

## COVID 19 Information

Masks will be required to be worn while at school and while on the bus (except those with medical conditions that prohibit a mask.)

Parents/guardians are responsible for screening students at home each morning. Students should not ride the bus or attend school if they have any of the following COVID symptoms:

- Fever or chills
- Cough
- Shortness of breath or difficulty breathing
- Fatigue
- Muscle or body aches
- Headache
- New loss of taste or smell
- Sore throat
- Congestion or runny nose
- Nausea or vomiting
- Diarrhea

Parent drop-off/pick-up from school, walking, or student driving is encouraged.

Social distancing practices will be followed.

- Please follow social distancing guidelines with teachers, support staff, cafeteria, custodial, and other staff as well as among peers.
- Please do not move any of the desks in the classrooms. They have been appropriately spaced for social distancing purposes.

Wash your hands frequently. Hand sanitizer will be available throughout the building.

The cafeteria will be closed for breakfast dining. "Grab and Go" stations will be setup at the B-wing intersection and at the bus entry door in D-Wing. Students will be taking breakfast to the first period class to eat.

There will be no homeroom period in order to reduce areas of contact. First period will begin at 8:30 and attendance will be taken in that class. If you are late to class, you will be counted as late to school.

The doors to the school will open at 7:55. Students will be directed to their first period class after they pick up breakfast and/or upon entering the building. Roaming the halls will not be permitted in order to enhance social distancing. Be prepared to stay in your first period class until the 8:30 bell rings.

CCCTC students will report to the MASH auditorium. Upon arrival, they will be checked in for attendance and receive any information, passes, notices, etc. before departing to the CCCTC. Arrival must be prior to 8:30.

Cafeteria seating will be staggered at each table during lunch. We encourage use of the picnic tables outside while the weather permits. When the weather does not cooperate, some students may be eating in the library.

Water bottles are encouraged to be used throughout the day. Drinking fountains will be taped off, but the water filling stations will be available.

Sharing of items, such as pens, notebooks, devices, scissors, etc. will not be allowed.

Students will be required to store all items in their lockers. Student items may not be stored in teacher classrooms.

There is a health and safety plan for each phase: green, yellow, and red.

- **Green phase:** In-person instruction with schools operating as close to normal as possible with some limitations.
- **Yellow phase:** In-person instruction with alternating days of instruction combined with online instruction.
- **Red phase:** In-person instruction is replaced with online instruction for all.

Additional cleaning and sanitizing practices will be in place. Do not be alarmed if custodians are cleaning or spraying/fogging in certain areas during the day. It is part of a routine disinfecting schedule.

Clubs and afterschool activities can operate under the green phase if mitigation protocols are followed.

Participation in sports is limited to PIAA sanctioned events.

The district will use multiple social media sites, the district website, local news, and the “all-call/phone blast” system to notify families, staff, and the public on updates and/or changes to protocols and closings.

Information is subject to change per recommendations from the CDC, PA Dept. of Health, and PA Dept. of Education.
