Student Remote Learning Expectations

Students expectations for remote learning will be very different than what remote learning was during 2019/2020 school year. Please be aware of the following

1. Attendance-
 - a. Elementary students must check in by 9:30 a.m. each day with their teacher.
 - b. HS/MS students are expected to check in daily with their 3rd hour teacher by 9:30am each day.
2. All grades will count for full credit throughout the semester. (The same as in-person learning)
3. Department/teacher late policies will be enforced. Late work will receive a reduction in points and possible zero depending on how the late assignment is turned in.
4. Students must have reliable internet or be able to access the internet on a daily basis to get and complete daily assignments. Students may access the school wifi in the parking lot outside of school hours, NOT during the school day. ***This does not apply during an Adaptive Pause when students are mandated to Remote Learning.***
5. There will be no paper copies of assignments given. Everything must be accessed digitally. IEP/504 Plans will be followed. ***This does not apply during an Adaptive Pause when students are mandated to Remote Learning***
6. If a student has questions or is struggling with an assignment, it is the student's/parent's responsibility to reach out to their teacher for help. Check the teacher's available office hours on Schoology.
7. Students must be available each school day from 8:00am to 2:00pm. There may be times that students will be expected to participate virtually with the class.
8. It is strongly recommended that students save all assignments/assessments on their computers.
9. ***During an Adaptive Pause, students who do not have internet access can request paper assignments by contacting their child's school office.***
