O. Non-Public Session

RSA 91-A:3 II provides certain conditions under which the School Board MAY enter into non-public session. These conditions are: **(b)**

a) The dismissal, promotion, or compensation of any public employee or the disciplining of such employee, or the investigation of any charges against him or her, unless the employee affected (1) has a right to a meeting and (2) requests that the meeting be open, in which case the request shall be granted.
(b) The hiring of any person as a public employee.
(c) Matters which, if discussed in public, would likely affect adversely the reputation of any person, other than a member of the public body itself, unless such person requests an open meeting. This exemption shall extend to any application for assistance or tax abatement or waiver of a fee, fine, or other levy, if based on inability to pay or poverty of the applicant.
(d) Consideration of the acquisition, sale, or lease of real or personal property which, if discussed in public, would likely benefit a party or parties whose interests are adverse to those of the general community.
(e) Consideration or negotiation of pending claims or litigation which has been threatened in writing or filed by or against the public body or any subdivision thereof, or by or against any member thereof because of his or her membership in such public body, until the claim or litigation has been fully adjudicated or otherwise settled. Any application filed for tax abatement, pursuant to law, with any body or board shall not constitute a threatened or filed litigation against any public body for the purposes of this subparagraph.
(g) Consideration of security-related issues bearing on the immediate safety of security personnel or inmates at the county or state correctional facilities by county correctional superintendents or the commissioner of the department of corrections, or their designees.
(h) Consideration of applications by the business finance authority under RSA 162-A:7-10 and 162-A:13, where consideration of an application in public session would cause harm to the applicant or would inhibit full discussion of the application.
(i) Consideration of matters relating to the preparation for and the carrying out of emergency functions, including training to carry out such functions, developed by local or state safety officials that are directly intended to thwart a deliberate act that is intended to result in widespread or severe damage to property or widespread injury or loss of life.
(j) Consideration of confidential, commercial, or financial information that is exempt from public disclosure under RSA 91-A:5, IV in an adjudicative proceeding pursuant to RSA 541 or RSA 541-A.
(k) Consideration by a school board of entering into a student or pupil tuition contract authorized by RSA 194 or RSA 195-A, which, if discussed in public, would likely benefit a party or parties whose interests are adverse to those of the general public or the school district that is considering a contract, including any meeting between the school boards, or committees thereof, involved in the negotiations. A contract negotiated by a school board shall be made public prior to its consideration for approval by a school district, together with minutes of all meetings held in nonpublic session, any proposals or records related to the contract, and any proposal or records involving a school district that did not become a party to the contract, shall be made public. Approval of a contract by a school district shall occur only at a meeting open to the public at which, or after which, the public has had an opportunity to participate.
(l) Consideration of legal advice provided by legal counsel, either in writing or orally, to one or more members of the public body, even where legal counsel is not present.
(m) Consideration of whether to disclose minutes of a nonpublic session due to a change in circumstances under paragraph III. However, any vote on whether to disclose minutes shall take place in public session.

<u>GUEST SPEAKER FUND REQUEST</u> **$10,000**

Through the trustee's generosity, Alvirne has had the honor of having various speakers visit Alvirne to speak with our student body.

Here are examples of previous speakers:

Noelle Lambert

Following a moped accident in 2016, Noelle became a para-athlete and founder of the Born to Run Foundation

In the fall of 2019, Noelle made the team and broke the U.S. women's record at the World Para Athletics Championship in Dubai.

When the 2020 Paralympic Games in Tokyo were postponed due to Covid, Noelle continued training to prepare herself for the return

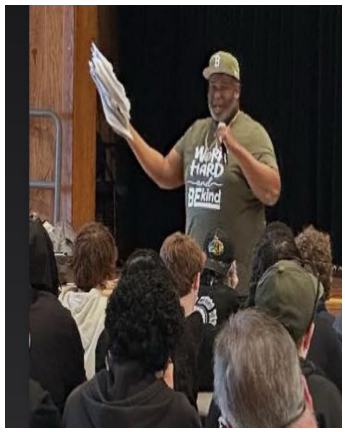
of the games in 2021. In Tokyo, she placed 6th in the 100M and broke her own American record.

Noelle competed in Survivor Season 43 in Fiji where she finished in 8th place.

Noelle spoke to the students about:

- Becoming comfortable with being uncomfortable.
- Applying yourself 100% in everything you do.
- Realizing that everyone deals with insecurities and self confidence in their own way.

Julian Miller – Motivational Speaker/Recovering Addict



Julian is one of Boston's top motivational speakers, who touched the heart of many Alvirne students with his message of hope, kindness and working hard.

Perfect Playcement on Why Character Matters

Mark Leinweaver is a nationwide speaker that on why "Character Matters", offering guidance on social media dangers, bravery, volunteering, and anti-bullying leadership.

Senior Capstone Community Support $5,000.00

Many students choose a Capstone Project that is community service based. The funds requested help students that are completing this type of project assistance to help defray the cost and allow a larger contribution to their service.

Previous community service projects included:

Community baby shower to donate items to Marguerite's Place.

Donations for the Displaced

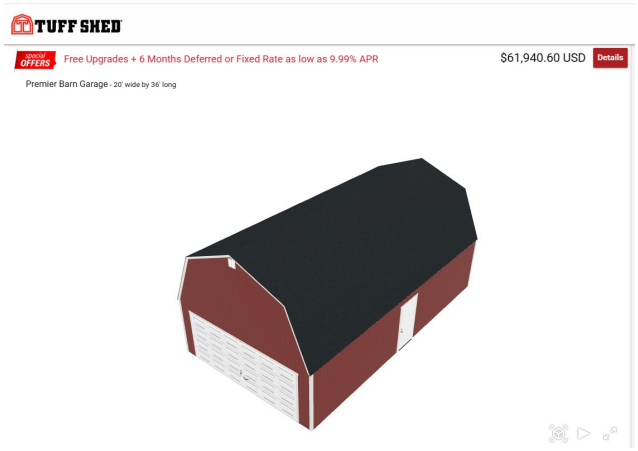
75th Anniversary Hall of Fame $5,000

We would like to create a Hall of Fame wall to showcase accomplishments of students, athletes, and staff over the last 75 years.

School Van $50,000

We are requesting a new 14 passenger van to replace the bus. Both the bus and the van are used daily, but the bus requires the driver to have a bus license certification. We would like to trade in the bus for another van that can be driven by anyone with a valid license. The vans have not only saved the district money by not having to pay for school bus transportation to events for smaller groups, but students are able to afford field trips due to not having to pay a bus cost.

Class Act Storage Barn $70,100



Cost of Barn (20” x 36”)	$61,940.60
(Shed is complete including stairs & loft)	
Concrete Slab (4’ reinforced)	8,160.00
Total Cost	$70,100.60

This barn will provide the space needed for the fabrication of stage sets and storage of the components of stage background materials to facilitate the collaborative relationship between the building trades and Class Act theater group.

Quinceañera Dance $2,500

The quinceañera has become a highly anticipated annual event at Alvirne. Through the generosity of the trustees, the advisors have been able to purchase decorations that can be used from year to year, as well as help to keep the cost of food and a dj down, making it affordable for students to attend.

Diamond Jubilee Composer Commission $1667

I am excited to present a proposal to commission composer Andrew Boysen, Jr. to compose an original work for the Alvirne Concert Band to celebrate Alvirne High School's "Diamond Anniversary."

To celebrate Alvirne High School's 75th Anniversary, the Alvirne Music Department is planning to theme our annual Cabaret concert as "The Diamond Jubilee." While we may choose to celebrate Alvirne's history in different ways during this event, my plan for the instrumental music students is to program various favorite works performed in previous years. I would like to complement these pieces with a new work written specifically for the occasion.

Dr. Andrew Boysen, Jr. is a Professor of Music and Director of Bands at the University of New Hampshire. He is highly regarded as a composer of music, with specific interest in the wind band medium. I reached out to him via email to inquire about his willingness to accept a commission and his availability to have a completed work for us by January 2026 in order to have adequate rehearsal time to prepare the piece. He has indicated that he is available and willing to accept this project. The fee for this commission is $5,000.00.

The Alvirne-HMS Friends of Music ("FOM") is willing to pay the entire commission fee if necessary, so I am proud to announce that a brand new, original work written specifically for the Alvirne Concert Band will receive its world premiere on March 21 & 22, 2026.

However, my hope is to make this a collaborative effort by splitting the cost three ways between FOM, Alvirne High School's Tri M Music Honor Society, and the Alvirne Trustees.

If Tri M student activities funds are approved for this usage, my request of the Trustees is a contribution of $1,667.00. If Tri M student activities are not approved for this usage, my request of the Trustees is a contribution of $2,500.00.

Composer Information

"We are proud to announce that the Music Department's Dr. Andrew Boysen, Jr. is the winner of UNH's prestigious university-wide UNH 2018 Award for Excellence in Research, recognizing Dr. Boysen's outstanding achievements as a creative artist. For the first time in UNH's history an arts professor has been honored with this award, a powerful acknowledgment that creative activity is an important contribution of American universities.

Dr. Boysen is recognized as a prolific composer for band as well as a sought-after guest conductor of wind bands of all levels. He has written over 130 compositions for wind band, sustaining a remarkable level of productivity over thirty years. Over 50 of his compositions have been published. His work is in demand, and he is regularly commissioned to write works five or six years in advance, an enviable position for any composer. His work is also recorded widely: the symphonic band at Ohio State University is currently recording a CD devoted to his music, joining another recorded by the University of Texas-El Paso. Dr. Boysen is a household name in

grade school, middle school, high school, and collegiate band rooms thanks to his compositions I Am, Tricycle, and many others. As a conductor, he has led All-State ensembles in sixteen states and been invited back by several All-State organizations. He has also guest conducted thirty college and university bands across the country."

Auditorium Capital Reserve (Year 1) $250,000

The Vision: A Community Auditorium

Alvirne High School students deserve a versatile, state-of-the-art auditorium for various purposes, including educational events, concerts, theatrical performances, community gatherings, and more. This auditorium will enhance the cultural richness of the school and community, provide a venue for local talent, and offer a gathering place for diverse groups. The auditorium will be a space that promotes creativity, fosters community spirit, and enhances the quality of life for all students and residents.

To make this vision a reality, I am proposing a five-year plan to establish a Capital Reserve Fund for an Alvirne Auditorium. My goal is to raise **$1,000,000.00** through a combination of donations and community investment.

In 2018, 2019, and 2020, an Alvirne High School renovation proposal received 57%, 58%, and 59.9% support from the Hudson community, falling just short of the 60% required for a bond. In fact, in the 2020 election, the measure failed by only 6 votes via hand recount.

The auditorium was only a portion of the project, but it proved to be a contentious sticking point for many in the community. My hope is to be prepared when, and if, a renovation is proposed in the future; to be able to say to the community, "We need this, we believe in this, and we've worked hard to generate funds to support this project."

The Alvirne-HMS Friends of Music ("FOM"), a 501c3 organization, has $4,062.00 of its cash balance reserved for the Center for the Arts Advocates at this time. In January 2025, the FOM Executive Board approved a motion to contribute a minimum of 30% of its annual profit, with additional funds to be donated at the discretion of the Board, toward this fund.

I am seeking the support of the Trustees to help kickstart this funding with a significant initial donation, followed by annual donations to match community support. I realize that this is a large financial request. I am concerned that without a sizable investment, the community may not support this initiative when we begin asking for their investment in year two. Further, I fear that word will spread through the community that the school district is trying to put this measure back on the ballot, when in reality, I am advocating for a structured plan in order to be prepared for an undetermined future date. A large initial investment will go a long way toward garnering support from the community.

My request for the first year of this plan is an initial donation of **$250,000** to jumpstart the project. By securing this donation, we will be well-positioned to move forward with community outreach to expand our fundraising efforts in the subsequent years.

Family & Consumer Science $15,000

Requesting to add an additional kitchen to the original Trustee donated kitchens, as well as replace the washer/dryer unit and add an additional refrigerator.

Washer/Dryer Unit $2300

The current unit is quite old and does not work well. The dryer takes much longer to drive towels and aprons than would normally be needed, and the washer only fills half the water.

With the increased volume of laundry due to higher numbers, it would benefit the program greatly.

The one requested is also ventless which would be beneficial.

LG - Single Unit LG WashTower™ with Center Control™ 5.0 cu. ft. Front Load Washer and 7.8 cu. ft. Electric Ventless Heat Pump Dryer

Pan Rack Amazon $300

Having the pan rack would allow student to put the baking sheets on the rack and still have room to work in the kitchen. Currently it gets very crowded on the counters with the number of students cooking in each kitchen and this would allow for more workspace and the ability to clean up without pans in the way.

GE Refrigerator $1700

If class size is possibly increasing to 20-22 students, we will need additional refrigerator space. Currently, both refrigerators are packed every week with 5 classes of 18 and there is no room to store students work. If we increase class sizes more food storage would be very helpful to the program.

smaXtec Health Monitoring System $5445

smaXtec

THE HEALTH SYSTEM.

FOR PROFITABLE AND SUSTAINABLE DAIRY FARMING.

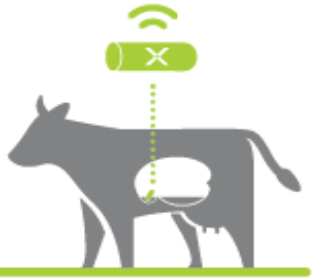
With smaXtec's unique bolus technology, you measure the most important parameters for animal health directly **where the greatest economic impact exists: in the reticulum.** Thanks to the direct measurement technique, you get **unrivaled precision (± 0.01 ° C)** and robust data. This way, you catch diseases **just as they arise** with smaXtec. That means: before the cow's performance is affected. You are notified **up to 4 days before any externally visible symptoms appear** and can take the necessary actions immediately. This is only possible with **true early detection from the cow's reticulum!**

The result: **Health and fertility management** of your herd and individual cows is **much easier.** Recommendations on the **optimal insemination time** as well as the much appreciated **calving detection** help farmers worldwide to achieve **best farm results.**

ABOUT THE PROVEN BOLUS TECHNOLOGY

The certified bolus offers **maximum safety for you and your animals:** Due to the measuring position inside the cow, there is **no risk of loss or injury** for your animal. Handling is simple: **once the bolus has been administered,** you **no longer** need to do any sensor-related work on the animal. The cow data is stored in the bolus for up to 6 days, in the software you can permanently access each animal's data.

Our **customer support team will proactively assist** you during and after installation. During the first **6 - 8 weeks,** a smaXtec expert will go through the smaXtec system and software with you in **several pre-scheduled consulting sessions,** ensuring that you **get the most out of the system** for you and your farm.



WHAT SMAXTEC DOES FOR YOU:

Best possible health monitoring

- Continuous measurement of inner body temperature enables the **earliest possible detection** of changes in health
- Immediate **notification** at the first signs of **fever** and **metabolic diseases**
- Monitoring of **drinking behavior**
- Precise measurement of **rumination** and **activity** for additional conclusions on type of disease
- **Less antibiotics** and other medication needed thanks to rapid response
- Unique monitoring during **transit phase**

Precise heat detection

- Includes recommended timing for **insemination**
- Improved fertility statisitics such as **conception rate** and shorter **calving intervals**
- Rapid identification of **fertility problems**
- Automatic **abort detection**

Early calving detection

- Automatic **calving detection**
- Notification Ø 15h **before calving**
- Sufficient time for necessary **preparations**
- Better **management** of the calving area

Reduced workload

- **Time-** and **location-independent** monitoring of your animals
- Easier **planning of daily work** through well-structured to-do lists
- **Reduction** of time-consuming **routine work** such as measuring fever or oestrus monitoring
- **Integration** with existing **herd management systems** possible
- Use of the data **by others** (employees, veterinarian, insemination technicians etc.) free of charge

Robot Arm and CNC Machine $40,000

Tormach ZA6 - https://tormach.com/machines/robots.html?srsltid=AfmBOooEy0sa-iP5Db0vVT8qX0MttzQn-UH0UL_Xa3vfN26tpNd-swQQ

Video of similar situation: https://www.youtube.com/watch?v=447gZ9MdeJY

(we won't have that EXACT vise and gripper, but a similar situation)

I would like to propose to the trustees to purchase a Cobot Robotic Arm with an ATC for the CNC vertical end mill in the Engineering Program's Innovation Lab.

This combination would allow for the CNC Machine to have a robot put the work(stock) into the machine, and the machine will run autonomously. The machine will be able to swap tools and run this through multiple jobs and operations. The robot arm is from the same company as the CNC (tormach) and would be able to communicate directly with it. The cost includes delivery and setup/installation and training for it. This is a current trend in industry with a cobot (collaborative robot arm) tending the CNC machine. This COULD be running 24/7 but I would only suggest students run operations during the day.

This would require minimal maintenance and upkeep. Many of the companies on my PAC have or are in the process of having a cobot run with a CNC "lights out". Meaning it is running 24/7 with sensors to detect if something goes wrong and a live feed for monitoring. There is no better way to prepare students for this.

2025-2026 Hudson School Board Contract Negotiations and Committees

Contract Negotiations

- **Hudson Federation of PSRPs, AFT Local #6245, AFT-NH, AFL-CIO**

  Represents full and part-time cafeteria personnel, full and part-time paraeducators working less than 7 hours per day and full and part-time licensed practical nurses working less than 7 hours per day, as certified by the PELRB

- **Hudson School District Teamsters, Local #633 of NH**

  Represents all custodians, electricians, plumbers, HVAC Technicians, groundskeepers and maintenance workers

- **Hudson School District American Federation of State, Country and Municipal Employees (AFSCME), Local 1906 Council 93, AFL-CIC**

  Represents Principals, Assistant Principals, School Counselors, Dean of Academics, Department Heads, School Psychologist, and Directors of School Counseling, Athletics, Career and Technical Education, and Music

  Meeting times for all contract negotiations are to be determined by negotiation teams

Strategic Planning Committee

Oversees the development of the School District's strategic plan. The committee ensures alignment with the district's mission, vision, and goals while monitoring progress and recommending adjustments as needed.

Meets monthly, currently first Wednesday of the month

Policy Committee

Develops, and updates district policies to ensure they align with legal requirements, educational goals, and community needs. The committee recommends policy changes to the full board, ensuring clarity, consistency, and compliance with state and federal regulations.

Meets 1-2 times per month, currently Monday at 11am (virtually)

Capital Improvement Committee

Oversees planning and funding for major facility projects, such as school construction, renovations, and infrastructure upgrades. The committee evaluates district needs, prioritizes projects, and ensures proper budgeting and compliance with regulations.

Meets on an as- needed basis

Wellness Committee

The Wellness Committee is defined by policy JLCF Wellness and includes periodic reviews of goals for nutrition promotion, education and physical activity. The committee ensures compliance with wellness regulations, assesses district needs, and implements initiatives to create a healthier school environment.

Meets on the 2nd Wednesday of the month

Communications Committee

Oversees communication between the district, parents, staff, students, and the community. Responsible for reviewing current communication methods and identifying additional methods for transparent communication throughout the school district.

Meets bi-monthly

Teacher Grant and Incentives Fund Committee

Part of the collectively bargained agreement with the Hudson Federation of Teachers, this committee reviews proposals, approves and awards grants for staff to do additional work. Project proposals include work that is outside of their normal day/job description, goes above and beyond, and has larger utility for staff in the district or helps fulfill a district goal.

Meetings approximately 5-6 times during the year

Retention and Recruitment Committee

Responsible for developing strategies to improve district recruitment and retention efforts. The committee will identify ways to reduce turnover, enhance workplace conditions, and attract and retain teachers and staff.

New committee - Meeting times to be determined by the committee

Alvirne Trustees

The Alvirne Trustees are stewards of the remaining Hills Family Trust that established Alvirne High School in the late 1950s and early 1960s. The trustees support Alvirne High School each year by offering a scholarship, and supporting a variety projects, including equipment and renovations to the Alvirne Farm.

Meets quarterly at Alvirne at 3:00pm, plus two other meetings during the year

Hudson Municipal Budget Committee

Responsible for reviewing the budgets presented by the School Board and Board of Selectmen. They are responsible for preparing and presenting the budgets for both Boards to the voters at the deliberative sessions. The Budget Committee is also responsible for conducting public hearings required under state law.

The School Board member serves as an ex-officio member on the Budget Committee

Meets first Wednesday of the month at 7pm, Town Hall

Hudson Board of Selectmen

Oversees municipal operations in Hudson, sets policies, approves budgets, and appoints town officials. The Board also manages town affairs such as public safety, infrastructure, and local ordinances.

Meets 2nd and 4th Tuesday of the month, 7:00pm, Town Hall

Cable Utility Committee

The committee is comprised of community members and representatives from Hudson Cable Television (HCTV). They review and discuss HCTV's efforts to highlight events and activities in Hudson.

Meets on an as-needed basis on the second Monday of the month

1. Superintendent Report

Superintendent Moulis' report included:

- District workshop day on March 11, with multiple sessions led by teachers. Teacher coordination was successful.
- He attended the Concord workshop today with legislative updates including school funding, curriculum, assessment, and Special Education funding,
- Alvirne's Cabaret with the theme of Musical Monarchs took place on March 15.
- Alvirne and Hudson Memorial School Sports Awards nights occurred last week, ending the winter season.
- HMS celebrated three tri-county championships for winter athletics.
- The district hosted a Cybersecurity conference at the CTE Center last week with Senator Maggie Hassan and a few local superintendents and IT Directors on the PowerSchool data breach and highlighted strategies districts could take partnering with the state to improve security and infrastructure.
- Superintendent Moulis met with the consulting firm facilitating the strategic planning process for Rodgers Memorial Library – discussed partnership with the library as well as public input.

There was review of the math pilot process that began last spring with resource chosen as iReady Math.

L. Committee Reports [0:40:00]

There were no committee reports.

M. Correspondence (Information) [0:40:40:07]

Presented was a discipline report, financial report and Air Force correspondence.

Of note: increase in detentions at AHS due to attempt to decrease student tardiness; anticipated end of year fund balance $2,514,596; Air Force correspondence received last week states the site visit report of "meet standards" is now updated to "exceed standards based on the December 24 National Defense Authorization Act that lowered the minimum enrollment criteria. The score increased from an 83 to a 94.

N. Board of Selectmen - Liaison Comments [0:43:51]

Ms. Jakoby congratulated all that were elected to the School Board. Bob Guessferd was re-elected to the Board of Selectmen, and the BOS also welcomes newly elected Xen Vurgaropulos to the Board. Tomorrow night they will have a meeting. She relayed HCTV's thanks for being invited to the Cybersecurity conference and pointed out that the videos made before the election had excellent viewer count. HCTV has various ways to broadcast such as their own website links, YouTube and a phone app called CableCast Screenweave.

Mike Campbell expressed appreciation for HCTV's amazing work throughout Hudson.

O. Board Member Comments [0:47:30]

Mr. Beals welcomed new Board members Stephen Meyer and Daniel Kilgour. Mr. Meyer thanked Board members and Administration for their support throughout this transition, and he is excited for what is ahead. Mr. Kilgour echoed Mr. Meyer's sentiments and hopes his twenty years of teaching background will be a driving force and positive influence. Mr. Campbell welcomed new members to the Board and thanked them for stepping up and helping the community. Mr. Campbell encouraged people to vote in the future and mentioned the upcoming HGS Book Fair and Bingo night. Ms. Dionne welcome new Board members and looks forward to what their personal and professional experience will bring to the Board. She mentioned the 7th and 8th grade band went to a Pelham Middle School event and were heard, judged, and critiqued by professionals outside the district for invaluable feedback. She mentioned she had the opportunity to see the Peacock Players featuring some Hudson students participating in the play, and thought it was fantastic. Hudson Memorial School's play is taking place on April 4 and 5. This Thursday there is a 5th Grade Information Night. Ms. Dionne ended by thanking the community members in Hudson for their support, as well as the Board for their continued support of her leadership, and for re-electing her as Chair this year.
