  8. **Adjournment**

*The next workshop is scheduled for Tuesday, March 3, 2026, at 10:00 a.m.  
The next regular Board meeting is scheduled for Thursday, March 19, 2026, at 12:00 p.m.*

**District Office:**  
Inframark c/o Oakstead CDD  
2005 Pan Am Circle, Suite 300  
Tampa, FL 33607

<https://www.oaksteadcdd.org/>

**Meeting Location**  
Oakstead Clubhouse  
3038 Oakstead Boulevard  
Land O' Lakes, FL 34638  
Page 2

41 The Board discussed issues related to minibikes, e-bikes, and e-scooters being operated on  
42 sidewalks, walkways, and trails. These activities were identified as a nuisance and potential  
43 safety concern.

44 The Board noted that walkway paths and bridges are accumulating mildew. Mr. Diaz will  
45 coordinate pressure washing, and repairs are scheduled to be completed on January 30,  
46 2026.

47

48 **FOURTH ORDER OF BUSINESS** **Business Administration**

49 **A. Consideration of Minutes from the Meeting held on December 18, 2025**

50 **B. Review of FY 2026 Expenditure Report through November 2025**

51 **C. Review of Check Register for November 2025**

52 The Board discussed business items above and would like the accountant on call for  
53 Workshops.

54

55 On MOTION by Mr. Cascio seconded by Mr. Krauer, with all in  
56 favor, business administration items A through C were approved.  
57 4-0

58

59 **D. Acceptance of November 2025 Financials**

60

61 On MOTION by Mr. Cascio seconded by Mr. Krauer, with all in  
62 favor, the November 2025 Financial statement was approved as  
63 presented.  
64 4-0

65

66 **FIFTH ORDER OF BUSINESS** **Staff Reports**

67 **A. Inframark Accountant**

68 The accountant will attend the next meeting.

69

70 **B. District Counsel**

71 **i. Discussion of Sidewalk Concerns**

72 Mr. Cascio and Mr. Priebe discussed several areas within the District where sidewalks are  
73 raised or sunken, primarily due to tree growth.

74 The Board discussed questions regarding authority for tree removal and what actions may  
75 be taken by the CDD or the HOA.

76 Mr. Mike Bravado from District Counsel advised that if a tree is located on District  
77 property, the CDD has the authority to remove roots and portions of tree limbs as necessary.

78 Mr. Mike Bravado noted that determinations will largely depend on engineering

79 evaluations. Mr. Boenet further stated that a tree may only be fully removed if it is deemed  
80 dead.

81 The Board expressed interest in having the CDD and HOA work together to hold  
82 homeowners responsible where applicable. It was suggested that the HOA President attend  
83 the February workshop to further discuss coordination and enforcement options.

84 The Board inquired about possible enforcement measures that could be applied to  
85 homeowners. The District Engineer advised that a comprehensive report identifying all  
86 trees causing sidewalk distress will be presented within six to nine months.

87 Mr. Boenet recommended that enforcement actions be deferred until the engineer's report  
88 is completed, as premature action would not be practical.

89 The Board also asked whether the HOA could be held liable at this time. District Counsel  
90 advised that liability would not attach unless and until the HOA is formally notified by  
91 letter and given an opportunity to respond.

92

93 **C. District Manager**

94 **i. Discussion of Inframark Maintenance Offerings**

95 Mr. Montagna discussed the maintenance package offerings from Inframark. It was  
96 noted that a follow-up email will be sent to the Board outlining the details of the  
97 available maintenance packages. The item will also be added to the agenda for  
98 discussion at the upcoming workshop.

99 **D. Onsite Manager**

100 Ms. Tempura is obtaining quotes for a digital board. So far, three vendors have been  
101 contacted, and Ms. Tempura will continue to seek additional options.

102 A discussion ensued regarding security and access. Cameras are operational and will  
103 be regularly checked.

104 The Camera/fob entrance pads are in use.

105 Every staff member should have their own sign-in credentials.

106 Invoice #21646 was requested and a late payment fee of \$25 was noted.

107 Action items were discussed.

- 108 • Ms. Tempura will continue gathering additional digital board quotes.
- 109 • Ms. Tempura will monitor cameras and ensure access pads are functioning.
- 110 • Ensure personal sign-in credentials are set up and used.

111  
112  
113  
114  
115

**SIXTH ORDER OF BUSINESS** **Business Items**

There being none, the next order of business followed.

**SEVENTH ORDER OF BUSINESS** **Supervisors' Requests**

Mr. Priebe stated that meeting minutes are conducted using both Zoom and Microsoft Teams.

Mr. Priebe discussed feedback from accounting on categories and the accountant requested to be on the call for the workshop.

**EIGHTH ORDER OF BUSINESS** **Adjournment**

There being no further business,

On MOTION by Mr. Cascio seconded by Mr. Krauer, with all in favor, the meeting was adjourned at 1:43 p.m. 4-0

## OAKSTEAD CDD

### CDD OWNED RIGHT-OF-WAY ASSESSMENT & MAINTENANCE PLANNING

#### **Understanding the Issues**

The Oakstead CDD owns and maintains the Right-of-Way (ROW) within each neighborhood in the Oakstead community. The Board has been active in the operations and maintenance of the ROW throughout the years including pavement resurfacing, pipe and curb inlet maintenance, and curb repairs, however, issues caused by the original design and required county landscape standards have persisted. The Board has recently chosen to undergo a holistic assessment of the infrastructure in the right-of-way which will plan and prioritize these difficult issues while controlling costs and inconvenience to the community.

#### **What the Board Is Planning**

The Oakstead CDD Board has authorized a community-wide Right-of-Way (ROW) Assessment Project to systematically survey ROW infrastructure within CDD boundaries, document current conditions and identify areas needing repair, replacement, or upgrades, and prepare a holistic recommendations report that will guide future Board prioritization and budgeting of ROW improvement projects. This report will provide Oakstead residents with a clear picture of infrastructure needs across the entire community so the Board can make data-driven decisions about future maintenance.

#### **What This Means for Residents**

##### **1. Survey Phase – January through April 2026**

Consultants and survey crews will be in Oakstead beginning January 2026 through April 2026 to perform the necessary field work for surveying the ROW. Crews may be seen along roadsides, common areas, and driveways, and will be in marked attire/vehicles. The goal is minimal disruption to the residents. No blocking of the roads or driveways will occur. Residents' patience and cooperation is appreciated. No construction will take place in this phase.

##### **2. Engineering Assessment – June through September 2026**

Engineer consultants will be in Oakstead beginning June 2026 through September 2026 to perform the necessary ROW assessment. Engineers may be seen along roadsides, common areas, and driveways, and will be in marked attire/vehicles. The goal is minimal disruption to the residents. No blocking of the roads or driveways will occur. Residents' patience and cooperation is appreciated. No construction will take place in this phase.

#### **Expected Results — What the Report Provides**

At the conclusion of the engineering assessment, the Oakstead CDD board will receive a comprehensive prioritization report that includes recommended improvements, phasing, exhibits, and cost summaries. With this report, the Oakstead CDD Board will be positioned to authorize and budget future construction projects in the most efficient and cost-effective manner, based on community-wide needs.

#### **Where to Find More Information**

For updates, meeting schedules, report documents, and FAQs, please visit the Oakstead CDD website at: <https://www.oaksteadcdd.org/>. Utilize the contacts page of the website and direct your questions or concerns to the District Manager.

## OAKSTEAD CDD – PARKING LOT STRIPING & CURB REPAIR PROPOSAL

This proposal covers a full refresh of parking lot striping, ADA markings, and repair/repaint of all associated island curbs at Oakstead CDD. All quantities listed as “stalls” refer to standard regular parking spaces. Work will be performed to MUTCD visibility standards using commercial traffic grade coatings.

Area Description	Quantity
Regular Parking Stalls – Group 1	17 stalls
ADA Handicap Stall	1 stall
Regular Parking Stalls – Group 2	24 stalls
Void Lane to ADA Ramp	1 lane
Regular Parking Stalls – Group 3	9 stalls
Regular Parking Stalls – Group 4	10 stalls
Regular Parking Stalls – Group 5	7 stalls
Regular Parking Stalls – Group 6	19 stalls
Island Curbs to Repair & Paint	9 total

### SCOPE OF WORK

1) Pressure wash and surface preparation of all stalls and curbs. 2) Layout verification for ADA stall and standard alignment. 3) Re-stripe all regular parking stalls with traffic grade acrylic paint. 4) Paint ADA stall with blue field and white symbol to current standards. 5) Paint void lane and ramp approach markings. 6) Patch minor curb damage where required. 7) Prime and paint all island curbs safety yellow. 8) Site cleanup and protection during curing period.

Description	Amount
Regular Stall Striping – 86 stalls	\$3,450
ADA Stall & Void Lane Markings	\$420
Curb Repair & Yellow Paint – 9 curbs	\$980
Mobilization, Layout & Traffic Control	\$350
TOTAL INVESTMENT	\$5,200

Warranty: 6 months on workmanship for striping adhesion under normal use. Excludes major asphalt failure or structural pavement issues.

Prepared by RealEx Construction, LLC

Oakstead CDD – Monument Wall & Entrance Restoration Proposal

Proposal Number	REX-2026-0212-01
Date	February 12, 2026
Prepared For	Inframark – Oakstead Community Development District
Attention	John Weaver
Project Location	Oakstead CDD Entrance off State Road 54

## Executive Summary

Insurance-grade restoration of the Oakstead CDD entrance areas impacted by vehicle damage. Objective: full return-to-original appearance and function with seamless repair integration, site protection, and complete debris removal/haul-off. This proposal consolidates two repair locations at the main entry: (1) left-side monument wall restoration and (2) right-side retaining wall and sod restoration.

## Location 1 – Left Side Entry Monument Wall Restoration

### Recommended Method – Wood Frame Restoration (Best Overall)

Wood-frame rebuild is recommended to achieve straight-line control, durable attachment, and predictable scheduling without major dimensional changes or new footing/engineering.

Recommended Method	Wood Frame Restoration (Turnkey)
Total Investment	\$9,300.00
Labor	\$5,300.00
Materials	\$4,000.00
Duration	4–6 working days (weather permitting)
Workmanship Warranty	6 months (see Warranty Notes)

### Scope of Work – Turnkey Restoration

- Secure area; protect adjacent finishes/landscape; maintain a clean site throughout.
- Remove and dispose of all vehicle-impact debris; haul-off included.
- Demo damaged wall back to sound tie-in points; prepare surfaces for rebuild.

- Install pressure-treated framing with galvanized anchors/connectors.
- Install sheathing and weather-resistive barrier; rebuild substrate to match existing thickness and planes.
- Reinstall stone veneer (lower section) to match existing pattern/color; include setting materials and joint finishing.
- Rebuild cap system (under-cap substrate + cap pieces); reinstall decorative metal panel; final detailing for seamless blend.

## Location 2 – Right Side Entry Retaining Wall & Sod Restoration

### Recommended Method – Segmental Retaining Wall Reset & Sod Restoration

Selective restoration of the impacted retaining wall section using matching Pavestone RockWall Sierra Blend units and capstones, along with replacement of damaged sod areas. Objective: restore structural integrity and visual continuity with the existing entrance landscape.

Total Investment	\$3,200.00
Duration	1–2 working days (weather permitting)
Workmanship Warranty	6 months (see Warranty Notes)

### Scope of Work – Retaining Wall & Sod Restoration

#### Retaining Wall Repair (Approx. 25 Linear Feet)

- Selective removal of displaced and damaged retaining wall units.
- Preparation and stabilization of base to ensure proper leveling and support.
- Installation of one course of matching retaining wall block to restore original wall profile.
- Installation and securing of matching capstones using professional-grade landscape adhesive.
- Alignment and leveling to match existing wall taper, elevation, and finish.
- Cleanup and disposal of debris.

#### Sod Restoration (Total Area: 114 Square Feet)

Area 1: 8' x 12' = 96 SF    Area 2: 6' x 3' = 18 SF    **Total: 114 SF**

- Removal of damaged sod and preparation of soil.
- Grading and leveling of affected areas.
- Installation of matching sod to restore original appearance.
- Final cleanup and blending into surrounding landscape.

### Material Matching & Procurement

Replacement materials will be matched as closely as possible to the existing retaining wall system in color, size, and texture. This proposal assumes availability of matching or equivalent units through standard supplier channels. In the event matching materials are only available via pallet purchase, special order, or minimum quantity requirements exceeding the repair scope, any additional material cost beyond typical unit pricing will be submitted as a change order for approval prior to procurement and installation.

### Method Notes (District Questions)

- Concrete/CMU: Not ideal here due to wall thickness/configuration; masonry rebuild typically requires new footing/engineering and dimensional changes, increasing cost and coordination.
- EIFS/Styrofoam-only: Can match appearance, but does not provide the same impact resistance/rigidity as a framed structural rebuild.
- Segmental retaining wall system selected for Location 2 ensures compatibility with existing RockWall system and proper load transfer.

### Warranty Notes

- Workmanship warranty: 6 months.
- Stucco/finish coat warranty requires painting/sealing by others within 3 calendar days of completion; otherwise hairline cracking/weathering may occur and is excluded.
- Painting is excluded and will be performed by the District’s painter.

### Payment Terms

**No deposit is required.** Payment will be invoiced upon completion of work and final walkthrough approval by the District or its representative.

### Total Proposal Summary

Location 1 – Left Side Monument Wall Restoration	\$9,300.00
Location 2 – Right Side Retaining Wall & Sod Restoration	\$3,200.00
<b>Total Project Investment</b>	<b>\$12,500.00</b>

Prepared by RealEx Construction, LLC

## REAL EX CONSTRUCTION, LLC

### Black Iron Rod Fence Restoration Proposal – Oakstead CDD

Prepared for: Oakstead Community Development District

Contact: Kestler Harbuck | 727-480-3502 | [kestler@realexconstruction.com](mailto:kestler@realexconstruction.com)

#### **SCOPE OF WORK – IRON ROD FENCING (CDD AREAS ONLY)**

- Soft wash / pressure wash cleaning of decorative iron rod fencing within CDD-accessible areas.
- Spot paint and coating restoration where the existing finish has failed, including rust treatment and surface preparation as needed.
- Replacement of damaged or missing decorative head caps as needed to restore uniform appearance.
- Minor fastening/attachment repairs as needed (non-structural).
- Protection of adjacent landscaping and hardscape during cleaning and touch-up, with final cleanup of the work zone.
- Work is limited to the CDD-facing/accessible side only; no entry into resident yards.

#### **BASIS OF QUANTITY**

Iron rod fencing measured at approximately 565 LF with an average fence height of 6 feet, for an estimated clean/restore surface area of approximately 3,390 SF.

#### **PRICING**

Description	Unit Price	Total
Black Iron Rod Fence Restoration – 3,390 SF	\$1.77 / SF	\$5,994
<b>TOTAL LUMP SUM</b>		<b>\$5,994</b>

#### **SCHEDULE**

Estimated completion: 21–30 days, weather permitting.

#### **EXCLUSIONS**

Full repaint of all iron surfaces (entire system), structural fence replacement, major welding fabrication, work inside resident property lines, and latent conditions not visible during initial inspection are excluded unless approved by written change order.

## Perimeter Wall Restoration Proposal – Oakstead CDD

Prepared for: Oakstead Community Development District

Contact: Kestler Harbuck | 727-480-3502 | [kestler@realexconstruction.com](mailto:kestler@realexconstruction.com)

### **SCOPE OF WORK – CDD SIDE ONLY**

- Soft wash and preparation of approximately 44,000 SF of perimeter wall surface.
- Application of Sherwin-Williams premium exterior masonry coating sourced through Lowe’s professional program.
- Repair of foundational and surface cracks along the wall prior to coating.
- Protection of adjacent landscaping and hardscape.
- Final cleanup and debris removal.
- All work limited to CDD-facing side of wall only; no entry into resident yards.

### **PRICING BREAKDOWN**

Phase	Rate	Total
Soft Wash & Prep	\$0.27 / SF	\$11,880
Paint & Coating	\$0.90 / SF	\$39,600
TOTAL		\$51,480

### **SCHEDULE**

Estimated completion: 21–30 days, weather permitting.

### **WARRANTY**

Six (6) month workmanship warranty provided by RealEx Construction, LLC. Warranty excludes pre-existing structural movement, substrate failure, acts of God, irrigation staining, resident modifications, or conditions beyond contractor control. Material warranties are provided by Sherwin-Williams as applicable.

### **EXCLUSIONS**

Resident-side wall surfaces, structural wall rebuilding, major stucco replacement, color changes beyond selected standard, and work requiring resident property access are excluded.

Authorized Signature: \_\_\_\_\_

# REAL EX CONSTRUCTION, LLC

## Picket Fence Soft Wash Proposal – Oakstead CDD

Prepared for: Oakstead Community Development District

Contact: Kestler Harbuck | 727-480-3502 | [kestler@realexconstruction.com](mailto:kestler@realexconstruction.com)

### **SCOPE OF WORK – PICKET FENCE**

- Low-pressure soft wash cleaning of approximately 19,790 SF of picket fencing (3,958 LF at 5' average height).
- Application of community-safe detergents for removal of algae, mildew, and organic staining.
- Rinse and neutralization to protect landscaping and adjacent surfaces.
- Work limited to CDD-accessible areas only; no entry into resident yards.
- Final cleanup of work zones.

### **PRICING**

Description	Rate	Total
Picket Fence Soft Wash – 19,790 SF	\$0.18 / SF	\$3,562
TOTAL		\$3,562

### **SCHEDULE**

Estimated completion: 21–30 days, weather permitting.

### **WARRANTY**

Six (6) month workmanship warranty provided by RealEx Construction, LLC. Warranty excludes rapid re-growth due to irrigation, environmental conditions, resident modifications, or circumstances beyond contractor control.

### **EXCLUSIONS**

Painting, staining, structural fence repairs, replacement of pickets or posts, and any work requiring access to resident property are excluded unless quoted separately.
