

ACADEMIC WORKSHOP!

AVAILABLE FOR ROOMS 4 - 9

Please join us for our academic workshop this summer! Children in Rooms 4-9 will have the opportunity to keep their skills sharp this summer as they enhance their morning studies with this afternoon workshop! Our students will study math and language, utilizing both Montessori materials and conventional resources. All academic levels are welcome to join, as we will be customizing each child's curriculum to meet their individual needs. This is a great opportunity to catch up, keep up, and get ahead! Classes will meet twice a week during the summer session. (Minimum enrollment required)

BOOK CLUB!

AVAILABLE FOR ROOMS 10 & 11

The IvyCrest Book Club is the perfect opportunity to sharpen your child's reading, comprehension, and analytical skills this summer. We will be delving into a novel together and sharing the joy of exploring the book as a club. Book Club is not just about reading and discussion, we will also be focusing on figurative language, vocabulary, setting, sequencing, point of view, comparing characters and events, and plot. Book Club is for children in Rooms 10/11 and will meet twice a week during the summer session. (Minimum enrollment required)
