Upcoming Events, Waterset Blvd. North

General Updates, Recent & Upcoming Maintenance Events

- During the month of February, all St. Augustine turf shall receive an application **1950 lbs. (39 – 50 lb. bags)** of a **complete fertilizer** incorporating a pre-emergent herbicide. Additionally, all Bahia turf shall receive an application of **4000 lbs. (80 – 50 lb. bags)** of a **complete fertilizer** incorporating a pre-emergent herbicide. Additionally, all Zoysia turf shall receive an application of **5000 lbs. (100 – 50 lb. bags)** of a **complete fertilizer** incorporating a pre-emergent herbicide and all Celebration Bermudagrass shall receive an application of **1050 lbs. (21 – 50 lb. bags)** of a **complete fertilizer** incorporating a pre-emergent herbicide.
- RedTree did not specify a fertilizer formula with the submission of their bid and are required to provide that prior to the applications being made.
- RedTree to notify me and Staff at least five days ahead of each fertilization being applied and to check in with Staff the day of application so Staff can verify type, quantity and what the fertilizer is being applied to and then record this information on the label and scan it to me. PAYMENT FOR FERTILIZATION WILL NOT BE APPROVED WITHOUT PRIOR VERIFICATION.
- Throughout the course of this inspection, it was noted that turf in many areas was still in very poor condition. It was also noted that most community palms had not been trimmed as requested by the previous landscape vendor. Many trees had still not been lifted, and several old proposals had not been completed (or perhaps a proposal not even received. I will work with RedTree to remediate some of these issues, however, there are still outstanding deficiencies with both our previous maintenance vendors.**

The following are action items for RedTree to complete. Please refer to the item # in your response listing action already taken or anticipated time of completion. **Red text** indicates deficient from previous report. **Bold Red text** indicates deficient for more than a month. **Green text** indicates a proposal has been requested. **Blue** indicates irrigation. **Bold, underlined is info. or questions for the BOS.** **Orange** is for Staff.

1. Crews need to be very aware of the large Royal Palm fronds lying everywhere and make sure they are being hauled off. Duties such as these must also be performed during the off-mow weeks when crews are still required to be on site. As mentioned earlier, there remains much turf in horrible condition. (Pic 1>)
2. I won't fill this report with photos of failing turf, as previously discussed, but will on occasion, include a photo or two in various areas of the community. This is on Waterset Blvd. (WSBlvd.) northward. (Pic 2>>)

Waterset Blvd., The Landing, Scenic

3. The spray crew must always keep watch on the Bougainvillea throughout the community as Bougainvillea Looper has been an issue in the past. This Bougainvillea on the WSBlvd. northward is completely defoliated in some areas. (Pic 3)

7. I realize this turf between the Landing, pool deck, gym and pavilion does not get full sun during the winter due to the tall buildings to the south and east, but the turf continues to fail, in part, I feel, due to the heavy watering that is taking place. (Pic 7)

4. Broadleaf weeds should be spot treated at this time as they are very clearly visible. Do not rely on the pre-emergent herbicide ... these have already emerged.

5. **One of the things that was never completed by Sunrise was the trimming of Palms throughout the community.**

6. There is an invasive “mock” weed infesting the Dw. Asian Jasmine beds between the Landing and the pavilion behind it.

8. The NW corner of Pond 2 needs to have tall weeds hand pulled and eradicated. (Pic 8)

9. Make sure a schedule is set to “pencil prune” all Crape Myrtles up to a height of 15’ and the entire Crape Myrtle if under 15’.

10. A couple representative pictures of WSBlvd. turf between Covington Stone Ave. and Milestone. (Pics 10a – c>)

11. There is a broken spray head on the east ROW of WSBlvd. about 100’ north of the south end of Current buffer.

Waterset Blvd., Current South, Coqui Park, Maker's Way

12. Is this simply cold damaged turf on Current south cul-de-sac? (Pic 12>)

13. Re-photographing where the large inflatable sat in Coqui Park's already-stressed turf. (Pic 13>)

14. Cars are parking on the turf along the Maker's Way turf perimeter. (Pic 14)

15. Make sure the spurge in the turf on the east side of Flowerpot Park is being treated.

Milestone, Knowledge, Crest Point Park

16. Tree rings need to be established and maintained weed-free.

17. Turf on the south side of Milestone east of the power lines. (Pic 17)

21. Lift trees along Salt Creek.

22. Inspect some thinning spots of turf in the Crest Point Porkchop park in the ROW. Treat accordingly. (Pic 22)

18. Remove a fallen Red Maple on Knowledge. (Pic 18)

19. There are several areas of failed turf along Milestone between Triton and Maiden Sea as well as along Maiden Sea that I feel will not be coming back in the spring. Holdover (Pic 19>)

20. Properly remove a broken limb on the south side of Milestone west between the roundabout and the powerlines. (Pic 20>)

Crest Points, Brevada, Paradiso

23. Dead-head the Giant Birds-of-Paradise in Crest Point 1. (Pic 23)

- by the displaced soil. (Pic 27)

24. We need to monitor this Bismarck Palm on Crest Point 2. I will have Terrapin Lawn care inspect it when they root drench for Giant Palm Weevils. (Pic 24)

28. I called in this irrigation blowout from the field. It is on the north side of Paradiso, slightly east of Ebb Tide. (Pic 28)

25. Lift trees along Havensport.

26. Turf on the south side of Brevada at WSBlvd. as well as on the WSBlvd. median at Brevada remains in very poor shape. Holdover (Pic 26>)

27. Turf on the north side of Paradiso in the ROW as well as behind the sidewalk is very weedy. There are also fire ant mounds. Crews must treat all fire ant mounds. Once the mound is dead, crews need to return to the mound to re-expose all sod or mulch that was covered

Paradiso, Waterset Blvd., Shadowlake

29. There remain dead patches of turf all along Paradiso. Holdover. However, there are very tall weeds in the ROW turf that need to be eradicated by RedTree ... not simply mowed over.

30. Also, the west ROW of the west leg of Shadowlake is also overgrown with weeds. (Pic 30)

31. Hand pull a very large Brazilian Pepper from the Dwarf Firebush surrounding the Shadowlake mail kiosk.

32. I feel there may be a very large area (app. 100') on the east ROW of WS Blvd. north of Paradiso that may be completely dead. Holdover. I feel there is also large areas of dead turf on the WS Blvd. median south of Paradiso. Holdover. (Pic 32)

33. Remove or replace a broken tree brace on the second tree on the north side of Paseo Al Mar (PAM) west of WS Blvd.

34. I also feel that the previous two vendors need to share in the expense of replacing all dead plant material and turf on a couple different beds on the PAM median east of the power lines. (Pic 34)

35. There are also several areas on the PAM median as well as in the ROWs where the turf between ornamental grass beds is all but dead. Holdover. (Pic 35)

36. And turf on the PAM median continues to decline in many areas between Milestone and WS Blvd. Holdover (Pics 36a & b>)

37. Eradicate grassy weeds in the Variegated Confederate Jasmine and spurge in the turf on the PAM median east of WS Blvd.

Paseo Al Mar, Covington Garden Drive

38. Crews need to be cautious when mowing the turf on the PAM median approaching the Covington Garden Dr. (CGD) roundabout. There are scalped areas that will become weedy.
39. I feel the previous two vendors need to be responsible for replacing dead plant material (mostly Confederate Jasmine) at the monument on the NW corner of CGD & PAM. (Pics 39a & b>)
40. I also feel that the previous two vendors need to share in the expense of replacing a lot of the turf on the north side of PAM between CGD and Paradiso. (Pic 40>)

41. I also feel that the previous two vendors need to share in the expense of replacing much of the turf on the east side of Paradiso between PAM and Voyagers. (Pic 41>)

Heirloom, Lantern Park, Lakeside Amenity

- 42. Treat fire ant mounds along Heirloom.
- 43. Hand pull volunteer Elms growing out the top of the Feijoa next to the mail kiosk in Lantern Park.
- 44. I also feel the previous two vendors need to share in the cost of the turf replacement in the west lawn of Lantern Park.
- 45. Hand pull volunteer Elms, Brazilian Peppers as well as Cupid's Shaving Brush growing throughout the butterfly garden in Lantern Park.
- 46. I also feel the previous two vendors need to share in the cost of the turf replacement on the west ROW of Lantern Park. (Pic 46)

- 47. Remove all dead growth from the Flax Lily inside Lantern View Park.
- 48. Remove the scraggly Cocoplum to the right of the Lakeside Amenity front gate. Clean up the entire bed and continuously remove and dispose of palm boots. (Pic 48)

- 49. We'll need to come up with an alternative groundcover on the east side of the Lakeside Amenity. The existing turf has died from being shaded out. (Pic 49)

- 50. Make sure this drip line on the north side of the Lakeside Amenity outside the gates is crimped. (Pic 50>)
- 51. Remove scraggly ornamental grasses behind the bench where Meeting House turns to the south.

Covington Garden Drive, Colmar Park, Wave's End Park

52. I feel both previous vendors need to share in the expense to replace the turf on both sides of CGD from Parkshore to PAM.

53. Define the landscape buffer on the west side of CGD between Lantern Park Dr. and PAM.

54. Inspect Fakahatchee Grasses in the Colmar Park open lawn. Are these brown from Spider Mites? Treat accordingly.

55. I feel the previous two vendors need to share in the expense to replace the dead/dying Eagleston Hollies on the SE corner of Colmar Park. These began to fail about four months ago. (Pic 55)

56. I feel the previous two vendors need to share in the expense of replacing the turf in Wave's End Park. (Pics 56a & b>)

57. RedTree to flush cut this dead Shumard Oak on the east side of CGD south of Parkshore.

58. Create a horizontal bottom to the crowns of the *Ilex vomitoria*, Weeping Yaupon Hollies on the sides of CGD between Parkshore and Lantern Park Dr.

59. Clean up the landscape bed adjacent to the first house on the left entering Tideline off CGD.

60. Remove dead growth from the Flax Lily inside Tideline Park. Eradicate Torpedograss. Deadhead the Birds-of Paradise. (Pic 60>)

61. I feel the previous two vendors need to share in the expense to replace the turf at the NE corner of Tideline Mileston Park. (Pic 61>)

Tideline Park, Milestone, Hourglass Park

67. Hand pull and eradicate tall weeds in the Hourglass porkchop" park. Turf is also on the decline. (see below)

68. I feel the previous two vendors need to share in the expense of replacing turf at the southern end of the north half of Hourglass Park. (Pics 68a & b)

- 62. Hand pull vines and weeds from the Palmettos on the Nestall cul-de-sac.
- 63. Remove a broken limb from the second Oak east of Nestall on the north side of Milestone.
- 64. Treat turf weeds in the turf on Milestone/CGD Park.
- 65. Lower the Bougainvillea in front of the wave" wall at CGD and Milestone. I would allow RedTree to apply a growth inhibitor to these plants to limit their size.
- 66. Weeds are a foot tall in the west ROW of CGD. This should never occur.

Bowspirit Park, Waterset Blvd.

- 69. Remove the very tall volunteer Brazilian Peppers in the Dw. Firebush beds on either end of Bowspirit Park.
- 70. Eradicate weeds in the Dw. Asian Jasmine beds in Bowspirit Park. Also, create a break in the Dw. Asian Jasmine to keep it from climbing the Crape Myrtle trunks.
- 71. Is irrigation working 100% in the interior lawn of Bowspirit Park? (Pic 71)

- 72. As a reminder, crews are responsible for the constant maintenance of Sump G/Pond 19 on the NW side of Bow Spirit Park. This pond is often overlooked. (See below)

- 73. Is irrigation 100% in the ROW turf of Mayport Park? It looks very dry, but it may also be cold damage.
- 74. Deadhead and clean out the Giant Birds-of-Paradise in the east buffer of WS Blvd. north of Milestone.

Proposals

1. RedTree to provide a proposal to completely remove these two dead/dying Washington Palms inside the Lakeside Amenity. (Pic 1)

2. RedTree to Install & Invoice two (2) 3 Gal., FULL Confederate Jasmine to replace the two the previous contractors allowed to die. These were supposed to have been replaced by Sunrise many months ago. However, please ensure irrigation is working properly to these pots as the others are beginning to thin. (Pic 2)

3. Remove and Invoice this entire Palm at the corner of Milestone and CGD. (Pic 3>)

SUMMARY:

Winter is here in Florida. After a hot summer it's nice seeing air temperatures drop and pond growth reduce. A few things to keep in mind during the cooler months. Dissolved oxygen levels are high and fish are thriving. We will receive abnormally hot winter days and Algae will bloom fast, when this happens this growth respond great to treatment. The last thing to watch for is invasive species struggling during freezes. Overall in a great spot moving into the new year. Hope the holidays were great and happy new years!

January 2026 Meeting

Unparalleled Property Services

CDD Access Requests: None

Management met with the Fire Marshal at the Landing on January 12th. Upon reviewing the system, the Fire Marshal advised that the recorded occupancy capacity was unusually low for the size of the building. He stated that when the department transitioned to a new internal software system, the information may not have been transferred correctly, resulting in the lower maximum capacity. The Fire Marshal measured the Landing building and updated the maximum occupancy to 115. He also provided management with the updated maximum capacity sign, which has been posted in the building.

Management requested that District Management order a Square terminal so that management can accept payments for reservations. The current Square terminal in use belongs to another district and is linked to that district's bank account.

During the New Year holiday, residents placed fireworks in the trash can on Parkstrand Drive, causing damage that now requires replacement. Management is currently awaiting a proposal from Playmore for the replacement and installation of a new trash can, which will be secured in concrete.

Management received a request from the resident of 6404 Blue Sail to add a Freedom Tree to the park across from his home. The resident provided the attached document, which includes additional information about the tree.

Management has been in communication with Cooper Pools regarding damage caused by their use of a pool hose on the turf along the Pond 1 bank to dispose of chlorinated water. This activity damaged the turf, and Cooper Pools has agreed to cover the cost of repairs. Management reached out to RedTree Landscaping, which provided a proposal for \$950.00. The project includes the removal of the existing turf and installation of approximately 400 sq. ft. of Bahia sod with 1 yard of topsoil. Cooper Pools will be contacting RedTree Landscaping directly to provide payment for the project.

Management continues to receive requests from a resident in the Phase 3 townhome section to replace the landscaping lights around the CDD park located between the townhomes. The Waterset North CDD Board previously declined these requests; however, management wanted to bring the matter back to the Board to see if they would reconsider.

Waterset HOA is requesting permission to use the Lakeside Amenity for the Easter event on Saturday, March 28th. The parking lot would need to be closed the evening of Friday, March 27th to allow for event setup early the following morning.

Management reached out to EGA Pressure Washing to request a proposal for pressure washing all sidewalks within the Waterset North trails and parks. The proposal was received and totals \$15,594.73.

Respectfully Submitted,

Katiria Parodi, LCAM

THE LIBERTY TREE PROJECT - Ron Redner, National Chairman Liberty Tree Project

The 250th SAR Liberty Tree Program was rolled out at the Spring 2023 Leadership meeting by the NSSAR History 250 Committee the goal of planting 250 Liberty Trees for the 250th Anniversary with at least one tree in each state on or before July 4, 2026. We feel with by planting a Liberty Tree that it will help educate the public of the importance of the American Revolution and the sacrifices that were made to become our nation. Trees are installed with a dedication plaque. It is recommended that the Liberty Trees be planted in counties or cities named after a Patriot or in a location that will serve as a tribute to veterans.

The Liberty Tree (1646--1775) was a famous elm tree that stood in Boston near Boston Common, in the years before the American Revolution. In 1765, colonists in Boston staged the first act of defiance against the British government at the tree. The tree became a rallying point for the growing resistance to the rule of Britain over the American colonies, and the ground surrounding it became known as Liberty Hall. In 1775 the British had enough of these rebellious rallies at the Liberty Tree and had it cut down.

WE NEED YOUR HELP to plant a Liberty Tree in your area of the country in order to achieve our goal of 250 Liberty Trees planted before July 4, 2026. Please contact **NSSAR Liberty Tree Project Chairman, Ron Redner / cell:404-401-0204 / email: ronredner@gendrad.com**, or **Jeff Thomas, NSSAR Historian General email: jthomas@sar@gmail.com** or **Rick Reese Jr, NSSAR Liberty Tree Webmaster, email: RickReese68@att.net**

Cost for a Elm Tree and plaque is around \$200 and one way to offset that cost is to have a sponsor for each Liberty Tree and award that person with a certificate of thanks. You can purchase a tree or plaque from your locate area if you would like. We have been purchasing these Liberty Trees (Elm Trees) from www.FastGrowingTrees.com for \$150 each. The tree is a Princeton Elm Tree with Free Shipping. Add \$15 for Insurance for 1 year. You can purchase a custom granite stone plaque from **Compatriot Email Decker / cell 706-482-8248 / eldecke@weeagr.com** for competitive pricing, or a custom plaque from Sign 9"x12" / Aluminum (.040) from www.bulldesign.com with full color with UV Protection for around \$30 each with Free Shipping

PAYING YOUR BILL

You are responsible for all legitimate, undisputed charges on your bill. Paying by check authorizes Frontier to make a one-time electronic funds transfer from your account, as early as the day your check is received. When making an online payment, please allow time for the transfer of funds. If funds are received after the due date, you may be charged a fee, your service may be interrupted, and you may incur a reconnection charge to restore service. A fee may be charged for a bank returned check. Continued nonpayment of undisputed charges (incl. 900 and long distance charges) may result in collection action and a referral to credit reporting agencies, which may affect your credit rating.

IMPORTANT MESSAGES

You must pay all basic local service charges to avoid basic service disconnection. Failure to pay other charges will not cause disconnection of your basic service but this may cause other services to be terminated. Frontier Bundles may include charges for both basic and other services. Frontier periodically audits its bills to ensure accuracy which may result in a retroactive or future billing adjustment. Internet speed, if noted, is the maximum wired connection speed for selected tier; Wi-Fi speeds may vary; actual and average speed may be slower and depends on multiple factors. Performance details are at frontier.com/internetdisclosures.

SERVICE TERMS

Visit frontier.com/terms, frontier.com/tariffs or call Customer Service for information on tariffs, price lists and other important Terms, Conditions and Policies ("Terms") related to your voice, Internet and/or video services including limitations of liability, early termination fees, the effective date of and billing for the termination of service(s) and other important information about your rights and obligations, and ours. Frontier's Terms include a binding arbitration provision to resolve customer disputes (frontier.com/terms/arbitration). **Video and Internet services are subscription-based and are billed one full month in advance. Video and/or Internet service subscription cancellations and any early termination fees are effective on the last day of your Frontier billing cycle. No partial month credits or refunds will be provided for previously billed service subscriptions.** By using or paying for Frontier services, you are agreeing to these Terms and that disputes will be resolved by individual arbitration. By providing personal information to Frontier you are also agreeing to Frontier's Privacy Policy posted at frontier.com/ctnetx-privacy.

Apollo Beach, FL 33572 USA

Description of work

10/23/25: We started to troubleshoot the entire pool equipment system starting from the breaker that supplies power to the pool equipment panel located in the MDP next to the meter then back to the pool panel. Even after disconnecting the load side of the 7.5-amp 120-volt contactor, we were able to rotate the controller for the splash pad to the ON position and cause the main breaker to trip at the main. We will need more time to diagnose the problem.

10/27/25: We troubleshot the pool equipment sub panel and control panel more extensively leading us to find there was a problem on both pumps related to the splash pad area. There was a dead short to ground in the connection point of the 7.5 hp pump. The other pump's contactor had a dead short to ground on the load side of the contactor. Between t1 and t2, we cleaned up the connection point for the 7.5 hp pump. We replaced the contactor with a new contactor. We then tested the system for proper operation. The pool guy was present to get the pumps primed.
