SCHOOL COUNSELORS....

School Counselors implement a culturally sustaining school counseling program that creates systemic change through growth, self-awareness, humility, knowledge or worldviews and cultural identities

Whether providing small group or individual support, scheduling, conducting assessments, connecting families with services, supporting students in the classroom, or lending an ear, school counselors are here to support student growth!

MISSION STATEMENT

The purpose of the Springfield Township School District's School Counseling program is to promote and enhance the learning process. To that end, the counseling program facilitates student development in three broad areas:

- Academic Development
- Personal/ Social Development
- Career Development

SCHOOL COUNSELORS

SCHOOL DISTRICT OF
SPRINGFIELD TOWNSHIP

"Every Interaction is an
Opportunity"

School counselors strive to create an environment in which all students feel valued, heard, and appreciated.

OUR COUNSELORS

- Offer short-term, solution-focused individual and small-group sessions for students
- Consult with multidisciplinary teams to identify and resolve student problems, concerns, and needs
- Provide case management for Section 504 agreements
- Support teachers with the planning and delivery of our social-emotional curriculum, Second Step and other topics
- Collaborate with teachers, administration, families, and community agencies to ensure student success
- Connect families with outside resources
- Support student achievement and promote equity and access for all students
- Support students in academic and post-secondary career options

GUIDING PRINCIPLES

- Student needs are the first priority.
- Everyone in the community is responsible for creating an environment for lifelong learning.
- All students can learn and be successful.
- High expectations generate high success.
- Diversity is recognized as a strength and a valuable resource that is accepted and recognized by the organization.
- Learning is enhanced by caring and trusting relationships.
- Celebrations of efforts encourage risk-taking and growth.
- Personal relationships are the strength and foundation of the organization.
- All individuals within our community are treated with dignity and respect.
