September 1, 2020

Hello Packer Nation,

I have the unenviable responsibility to report that three additional students have tested positive for the Coronavirus. These three students were also members of the football team at CCHS. After learning of the positive tests, we immediately compiled a significant number of data points that referenced the close contacts that these students had encountered. We made this information available to school health officials and the Department of Public Health.

Late yesterday afternoon, Dr. Charles Ruis, District Health Director, Health District 8, Albany, Ga, stated the following: "It is my conclusion that the entire football team be quarantined for COVID exposure as soon as possible." Dr. Ruis established the quarantine dates to be September 1, 2020, thru September 9, 2020. Students will return to school on September 10, 2020.

Admittedly, this episode is a setback for our student-athletes; however, we intend to push forward as we aspire to embody the true nature of Packer Pride. Our football schedule has been revised, and our issuance of tickets will change. Please see the ticket distribution times at the bottom of this page.

Please remember our student-athletes in your thoughts and prayers as they face challenges both academically and athletically. Fortunately, we have implemented a rigorous academic experience that can be conducted from home during the quarantine. Thanks for your continued support!
