# Field Services Addendum to the Amended and Restated District Management Services Agreement

This Field Services Addendum to the Amended and Restated District Management Services Agreement (this “**Field Services Addendum**”) is made and entered into as of July 1, 2026, by and between the **Lexington Oaks Community Development District** (the “**District**”) and **Inframark, LLC** a Texas limited liability company registered to do business in Florida (“**Contractor**”).

### Background Information:

The District and the Contractor entered into the Amended and Restated District Management Services Agreement dated February 1, 2026 (the “**Agreement**”). Unless otherwise expressly defined herein, capitalized terms used herein have the meanings assigned to them in the Agreement. The District and the Contractor now desire to add field services to the scope of the Agreement and approve additional compensation associated with such services. The Contractor submitted a Work Authorization for such additional work, relevant portions of which are attached hereto as **Exhibit A** (the “**Work Authorization**”).

The District and the Contractor each has the authority to execute this Field Services Addendum and to perform its obligations and duties hereunder, and each party has satisfied all conditions precedent to the execution of this Field Services Addendum so that this Field Services Addendum constitutes a legal and binding obligation of each party hereto.

**NOW, THEREFORE**, based upon good and valuable consideration and the mutual covenants of the parties, the receipt of which and sufficiency of which is hereby acknowledged, the District and the Contractor agree as follows:

1. **Incorporation of Background Information and Proposal.** The background information stated above is true and correct and by this reference along with the Work Authorization are incorporated by reference as a material part of this Field Services Addendum.
2. **Additional Scope of Services.** Contractor agrees to provide the Field Services described in the Work Authorization, as contemplated under the Agreement.
3. **Additional Monthly Compensation.** The District agrees to compensate the Contractor for the Field Services outlined in the Work Authorization at the total rate of **\$1,000.00** per month.
4. **Ratification of all Other Terms of the Agreement.** Except as hereby modified, the terms and conditions of the Agreement are hereby ratified and confirmed.

**IN WITNESS WHEREOF** the undersigned have executed this Field Services Addendum effective as of the date written above.

35 Items Identified

35 Items Incomplete

John Fowler

Inframark

### Item 1

Assigned To: Maintenance

Box behind exit side of raised bed on Lexington Oaks Blvd. at CR 54 intersection needs to be resealed.

### Item 2

Assigned To: Yellowstone

Remove sedge out of the annuals in raised planter beds at the intersection of Lexington Oaks Blvd. and CR 54 intersection.

### Item 3

Assigned To: Maintenance

Noting a stone covering a filter housing behind the raised bed on the entrance side of Lexington Oaks Boulevard and CR 54 intersection.

#### Item 4

Assigned To: Yellowstone

Remove vines growing on the shrubs on the east right of way of Lexington Oaks Boulevard between CR 54 and Post Oak Blvd.

#### Item 5

Assigned To: Yellowstone

Diagnose and treat declining Holly tree in the median island on the south end of Lexington Oaks Boulevard.

#### Item 6

Assigned To: Yellowstone

Diagnose and treat declining Holly shrubs on the southwest corner of Lexington Oaks Blvd. Post Oak Blvd. intersection. Remove any dead or diseased material.

### Item 7

Assigned To: Board Information

Noting a dead Crepe Myrtle was removed on the southwest corner intersection of Lexington Oaks Boulevard and Post Oak Blvd. Does the board want a replacement or add soil and sod?

### Item 8

Assigned To: Yellowstone

Remove any sucker growth off the trunks of the Crepe Myrtles throughout the district.

### Item 9

Assigned To: Yellowstone

Investigate 2 Pine trees in decline behind the exit Del Mar Village monument. Report your findings. Noting I did not see any borer holes during this inspection.

### Item 10

Assigned To: Yellowstone

Two large Viburnum in decline on berm located on Affirmed Dr. behind Del Mar Village exit monument. Would suggest removing at this time and consider replacing sometime in the future.

### Item 11

Assigned To: Board Information/Engineer

Noting 2 small areas of washout that board may want to consider having district engineer investigate further on pond 2A. Both appear to have the fabric where restoration has been completed in the past. May just need to backfill with some soil.

### Item 12

Assigned To: Yellowstone

Remove vines on shrubs and growing on the back of the entrance monument of Fairmount Village.

### Item 13

Assigned To: Yellowstone

Diagnose and treat the declining Crepe Myrtle at the entrance monument of Fairmount Village.

### Item 14

Assigned To: Yellowstone

Noting a couple dead viburnum on the east right of way of Lexington Oaks Boulevard located between Fairmount Village and pond 10A. Also need a treat weeds in the bed on top of the

berm.

### Item 15

Assigned To: Yellowstone

Need to remove a broken hanging Pine branch on the east right of way of Lexington Oaks Boulevard located between Fairmount Village and pond 10A. It is near the sidewalk so would consider having it removed ASAP.

### Item 16

Assigned To: Yellowstone

Need to schedule a pruning event for any Viburnums in need on top of the berm on Lexington Oaks Boulevard. The photos below are just north of Fairmount Village.

### Item 17

Assigned To: Aquatics

Noting a branch has fallen into pond 10A on the east side that should be removed.

### Item 18

Assigned To: Yellowstone

Noting the Arboricola in the exit side bed of the community center by the Daycare monument is in decline and appears in worse condition than last inspection. Have these been diagnosed and treated? Would suggest getting a proposal to replant this area. Also, have the same issue for the median bed in the parking lot area.

### Item 19

Assigned To: Yellowstone

Diagnose and treat the declining turf in the median island of the parking lot of the community center.

### Item 20

Assigned To: Yellowstone

Diagnose and treat the shrubs on the berm in front of the golf course parking lot. Also, need to remove a lot of Spanish moss within them. Set a defined bed edge line and treat the weeds.

### Item 21

Assigned To: Board Information and Aquatics

Asking if we want aquatics to treat between the concrete structures that appears to be a drainage fallout from the golf course parking lot heading south on Lexington Oaks Boulevard?

### Item 22

Assigned To: Yellowstone

There are a few dead Flax Lilies that should be removed in the roundabout bad on Lexington Oaks Boulevard. Also, in the center bed there are several plants that were cut back and do not show signs of recovering.

**Item 23**

Assigned To: Maintenance

Noting the two light buckets are laying on the ground and the roundabout of Lexington Oaks Boulevard. This is possibly due to repairs coming soon as they have broken lights for these buckets. There is also one more broken with no bucket nearby.

**Item 24**

Assigned To: Yellowstone

Noting many of the shrubs that were cut back from frost damage in the median islands north of Lexington Oak Blvd. roundabout are not showing any signs of recovery. Will continue to monitor next inspection, but may want to get a proposal to possibly replant.

### Item 25

Assigned To: Maintenance

Noting a broken PVC pipe that appears to be a barrier for a concrete structure located on War Admiral Drive next to golf tee #2.

### Item 26

Assigned To: Yellowstone

Diagnose and treat declining ornamental grasses on War Admiral Drive near Commendable loop intersection. Also, noting the stumps present here that appeared to be Brazilian Peppers cut down.

**Item 27**

Assigned To: Maintenance

Noting a downed telecom box on the corner of War Admiral Drive and Commendable loop intersection.

**Item 28**

Assigned To: Yellowstone

Remove vine growing up the Oak tree behind the exit monument of Saratoga Village.

**Item 29**

Assigned To: Aquatics

Treat undesirable weeds along waters edge and pond bank of 33A.

**Item 30**

Assigned To: Aquatics

Treat weeds starting to show in the rip rap rock along pond banks of 17BA and 17BB.

**Item 31**

Assigned To: Yellowstone

Need to improve the turf quality of the berm on Lexington Oaks Boulevard just north of Hawthorne Village.

**Item 32**

Assigned To: Yellowstone

Need to raise a couple Oak canopies starting to block signage for Lexington Oaks Boulevard north of Hawthorne Village.

### Item 33

Diagnose and treat declining turf, including checking irrigation is working properly with time and coverage in front of Pocono Village monument and Northampton Village monument.

### Item 35

Assigned To: Aquatics

Treat algae blooms and submersed weeds that have surfaced for pond 20A. Also, need to treat the undesirable sedge and weeds along the pond bank.

## Site Manager Report & Update (Week of June 22nd)

- 1) On Monday I went and took photos of the tree behind the CDD wall in Pocono that is on land owned by Tampa Downs Ranchette, LLC that our attorney Whitney sent a letter to. I documented my findings and sent everything over to Whitney.
- 2) On Tuesday I went out with Doug and put together another list for Davis Trees as we found another 8 trees that need to be removed and stump grinded, plus one other area that needs to have some high limbs cut back that are overhanging a home from the CDD berm behind the entrance side monument at Fairmount. While they are here, I am having them clean up and remove all the broken and hanging limbs from the high trees over the sidewalk from Remington back to Maywood and clearing the trees that are blocking our security camera views from the overhead poles at Del Mar, the Tennis Courts, and the Soccer Field behind the fitness center.
- 3) On Wednesday I met with Jason Carpenter of Pella Windows and Doors and discussed the doors and windows we are looking to replace at the clubhouse. Unfortunately, they only do exterior doors, and all their work is done with a general contractor, which they will recommend one to us if needed. I told him what we are looking for with ideas for the doors and replacing the old windows with hurricane rated high impact windows. He took measurements and photos and will be working up a rendering and estimate for all the exterior doors and all our windows. I have another appointment scheduled with Tim Schurdell from Lowes to meet with me right after July 4<sup>th</sup>.
- 4) This morning I met with a company that takes care of gates, and we went and looked at both the Preakness and Hawthorne gates. There are a few things that need to be addressed, so I asked him to work up a proposal for repairing some hardware issues at Preakness and also some things that need to be repaired/upgraded at Hawthorne.
- 5) Prokote was out today to do the paint touchups on the clubhouse building and they were almost finished when it began raining. They will be back tomorrow to finish up, so the Fitness Center and Community Center Clubhouse painting projects will officially be completed tomorrow.
- 6) We are waiting on the deposit check to be sent out by Inframark for the fence that is to be installed at the Hartack golf cart path. I sent a check request on the 15<sup>th</sup> and asked it to be rushed. Once Florida State Fence receives the check, they said it should be about 2 weeks to have the fence installed. I've been keeping the 2 residents who live on each side of the cart path updated. I wanted to ask the board if you would allow the fence to be placed 5 feet in from the property line, which would give us a little room for maintenance purposes, and we wouldn't have a need to go onto the residents' property for any reason. We would still have the crushed shell going to the property line and I spoke with the residents about this, and they are okay with this idea.

### **Also this week:**

- A) The closer on the back pool gate was replaced.
- B) The drinking fountain at the basketball court was repaired.
- C) The American flags at all the village monuments were replaced with brand new ones.

## **What We Found:**

### **Village 1**

- 2 operators at village entrance were installed in April 2025 and still have nearly 4-years left of manufacturer warranty
- Additional sensor have been added in case vehicle is not moved by the time the gate closes. Highly recommend a RADAR sensor instead of laser line sensor.
- Magnetic lock on entry gate looks to have been replaced at some point with the wrong magnetic unit. A good portion of the magnetic is not touching one another. The face plate is also very loose and should be tightened.
- Exit bottom gate hinge is about to or is failing. Both bottom and top hinge should be replaced.
- Gate hinges are missing a grease fitting.
- Does not have video camera
- Access Control is DoorKing - database located on old Compaq computer in office. No backups currently being completed. Not using DK Online.
- Uses unsecured gate clicker using dipswitches instead of individualized inside the access control system.
- No KnowBox for Fire Rescue

### **Village 2**

- At the other village, they have 1 very old gate operator, and one that was also replaced with a Viking operator November of 2021.
- Entry bottom gate hinge is about to or is failing. Both bottom and top hinge should be replaced.
- Does not have video camera.
- Residential gate requires a physical key to exit village.
- Residential gate missing spring autoclosure - was sitting in grass rusted.
- Access Control is DoorKing - database located on old Compaq computer in office. No backups currently being completed. Not using DK Online.
- Uses individualized gate clicker that is programmed into DoorKing system.
- No KnowBox for Fire Rescue.

### **Clubhouse**

- Uses Paxton access control.
- Manager onsite says residents can use mobile app to open door.
- Residents are provided with a proprietary keyfob from Paxton
