Covid-19 Classroom Tips

[1] In the classroom...

- Proper and consistent mask wearing is critical. Ensure students are wearing masks properly and remind them often to do so.
- Distance students to the extent possible.
- Seating charts are your friend.
- Encourage frequent use of hand sanitizer.
- Keep small group activities short.
- Sanitize high touch classroom surfaces regularly.

[2] At lunch...

- Distance students to 6 feet if at all possible.
- Once a student is finished eating, have them put their mask back on.
- Seating charts are your friend.
- More time without a mask=potentially more quarantines

[3] During recess or outside time...

- Masks do not have to be worn.
- Remind students not to congregate in groups.
- Encourage students to keep moving to cut down on contact time.

[4] During a mask break...

- Distance students to 6 feet if at all possible.
- Keep breaks short.
- Take mask breaks outside preferably.
- More time without a mask=potentially more quarantines.
