To the extent practicable, a school district shall make curriculum course materials available to parents or legal guardians for review upon request. Accordingly, the notice will identify and provide contact information for the Principal or other staff member a parent or guardian should contact to arrange an opportunity to inspect the curriculum course material.

#### ***Opt-Out Procedure and Form***

Parents/guardians, or students over eighteen years of age, who do not want their child to participate in a particular unit of health or sex education instruction for religious reasons are allowed to have their child opt-out of such instruction.

Parents/guardians who do not want their child to participate in a particular unit of health or for religious reasons must complete a Health and Sex Education Exemption/Objectionable Course Material: Opt-Out Form. Opt-Out Forms are available from either the health education teacher or the Principal. Opt-out requests must be submitted annually and are valid only for the school year in which they are submitted.

Any student who is exempted by request of the parent/guardian under this policy may be given an alternative assignment sufficient to meet state requirements for health education. The alternative assignment will be provided by the health or physical education teacher in conjunction with the Principal.

In accordance with the federal Protection of Pupil Rights Amendment, as a School District that receives federal Department of Education funds, the Superintendent shall develop procedures

to allow the parent/guardian of a student to inspect any instructional material used as part of the educational curriculum for the student. The procedures will provide reasonable access to instructional material within a reasonable period of time after the request is received.
