WEST END Paraprofessionals Thank you for being a multi-tasking educational rockstar who lives to inspire & loves to encourage WE Students!!	Pennsylvania State System Assessment The PSSA is an annual test in all public PA schools. Although these scores have no influence on student grades, they are a useful way for schools to collect data regarding student achievement & assist teachers in identifying student strengths & weaknesses. For this reason, PSSAs play an essential role in the development of curriculum & the personalization of instruction to best support student growth.
