

# HONOR ROLL INFORMATION

In our continual efforts directed at educating the whole child, the NEIE Honor Roll recognition serves as one way in which we are able to celebrate the hard work and accomplishments of our students on a quarterly basis, in each of the learned discipline areas our school has to offer.

Accordingly, NEIE students are recognized for their individual achievement each quarter by being placed on the Honor Roll. Two specific categories comprise the NEIE Honor Roll. They are *Honors* and *High Honors*.

A student receives *Honors* when they earn all A's and/or B's in their core content area classes as well as Outstanding (O) and/or Satisfactory (S) in each of their Specials classes. A student earns *High Honors* when they achieve straight A's in their core content area classes as well as Outstanding (O) in each of their Specials classes. Grade level award presentations occur at the conclusion of each quarter to recognize students who have attained these levels of successful performance.
