#### **1. Nutrition Services:**

The Colorado Dept. of Education Office of School Nutrition is required to complete an Administrative Review for all Colorado School Districts participating in the National School Lunch Program. The review is conducted once every 3 years and consists of a comprehensive review of free and reduced processes, the reimbursement system, nutritional quality, meal patterns, program finances, food safety, procurement, employee training, program outreach and many other general areas of the program. The purpose of the AR is to ensure program compliance, offer technical assistance and acknowledge the positive efforts in serving nutritious meals to students. Our Nutritional Services Department received their Administrative Review the last week of January, 2016 and they are being recognized tonight for receiving a review that was filled with an abundance of commendations and zero findings in our cafeterias. Our day to day success is always a team effort by our entire department, however tonight we are recognizing key personnel that were directly responsible for our stellar review results:
