

# Eastmont School District #206 *Relationships, Relevance, Rigor, and Results* District Construction / Related Projects Report

---

## Completed Tasks (Transportation Cooperative on N Perry & Grant Road)

- **Conditional Use Permit Application:** Working on providing additional information as requested by Douglas County, such as a noise study, the parking lot size and emissions mitigation.
- **Cultural Resource Survey:** Archeologist provided three days of on-site monitoring during the tree removal. No additional discoveries of cultural items was made. Full report is being provided to the District and the State Department of Archaeology & Historic Preservation.
- **Orchard Removal:** Commenced on February 12<sup>th</sup> and completed on February 15<sup>th</sup> (including general cleanup of property). February 19<sup>th</sup> grinding of trees commenced.

## On-Going/Upcoming Projects

- Schematic design process has begun for K-3 CSR/cafeterias project. Meetings with staff for each affected site started February 15<sup>th</sup> and continues every 2<sup>nd</sup> Thursday through April 26<sup>th</sup> (as needed). These meetings are designed for staff input to assist the design team in addressing needs and issues and to help staff understand the scope of work at each campus.
- Pruning of new orchard property has been contracted out to protect the trees until new lease is in place.
- Continuing to work with engineering firm which represents City of East Wenatchee to coordinate an upcoming street-improvement grant in vicinity of Kenroy Elementary to minimize conflicts/costs between two separate projects/agencies.
