Dear Parents and Guardians,

As we have progressed through the school year, it has become abundantly clear many of our remote-learning students continue to struggle. We realize that there is a need for some remote learners to come back to in-person learning sooner than anticipated. In August, we asked parents to make a challenging decision about what was best for their student and their family. Since that time, many parents have realized that remote learning is not what is best for their student and need to make a change. We wish to remain responsive to the needs of our students and provide the opportunity for parents to make a change for their student and send them back to in-person learning sooner than our original plan indicated.

If you wish for your child to have the opportunity to return to in-person learning, you will need to notify your child's office by 3:00pm on Thursday, October 1, 2020. Students will then be able to return to in-person learning on the first day of second quarter on Tuesday, October, 13, 2020. This notice will provide the district time to make changes to food service, transportation, and classrooms that will be impacted by increased numbers. This opportunity will only be available during this time and no changes to in-person learning will be made after October 1, 2020 until the end of the first semester. If you have any questions, please contact your student's school office.

Sincerely,

Kyle M. Hacke, Superintendent
