

MADISON CENTRAL SCHOOL DISTRICT

PROJECT SAVE
(Safe Schools Against Violence In Education)
DISTRICT-WIDE SCHOOL SAFETY PLAN
as required by Commissioner’s Regulation 155.17

INTRODUCTION

Emergencies and violent incidents in school districts are critical issues that must be addressed in an expeditious and effective manner. Districts are required to develop a District-wide School Safety Plan designed to prevent or minimize the effects of serious violent incidents and emergencies and to facilitate the coordination of the district with local and county resources in the event of such incidents or emergencies. The district-wide plan is responsive to the needs of all schools within the district and is consistent with the more detailed emergency response plans required at the school building level. Districts stand at risk from a wide variety of acts of violence, as well as from natural and manmade disasters. To address these threats, the State of New York has enacted the Safety Schools Against Violence in Education (SAVE) law. Project SAVE is a comprehensive planning effort that addresses prevention, response, and recovery with respect to a variety of emergencies in each school district and its schools.

The Madison Central School District (“District”) supports the SAVE Legislation, and intends to facilitate the planning process. The Superintendent of Schools encourages and advocates on-going District-wide cooperation and support of Project SAVE.

SECTION I: GENERAL CONSIDERATION AND PLANNING GUIDELINES

Purpose

The Madison Central School District-wide School Safety Plan was developed pursuant to Commissioner’s Regulation 155.17. At the direction of the Board of Education, the Superintendent of Schools appointed a District-wide School Safety Team and charged it with the development and maintenance of the District-wide School Safety Plan

A. Identification of School Teams

The District has created a District-wide School Safety Team including the following persons:

Board of Education Representative: J. Lavoie; Alternate: TBD
Administration Representative: J. Mitchell, L. Nichols, B. Latella
Teacher Representative: J. Burdick, M. Bruno
Parent Representative: K. Peavey
Student Representative: M. Peavey
School Safety Personnel: J. Angrisano (BOCES), Lt. Julie Netzband (Madison Co. Sheriff Dept.)
Other School Personnel: M. Brouillette, C. Post, L. Gallagher RN, J. Pieters-Hayduke

B. Concept of Operations

- The District-wide School Safety Plan shall be directly linked to the individual Building-level Emergency Response Plans for each school building. This District-wide School Safety Plan will guide the development and implementation of individual building-level emergency response plans.
- The Superintendent of Schools or his/her designee will serve as the District Chief Emergency Officer. Responsibilities include: facilitate safety training for school district personnel, ensure the school's building-level emergency response plan is up-to-date each year, make sure drills (evacuation and lock down) occur as per Education Law §807, and aid in policy development and decision-making for security technology.
- This Plan has been developed using the New York State Education guidance document as well as checklists and other resources provided by the BOCES Safety Office. It has been reviewed and revised by members of the District-wide School Safety Team prior to public comment.
- In the event of an emergency or violent incident, the initial response to all emergencies at an individual school will be by the School Emergency Response Team.
- Upon the activation of the School Emergency Response Team, the Superintendent of Schools or his/her designee will be notified and, where appropriate, local emergency officials will also be notified.
- Emergency response actions, including Crisis Response, may be supplemented by involving County and State resource through established protocols.

C. Plan Review and Public Comment

- Pursuant to Commissioner's Regulation 155.17 (e)(3), this plan will be made available for public comment 30 days prior to its adoption. The District-wide and building-level plans may be adopted by the School Board only after at least one public hearing that provides for the participation of school personnel, parents, students, and any other interested parties. The plan must be formally adopted by the Board of Education.
- While linked to the District-wide School Safety Plan, building-level emergency response plans shall be confidential and shall not be subject to disclosure under Article 6 of the Public Officers Law or any other provision of law, in accordance with Education Law Section 2801-a.
- Full copies of the District-wide School Safety Plan and any amendments will be submitted to the New York State Education Department within 30 days of adoption. Building-level emergency response plans will be supplied to both local and State Police within 30 days of adoption.
- This plan shall be reviewed and maintained by the District-wide School Safety Team and reviewed on an annual basis on or before July 1 of each year. A copy of the plan will be available at District Main Office.

SECTION II: GENERAL EMERGENCY RESPONSE PLANNING

A. Identification of sites of potential emergency

The District has established procedures for the identification of potential sites and the internal and/or external hazards that may be present in them. The District uses the Incident Command System model for emergency actions. For District-wide emergencies, the Chief Emergency Officer will be the Superintendent of Schools or his/her designee. In building-level emergencies, the Chief Emergency Officer or designee will act as the Incident Commander. The Incident Commander is authorized to activate such resources and personnel as are appropriate to the incident. The Incident Commander is empowered to render such decisions as may be necessary in keeping with the response actions as identified in the confidential Building Level Emergency Response Plan. Building-level Incident Command staff is identified in the confidential Building Level Emergency Response Plans.

The Incident Command System for the District, and for individual buildings, is better defined in Appendix 8 of this plan.

E. Annual multi-hazard school training for staff and students.

The District will conduct annual training for both staff and students in school safety issues. Training will be coordinated by the Superintendent of Schools, and may consist of classroom activities, general assemblies, tabletop exercises, full scale drills or other appropriate actions to increase the awareness and preparedness of staff and students.

Drills and other exercises will be coordinated with local, county and state emergency responders and preparedness officials. Existing plans will be revised in response to post-incident evaluations of these drills.

Training procedures and framework are included in Appendix 3.

F. Staff development

- ❑ All candidates applying for teacher certification as of February 2, 2001 will have completed two hours of training in school violence prevention and intervention prior to that application.
- ❑ Provision for staff development with respect to school violence prevention, intervention, and response will be included in professional development plans.
- ❑ School violence prevention and intervention training for all staff will be included annually in a superintendent's conference day.

Superintendent will be responsible for implementing instructional staff development programs.

Superintendent will be responsible for non-instructional staff development with respect to school violence.

Staff development resources and other related information are listed in Appendix 3.

SECTION III: RESPONDING TO THREATS AND ACTS OF VIOLENCE

A. Policies and procedures for responding to implied, or direct threats of violence or acts of violence by students, teachers, other school personnel and visitors to the school

The District has enacted policies and procedures dealing with violence. These policies and procedures deal with the safety of the school community as well as the range of discipline of those making the threat or committing the act of violence. A listing of policies and their respective policy numbers are included in Appendix 4 of this document (see also District Code of Conduct.)

B. Policies and procedures for contacting appropriate law enforcement officials in the event of a violent incident

Law enforcement officials will be contacted by the Chief Emergency Officer (Superintendent or designee) in line with the confidential Building Level Emergency Response Plan, and will be requested based upon the "closest response agency" concept to ensure that the response to the incident is as rapid as possible. In most cases, law enforcement agencies will be contacted through the 911 system which will dispatch the appropriate agency. Appendix 9 includes a table listing district buildings and closest response agencies with contact names and numbers for use in non-emergency situations.

C. Appropriate response to emergencies

The District recognizes that appropriate response to emergencies varies greatly depending upon the actual threat or act as well as the magnitude of such emergency. The confidential Building Level Emergency Response Plans detail the appropriate response to such emergencies. See Appendix 9 for general response agency listing.

D. Policies and procedures to contact parents, guardians or persons in parental relation to the students in the event of a violent incident or an early dismissal

The District will contact appropriate parents, guardians or person in parental relation via media release, telephone contact or other appropriate means in the event of a violent incident or early dismissal. Conditions requiring such notification are outlined in the confidential Building Level Emergency Response Plans. See Appendix 12 for television and radio station listing.

SECTION IV: COMMUNICATION WITH OTHERS

A. Procedures for obtaining assistance during emergencies from emergency services organizations and local government agencies

During emergencies, local government agencies, including emergency services, can be obtained via the local emergency management office or through the local emergency communication center. The Incident Commander will authorize the procurement of these agencies. District’s local emergency management office information:

The District will rely on the advice of the local emergency management office listed above.

C. A system for informing all educational agencies within the District of a disaster

The District will notify any appropriate educational agencies within its boundaries as well as adjacent to its boundaries in the case of a disaster that would affect any of these agencies. The Incident Commander will determine the extent of notification and delegate its delivery. A list of these agencies and the contact information is located in Appendix 1.

D. Maintaining certain information about each educational agency located in the school district

The following information concerning educational agencies located within the district is included with the confidential Building-level Safety Plans:

Staff and Visitor Badges	To identify staff and visitors in the school building
Video Surveillance	To provide additional monitoring capability

Also see Appendix 6

B. Policies and procedures for the dissemination of informative materials

The District recognizes that the most current data caution against profiling students that have the potential for violence. However, it also acknowledges the need to identify youth at risk and to provide the necessary support services to all students, beginning at an early age. The District therefore will maintain resources on the early detection of potentially violent behavior; maintain a team of qualified staff to evaluate threats and other potentially violent behaviors.

The District is committed to the use of interpersonal violence prevention education for all students, when available. Annual Violence Prevention training is conducted for instructional and support staff. See Appendix 3.

C. Prevention and Intervention Strategies

The District continues to develop and investigate various strategies regarding violence prevention and intervention such as:

- Ophelia’s Girls Restorative Practices

- Others based on District needs

D. Strategies for improving communication among students and between students and staff, and for the reporting of potentially violent incidents

The District recognizes that communication is a vital key in the prevention and intervention of violence in schools. To that end, the District will continue to explore strategies and programs based on the District's needs.

The campus referral process is utilized for the reporting of potentially violent incidents according to the building chain of command and following the District Code of Conduct. Additionally, student counselors are available each day for students to share information where the source can remain confidential.

"Non-site-essential" shall refer to a designation made that a public employee or contractor is not required to be physically present at a work site to perform his or her job.

"Communicable disease" shall mean an illness caused by an infectious agent or its toxins that occurs through the direct or indirect transmission of the infectious agent or its products from an infected individual or via an animal, vector or the inanimate environment to a susceptible animal or human host.

"Retaliatory action" shall mean the discharge, suspension, demotion, penalization, or discrimination against any employee, or other adverse employment action taken against an employee in the terms and conditions of employment.

1. LIST AND DESCRIPTION OF POSITIONS AND TITLES AND JUSTIFICATION CONSIDERED SITE-ESSENTIAL IN THE EVENT OF A STATE-ORDERED REDUCTION OF IN-PERSON WORKFORCE AND A JUSTIFICATION OF SUCH CONSIDERATION FOR EACH POSITION AND TITLE INCLUDED.

- The list and justifications can be found in Appendix A.

2. DESCRIPTION OF PROTOCOLS THE EMPLOYER WILL FOLLOW IN ORDER TO ENABLE ALL NON-SITE-ESSENTIAL EMPLOYEES AND CONTRACTORS TO TELEWORK.

- Employees not required to be on-site to perform their job functions (non-site-essential) will have the option to telework if approved by their supervisor. As needed, non-site essential employees have been supplied with Chromebooks, document cameras, Wifi hotspots, and other necessary technology to allow them to work effectively from home. The District will continue to evaluate potential barriers to telework and will follow the District purchasing policies to request, procure, distribute, install and support resources, such as hardware and software that will enable telework, to the extent possible.

3. DESCRIPTION OF HOW THE EMPLOYER WILL, TO THE EXTENT POSSIBLE, STAGGER WORK SHIFTS OF SITE-ESSENTIAL EMPLOYEES AND CONTRACTORS IN ORDER TO REDUCE OVERCROWDING ON PUBLIC TRANSPORTATION SYSTEMS AND AT WORKSITES.

- If necessary, the District will assess in-person capacity and conditions to stagger work shifts to reduce workforce density at worksites. Public transportation is not a factor in this region.

4. DESCRIPTION OF THE PROTOCOL THE EMPLOYER WILL IMPLEMENT IN ORDER TO PROCURE THE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT FOR SITE-ESSENTIAL EMPLOYEES AND CONTRACTORS.

- Employees and contractors are encouraged to provide their own personal protective equipment if appropriate for the situation (e.g. face coverings). However, as necessary, Madison Central School will provide at least two pieces of each type of personal protective equipment (as appropriate to their job and exposure) to each site-essential employee and contractor during any given work shift. The District will procure and maintain a 180-day supply of PPE as availability permits, as well as cleaning supplies, signage, and other pandemic-related items. This process will be coordinated cooperatively within the District Leadership Team which includes the Superintendent, Treasurer, Building Principals, Head Cleaner, Head Driver, Head Cook, Technology Coordinator, School Nurse and Athletic Director. Decisions regarding the required PPE will be made in consultation with the School District Physician and the Madison County Department of Health. Cost-effective bulk purchasing will be pursued. The District will ensure that all items are stored in adequate and appropriate storage spaces (e.g. not exposed to weather, adequate size, etc.) to prevent degradation and permit immediate access in the event of an emergency declaration.

5. DESCRIPTION OF THE PROTOCOL IN THE EVENT AN EMPLOYEE OR CONTRACTOR IS EXPOSED TO A KNOWN CASE OF THE COMMUNICABLE DISEASE THAT IS THE SUBJECT OF THE PUBLIC HEALTH EMERGENCY, EXHIBITS SYMPTOMS OF SUCH DISEASE, OR TESTS POSITIVE FOR SUCH DISEASE IN ORDER TO PREVENT THE SPREAD OR CONTRACTION OF SUCH DISEASE IN THE WORKPLACE.

- Madison Central School will follow all procedures and protocols communicated by the New York State and local health authorities as appropriate for preventing the contraction or spread of the communicable disease identified in the public health emergency. These will be communicated to staff through correspondence from the the District Leadership team, the District website, postage and signage, and/or other means as appropriate.
- Staff, contractors, and visitors will complete daily health screenings and if they have been exposed to a known case or exhibit symptoms of the communicable disease that is the subject of the public health emergency, will not be allowed in the District buildings. They will be directed to leave and will be advised to follow up with their healthcare provider and/or local health department.
- In the event that a staff member, contractor, or visitor develops symptoms while onsite, that individual will be directed to leave and advised to follow up with their health care provider and/or local health department. Additional cleaning and disinfecting will be implemented as necessary.

- If an employee or contractor tests positive for such disease, school administrators will collaborate and coordinate with local health officials to assess levels of community transmission and the extent of close contact between the individual who tested positive and other school community members. Additional cleaning and disinfecting will be implemented as necessary.
- The District may need to implement short-term closure procedures regardless of community spread if an infected person has been in a school building. If this happens, Madison Central School will adhere to the prevailing CDC and DOH guidance for cleaning and disinfecting affected areas and notify individuals impacted.
- The District will follow the most current guidance from the health department in assessing when staff may report to work in person.
- Madison Central School will comply with its policies and procedures as well as state and federal law pertaining to leave should an employee need to receive testing, treatment, isolation, or quarantine. Such protocol shall not involve any action that would violate any existing federal, state, or local law, including regarding sick leave or health information privacy.

6. PROTOCOL FOR DOCUMENTING PRECISE HOURS AND WORK LOCATIONS, INCLUDING OFF-SITE VISITS, FOR SITE-ESSENTIAL EMPLOYEES AND CONTRACTORS.

- The District will utilize the mandated daily health screening questionnaire, building sign-in sheets, electronic door access records, security camera records, time sheets and other protocols consistent with the employees’ collective bargaining agreements.

7. PROTOCOL FOR HOW THE PUBLIC EMPLOYER WILL WORK WITH SUCH EMPLOYER'S LOCALITY TO IDENTIFY SITES FOR EMERGENCY HOUSING FOR SITE-ESSENTIAL EMPLOYEES.

- Not applicable. The District employees are not expected to remain at the worksite and may return home after work each day.

*All procedures and protocols in this Plan are subject to change pursuant to guidance provided by the NY State and/or Madison County Departments of Health based upon specific communicable disease characteristics.
