

Office of Federal Programs: School of Choice Information

2010-2011

School Of Choice: Under the federal law No Child Left Behind, students who attend a Title I-funded school identified for School Improvement are to be given the option of Public School Choice. Due to Skyline Elementary not making AYP for the 2009-2010 school year (based on spring 2009 CSAP), it was placed on “School Improvement”. Even though AYP was met this year, the school will continue on with the second year of “School Improvement”. This is a federal requirement.

This provision allows students attending Skyline Elementary the option to transfer to another Cañon City public school, including the public charter school. None of the other local elementary schools are identified for School Improvement for 2010-11. Below are the district’s final numbers for School of Choice from 2007-the present.

Canon City School District School of Choice

Year	# of Requests	# Approved	# Transferred
2007-2008	0	NA	NA
2008-2009	0	NA	NA
2009-2010	24	13	7
2010-2011	10	14	11

Elementary Schools Available for School of Choice Option:
