed by Contractor's failure to comply with the provisions contained herein.

SECTION 9. DEFAULT AND PROTECTION AGAINST THIRD PARTY INTERFERENCE. A default by either party under this Agreement shall entitle the other to all remedies available at law or in equity, which may include, but not be limited to, the right of actual damages and/or specific performance. SECTION 17. APPLICABLE LAW AND VENUE. This Agreement and the provisions contained herein shall be construed, interpreted and controlled according to the laws of the State of Florida. Each party

consents that the venue for any litigation arising out of or related to this Agreement shall be in Pasco County, Florida.

SECTION 18. INDEMNIFICATION.

A. Contractor agrees to defend, indemnify, and hold harmless the District and its officers, agents, employees, successors, assigns, members, affiliates, or representatives from any and all liability, claims, actions, suits, liens, demands, costs, interest, expenses, damages, penalties, fines, judgments against the District, or loss or damage, whether monetary or otherwise, arising out of, wholly or in part by, or in connection with the Services to be performed by Contractor, its subcontractors, its employees and agents in connection with this Agreement, including litigation, mediation, arbitration, appellate, or settlement proceedings with respect thereto. For avoidance of doubt, the indemnification obligation of the Contractor herein requires the Contractor to indemnify the District for any and all percentage of fault attributable to Contractor for in any claims arising hereunder (whether such claim is against the District, the Contractor or the District and Contractor as jointly liable parties) regardless of whether the District is adjudged to be more or less than 50% at fault. Contractor shall not be required to indemnify the District for the District's percentage of fault, if any. Contractor further agrees that nothing herein shall constitute or be construed as a waiver of the District's limitations on liability contained in section 768.28, Florida Statutes, or other statute.

B. Obligations under this section shall include the payment of all settlements, judgments, damages, liquidated damages, penalties, forfeitures, back pay awards, court costs, arbitration and/or mediation costs, litigation expenses, attorney fees, and paralegal fees (incurred in court, out of court, on appeal, or in bankruptcy proceedings) as ordered.

SECTION 19. LIMITATIONS ON GOVERNMENTAL LIABILITY. Nothing in this Agreement shall be deemed as a waiver of immunity or limits of liability of the District beyond any statutory limited waiver of immunity or limits of liability which may have been adopted by the Florida Legislature in Section 768.28, *Florida Statutes*, or other statute, and nothing in this Agreement shall inure to the benefit of any third party for the purpose of allowing any claim which would otherwise be barred under the Doctrine of Sovereign Immunity or by operation of law.

SECTION 20. TERMINATION. The District agrees that the Contractor may terminate this Agreement for cause by providing sixty (60) days' written notice of termination to the District; provided, however, that the District shall be provided a reasonable opportunity to cure any failure under this Agreement. The Contractor agrees that the District may terminate this Agreement immediately for cause by providing written notice of termination to the Contractor. The District shall provide thirty (30) days' written notice of termination without cause. Upon any termination of this Agreement, the Contractor shall be entitled to payment for all Services rendered up until the effective termination of this Agreement, subject to whatever claims or off sets the District may have against the Contractor as the sole means of recovery for termination.

SECTION 21. INSPECTIONS. The District shall designate in writing a person to act as the District's representative with respect to the services to be performed under this Agreement. The District's representative shall have complete authority to transmit instructions, receive information, interpret and define the District's policies and decisions with respect to materials, equipment, elements, and systems pertinent to the Contractor's services.

A. The District hereby designates the District Manager, Landscape Specialist or a representative of the District Manager, to act as its representative.

B. The Contractor agrees to have a representative present at the regularly scheduled Board of Supervisors' monthly CDD meetings. The Contractor agrees to meet with a District representative, when requested, to walk the property to discuss conditions, schedules, and items of concern regarding this Contract. At that time, the District will compile a list of landscape related items (Landscape Inspection Report) that should be corrected before the next walk through or other designated time. The Contractor shall be required to provide, in writing, (typically within seven (7) calendar days) what actions shall be taken to remedy those findings within the Landscape Inspection Report. Response shall include a timeline as to when items shall be completed as well as diagnosis and treatment plans for those items requiring such. If the Contractor does not respond within the specified time, the first offense will result in a written warning; the second offense will result in a second written warning and the Board of Supervisors for the District will be notified; the third offense may terminate this contract for cause at the District's discretion. If the deficient items have not been rectified to the District's satisfaction within the stated time provided in the response to the Landscape Inspection Report, (but in no circumstance no longer than a 1-month period), the District reserves the right to subcontract out such work and withhold the cost of such work from the Contractor's next monthly invoice. The District will be responsible for scheduling the inspections. The District must have no less than five (5) days' notice if there is a need to reschedule. Inspections will proceed with or without the attendance of the Contractor. Notwithstanding, Contractor is responsible for a weekly inspection of the entire property subject to the Contract Work. Contractor shall provide to management a written summary of work performed for each week with notification of any problem areas.

SECTION 22. OWNERSHIP OF DOCUMENTS. All rights in and title to all plans, drawings, specifications, ideas, concepts, designs, sketches, models, programs, software, creation, inventions, reports, or other tangible work product originally developed by Contractor pursuant to this Agreement shall be and remain the sole and exclusive property of the District when developed and shall be considered work for hire.

SECTION 23. PUBLIC RECORDS. Contractor understands and agrees that all documents of any kind provided to the District in connection with this Agreement may be public records, and, accordingly, Contractor agrees to comply with all applicable provisions of Florida law in handling such records, including but not limited to Section 119.0701, *Florida Statutes*. Contractor acknowledges that the designated public records custodian for the District is Mark Vega ("Public Records Custodian"). Among other requirements and to the extent applicable by law, the Contractor shall 1) keep and maintain public records required by the District to perform the service; 2) upon request by the Public Records Custodian, provide the District with the requested public records or allow the records to be inspected or copied within a reasonable time period at a cost that does not exceed the cost provided in Chapter 119, *Florida Statutes*; 3) ensure that public records which are exempt or confidential, and exempt from public records disclosure requirements, are not disclosed except as authorized by law for the duration of the contract term and following the contract term if the Contractor does not transfer the records to the Public Records Custodian of the District; and 4) upon completion of the contract, transfer to the District, at no cost, all public records in Contractor's possession or, alternatively, keep, maintain and meet all applicable requirements for retaining public records pursuant to Florida laws. When such public records are transferred by the Contractor, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the District in a format that is compatible with Microsoft Word or Adobe PDF formats.

IF THE CONTRACTOR HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, *FLORIDA STATUTES*, TO THE CONTRACTOR'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THIS AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS, INFRAMARK & CO., INC., 2005 PAN AM CIRCLE, TAMPA, FL 33607, (813) 933-5571, INFO@INFRAMARK.COM

SECTION 24. SEVERABILITY. The invalidity or unenforceability of any one or more provisions of this Agreement shall not affect the validity or enforceability of the remaining portions of this Agreement, or any part of this Agreement not held to be invalid or unenforceable.

SECTION 25. HEADINGS FOR CONVENIENCE ONLY. The descriptive headings in this Agreement are for convenience only and shall not control nor affect the meaning or construction of any of the provisions of this Agreement.

SECTION 26. ENTIRE AGREEMENT. This instrument shall constitute the final and complete expression of the agreement between the parties relating to the subject matter of this Agreement.

SECTION 27. E-VERIFY REQUIREMENTS. The Contractor shall comply with and perform all applicable provisions of Section 448.095, *Florida Statutes*. Accordingly, beginning January 1, 2022, to the extent required by Florida Statute, Company shall register with and use the United States Department of Homeland Security's E-Verify system to verify the work authorization status of all newly hired employees. The District may terminate this Agreement immediately for cause if there is a good faith belief that the Contractor has knowingly violated Section 448.091, *Florida Statutes*.

If the Contractor anticipates entering into agreements with a subcontractor, the Contractor will not enter into the subcontractor agreement without first receiving an affidavit from the subcontractor regarding compliance with Section 448.095, *Florida Statutes*, and stating that the subcontractor does not employ, contract with, or subcontract with an unauthorized alien. The Contractor shall maintain a copy of such affidavit for the duration of the agreement and provide a copy to the District upon request. In the event that the District has a good faith belief that a subcontractor has knowingly violated Section 448.095, *Florida Statutes*, but the Contractor has otherwise complied with its obligations hereunder, the District shall promptly notify the Contractor. The Contractor agrees to immediately terminate the agreement with the subcontractor upon notice from the District. Further, absent such notification from the District, the Contractor or any subcontractor who has a good faith belief that a person or entity with which it is contracting has knowingly violated s. 448.09(1), *Florida Statutes*, shall promptly terminate its agreement with such person or entity.

By entering into this Agreement, the Contractor represents that no public employer has terminated a contract with the Contractor under Section 448.095(2)(c), *Florida Statutes*, within the year immediately preceding the date of this Agreement.

SECTION 28. COMPLIANCE WITH SECTION 20.055, *FLORIDA STATUTES*. The Contractor agrees to comply with Section 20.055(5), *Florida Statutes*, to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing pursuant to such section and to incorporate in all subcontracts the obligation to comply with Section 20.055(5), *Florida Statutes*.

Contractor certifies it: (i) is not in violation of Section 287.135, *Florida Statutes*; (ii) is not on the Scrutinized Companies with Activities in Sudan List; (iii) is not on the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List; (iv) does not have business operations in Cuba or Syria; (v) is not on the Scrutinized Companies that Boycott Israel List; and (vi) is not participating in a boycott of Israel. If the Contractor is found to have submitted a false statement with regards to the prior sentence, has been placed on the Scrutinized Companies with Activities in Sudan List, the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, or the Scrutinized Companies that Boycott Israel List, has engaged in business operations in Cuba or Syria, and/or has engaged in a boycott of Israel, the District may immediately terminate the Contract.

EXHIBIT "A" - SCOPE OF SERVICES

PART 1

GENERAL LANDSCAPE MAINTENANCE

1) MOWING – All grass areas will be mowed on the following schedule:

MARCH 1 – NOVEMBER 1 – Once a week

NOVEMBER 1 – MARCH 1 – Once every two weeks

This schedule estimates that there will be between 41 – 45 cuts annually based on standard growing periods in Florida, however, requires a minimum of 52 services (weekly) to perform those duties, other than mowing, that cannot remain unattended for two weeks. (i.e., weed control, selective mowing, debris clearing, and general detailing of property, etc.) Notwithstanding the above, at no time will the grass be allowed to grow beyond a maximum height of five (5) inches. Each mowing should leave the St. Augustine & Bahia grass at a height of three and one half (3 1/2) to four (4) inches and Celebration Bermuda at a height of three quarter (3/4) to one and one quarter (1 1/4) inches. Do not remove more than 1/3 of the height of the leaf blade at any one mowing. All blades shall be kept sharp at all times to provide a high-quality cut and to minimize disease. The DISTRICT requires mowers to be equipped with a mulching type deck. Rotary Mowers are preferred for heights above one (1) inch and Reel type mowers for heights below one (1) inch. Clippings may be left on the lawn as long as no readily visible clumps remain on the grass after mowing. Otherwise, large clumps of clippings **MUST** either be collected and removed by the CONTRACTOR **OR** be **immediately** re-distributed across the lawn. This is to re-introduce nutrients in the clippings back into the soil system. In case of fungal disease outbreaks, the clippings will be collected until the disease is under control. The CONTRACTOR shall restore any noticeable damage caused by the CONTRACTOR'S mowing equipment within twenty-four hours from the time the damage is caused at his sole cost and expense. Contractor shall be responsible for training all its personnel in the technical aspects of Lexington Oaks CDD's Landscape Maintenance Program and general horticultural practices. This training will also include wetland species identification as it relates to lake banks & wetland areas. The Contractor shall be held responsible for all damage to wetlands, littoral shelves, mitigation areas and uplands due to mowing/fertilizing/herbicide applications, etc. Weekend work is permitted when necessary upon prior approval. Any lawn that dies or becomes weak or unsightly (including heavy weed infestation, excessive insect or disease damage, etc.) shall be replaced at the sole cost of the Contractor. This excludes damage from water restrictions (only if automatic irrigation is completely and legally banned by the State and/or local authorities). At all times, Contractor must maintain the perimeters of all natural areas so the growth does not overtake the turf in open lawns, pond banks, tracts between the edges of the wetland and sidewalks, trails or roadways. Contractor is expected to regularly cut this material back and dispose of off-site on an as-needed basis. Contractors will be expected to maintain these tree lines in this trimmed condition throughout the duration of the contract.

1A) POND MOWING – Each mowing shall leave the grass at a height of four (4) to four and one half (4 1/2) inches. Pond banks will be mowed and/or trimmed to water's edge or sod line (if water is not present). Line trimming at water's edge and line trimming of all drainage structures

shall occur each and every time the pond is mowed. Careful attention must be paid to mower height on pond banks so as not to scalp at the crest of the lake bank and increase the chances for pond bank erosion. Also, when line trimming to water's edge, Contractor shall be extremely careful not to scalp at the water's edge also increasing chances of pond bank erosion. Line trimming height shall be the same as mowing height (if not slightly higher). Contractor shall be careful to keep trimmings from entering water. Excessive clippings shall be hand removed. As mentioned earlier, The DISTRICT requires mowers to be equipped with a mulching-type deck with mulch flap in the closed position, specifically around pond banks. If circumstances do not allow this, mowers must blow all clippings away from pond banks, but not into any residential lawns. It is understood that trash of any kind and other debris within arm's reach of water's edge shall be removed & disposed of by Contractor during every normal service event.

2) **EDGING AND TRIMMING** – All hard-edged areas (curbs, sidewalks, bike paths, nature trails, etc.) shall be edged and/or line trimmed every week and soft-edged areas (tree rings, shrub and groundcover bed lines) shall be edged a minimum of every other week. All edging shall be performed to the sole satisfaction of the DISTRICT. **Chemical edging shall not be permitted anywhere on property.**

AT NO TIME SHALL LAWN BE ALLOWED TO GROW IN AN UNSIGHTLY MANNER. SHOULD THIS OCCUR, CONTRACTOR AGREES TO CORRECT WITHIN TWENTY-FOUR HOURS OF NOTICE BY DISTRICT. CONTRACTOR SHALL COMPLETE ALL LAWN MAINTENANCE ACTIVITIES (i.e., MOWING, EDGING, LINE TRIMMING, BLOWING OFF SIDEWALKS, BOARDWALKS, DRIVEWAYS, CURB & GUTTERS, ETC.) IN RELATIVELY SMALL, MANAGEABLE SECTIONS. THE ENTIRE PROPERTY (OR DESIGNATED SECTIONS) MUST BE MOWED, EDGED, LINE-TRIMMED AND ALL DEBRIS BLOWN OFF ALL PAVEMENT IN THE SAME DAY. CONTRACTOR IS NOT TO LEAVE GRASS CLIPPINGS, TRIMMED WEEDS, TURF, DIRT OR DEBRIS ON ANY SURFACES FOR MORE THAN TWO HOURS. IF A MOWING EVENT IS MISSED, EVERY EFFORT SHALL BE MADE TO PERFORM THE MOWING SERVICE THE SAME WEEK (INCLUDING SATURDAYS WITH PRIOR APPROVAL). IF THIS IS NOT POSSIBLE, THE CONTRACTOR SHALL PROVIDE THE DISTRICT A CREDIT FOR FUTURE SERVICES OR ADD A MOWING EVENT TO BE PROVIDED AT A LATER DATE. THE DISTRICT SHALL DETERMINE WHETHER THE CREDIT OR EXTRA MOWING SHALL BE USED.

3) **TREE AND SHRUB CARE** – All deciduous trees shall be pruned when dormant to ensure proper uniform growth. All evergreen trees shall be pruned in the early summer and fall to ensure proper growth and proper head shape. Sucker growth at the base of the trees shall be removed by hand continuously throughout the year. Aesthetic pruning shall consist of the removal of dead

and/or broken branches as often as necessary to have trees appear neat at all times. Branches will be pruned just outside the branch collar. Contractor is responsible for the removal of all branches and limbs up to a 4" diameter and up to a 15' height to keep them from encroaching onto buildings (including roofs), signage structures, play structures, fences & walls, as well as pruned to prevent streetlights and traffic signage from being blocked. Additionally, trees shall be pruned over sidewalks, nature trails, parking lots and roadways so as not to interfere with pedestrians or cars. (This is to include maintaining at all times a minimum of ten to fifteen (10-15) feet of clearance under all limbs over sidewalks/turf areas (10') in and outside of ROW's and roads (15'), respectively. This may depend on location and species of tree and shall vary according to DOT specs. All moss hanging from trees (including ball moss) shall be removed up to a height of 15' from all CDD-maintained trees on an as-needed basis. During the dormant season, ALL Crape Myrtles shall have ALL mosses removed up to a height of 15'. During this time, all Crape Myrtles less than 15' in height must be pruned. This includes the removal of all seed pods. Crape Myrtles are not to be "hat racked" at any time. Pencil to thumb pruning is the preferred method of Crape Myrtle pruning and shall be performed after threat of frost has passed but before new growth flushes. Any initial removal of all Spanish and Ball Mosses shall be included in the proposals and completed within ninety (90) days of contract commencement.

All shrubs will be pruned as necessary to retain an attractive shape and fullness, removing broken or dead limbs as necessary to provide a neat and clean appearance. Shrubs shall not be clipped into balled or boxed forms unless such forms are required by design. Shrubs shall be pruned in accordance with the intended function of the plant in its present location. Flowering shrubs shall be pruned immediately after the blossoms have cured with top pruning restricted to shaping the terminal growth. All pruning shall be done with horticultural skill and knowledge to maintain an overall acceptable appearance consistent with the current aesthetics of Lexington Oaks. The Contractor agrees that pruning is an art that must be done under the supervision of a highly trained foreman and shall make provisions for such supervision. Individual plants sheared into rounded balls or unnatural shapes will not be allowed. In fact, shearing should be incorporated on a limited basis to not spread fungus and other disease. Selective pruning is the preferred method of shaping. Contractor shall sterilize all pruning equipment prior to pruning the next shrub grouping; particularly when fungal diseases are known to be present. All clippings and debris from pruning will be carted away at the time pruning takes place and disposed of off-site. It is of utmost importance that all plant material within clear site lines and visibility triangles at roadway intersections and medians is maintained at or below the required heights. It is the Contractor's responsibility to bring to the attention of the District all areas that are not in compliance. If pruning will bring the area into compliance, then the Contractor, after conferring with District's representative, will proceed with the pruning activity. However, if pruning will NOT bring the area into compliance, perhaps due to permanent existing grades, another solution will need to be proposed and executed.

Palms: All palms (regardless of height) shall receive pruning as often as necessary to appear neat and clean at all times. This includes only the removal of brown and/or broken fronds and inflorescence. Removal of green or even yellowing fronds is unnecessary and pruning of palms shall never raise the canopy above the three o'clock – nine o'clock horizontal. Contractor will not be asked to trim a singular palm on the property but will be required to trim palms once a significant quantity of palms have a petticoat of dead fronds. Fronds should be removed only once they turn

brown or become broken or are disrupting flow of pedestrian/vehicular traffic or are hanging on architectural structures. Flower/Fruit pods shall be removed prior to development. Tarpaulins shall be used in areas where date palms and other palm fruits may stain sidewalks & pavement including, but not limited to, pool decks. Contractor shall be responsible for the removal of all palm fruit stains. Contractor shall utilize sterilized pruning equipment (preferably having a minimum of two sets of pruning tools to allow sterilization of previously used equipment between palms). Contractor shall pay careful attention when pruning Medjool, Sylvester, Reclinata, Canary & Washington Palms. Palms on pool decks (and all other plant material, in general, on pool decks) shall be inspected during every maintenance visit and pruned as necessary in order to keep this area safe, neat and attractive at ALL times.

4) WEEDS AND GRASSES – All shrub & groundcover beds as well as all turf areas shall be kept reasonably free of weeds and grasses and be neatly cultivated and maintained in an orderly fashion at all times. This may be accomplished by carefully applied applications of pre- & post-emergent herbicides as part of fertilizer mixtures and post-emergent herbicide spot treatments on an as-needed basis. Condition of turf is to be determined by the DISTRICT at its sole discretion. All shrub and bed areas shall be maintained each mowing service by removing all weeds, trash and other undesirable material and debris (leaf and other) to keep the area neat and tidy. All ornamental beds, hedge areas and tree rings shall be kept weed (and sod) free throughout the year. This is to be accomplished through hand pulling or the careful application of a post-emergent herbicide. **AT NO TIME SHALL POST-EMERGENT HERBICIDES BE PERMITTED WHEN WEEDS HAVE ESTABLISHED THEMSELVES AS TO DOMINATE PLANTING BEDS. HAND PULLING MUST BE PERFORMED.**

NON-SELECTIVE, POST-EMERGENT HERBICIDES SHALL NEVER BE USED TO CONTROL WEED/SOD GROWTH AROUND STRUCTURES OF ANY TYPE (I.E. STREET SIGNS, UTILITY BOXES, STREET LIGHTS, PAVEMENT, TREE RINGS, FENCES, ETC.) THE FIRST OFFENSE WILL RESULT IN A VERBAL WARNING; THE SECOND OFFENSE WILL RESULT IN A SECOND VERBAL WARNING AND THE BOARD OF SUPERVISORS FOR THE DISTRICT WILL BE NOTIFIED; THE THIRD OFFENSE MAY TERMINATE THIS CONTRACT FOR CAUSE AT THE DISTRICT'S DISCRETION.

The CONTRACTOR shall be responsible for the replacement of turf and ornamental plants killed or damaged by herbicide application. All fence lines shall be kept clear of landscape shrubs growing through, weeds, undesirable vines and overhanging limbs.

5) MAINTENANCE OF PAVED AREAS – All paved areas, including curb and gutter along roadways shall be kept weed & debris free. This may be accomplished by mechanical means (line trimmer) or by applications of post/pre-emergent herbicides. Weeds greater than two (2) inches in height or width shall be pulled from paved areas, not sprayed. No sprays with dyes may be used on any paved areas. Contractor is not to use non-selective herbicides to eradicate weeds in curb line or sidewalk expansion joints where the chemical can travel back into the turf causing regularly spaced dead patches behind the curbs and sidewalks.

6) **CLEAN UP** – At no time will CONTRACTOR leave the premises after completion of any work in any type of disarray. All clippings, trimmings, debris, dirt or any other unsightly material shall be removed promptly upon completion of work. CONTRACTOR shall use his own waste disposal methods, never the property dumpsters. Grass clippings shall be blown off sidewalks, streets and curbs within a relatively short time frame and are not to be left for more than two hours. Also grass clippings shall be blown into turf areas, never into mulched bed areas or tree rings as these are to be maintained free of grass clippings. Grass clippings at highly trafficked areas (i.e., tennis courts, clubhouse sidewalks, pool areas, walking trails, etc.) shall be blown off immediately after mowing and edging have taken place. **NO CLIPPINGS SHALL BE BLOWN DOWN CURB INLETS.**

7) **REPLACEMENT OF PLANT MATERIAL** – Trees and shrubs in a state of decline should immediately be brought to the attention of the DISTRICT. Dead or unsightly plant material shall be removed upon notification of the DISTRICT. CONTRACTOR shall be responsible for replacement if due to his negligence. New plant material shall be guaranteed for a period of one (1) year for trees and ninety (90) days for shrubs, ground cover and lawn after final acceptance or for the duration of the Contractor's contract, whichever is greater.

Reporting

Contractor shall provide to management a written report of work performed for each week with notification of any problem areas and a schedule for the upcoming month. The Contractor shall also report on any deficiencies or items needing attention relating to disease and insects or other afflictions. Contractor shall prescribe the treatment plan he is to follow to remedy such afflictions.

PART 2

FERTILIZATION

Contractor shall abide by all requirements in Ordinance No. 14-16 regarding the application of fertilizer within Pasco County.

NO PERSON SHALL APPLY FERTILIZERS CONTAINING NITROGEN AND/OR PHOSPHORUS TO TURF AND/OR LANDSCAPE PLANTS DURING ONE OR MORE OF THE FOLLOWING EVENTS: i) IF IT IS RAINING AT THE APPLICATION SITE, OR ii) WITHIN THE TIME PERIOD DURING WHICH A FLOOD WATCH OR WARNING, OR A TROPICAL STORM WATCH OR WARNING, OR A HURRICANE WATCH OR WARNING IS IN EFFECT FOR ANY PORTION OF PASCO COUNTY, ISSUED BY THE NATIONAL WEATHER SERVICE, OR iii) WITHIN 36 HOURS PRIOR TO A RAIN EVENT GREATER THAN OR EQUAL TO 2 INCHES IN A 24 HOUR PERIOD IS LIKELY.

All turf shall be fertilized according to the following IFAS Guidelines for a high maintenance level for central Florida turf: (per BMP guidelines and University of Florida IFAS Extension, central Florida is determined by anything south of a line running east-west from coast to coast through Ocala and north of a line between Tampa & Vero Beach.)

All Irrigated Bahia Sod:

April	A complete fertilizer based on soil tests + PreM formulated for Bahia turf for warm- season weeds
October	A complete fertilizer based on soil tests + PreM formulated for Bahia turf for cold- season weeds

All St. Augustine Sod:

February	A complete fertilizer based on soil tests + PreM
April	Nitrogen (soluble Nitrogen applied at 0.5 lbs. N/1000 SF + PreM
May	SRN (Slow Release Nitrogen applied at 1.0 lbs. N/1000 SF
September	SRN (Slow Release Nitrogen applied at 1.0 lbs. N/1000 SF
October	A complete fertilizer based on soil tests + PreM

The contractor shall submit a fertilizer label to Field Inspection Coordinator for approval prior to application. At times environmental conditions may require additional applications of nutrients, augmenting the above fertilization programs to ensure that turf areas are kept uniformly GREEN, healthy and in top condition. It

shall be the responsibility of the contractor to determine specific needs and requirements and notify the resident project representative when these additional applications are needed.

Fertilizers containing iron shall be removed from all hard surfaces to avoid staining before the sprinklers are activated after application of the fertilizer. Any stains caused by a failure to do so will be the responsibility of the contractor to remove.

Soil test samples shall be taken by the contractor to determine the presence of Phosphorus and whether changes in the fertilizer pH or formulations are required. Should changes be of merit, the Contractor shall notify the District in writing prior to the implementation of such changes.

Fertilizer shall be applied in a uniform manner. If streaking of the turf occurs, correction will be required at no additional cost to owner. Fertilizer shall be swept/blown off of all hard surfaces onto lawns or beds in order to avoid staining. **IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO REMOVE ANY STAINS FROM ANY HARD SURFACES ON THE PROPERTY CAUSED BY THEIR NEGLIGENCE OF FERTILIZER APPLICATION.** Fertilizer shall not be applied within ten (10) feet from the landward extent of any surface water. Spreader deflector shields are required when applying fertilizer by use of any broadcast or rotary spreader. Deflector shields must be positioned such that fertilizer granules are deflected away from all impervious surfaces and surface waters.

SHRUB, TREE & GROUNDCOVER FERTILIZATION:

For purposes of bidding, All SHRUBS, GROUNDCOVERS and TREES shall be fertilized according to the following specifications:

3 Times a year – (March, May, October)

A complete fertilizer (formula will vary according to soil test results) at a rate of 4-6 lbs. N/1000 sq. ft./year. (A minimum 50% Nitrogen shall be in a slow-release form)

Fertilizer shall be applied by hand in a uniform manner, broadcast around the plants, but never in direct contact with stems or trunks. Fertilizer shall never be piled around plants. All fertilizer remaining on the leaves of the plants is to be brushed or blown off. **IT IS THE CONTRACTOR'S RESPONSIBILITY TO REPLACE ANY PLANT MATERIAL DAMAGED BY FERTILIZATION BURN DUE TO HIS NEGLIGENCE.**

PALM FERTILIZATION:

All Palms shall receive 1 ½ pounds of 8-2-12+4Mg with micronutrients per 100 SF of palm canopy four times per year (March, May, October & late November). The "2" should be reduced to "0" if a soil test indicates there is not a deficiency of Phosphorus in the soil. 100% of the N, K & Mg **MUST** be in slow-release form. All micronutrients must be in water soluble form. Fertilizer shall be broadcast evenly under the dripline of the canopy but must be kept at least 6" from the palm trunk.

The District requires that all fertilizer applied to all palms on the CDD property be 8-2-12+4Mg. The fertilizer label shall reflect that 100% of the N, K, Mg, and B sources be in slow-release or controlled-release form and all the Mn, Fe Zn & Cu sources be water soluble (generally these will be sulfates, except for Fe, which can be chelated with EDTA or DTPA). No source of N, K, Mg or B should be water-soluble. This will be considered an unacceptable fertilizer. The information below reflects the most effective sources for the seven critical elements in Florida landscape palm fertilizers:

Element Recommended Sources:*

N - Sulfur-coated urea, resin (or polymer)-coated urea or ammonium salts, urea-formaldehyde

P - Superphosphate, triple superphosphate, coated diammonium phosphate

K - Sulfur-coated potassium sulfate (may have additional polymer coating)

Mg - Kieserite (magnesium sulfate monohydrate) granules

Mn - Manganese sulfate

Fe - Iron sulfate, FeEDTA and/or FeDTPA

B - Granubor® (sodium borate)

*Based on data from Broschat (1991, 1996, 1997, 2008) and Broschat and Elliott (2005) Archival copy: for current recommendations see <http://edis.ifas.ufl.edu> or your local extension office.

This item will not be included in the contract amount and fertilizer shall not be billed equally on a monthly basis but invoiced the month after application. Contractor is required to provide proposals for each application and proceed once District approval has been executed.

CONTRACTOR shall provide the DISTRICT with PALM fertilizer analysis tags from the fertilizer in order to verify correct formulation and quantity prior to purchase. This is to allow time to verify nutrient sources for the macro and micronutrients ensuring they are in slow-release or water-soluble forms. Payment will not be made until the correct quantity and formulation has been verified and applied. CONTRACTOR must notify the DISTRICT five (5) working days in advance of the day the property is scheduled to be fertilized. Failure on the part of the CONTRACTOR to so notify the DISTRICT may result in the CONTRACTOR forfeiting any and all rights to payment for the applications made without notification.

PART 3

PEST CONTROL

Insects and Disease in Turf Insect and disease control spraying in turf shall be provided by the Contractor every month with additional spot treatment as needed. During the weekly inspections the Contractor is responsible for the identification and eradication/control of disease and insect damage including but not limited to: scale, mites, fungus, chinch bugs, grubs, nematodes, fire ants, mole crickets, etc. Contractor shall pay for chemicals. Please list all chemicals that you will include in your fertilizer applications in the space allocated for “formula” under the fertilization section in the bid form. Also include the cost of these chemicals as part of the fertilizer application. Any anticipated additional treatments shall be included in the Pest Control portion of the bid form.

Insects and Disease Control for Trees, Palms and Plants The Contractor is responsible for treatment of insects and diseases for all plants. The appropriate insecticide or fungicide will be applied in accordance with state and local regulations, and as weather and environmental conditions permit. Contractor shall pay for chemicals. There are several afflictions that may be detrimental to the health of many trees and palms. Contractor will be fully responsible in the treatment of such afflictions. At the CDD’s discretion, this may include the quarterly inoculation of all palms susceptible to Lethal Yellowing and/or Lethal Bronzing. The cost of these inoculations should be included as a separate line item in your Pest Control price. Contractor is to identify those species of palms susceptible and supply a list of species and quantities with proposal. Each susceptible palm shall receive quarterly injections. Each injection site/valve can be used only twice. The third quarterly injection requires a new valve and injection site. Contractor is asked to provide cost per injection (material & labor) multiplied by quantity of susceptible palms multiplied by four inoculations per year in bid form. **The CDD reserves the right to subcontract out any and all OTC Injection events. This will not be included in the Contract Amount.**

The Contractor is required to inspect all landscaped areas during each visit for indication of pest problems. When control is necessary, it is the responsibility of the Contractor to properly apply low toxicity and target-specific pesticide. If pesticides are necessary they will be applied on a spot treatment basis when wind drift is a threat.

Careful inspection of the property on each visit is crucial to maintaining a successful program. It is the Contractor’s full responsibility to ensure that the person inspecting the property is properly trained in recognizing the symptoms of both insect infestations and plant pathogen damage (funguses, bacteria, etc.). It is also the Contractor’s responsibility to treat these conditions in an expedient manner.

It shall also be the Contractor’s responsibility to furnish the resident project representative with a copy of the Pest Management Report (a copy of which is included), which he is to complete at every service as well as all certifications (including BMP Certifications) of all pesticide applicators. Contractor shall familiarize himself with all current regulations regarding the applications of pesticides and fertilizers.

If at any time the District should become aware of any pest problems it will be the Contractor’s responsibility to treat pest within five (5) working days of the date of notification.

FIRE ANT CONTROL

Contractor is required to inspect property each visit for evidence of fire ant mounds and immediately treat upon evidence of active mounds. In small areas control can be achieved by individual mound treatment. Active mounds in larger turf areas will require broadcast application of bait.

For informational purposes only, Contractor is asked to provide the cost for the annual application of Top Choice in all dark green areas designated as “CDD Maintained – with irrigation unless otherwise noted” on the Maintenance Exhibit. Do NOT include roadway medians in this price nor lake banks, trails or between ponds and conservation areas. It is limited to those landscaped areas under automated irrigation.

Pest Control will not be included as a standard line item in each monthly billing, but shall be invoiced as a separate line item the month after service is rendered.

Pest Control shall be included in the Contract Amount.

PART 4

The above list is for routine maintenance and adjustment of the existing irrigation system components, locating and repairing or replacing automatic valves or control wires and irrigation controller or pump repairs as well as other larger scale repairs are to be considered additional items. Contractor shall provide a list of additional charges and pricing for such items other than routine maintenance as a separate price from this bid.

Routine irrigation maintenance is to be completed monthly. Each zone is to be turned on and operated for as long as necessary to verify proper operation. Each head, seal, nozzle, and strainer are to be inspected for adjustment and shall be aligned, packed, cleaned, and repaired as necessary. Shrubs, groundcovers and turf around sprinkler heads shall be trimmed to maintain maximum clearance at all times for the greatest

coverage. All below ground repairs including valves, pumps and wiring require an estimate for all such repairs. Upon written approval from Management, Contractor shall proceed. In the event of an emergency, Contractor shall make a diligent effort to contact, with the approximate price or estimate of repairs, Management, or their assign prior to making such repair.

Upon being awarded contract, Contractor shall have a period of thirty (30) days from date of commencement to perform a thorough audit of the entire irrigation system listing items that need repair/replacement in order for the system to operate properly. A separate audit may be provided by the Contractor listing those items that would improve the irrigation system. Any action taken regarding the Irrigation Audit will be at the Board of Supervisors' discretion,

After the thirty (30) day period has expired and for the duration of the contract, Contractor shall assume responsibility for any and all unreported maintenance deficiencies, including parts and labor, associated with the irrigation system of 2 inches or less, to include sprinkler heads (includes spray heads), nozzles, drip, main and delivery lines and any associated fittings. Said repairs shall be performed immediately. The District Manager shall be notified what day and time of the week the irrigation tech will be available servicing the community. The Contractor will keep detailed irrigations reports consisting of run times and correct operation of system. A copy of this report will be maintained by the Contractor and a copy delivered to the District Manager or his designee, along with the weekly report. At no time shall the Contractor leave the property knowing of the need for a repair and not reporting it.

Watering schedules shall meet all government regulations, and zone times will be adjusted depending on job conditions, climactic conditions and all watering restrictions of Lee County or any other governmental agencies. It is the responsibility of the Contractor to ensure the turf and plant material remains healthy. If the Contractor finds that the irrigation system cannot adequately cover the District in the allotted time, it will be the Contractor's responsibility to bring this to the attention of the District representative and apply for a variance. **Violations and/or fines imposed by any local or state agency will be deducted from the Contractor's monthly payment.**

Emergency service shall be available after normal working hours and an emergency telephone/pager number will be provided to Management or their assign.

Freeze Protection. The Contractor shall describe ability and cost per man-hour to provide freeze protection for both landscape material and pumps/wells.

PART 5

INSTALLATION OF MULCH

After prior approval by the Board of Supervisors, Contractor shall top dress all currently landscaped areas as shown on the maintenance map (landscaped beds & tree rings) with Medium Pine Bark Mulch, Shredded Hardwood Dark Brown Mulch or Pine Straw Mulch up to twice per year during the months of April and October. In doing so, Contractor shall ensure that all mulched areas are brought to a minimum depth of three (3) inches **after compaction**. Match mulch to what is currently present in landscape beds or tree rings.

Contractor is responsible for all necessary clean up related to this procedure.

Contractor agrees to provide reasonably neat and defined lines along edges of all mulched areas. This is done to facilitate mechanical edging of these areas. Additionally, Contractor shall properly trench all bed lines adjacent to concrete surfaces. Trenches shall be 3” deep and beveled. Mulched beds on slopes adjacent to turf shall also be trenched to a depth of 3” & beveled to reduce mulch washout. Mulch shall not be piled around tree trunks or bases of plants. Any mulch “volcanoes” around tree trunks shall be corrected immediately at no additional cost to Owner. Labor for trenching shall be included in the unit cost of the mulch.

Contractor agrees to ensure that mulch caught in plant material will be shaken or blown from plants, so that upon completion there is no plant material left covered with mulch.

If, after installation is complete and it is determined that additional mulch is required to attain the required 3” depth, sufficient mulch shall be supplied by Contractor at no additional cost to District.

This item will not be included in the contract amount and shall be invoiced separately the month after service is rendered. Contractor shall provide a price per cubic yard/bale and estimated quantities to be installed per top dressing (based on his own field measurements) and shall submit with bid.

The CDD reserves the right to subcontract out any and all mulching events.

PART 6

ANNUAL INSTALLATION

Planting of Annuals. After prior approval by the Board of Supervisors, Contractor shall replace (TBD) annuals in 4.5” pots up to four (4) times per year in designated areas and maintain annuals to ensure a healthy appearance. The Contractor will have the type of annual to be installed pre-approved by the District or its representative in writing. Prior to replacement, selection and approval from the Board is required. An Annual Options Presentation for the entire year stipulating plant options and timing for each quarterly rotation shall be submitted to District shortly after execution of contract in order for the CDD or its representative to select annual choice(s). Annuals shall be hand watered at the time of installation. The Contractor will remove & replace dead or dying annuals before the appearance of such annuals could be reasonably described as an eyesore. If the beds are left bare prior to the next planting, the Contractor will keep such beds free of weeds at all times until the next planting rotation occurs. Timing shall be centered around a holiday rotation being planted no later than the end of November and rotate accordingly every three months. (Dec., Mar., June, Sept.)

Annual installation price shall include the removal of all dead annuals prior to placing new plants, regular dead-heading, necessary soil adjustments, soil additives, fungicides and **monthly slow-release** nutritional requirements **at no additional cost to District.** Contractor shall replace at his expense any annual that dies, fails to thrive or is damaged by insects/disease. Contractor shall also include in the summer rotation (June) **at no additional cost to District,** a major renovation of all annual beds. A potting mix specifically blended for annuals shall be used at this time and shall be replenished as necessary prior at each changeout throughout the year. All annual beds shall be raised at least eight inches. Upon completion of annual flower installation, a 1’ layer of Pine Fines shall be spread throughout the entire annual bed. **All this shall be provided at no additional cost to the District.**

This item will not be included in the contract amount. Contractor shall provide a price per 4” annual to be installed and shall submit with bid. This work shall be invoiced separately in the month after service is rendered.

The CDD reserves the right to subcontract out any and all annual installation events.
