- Student(s) will be required to **wear proper face covering(s)** while on the bus & **maintain a 3 ft. distance**.
- Parents/Guardians of student(s) with special needs will need to let our safety team know what is working best for their child; length of ride may require a different plan.
- Hand sanitizer and/or disposable wipes will be made readily available following any local/state requirements.

### Ride Safe

- The vehicle **will be sanitized** per company guidelines after each route.
- Extra attention will be given to **disinfecting high touch areas**, such as; entrance handrails, tops of seats, passenger occupied seats and wheel chair hardware.
- To increase proper ventilation for student(s), the school bus/school vehicle's windows may be opened and/or air conditioning may be used.
- CSR (Child Safety Restraints) cleanliness will be reviewed with all parties.
- Cleanliness of items traveling with your child will be required.
