Article I - Collective Bargaining Framework

A. Parties to the Agreement

This Agreement is made and entered into this 15th day of May, 2018, effective the first day of July, 2018, by and between the Board of Education of District 26, Cook County, State of Illinois (hereinafter referred to as the “Board”), and the River Trails Education Association (hereinafter referred to as the “Association” or “RTEA”).

B. Preamble and Purpose

The *Illinois Educational Labor Relations Act* (IELRA) recognizes the attainment of educational objectives is a joint responsibility and requires mutual understanding and cooperation of the Board, the Administration and the Association. In an effort to promote orderly and constructive relationships between educational employers and employees, the IELRA has established a framework for collective bargaining.

The Board and the Association have the authority and duty to bargain collectively with respect to wages and other terms and conditions of employment as specified by the IELRA. Curriculum and other instructional issues, as well as the employment and promotion of personnel are excluded as negotiable items.

To foster a harmonious relationship that best serves the public interest, the Board and the Association shall engage in meaningful, good faith negotiations. “Good faith” is defined as the mutual responsibility of the Board and Association to deal with each other openly and fairly and to sincerely endeavor to reach agreement on items subject to negotiation by this Agreement.

This Agreement is further established to resolve any problems that arise, thus promoting better relations between the Board and the Association, and contributing to a more positive educational climate for the benefit of the students and the community.

C. Recognition as Exclusive Bargaining Agent

The Board recognizes the Association as the exclusive and sole negotiating agent. The Board shall not negotiate with any employee organization other than the Association for the duration of this Agreement. Any challenge to the Association as the sole and exclusive negotiating agent shall be made in accordance with IELRA provisions.

Unless otherwise allowed by this Agreement, the Board shall not negotiate with any employee individually on matters set forth in this Agreement. It is recognized, however, this Agreement in no way prohibits individual employees from petitioning the Board and administration on matters of concern to them as employees and individuals. Likewise, the Board and administration retain the right to discuss with individual employees district matters relating to the educational program beyond the scope of this Agreement.

D. Bargaining Unit Composition

In accordance with the recognition petition filed with the Illinois Educational Labor Relations Board (IELRB), the bargaining unit shall include all employees except the following: bus drivers, administrators, or any supervisory, confidential or managerial employees as defined by the IELRA.

E. Effect of Agreement

1. The terms and conditions set forth in this Agreement represent the full and complete understanding and commitment between the Board and Association.
2. If any part of this Agreement is declared illegal by a court of competent jurisdiction, that part shall be automatically deleted from this Agreement. Upon request of either party, within sixty (60) days of any such declaration of illegality, the Board and Association shall meet to renegotiate any terms and conditions affected.
3. Any adopted policy of the Board that is in conflict with the provisions of this Agreement shall be amended or deleted by the Board so as to bring the specific policy into compliance with the Agreement.
4. This Agreement may be altered, changed, added to, deleted from, or modified through the voluntary, mutual consent of the Board and Association. Any such amending of the Agreement shall be reflected in a written and signed letter of understanding.
5. The Board and Association agree to negotiate or automatically incorporate any changes in terms and conditions of employment due to changes in state or federal laws.

Article II - Negotiations Procedures

A. Joint Responsibilities and Commitments

1. Neither the Board nor the Association shall discourage, deprive or coerce any bargaining unit member from the lawful use of rights granted by state and federal laws. Any violation may be taken directly to the Superintendent with a copy of the alleged violation sent to the Board and Association.
2. The Association will not encourage, support or engage in any strike, slowdown or other concerted refusal to render uninterrupted services to the district except as permitted under the IELRA.
3. The Board and Association will not discriminate against any bargaining unit member because of membership in the Association, participation in negotiations with the Board, or the institution of grievances under this Agreement.
4. The Board and Association agree the provisions of this Agreement shall not be applied in a manner that is arbitrary, capricious or discriminatory.

B. Notification of Intent to Bargain

The Board or Association shall notify the other party of its intent to commence bargaining for a successor agreement no later than March 1, unless otherwise mutually agreed.

C. Negotiations Representatives

1. It is understood all negotiations are to be conducted between designated representatives of the Board and Association. Each party shall select its own negotiations representatives from its respective constituents.
2. The Board and Association shall confer upon their respective representatives the necessary power and authority to make proposals, consider proposals, and make counter proposals in the course of negotiations and to reach a tentative Agreement which shall be presented to the Board and Association respectively for ratification.

D. Negotiations Process

Unless otherwise agreed by mutual consent, within ten (10) days of receipt of a notification of intent to bargain a successor Agreement, representatives of the Board and Association shall meet to determine the negotiations format to be utilized. Options shall include, but not be limited to, positional or interest-based approaches.

Actual bargaining shall commence within thirty (30) days of the notification of intent. This timeline may be extended by mutual consent of the parties.

E. Impasse Resolution

1. Declaration of Impasse

When the Board and Association have discussed all items not agreed upon and believe further negotiation procedures would be inadequate, impasse may be declared by either party by written notice to the other party.

2. Request for Mediator

Upon receipt of such notice, the presidents of both parties shall immediately execute and mail a joint letter to the Federal Mediation and Conciliation Service (FMCS) requesting mediation. If the FMCS is not available, the Illinois Educational Labor Relations Board (IELRB) or, if it is not available, another mutually agreeable mediation service shall be used.

3. Mediation Process

The mediator shall meet with the parties or their representatives, or both, either jointly or separately, and shall take such steps as deemed appropriate to persuade the parties to resolve their differences and effect a mutually acceptable agreement. The mediator shall not make findings of fact. The mediator shall make no report to the public. If the mediator's efforts to bring about an agreement are unsuccessful, the parties may jointly decide to enlist the assistance of another third party.

4. Selection of Fact-finder

If the services of a fact-finder are mutually agreed upon, the following steps shall be taken:

- a. A list of five (5) fact-finders shall be secured from the AAA, provided that such list shall not include a resident of the district.
- b. Selection of the fact-finder shall be made by the parties from the list supplied as determined above. Final selection of the fact-finder shall be made by the parties alternately striking a name from the list until one name remains, and this person shall serve as fact-finder. The party that shall make the first deletion shall be determined by chance.
- c. If the final fact-finder named is unable to serve, another list of five (5) fact-finders shall be secured from AAA, and the selection process shall be repeated until a fact finder who is able to serve is secured.

- d. The fact-finder shall, within ten (10) days after being selected, hold hearings, make investigations, and take such other steps as deemed appropriate. The Board and Association shall furnish the fact-finder, upon request, all information covered by this Agreement and at issue before the fact-finder.
 - e. When a dispute is not settled, the fact-finder shall within thirty (30) days after being selected make findings of fact and recommend terms of settlement. Such terms shall be advisory only. Any findings of fact and recommended terms of settlement shall be submitted in writing to the parties.
 - f. Within ten (10) days from receipt of the written report, each party must notify the fact-finder, in writing, of its decision to accept or to reject the report of the fact-finder. If the written report is not accepted, the reasons for non-acceptance must be included in the response.
 - g. If no agreement is reached within ten (10) days from receipt of the written report, the responses shall be added to the written report, and copies shall be released to the public by the fact-finder.
5. Costs for Consultants Costs for consultants chosen by either party shall be paid by the party. The costs for the mediator/arbitrator or the fact-finder shall be shared equally by the Board and Association.
6. Final Agreement/Ratification When the Association and Board reach tentative agreement on all matters being negotiated, the items will be reduced to writing and shall be submitted to the membership of the Association for ratification and to the Board for official approval. Items ratified and approved by both parties shall become part of the Agreement.
7. Printing and Distribution of Agreement Within thirty (30) days after the Agreement is signed, copies shall be posted on Association and district web sites in secure locations and printed at Board expense and presented to the Association for distribution to bargaining unit members upon request.

Article III - Grievance Procedure

The Board and Association recognize the static terms of this Agreement are likely to be tested by the fluidity of a dynamic workplace. The parties value such tension and affirm the following grievance process as a viable, non-controversial dispute resolution vehicle that ultimately strengthens this Agreement and working relationships within the District. (Note: The italicized copy is not subject to the grievance procedure.)

A. Grievance Definition

A grievance is a complaint by an employee or the Association that there has been an alleged violation, misinterpretation or misapplication of any provision of this Agreement.

B. Statement of Basic Principles

1. The Board, administration, and Association shall cooperate in the investigation of any grievance and shall furnish requested information on a timely basis.
2. Each party shall have the right to include such representatives, as it deems necessary to develop facts pertinent to the grievance.
3. Each employee shall have the right to file grievances in accordance with these procedures.
4. Each employee shall have the right to be represented by the Association or by legal counsel. No employee shall be required to discuss any grievance if the employee's representative has not been given a reasonable opportunity to be present.
5. Nothing in this article shall be construed as limiting the right of an employee to discuss a problem with his/her supervisor or the administration without Association intervention. The goal of the grievance process is to resolve conflict at the earliest stages of the procedure.
6. The Board acknowledges the right of Association grievance representatives to participate in any formal step of the grievance process, as the ultimate decision to proceed to arbitration rests with the Association's Executive Board. When a grievant is not represented in the grievance procedure by the Association, the Association shall receive written notification of the employer's decision at each formal step of the process.
7. An employee who participates in the grievance procedure shall not be subject to discipline or reprisals of any kind because of such participation. An administrator shall not discuss an employee's participation in the grievance procedure with any other bargaining unit member. No documents, communications and records dealing with the processing of a grievance shall be placed in an employee's personnel file.

8. Hearings, conferences or other proceedings related to the processing of a grievance shall be conducted at a time and place that will afford a fair and reasonable opportunity for all necessary participants, including witnesses to attend. Insofar as possible, such meetings will be held after regular school hours or during non-duty time of the personnel involved.

The Superintendent may release an employee during school hours to participate in the grievance process.

9. In no case shall an employee suffer any loss of pay or benefits due to required participation in the grievance process. The Superintendent and Association president shall jointly determine the necessity for releasing an employee during school hours in order to process or investigate a grievance.
10. A grievance may be settled at any step with or without establishing prejudice or precedent when mutually agreed by the Association, the grievant and the employer.
11. A grievance may be withdrawn at any level without establishing precedent.
12. The failure of an employee or the Association to act on any grievance within the prescribed time limits will act as a bar to further appeal. The failure of an administrator or the Board to give a decision within the time limits shall permit the grievant to proceed to the next step.
13. The final resolution of the grievance shall not be inconsistent with the terms of this Agreement. If the Association believes the final resolution of any grievance prior to the final step of the grievance procedure, other than by reason of failure to act within the prescribed time limits, is in conflict with the Agreement, the Association shall have the right to file a grievance.
14. All time limits in this Article shall consist of workdays during the aggrieved employee's/employees' contract year unless otherwise noted. If a grievance is submitted less than ten (10) school days before the close of the current school term, time limits shall consist of weekdays. Holidays shall not be included. Time limits for Association grievances shall consist of workdays during the school year and weekdays during the period when ten-month employees are not present.

C. Informal Grievance Resolution

In most cases, it is desirable for alleged violations of this Agreement to be resolved through informal discussions between an employee and the immediately involved supervisor. An employee shall have the right to request Association assistance in resolving the differences. If, however, such informal discussions fail to rectify the dispute, the following formal grievance process is available.

D. Formal Grievance Procedure

1. Step One: Formal Hearing with Immediate Supervisor

Whenever a grievance is not resolved through informal discussions with the immediate supervisor, the grievant or Association shall present the grievance in writing within thirty (30) school days of the occurrence giving rise to the allegation or of when the grievant or Association might reasonably have had knowledge thereof, unless the violation is of a continuing nature. The written grievance shall specify the date of the alleged violation, the contract provisions allegedly violated, and the remedy sought.

The employee, Association representative (if requested) and immediate supervisor shall meet within seven (7) days of receipt of the written grievance to resolve the matter. The immediate supervisor's response to the grievance, including the reasons for the decision shall be communicated in writing to the employee and the Association president/designee within seven (7) days of the meeting.

2. Step Two: Formal Hearing with the Superintendent

A grievance not resolved at Step One may be appealed in writing to the Superintendent within ten (10) days of receipt of the Step One response. The Superintendent shall arrange to meet with the grievant and the Association representative within ten (10) days of receipt of the written appeals request. The Superintendent shall issue a written response to the employee and Association president/designee within ten (10) days of the meeting. The response shall include reasons for the decision.

3. Step Three: Formal Board Hearing

The grievant may appeal the Superintendent's decision in writing to the Board within ten (10) days of receipt of the Step Two response. The Board shall arrange a grievance hearing within thirty (30) days after receipt of the request. The Board shall communicate its Step Three response, including rationale, to the grievant and Association president/designee within ten (10) days of the hearing.

4. Step Four: Arbitration

Within twenty (20) days of receipt of the Board's decision, the Association may submit the grievance to final and binding arbitration.

- a. Each party shall bear the full costs for its representation in the arbitration. The cost of the arbitrator will be divided equally between the Board and Association. If only one party requests the presence of a court reporter, that party shall bear the cost of the reporter. If the other party wants a copy, the other party must share the cost.
- b. The selection of an arbitrator shall be made by the rules of the American Arbitration Association.

- c. The arbitrator shall not suggest any changes to this Agreement, but does have the authority to recommend a dollar remedy when appropriate under the terms of this Agreement.
- d. By mutual agreement, the Expedited Rules of the American Arbitration Association (AAA) shall be used instead of the Voluntary Labor Arbitration Rules.
- e. The arbitrator's decision shall be limited to the issue(s) presented in writing by the parties. Any decision must be based solely upon an interpretation of the meaning or application of the language of this Agreement.

E. Processing Exceptions

- 1. By mutual agreement in writing, any step of the grievance procedure may be bypassed.
- 2. By mutual agreement in writing, any timeline may be extended.
- 3. Grievances involving more than one employee, more than one supervisor, or an administrator above the building level may be initially filed by the Association at Step Two with the Superintendent.

Article IV - Association Rights and Responsibilities

A. Right to Organize and Participate

Bargaining unit members shall have the right to form, join, or assist professional employees' organizations, and to participate in professional negotiations with the Board through representatives of their own choosing. Bargaining unit members shall have the right to refrain from any and all such activity, and membership shall not be a prerequisite for employment or continuation of employment of any employee.

B. Association Use of District Facilities and Equipment

The Board will permit the Association to use its facilities and equipment for Association meetings, provided such use does not interfere with regularly scheduled school functions and other Board-approved functions. When custodial service is required, the Board may charge the Association for this service.

C. Association Announcements

Announcements of Association business that have no impact on the student body may be sent via district email.

D. Bulletin Board, Mail Facilities, and Mailboxes

1. The Association shall have the right to distribute printed materials via the employer's interoffice mail system, including bargaining unit members' mailboxes. The Board shall not interfere with or censor such Association communications.
2. The Association shall have in each district facility, including the central office and the maintenance building, a bulletin board in each employee lounge or workroom.
3. The Association shall have reasonable use of the District's facsimile equipment, computer, and electronic mail.
4. The Association shall also have an electronic mailbox in the employer's electronic mail system.
5. The Association president shall be provided a daily pick-up and delivery point for intra-school mail.

E. Association Meeting Dates

Association monthly meetings for the forthcoming school year shall be included in the development of the district calendar of events, provided the Superintendent receives timely notice of such meetings prior to development of the calendar. The Superintendent shall urge all administrators to take into consideration published Association dates when scheduling building-level meetings.

F. Business by Association Representatives on School Property

Representatives of the Association shall be permitted to transact Association business on school property. Association representatives not employed by the District shall report to the office upon entering the building.

G. Employee Orientation

The Board agrees to grant any Association request for a reasonable amount of time, not to exceed one hour, for Association purposes at the end of the regularly scheduled employee orientation or institute day at the start of the school year. Such opportunities shall also be available to the Association throughout the school year, so as to allow contact within the first month of any new employee's starting date.

H. Association Notification of District Job Descriptions

The Association President shall be given timely written notification of new or modified job descriptions. All job descriptions will be posted electronically and accessible to all staff online.

I. Association Notification of Employee Information

The Association President and treasurer shall be notified in writing of the following information for each employee within ten (10) days of the start of the school year or the date of hire, whichever occurs first: name, address (if permitted by the employee) and building assignment/position.

The Association President and treasurer shall be notified within fourteen (14) days of any action to change an employee's position, worksite, or number of hours worked. Additionally, changes in employee names and addresses (if permitted by the employee) shall be communicated to the Association President when practicable.

Annually, the Board shall provide to the Association president the names, addresses, seniority ranking, experience credit, and compensation of all bargaining unit members.

J. Association Leave Provisions

To enable the Association to comply with its statutory obligation to fairly and adequately represent all bargaining unit members in the implementation and administration of this Agreement, the Board agrees to the following Association leave provisions:

1. General Association Leave

The Board shall make available annually twenty (20) days of Association leave. The Association shall, in a timely fashion, notify the Superintendent of its intent to access such leave; the Association shall seek minimum disruption of the instructional program. Association leave may be taken as full days or in increments of no less than one-half days. The RTEA shall pay the costs for necessary substitutes.

2. Full-Time-Release Association President

The Board may grant a leave of absence for up to three years without pay for the purpose of serving as an officer or as a staff member of the IEA or NEA. The Board shall be notified in writing by February 1 if the employee intends to return to full-time employment at the beginning of the forthcoming school year. An employee who fails to provide such notification shall forfeit any right of reemployment.

Article V - Management Rights

The Board retains and reserves unto itself the ultimate responsibilities for the proper management of the School District conferred upon and vested in it by the *Illinois School Code* and the Constitution of the State of Illinois and the United States.

The exercise of the foregoing power, rights, authority, duties and responsibilities by the Board, the adoption of policies, rules, regulations and practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only by the specific and express terms of this Agreement and then only to the extent such specific and express terms hereof are in conformance with the Constitution and laws of the State of Illinois and the Constitution and laws of the United States.

Article VI - Stakeholder Collaboration

The Board and Association recognize the shared mission to have exceptional staff provide exemplary student programs in a safe and nurturing environment. This is best achieved when the educational stakeholders function as an effective, collaborative and respectful decision-making team. The Board and Association affirm a shared commitment to develop and implement plans to strengthen communication, trust and partnership. (Note: The italicized copy is not subject to the grievance procedure.)

A. Board/Association Collaboration

1. Board/Association Communications Council

Representatives of the Board, administration, and Association shall meet as requested to discuss matters of mutual-concern. These meetings are not intended to bypass the complaint, negotiations, or grievance procedures. The Association shall communicate its concerns to appropriate administrators prior to meeting with the Board, thus affording the administration a reasonable opportunity to resolve issues.

Each party will submit to the other, one week prior to the meeting, an agenda covering matters they wish discussed.

a. Notification

The Association president or his/her designee shall be given written notice of any regular or special meeting of the Board at least forty-eight (48) hours prior to the scheduled time of the meeting.

b. Agenda

The Board shall provide the Association with a copy of the agenda for each Board meeting, along with a complete packet of exhibits (provided to the public) to be discussed.

The Board shall provide the Association president or designee an opportunity at each regularly scheduled meeting to present item(s) for consideration. Any such presentation shall not be subject to the three-minute limitation applied to delegations during public comments to the Board.

2. Exchange of Pertinent Information

Upon request, the Board shall provide the Association president with an updated copy of Board policy, its annual budget and audited financial statements, all other public documents and reports, including non-confidential information pertaining to insurance rates, claims history and premiums.

The Board shall provide the Association president a copy of any proposed changes to Board policies in a timely fashion.

B. Association/Administration Collaboration

1. The Superintendent and Association president and his/her designee(s) shall meet at least twice each semester to discuss contract administration and other matters of mutual concern. A meeting to set dates for the year shall be held no later than September 15.
2. The Superintendent and Association ESP leaders shall meet at least twice each semester to discuss contract administration and other matters of mutual concern. A meeting to set dates for the year shall be held no later than September 15.

C. Building-Level Administration/Association Collaboration

The principal and building representatives at each school shall meet a minimum of 2 times per year and upon request of either party to discuss contract administration and other matters of mutual concern. The meeting dates shall be set by September 15.

D. Instructional Collaboration/School Governance Structure

The Board and Association recognize the need and value of employee participation in the development and implementation of strategies to maximize district-wide and building-level student and staff achievement. (Note: The italicized copy is not subject to the grievance procedure.)

1. Teaching and Learning Council:

The District maintains a collaborative committee referred to as the Teaching and Learning Council (TLC). The TLC provides perspective, feedback, and recommendations related to student achievement and professional learning.

The TLC is chaired by the Assistant Superintendent for Curriculum and Instruction and includes teaching staff representation from all school buildings as well as at least one teaching support staff member. Input from the TLC is considered strongly when bringing recommendations to the Board of Education. Membership on the TLC is determined by the administration and participation is not mandatory. Out of the cross section membership of the TLC, one person will be appointed to have a dual role to represent and report back to the RTEA Executive Committee. The time and place for TLC meetings will be determined on an as needed basis. Both an agenda and minutes for each meeting will be provided in a timely manner.

2. School Improvement Teams

The School Improvement Team (SIT) shall meet once a month, if necessary, to implement the School Improvement Plan (SIP). Participation is not mandatory. Building-level topics to be discussed include, but are not limited to, the following: curriculum, student discipline, staff utilization, technological and supplies needs, formulation of school budget, and implementation of the District's strategic plan. An agenda for each meeting shall be made available to staff, as well as minutes. SIT meetings shall not exceed sixty (60) minutes unless otherwise agreed to by the team.

3. Curricular Committees

District and building-level curricular committees shall be formed on an as-needed basis by the administration. Participation is not mandatory. Such committees shall not meet more than once per month, unless otherwise agreed to by committee members. Each committee shall publish its charge and its expected time commitment before seeking volunteers. Each committee shall establish a calendar, set an agenda, and distribute minutes.

Article VII - General Working Conditions

The Board and Association affirm a high level of employee performance is imperative to the development and delivery of exemplary educational programs. Both parties recognize the administration's right and responsibility to empower employees to perform at their maximum level. (Note: The italicized copy is not subject to the grievance procedure.)

A. Job Description

1. Each new employee shall receive a copy of his/her job description during the initial interview for a position.
2. Administrative requests to substantially deviate from a job description, as defined on paper and established by practice, must first be discussed with the Association and the affected employee(s). Except in case of emergency, substantial deviations shall not become effective until the following school year, at which time the job description posted on the District cloud will be revised.
3. No employee shall be required to perform duties outside his/her job description for which he/she is not qualified.

B. Notice of Continuing Employment and Tentative Assignment

All employees shall be notified electronically of their employment for the forthcoming year no later than one week before the end of the previous school year, insofar as known. Such notice shall include tentative building assignment, grade or subject, lane and salary. Employees shall return a written notice of intent to return to the District by July 1 in the manner prescribed by the Board.

C. Vacancies

1. Posting of Positions
 - a. The Superintendent or designee shall post notice of all District job vacancies, including newly created and promotional positions, as they occur.
 - b. A vacancy shall be defined as a position within the bargaining unit presently unfilled, including newly created positions, as well as positions currently filled but anticipated to be open in the future. Open positions created by a leave of absence shall not be considered a vacancy unless the leave exceeds one year. Positions to which people are returning from a leave of absence and positions which must be offered to employees on a recall list are not considered "vacancies."

- c. Promotional positions are defined as those administrative or supervisory in nature and that provide a higher level of compensation than the position the applicant previously occupied.
- d. Written postings shall be displayed at a designated location at each worksite; postings shall also be included on the District website. Each posting shall include the following information: type of work, location, starting date, relevant pay information, hours to be worked, overview of job description (insofar as known) posted on online, general responsibilities, and minimum requirements. Vacancies must remain posted for at least five (5) work days prior to being permanently filled.
- e. Temporary positions will be posted internally to bargaining unit members for 3 work days prior to being filled.

2. Application Procedure

An employee interested in a posted position shall follow the current online process within the time limit specified in the notice.

3. Filling of Vacancies

- a. Current employees who are qualified shall be granted an interview for a vacancy prior to consideration of external applicants.
- b. A vacancy shall be filled in the following order:
 - i. Employees returning from a leave of absence to a vacated position;
 - ii. Employees by seniority who are on a recall list due to layoffs;
 - iii. Employees being transferred within their classification/building;
 - iv. Employees involuntarily transferred due to enrollment drops or other factors not related to performance.

D. Transfers

1. Definition

A transfer shall be defined as either a voluntary or involuntary move from one position to another within the bargaining unit or a change in the building to which an employee is assigned.

2. Voluntary Transfer

An employee may request at any time to transfer to a position for which he/she is qualified. Such requests shall remain confidential with the Superintendent and all administrators potentially affected by the transfer.

3. Involuntary Transfer

- a. When it is necessary to involuntarily transfer or reassign employees within a building or classification, to the extent possible, all qualified volunteers shall first be considered.
- b. When volunteers are not available, such transfers shall be made on the basis of District seniority and qualifications, unless the needs of the District dictate otherwise.

The federal *Family Medical Leave Act* of 1993 provides leave rights to those who have been employed for at least twelve (12) months and who have worked 1,250 hours in the twelve month period prior to the leave starting date. Teachers are assumed to have worked at least 1,250 hours. An employee who meets these criteria shall be entitled to up to twelve (12) weeks of unpaid leave due to personal serious health condition, a serious health condition of a member of the employee's family, the birth of a child of the employee, or placement of a child with the employee in connection with adoption or foster care. This leave may be combined with other paid leave provisions, with the employer's approval. The leave may be taken intermittently over a twelve-month period and may be taken in increments as short as half a workday. Only those days when the employee would have normally been at work may be counted towards the sixty days of FMLA leave. The employee shall be entitled to all economic benefits of employment, except for salary, on the same basis as if the employee were not on leave. (For example, the employer contribution towards insurance will continue throughout the leave.) The employee shall be entitled to seniority, salary advancement, reemployment and participation in optional benefit programs. Leave under this article shall run concurrent with other leaves. The twelve-month period will be calculated using a 'rolling' twelve-month period measured backward from the date an employee uses or seeks to use any FMLA leave. An employee shall be reinstated to the position he/she held prior to commencement of the leave. The administration shall provide an online request process for family or medical leave that specifies the following:

The application and proposed plan for a job-sharing leave must be approved by the immediate supervisor and submitted to the Superintendent in written or electronic format by February 1, preceding the school year for which the leave is requested.

A written or electronic disposition of the job-share request shall be provided to the applicants following the decision of the Board.

A job-sharing leave is restricted to one specific work year and may not be divided between two work years. At the employee's request, and at the Board's discretion, the leave may be extended.

The responsibilities of an assignment by two (2) job sharers may be divided according to a written plan designed by the participants, with the concurrence of the immediate supervisor. This plan shall include, but not be limited to:

1. job responsibilities,
2. substitution procedures,
3. schedule of work hours and/or days,
4. attendance at staff meetings, District meetings, parent conferences and field trips.

Leave benefits, and TRS and IMRF contributions shall be prorated to full-time equivalency. Job share participants are eligible to continue insurance coverage under COBRA.

Employees in job-sharing positions may return to full-time positions only at the beginning of a work year, provided no later than February 1 they have notified the District in writing or electronically of their desire to return the forthcoming year.

Non-tenured teachers in their third and fourth years of employment are eligible for job-sharing leave, pursuant to the terms noted above. However, a non-tenured teacher may only job-share when his/her job-share partner is tenured. Additionally, a non-tenured teachers' participation in job-sharing shall constitute a break in service for purposes of tenure acquisition and a loss of tenure service credit accrued to the date of the job-sharing leave.

The Board may grant a sabbatical leave to teachers as outlined in the *School Code* of Illinois, Section 26-6.1.

A reduction in force (RIF) shall be defined as any action by the Board to decrease the number of teachers or ESP employees or to discontinue a particular teacher or ESP service. Any legislative change to the *School Code* definition of reduction in force shall be incorporated into this Agreement. For the purpose of this Agreement, the terms “honorably dismissed” and “reduced in force” shall be used interchangeably.

2. Notification of Board Intent

Should the Board anticipate a reduction in force, the Association shall be given written notice not less than sixty (60) calendar days preceding the effective date of the reduction. Such notice shall contain the positions to be eliminated and the employees to be reduced in force, if then known.

3. Negotiations with the Association

The Board shall negotiate the decision and impact of any reduction in force with the Association.

B. Dismissal/Layoff Procedure

In the event of a reduction in force of teachers, the Board shall follow the requirements of the Illinois School Code.

1. ESP Layoff Sequence

ESP employees shall be honorably dismissed based upon District seniority as provided below.

2. Seniority Provisions

a. Definition

Seniority shall mean the actual number of years employed in the District.

b. Calculation

Seniority shall normally be expressed in terms of school years, provided a teacher has worked at least 120 days during a particular school year. ESP employees not employed on a full-time basis during a school year shall receive proportional partial credit for days of actual full-time employment. Part-time employees shall have their

seniority calculated based upon full-time equivalency. No credit for seniority shall be given when a teacher is serving as a substitute teacher. A break in service shall affect an employee's seniority date; the first workday upon return shall be used to calculate District service credit. An employee who terminated his/her employment with the District and then later returned shall receive seniority credit only from his/her most recent date of employment. Employees on a Board-approved leave of absence are subject to this Article; such employees shall not lose seniority earned prior to the leave, but shall not earn seniority service credit for the time on leave. Ties in seniority shall be broken in the following order: hiring date, years of previous public school experience, or casting of lots.

c. Seniority by ESP Classification

For purposes of this Agreement, each ESP bargaining unit employee shall accrue seniority rights within one of the following bargaining unit classifications:

- i. Maintenance/Custodial/Driver
- ii. Secretary

- v. Tech/Maintenance
- vi. Kitchen Staff
- vii. Building Nurses
- viii. Building Health Clerk
- ix. Teacher Assistants (General)
- x. Teacher Assistants (Bi-lingual)
- xi. Teacher Assistants (Special Education)

The employee with the shorter amount of District seniority within his/her respective job classification shall be dismissed first, provided the more senior employee is qualified, as defined by the job description, to assume the position vacated by the less senior employee. –For purposes of implementing this provision, an employee's seniority rights shall be those earned in the classification of position held at the time the reduction in force occurs. However, an employee who has District work experience outside the affected category at the time of the reduction in force shall be credited with up to five (5) years of such District experience in the implementation of this provision.

For employees in categories vii - ix, total seniority shall be calculated as all years of experience employed in the district as a Teacher Assistant. In the event a Teacher Assistant moves to a new Teacher Assistant category, all District seniority will be transferred.

d. Publication of Seniority Lists

The Board, in consultation with the Association, shall publish seniority lists for teacher and support professionals 75 calendar days prior to the end of the school year. The lists shall contain the following information for each employee: name, seniority date, and years in the district. The ESP seniority list shall be provided by the employee classifications contained in this Article.

e. Employee Responsibility to Provide Data

It shall be the employee's responsibility to ensure the accuracy of the individualized information on the seniority list and to report changes in a timely manner.

C. Recall Procedures

In the event of a recall, the Board shall follow the requirements of the Illinois School Code.

1. Recall Notification

Eligible employees shall receive notice of recall from the administration by certified mail and personal contact when possible.

2. Employee Contact Information

It shall be the responsibility of employees on the recall lists to supply the administration with current address and phone number information. This responsibility includes providing additional contact information for periods when an employee may not be available at his/her primary residence due to travel, etc.

3. Employee Response to Recall Notice

Upon receipt of a recall notice, an employee shall notify the District as soon as possible as to his/her intent to accept/decline the available position. An employee who fails to respond to a recall notice within fifteen (15) days of the postal service return receipt date shall relinquish recall rights and seniority, except in the event of extreme extenuating circumstances such as incapacitation.

A laid-off employee who receives notification shall have the right to decline the available position. The employee shall then be considered for the next available position for which he/she is qualified. An employee who declines two positions shall be considered as having tendered his/her resignation from the District. Acceptance or refusal of a temporary or part-time position will not affect the recall rights of an employee to a full time position.

4. Employee Availability

An employee who accepts a position for which he/she has received recall notice shall have up to twenty (20) calendar days from the postal service return receipt date to report for duty. If necessary, the Board shall fill the position on a temporary basis until the date of availability of the laid-off employee.

5. Temporary or Part-time Positions

Temporary or part-time positions will first be offered to employees with recall rights in the same order as for permanent positions.

6. Priority Status for Substituting

An honorably dismissed employee shall, upon application and at his/her option, be granted priority status on the substitute list according to his/her seniority.

D. Employee Benefits

1. Protection of Benefits

An honorably dismissed employee who is recalled for service shall be entitled to all benefits effective at the time of his/her layoff, including, their appropriate salary, unused accumulated sick leave, and seniority.

2. Insurance

A teacher wishing to retire the same year he/she gives notice is eligible for the lump sum payment and health insurance portions of the retirement benefit. An irrevocable notice of intent to retire must be submitted to the Superintendent during the year he/she wants to retire by February 1 of any year of this Agreement.

In the event an employee revokes his/her notice, all benefits received by the employee under this retirement program must be reimbursed to the District prior to the expiration of this collective bargaining agreement, or as otherwise mutually agreed. Such reimbursement will be through payroll deduction, unless otherwise mutually agreed. The employee will be returned to the salary placement consistent with the employee's education and experience at the time of the revocation.

C. Participation Limitation

In any year, the Board may limit the number of retirees to 10% of those eligible. Any such limitation shall be on the basis of seniority, as determined by the District's seniority list published annually.

D. Duration

Access to the entire voluntary retirement benefit set forth in this Article shall sunset at the conclusion of the 2018-2022 Collective Bargaining Agreement subject to the provisions of paragraph B. Receipt of these voluntary retirement benefits will cease at the end of the 2022-23 school year. A teacher shall be entitled to the benefits included in the negotiated agreement in effect at the time a notice of intent to retire is submitted. A teacher who elects to retire under any of the provisions herein shall not be entitled to receive any benefits under any retirement benefit negotiated in a successor agreement.

E. Voluntary Retirement Benefit

Each teacher eligible to receive the voluntary retirement benefit shall receive:
