Mr. Omland also noted that mediation was scheduled for tomorrow morning and that an emergency meeting of the Board may need to be called to address the settlement. Mr. Earlywine stated that the full Board would need to authorize a formal settlement. There was a consensus of the Board to continue the meeting until the next day at 5:00 p.m. to address a settlement.

2. Update on Preserve Trespassing Signs

Mr. Cingle stated that the signs had been received in July and a credit was given for labor.

3. Update on Shoreline Repair Project Phase II

Mr. Cingle explained that periodic e-mail blasts continued to go out with work maps and that residents were told to contact CPH if they have any issues. He added that the project was going extremely well from the construction and quality standpoints. Mr. Lopez gave an update on where the project was moving and the upcoming schedule.

4. Discussion on Rip Rap Repairs – Phase III

Mr. Omland noted that the District needed to be cautious with Phase III, as the protection cannot exceed what residents are entitled to. He indicated that he had gone back to Josh Maxwell of Turrell Hall & Associates to go over the report they had prepared in order to bring the riprap up to the required wave and wind protection. He added that CPH updated the plan and specifications for a bid or repairs from the current contractor. Mr. Schliep opined that he had no problem with Quality Enterprises giving the District a market price, but would like to entertain additional quotes for the Phase III repairs. Mr. Cingle stated that cost was the #1 consideration and that competitive bidding may take 90-120 days. He added that Quality Enterprises should come up with a reasonable quote since they would not need to remobilize.

a. Update on Resident Request Procedures

Mr. Cingle reported that a form had been developed and was available for residents who had issues to be addressed.

3. Manager's Report
a. Financials

Ms. Dailey went over the financials. The Board had no questions.

b. FEMA Update

Mr. Cantwell stated that an official denial notification had not yet been received. Ms. Dailey stated that at the last meeting, Mr. Omland suggested reaching out to Anthony Ettore, the FEMA attorney the Board had chosen to work with, should a denial be received, to determine if there was anything the District could do at this point. Ms. Dailey advised that she had reached out to Mr. Ettore and believes it would be in the best interest of the District to immediately retain the firm, since she and Josh Evans, who handled the FEMA claim, would no longer be working for the District. Ms. Dailey presented a proposed contract with Law Disaster Consulting, which was signed by Anthony Ettore, to begin getting up to speed on the claim and serve as an advocate for the District. She estimated this phase would cost \$2,500 or less and that the Board had already approved working with the firm at a cost not to exceed \$10,000 without prior authorization, should a denial letter be received.

A **motion** was made by Mr. Cantwell, seconded by Mr. Schliep approving the contract with a not to exceed amount of \$2,500 for exploration; and further authorizes the Chairman to execute same.
