**Bake Sale and Lemonade Stand
Bloody Mary and Mimosa Bar**

to support the Ronald McDonald House and Advocate Christ Pediatric Cardiac **ICU**.

Proud parents, Dave and Joanna Matthies welcomed their third son, David August 'Augie' Matthies into the world on January 20, 2009. Augie was born with a rare congenital heart defect called Truncus Arteriosus with an interrupted aortic arch. At 9 days old, 21 months, and in February, 2021 at 12 years old, Augie had open heart surgery and was hospitalized in the Pediatric Cardiac ICU at Advocate Children's Hospital.

Augie will continue to need medical procedures including additional open heart surgeries and angiograms in the upcoming years. Dave and Joanna were fortunate enough to stay at the Ronald McDonald House in 2009, 2010, and 2021 to be close to Augie.
