

PERRY LOCAL SCHOOLS

Inspire all students to achieve personal excellence, pursue world-class standards and be self-directed, lifelong *Learners*

www.perry-lake.org

Dear CCP students, parents/guardians,

Annually, College Credit Plus (CCP) students are allowed 30 credits per academic year, including their high school classes. Each full high school credit is three credits against the 30 allowed credits. Below is a chart to assist in monitoring your total hours as you register or add/drop high school or college courses.

(<u> </u> x 3) = <u> </u>	+ <u> </u>	+ <u> </u>	+ <u> </u>	= <u> </u>
High School Classes x 3	Summer Credits	Fall Credits	Spring Credits	Total Credits

The College Credit Plus Program includes courses taken during the summer term. The summer term will apply as the first term of the next school year. A student cannot participate in a summer term that begins after the student's anticipated graduation date. The summer is the leading academic term, so students always start at 0 in the summer.

Students who register for more than 30 credit hours will be responsible to pay for the entire course that placed them over the 30 credit limit. This becomes the self-pay option, Option A under ORC 3365.06. If the student is over the 30 credit hours, the school may inform the student of the option to drop the course before the census date or continue with the course as a "self-pay" student at the regular tuition rate.

It is the responsibility of the student to monitor their credits when registering for courses.

If your total credits are above 30, you will be responsible for paying tuition, fees, and books. Colleges cannot split the payment for a course, the student will be charged for the full course(s) that puts them over the allowed credits (which is usually the highest credit hour course).

If you have any questions or need assistance in determining the amount of credits, please contact your school counselor.

Sincerely,

Lisa Gigante
School Counselor (A-K students)
