Facility Planning Visioning Session

It's an exciting time in District 58 as we pursue excellence together through our Vision 58 Strategic Plan, and our Facility Planning Council (FPC) needs your insight! This session will ask participants to actively reflect on the ideas being considered by the FPC and to provide feedback in the development of a master facility plan for our schools. Results of these sessions will be tabulated and shared with the District's FPC, along with input from parents, staff and other community members, to develop the next steps in the planning process. Come join us to help us plan for our future together!

Before School Sessions (7:15 am-8:05 am)	Location
Tuesday, December 11th	Herrick Library (7:30 - 8:20)
Thursday, December 13th	Henry Puffer Library
Monday, December 17th	El Sierra Library

Monday, December 17th	Indian Trail Library
Thursday, December 20th	Whittier Library
Tuesday, January 8th	Lester Teachers Lounge
Thursday, January 10th	Kingsley Teachers Lounge

These Visioning Sessions were scheduled to be offered during the Institute Day on Monday, November 26th. With the weather cancelation, we are scheduling these alternate events to ensure that everyone has an opportunity to get involved and provide insight early in the visioning process. This is an important early stage of our visioning process with faculty and staff, and we sincerely hope you will choose to join us; however, please know that these sessions are voluntary and there will be other opportunities for staff and the community to provide additional input later as the FPC continues its work.
