On-Going/Upcoming Projects

- Phase 1 Construction Specialty meetings with engineering consultants were held on April 11th to review preferences and requirements for environmental systems. Also discussed were the requirements for the Washington Sustainable Schools Protocol.
- David Woods conducted site tours by the major design consultants at each site on April 4th.
- Surveyors will be working on sites from April 11–25, 2018.
- Geotech schedule is still to be determined.
- General Construction Principals Procedure 6920-P will be reviewed with the Board at Monday night’s meeting.
