Crawford County Human Services Programs

This is an overview of various community programs and resources that you may be able to access in Crawford County. However, this resource guide is not all inclusive of every program in Crawford County. Rather it is geared to assist parents, caregivers and families to learn what programs and resources are available for children/adolescents with behavioral/mental health needs.

- **Integrated Intake:** **(814) 724-8380 or 1-877-334-8793**
  If you are not sure how to access outpatient, psychiatric or other mental health services, a phone call to Crawford County Human Services' **Integrated Intake** is a good place to begin your journey. An Integrated Intake worker will evaluate your individual mental health needs by completing a bio-psychosocial assessment. Appropriate recommendations and referrals are made as a result of this assessment. The Integrated Intake worker is responsible for following the consumer through the course of their services and assuring a continuity of care.

- **Mental Health Blended Case Management serving both children and adults:**
  These services are designed to assist adults, adolescents, and children with serious and persistent mental illness or emotional disorders. This service also has a component called "Transitional ICM" which includes services for adolescents/young adults ages 17-22 to work on independent living skills. The "Forensic BCM" works with individuals involved with the legal system. This case manager will assist the consumer with maintaining compliance with the requirements of their legal system involvement. The "CHIPP BCM" works with individuals currently in State Institutions as well as individuals that have a long standing history of inpatient hospitalizations. This service will assist consumers' transition back into the community and diversion from state hospitalizations, long-term hospitalizations, or inpatient hospitalizations. Case Managers support families to gain access to needed resources such as medical, social, mental health, and other related services. The program involves frequent contact and provides emergency 24/7 on call coverage. The program is based on individual strengths focusing on improving natural supports, independent living skills, and reducing the need for hospitalization or placements outside of the home. BCM does not replace any existing services, but helps monitor and improve service coordination and communication.
  For general information contact: Ron Arnold, BCM Supervisor, 814-333-7300 (# Extension 3639).

- **Intellectual Disabilities (ID) Supports Coordination (SC):**
  This program provides supports coordination for people with intellectual disabilities in Crawford County. SC services are based on eligibility, which is determined by a full scale IQ score of 70 or below. An ID intake can be completed through the Crawford County Human Services **Integrated Intake** program. They will assist the individual/family in securing the necessary documentation to determine program eligibility. Once a determination is made the supports coordinator will assist the individual/family in locating needed

services within their community, which may be community or county funded services. The SC will develop an Individualized Support Plan (ISP) that will coordinate and monitor all services and supports the individual is receiving. This may include services such as habilitation (life skills) services, vocational services, or residential (group or family living homes) supports.
For general information contact an ID Program Specialist:
Molly McElhaney at 814-333-7300 (# Extension 3673) or
Kim Zappia at 814-333-7300 (# Extension 3705) or
Jill Gillette at 814-333-7300 (# Extension 3626).

- **Children and Youth Services (CYS)**: CYS is a state-mandated, county administered program established to provide for the safety and wellbeing of children from infancy to age 18 or 21 years old if still attending school. The agency investigates cases of suspected child abuse and neglect brought to its attention and offers a range of services including identification, investigation, and case management. There are in home services provided for children and families that are CYS funded. These services include but are not limited to in home counseling, in home parenting, homemaking, supervised visitation, mentoring, intensive mentoring, drug/alcohol and forensic evaluations. The goal of CYS is to preserve and strengthen families and to provide placement alternatives for children who cannot remain at home and to reunite those families as quickly as possible following placement. All services rendered through CYS are based on confidential assessment of individual circumstances.
  For general information contact a CYS Program Specialist:
  Brian Setta (in home services) at 814-333-7300 (# Extension 3643) or
  Colleen Groger (placement services) at 814-333-7300 (# Extension 3706) or
  Deb Lesik, (Training Supervisor) at 814-333-7300 (# Extension 3685) or
  SCREENERS:
  Tina Boyda 814-333-7300 (# Extension 3660) or
  Don Gabriel 814-333-7300 (# Extension 3651) or
  Jenn Granat 814-333-7300 (# Extension 3676).

- **Family Case Management (CYS/MH/ID FCM):** This service is a new concept in social services and unique to Crawford County. Family Case Management is a comprehensive service for families involved with dual services (CYS & MH or CYS & ID). Frequently child behavior, neglect or abuse concerns that are referred to CYS are related to other needs within the family or individuals. Family Case Managers have small caseloads and are specially trained in both CYS and MH s well as ID care coordination. They work as partners with the family to ensure children are safe in the home and that all service needs of the family are met efficiently with minimal intrusion. The family has one case manager who can help them identify their needs and access services that empower them to successfully achieve their goals. This new program has already established a track record of reducing the amount of time families are open for services and the number of out-of-home placements. There is 24/7 on call coverage associated with this program.
  For general information contact: Joe Barnhart, Integrated Program Specialist at 814-333-7300 (# Extension 3698).

- **Early Intervention (EI) Services (ages 0-3 years):** Early Intervention is designed to help children who have developmental delays. **Referrals can be**

made by contacting Crawford County Human Services. This program evaluates five developmental areas to ensure the child is developing appropriately. These areas are physical development, language and speech development, social and emotional development, self-help skills and cognitive development. Services offered by this program include speech, occupational and physical therapy, developmental specialist services and behavioral specialist services as well as nutritional counseling. These services are provided at no cost to the family, are voluntary and primarily provided in the home. If your child is involved in this program, the EI Service Coordinator can assist with linking your child to the next steps Early Intervention services offered through the IU (Intermediate Unit) for children ages 3 to 5 years old. **If someone is unsure if their child has a delay they can contact Barbara Clark for more information on the evaluation process.** ***For general information contact Early Intervention Program Specialist: Barbara Clark at 814-333-7300 (# Extension 3607).***

Children and Youth Services Independent Living Program (ILP): The CYS Independent Living Program offers services to youth, ages 16-21 who are presently or have been in placement. The goal of this program is to assist youth with their transition to independence. The program offers needs assessments, an individual goal plan, life skills instruction, support, transition planning and aftercare assistance. New address is 592 Williamson Rd, Meadville, PA 16335. Phone: (814) 333-1070
For general information contact: IL Program Specialist
Bryon Mushrush, 814-333-7300 (# Extension 3725).

- **Family Group Decision Making (FGDM):** Family Group Decision Making's purpose is to establish a process for families to join with relatives and friends to develop a plan to ensure that children are cared for and protected from future harm, in ways which fit their family's culture and situation. FGDM is a philosophical shift in practice from deficit based planning to strength based, solution focused planning. FGDM extends the responsibility for child safety, wellbeing, and permanence to *families*, *communities*, *natural support systems* and *faith based supports*. Formal supports (CYS, JPO, APO, paid providers, school officials, etc.) are involved in the process in order to help *support* and *guide* the family rather than dictate what the family will do to get out of the "system." Empowering families is preferable to controlling them. In FGDM, families have the opportunity to strengthen and utilize *their own* resources in order to rebuild and foster existing social support networks, form new connections and forge effective partnerships with formal systems.
  For general information contact a FGDM Program Specialist:
  Kelle Harry at 814-333-7300 (# Extension 3641) or
  John Debevec at 814-333-7300 (# Extension 3694) or
  Paul Beebe at 814-333-7300 (# Extension 3653).

- **Student Assistance Program:** This is a program of assessment, referral, and brief intervention that aims to identify troubled students and connect them with supportive services available within the school or community. Students who receive help dealing with pressing personal concerns will be able to focus their remaining energy more efficiently on their schoolwork and the important tasks of developing academically, socially, and emotionally. When this service is offered in the school environment up to 40 minutes of individual counseling can be provided per week. Students that are "at risk" may be experiencing such things

as: Stressful family situations, bullying, drug/alcohol concerns, behavioral problems and/or pregnancy and are appropriate referrals.
For general information contact: Jill Kish, SAP Coordinator at 724-699-4149.

- **Mental Health Respite Program for Children:** This is a program that is open to children 21 years of age and younger, the child must be involved in enhanced mental health (i.e. IBHS, FBMH, or MST) services and there must be an inadequate supply of natural or informal resources. There is a limited number of respite vouchers available. As a parent/guardian you have the right to choose who will provide your respite care. All respite care givers must have Act 33/34 and FBI clearances in order to be financially reimbursed through this program. Only one set of clearances will be purchased with the allotted respite money. If you are not going to use your allotted respite money, please let the review committee know as there are other needy families that can use it. The parent/guardian assumes all liability when utilizing respite services and must adhere to all policies of the program. Children who do not qualify include those who are in acute mental health crisis and require more intensive services.
For general information contact: MH Program Specialist, Stephanie Ace 333-7300 (# Extension 3674).

****Respite events:** New Beginnings Church of God- 13226 Leslie Rd. Meadville PA, 16335; 724-5074; New Beginnings Respite Event is provided once a month for 2.5 hours for families who have children with special physical, intellectual, behavioral or emotional needs or special circumstances such as foster or adoptive families. All ages are welcome, along with their siblings. Each guest is paired up with a buddy for the night and enjoys an evening of gluten free, casein free snacks, appropriate games, crafts and fun. Parents enjoy a night off and we get a chance to love on your child. Pre-registration is required and available via our website www.newbeginningschog.com and our Whosoever Ministries New Beginnings Church of God Facebook Page.

CYS and JPO Programs only:

Brief Services	**Mentoring**	**Homemaking**
Foster Care	**Supervised Visitation**	**Drug and Alcohol and Forensic Evaluations**
In-home parenting	**In-home counseling**	**CASA (Court Appointed Special Advocate)**
Adolescent Groups/Anger management		**Expectant Mother's Program @ Bethesda**

For general information contact at CYS Program Specialist:
Brian Setta (in home services) at 814-333-7300 (# Extension 3643) or
Colleen Groger (placement services) at 814-333-7300 (# Extension 3706).

OUTPATIENT MENTAL HEALTH

This is an office-based treatment that is provided in an individual, family, or group format. Services may include psychiatric evaluation, psychological evaluation, psychotherapy, and medication management. Treatment plans are individualized based on strengths and needs. This is considered to be the least restrictive, least intrusive therapy. You may see outpatient counseling as a recommendation from an independent prescriber (psychologist/psychiatrist/medical doctor) prior to entering or discharging from IBHS services. There are many providers that offer this particular service in our area. **For a listing of current providers you can contact Crawford County Human Services.**
For general information contact: MH Program Specialist
Stephanie Ace at 814-333-7300 (# Extension 3674).

***SPECIALIZED outpatient therapy*:**

Trauma Focused Cognitive Behavioral Therapy: Evidenced-based treatment intervention program for children and adolescents 4-18 years of age and their parents with the focus on overcoming the adverse effects of traumatic life events. The program was designed for young people who have developed significant emotional or behavioral difficulties following exposure to a traumatic event (i.e. grief/loss, separation/divorce, physical abuse, domestic or community violence, motor vehicle accidents, tornadoes, hurricanes, industrial accidents, fire or terrorist attacks.) Services generally last 12-16 weeks, but may continue longer if deemed necessary due to the individual's needs. Treatment includes weekly 60-90 minute sessions. This service is provided to children even if they do not meet full diagnostic criteria for Posttraumatic Stress Disorder (PTSD). There are limited grant funds available for this program. This program is also funded by Beacon Health Options. This program is provided by Parkside Psychological Associates, LLC. (814) 807-0861. https://tfcbt.org/members/ is a website that you can look up certified TF-CBT therapists by city, zip code, etc.

For general information contact: CASSP Coordinator,
Mickey Zelasco at 814-333-7300 (# Extension 3647).

Multi Systemic Therapy (MST): Referral sources include CYS, JPO, Mental Health Professionals, schools, or IBHS/BHRS services. The target population is 10-17 year old incorrigible youth. This program targets a very specific population. Defiant youth fit the best for this program. The program addresses delinquent behavior, parent/child conflict, aggression, drug and alcohol usage, peer/communication and behavioral problems. There is a strong emphasis placed on family and parent sessions, and the parent making and maintaining changes. Individual sessions are rare. Seriously mentally ill or intellectually challenged youth will not succeed in this program if their behavior is driven by their illness. Youth who lack a stable living arrangement may not be appropriate for this service. This program provides 24/7 on call coverage. MST Supervisor through Family Services of NWPA is Erin Phelps– (814) 724-4800.
For general information contact: CASSP Coordinator,
Mickey Zelasco at 814-333-7300 (# Extension 3647).

CART (Community Abuse Response Team):

Parkside Psychological Associates (PPA)
435 Chestnut Street
Meadville, PA 16335
814-807-0861

****These services are offered to both children and adults. Self-referral to this program can be made provided the consumer is Beacon Health Options eligible. Provider will also accept CCBHO as well as private insurance.** ***Self-referrals can be made by contacting Parkside Psychological Associates at 807-0861.***

Healing Pathways- Provides evaluation and therapy for children, adolescents and their families who have been victimized and/or are displaying sexually inappropriate behavior.
Family Resolutions- Evaluation and treatment to children and adolescents and their families following allegations or known incidents of sexual abuse within the family when contact and/or reunification is being considered.
Responsible Living- Provides sex offender specific evaluation and treatment to adolescent and adult individuals who have been convicted of a sexual offense.
**This agency is also able to offer programming to non-offending parents as well.
For general information contact: CASSP Coordinator,
Mickey Zelasco at 814-333-7300 (# Extension 3647.)

Outpatient Drug and Alcohol Services:
****Self-referrals can be made for outpatient D/A counseling, provided the member is Value Behavioral Health eligible.**
This service can provide outpatient drug and alcohol assessment and counseling which could include levels of treatment for individual, group, intensive, or inpatient treatment. The program also assists with court ordered treatment through CYS, Juvenile Probation and Adult Probation to assure clients follow through with court ordered services. Drug and Alcohol also has access to a variety of other services available and refers people as needed to those programs.
Contact Information: Crawford County Drug and Alcohol Office at 814-724-4100.

Creating Landscapes Summer Program: This community based program is offered through the summer and provides activities through song, rhythm, dance and movement. The contact person is Jan Hyatt janhyatt@creatinglandscapes.com. A large referring agency that works with this program is Child to Family Connections (336-3007). This program is starting to expand into some of the elementary schools in Crawford Central School District in the form of after school programming – Creating Landscapes for Families. www.creatinglandscapes.com

Child and Adolescent Psychiatric Partial Hospitalization:
Bethesda Children's Home offers a school-based Partial Hospitalization Program that works in conjunction with the Intermediate Unit #5 (IU5). IU5 oversees the education and provides an emotional support teacher for the education component. The program services clients who are ages 6 - 18 years. Clients accepted to the program attend weekdays from 8:30-2:30 p.m. Comprehensive psychiatric services are provided at the site by a licensed psychiatrist who oversees the psychiatric needs and mental health treatment for the client who is in need of this level of mental health care and/or medication management services. In order to receive this service, it must be recommended by a psychiatrist. Dr. Bill is the current attending psychiatrist and the supervisor of the program is Brittany Mears. Summer Partial is also offered.
For general information contact: CASSP Coordinator

Mickey Zelasco at 814-333-7300 (# Extension 3647).

Family Based Mental Health (FBMH):
This is the most intensive, comprehensive in home service that is offered to children that are "at risk" of placement. A licensed psychologist, psychiatrist or physician must prescribe services. FBMH services are team delivered with a focus on structural family therapy. The highest priority is to preserve the family unit by creating a safe and healthy family environment, which will prevent psychiatric hospitalization or out-of-home placement of a child or adolescent with emotional disturbances. When appropriate, the FBMH program assists in reuniting families whose child or adolescent has been placed outside of the home. Utilizing intensive treatment as well as partnering with various other child serving programs and agencies that may be involved with the child and family will accomplish this. It may be necessary to make referrals to other such programs if they are appropriate and not already involved. There are two therapists that work with the child and family. One therapist is a Master's level and the other is Bachelor's level. There is a 24/7 on call piece for crisis intervention services. The service can last up to 8 months or longer depending on the client and families' individual need or progress made. The providers of this service are the Achievement Center and Family Services of NWPA.
For general information contact: CASSP Coordinator,
Mickey Zelasco at 814-333-7300 (# Extension 3647).

Residential Mental Health Treatment

Therapeutic Family Care (Community Residential Rehabilitation – CRR):
CRR (also known as therapeutic family care) is the provision of support 24 hours a day to children/adolescents in an appropriately licensed home with highly trained adults who have been specifically trained to care for children with serious emotional disorders. The goal is to stabilize the behaviors of the child so that they may be transitioned to their natural family or other less restrictive settings as quickly as possible. CRR level of care must be deemed medically necessary and recommended by a licensed psychologist or psychiatrist.
For general information contact: CASSP Coordinator,
Mickey Zelasco at 814-333-(# Extension 3647).

Residential Treatment Facility: This is the most restrictive form of care available and must be recommended by a psychiatrist. This program addresses emotional and mental health needs ranging from depression, aggression, anger, rejection, eating disorders, trauma and abuse, school issues, and drug and alcohol abuse in a 24-hour staff secure residential placement setting. Treatment is provided during all aspects of the child's daily life, with individual and group therapies and intensive psychiatric services.
For general information contact: CASSP Coordinator,
Mickey Zelasco at 814-333-7300 (# Extension 3647).

Crisis Intervention Services:

- **Mental Health Crisis Line: (814) 724-2732 or 888-275-7009.** For assistance when a person is experiencing a mental health crisis, may need hospitalization or is a threat to himself or herself or someone else. Crisis Line staff are trained to recognize needed, on site intervention and then dispatch the appropriate services. **Jennifer Flaherty is the Supervisor of the Mercer County Behavioral Health Commission Crisis Services.**
- **Child Abuse Hot Line: 1-800-932-0313 or Crawford County Integrated Intake – (814) 724-8380 to report suspected child abuse and/or neglect.**

- **LIFELINE: (National suicide prevention crisis line) 1-800-273 TALK (8255)**
- **Crisis Text Line: Text 'Go' to 741741**
- **Inpatient Hospitalization:**
  Provides 24-hour medical and clinical care for persons with serious mental illness or children with emotional disturbance/behavioral issues. On site individual and group therapy, psychiatric and medication services are provided in a safe and therapeutic environment.
  Contact Information: Value Member Line 1-866-404-4561
  Contact Information: MH Program Specialist,
  Stephanie Ace 814- 333-7300 (# Extension 3674).

Inpatient Mental Health facilities:

Meadville Medical Center 1034 Grove Street Meadville, PA 16335 814-333-5800	Clarion Psychiatric 2 Hospital Drive Clarion, PA 800-253-4906 Fax: 814-226-2464	Belmont Pines 615 Churchill Road Youngstown, OH 44505 800-423-5666

Intensive Behavioral Health Services (IBHS):

Intensive Behavioral Health Services (IBHS) are interventions and supports for children, youth or young adults under the age of 21 with mental, emotional or behavioral health needs. They can be provided in the home, school or other community setting. IBHS include Individual Services, Applied Behavior Analysis Services (ABA), Group Services, and Evidence-Based Treatment (EBT), provided through Individual Services, ABA Services, or Group Services. IBHS must be prescribed through a written order by a licensed physician, licensed psychologist or psychiatrist, certified registered nurse practitioner, licensed clinical social worker, licensed professional counselor, licensed marriage and family therapist, or other licensed professional whose scope of practice includes the diagnosis and treatment behavioral health disorders. Services prescribed for IBHS Individual Services are Behavior Consultation (BC), Mobile Therapy (MT), Behavioral Health Technician (BHT)-formerly known as (TSS). The ABA services include Behavior Analytic (BA) Services or Behavior Consultation-ABA (BC-ABA) Services, and Assistant Behavior Consultation-ABA (Asst. BC-ABA) Services. Group Services can include Group ABA, School-Based Programs, After School Programs, and Summer Therapeutic Activities Programs (STAP). The Evidence Based Programs included Multi-Systemic Therapy (MST), Functional Family Therapy (FFT), and Parent Child Interaction Therapy (PCIT). The goal of treatment is to create an environment in which the child and family can learn and realize transference of skills to achieve optimum success by providing individualized treatment and support. These goals are accomplished through individual therapy with specific outcome-based goals, psycho-education, behavior modification, mentoring and modeling. Specialized school-based services are also offered in the PENNCREST attendance area by Family Services of NWPA - Cambridge Springs (PORJECT SOAR program) and Maplewood (PROJECT SOAR-specifically named ROAR for Maplewood attendance area), as well as Crawford Central attendance area by Associates in Child Counseling and Guidance – (SMART program). The IBHS regulations can be located at https://www.pabulletin.com/secure/data/vol49/49-42/1554b.html.
Further information on IBHS can be located at:
http://www.healthchoices.pa.gov/providers/about/behavioral/inbehavavioralhs/index.htm

Creating Landscapes for Families:
-October through April- homework help and family dinner program is held from 3-6 pm for every Tuesday that school is in session.
-On the last Tuesday of the month families will host "Together Tuesday"- an opportunity for local community organizations to get together for a potluck dinner while sharing each group's "good work" with one another.
- South Main and Fifth Ward Community Gardens will continue to work toward growing good food and friendships in local neighborhoods.

Intermediate Unit #5 Early Childhood Intervention—Ages 3-5: A screening and evaluation process will be conducted to evaluate your child's educational needs for specialized services or an I.E.P (Individualized Educational Plan). This service will take referrals for children 2 years + 10 months up to the date they are age-eligible to enter kindergarten in their school district. The IU can assist the parent in setting up a "transitional meeting" prior to the child entering kindergarten if specialized services are needed. When an IEP is written, they will decide how to implement the IEP in a variety of placement settings such as: daycare and/or private preschool, head start, special education settings or approved private schools. Children will be served in the least restrictive environment appropriate to meet their individual needs. ****Intermediate Unit services can be provided up to 21 years of age depending upon what educational adaptations need to be made to the individual child's curriculum.** *Contact Information IU #5: Kim Sanders 1-800-677-5610 ext. 8461 or 814-734-8461. Contact Information IU #6: Gretta Tanner 814-226-7103 or 800-672-7123.Contact Information IU #4: MaryJo Kelly 724-458-6700*
