Colquitt County School Board Names Superintendent Finalist

MOULTRIE, GEORGIA – January 12, 2021 – The Colquitt County Board of Education, meeting in an official session on January 11, 2021, selected Ben Wiggins as the sole finalist in its search for a Superintendent of Colquitt County School System.

The Board will take official action on appointing the Superintendent following a 14-day period. Ben Wiggins' application may be reviewed at the Colquitt County Board of Education office located at 710 Lane Street, Moultrie, Georgia 31768.

Among the steps completed in the process, the Board reviewed results of surveys of the community and school system staff seeking input as to the characteristics desired in the new superintendent; adopted qualifications for the position; approved and disseminated a recruitment brochure; reviewed applications; and interviewed candidates that appeared to have closely met the qualifications.

Thirty-four applications were received from a broad range of applicants. From these, a number of candidates were chosen for close review and were interviewed as the Board sought to determine those applicants best qualified for the position.
