Jesse Oliver, Principal

Cortney Richardson, Assistant Principal

Falcon Families,

Welcome to the 2022-2023 school year. I have been looking forward to this school year for some time. The last few years have given the staff and students challenges, however we are all ready and excited to be back in our halls with our students.

This year we are excited to welcome back almost all of our previous staff with a few notable additions and the addition of two new classes. Students this year will get the opportunity to participate in both Spanish and Lab Science classes on a rotating basis. Currently the 7th and 8th grade students have these classes however once we enter the 2nd semester things will rotate. These classes will help students grow academically and hopefully give them an early start on some opportunities at the high school.

We will have a parent back to school night on the 23rd of August from 5:30 to 7:30 pm and everyone is welcome. The evening will begin in the auditorium at 5:30 with some information from the counseling department, information from the school administration and introduction of staff members. Parents will then get the opportunity to visit teachers and see where students will be learning this year. We will also be serving hot dogs and hamburgers to those who would like to eat at approximately 6:20 or 6:30.

Sports are starting up as I write this, Cross Country, Volleyball and Football will all have begun practices on Monday the 22nd with games to follow quickly. Please join us in celebrating the accomplishments of these young athletes as they begin a secondary sports career, support them at games by cheering for them and not against opposing teams.

I am very excited for this school year. We have a great staff here at CCMS that is ready to take care of your students' educational needs and we look forward to working with all of the parents this year. Please feel free to reach out if you have any questions or concerns with the year, thank you in advance for all of your help and GO FALCONS !!!!!

Jesse Oliver

Principal, Canon City Middle School
