| **Graduation Rate** | 65.4% | | | 44.4% | | | 56.3% | | | 53.8% | | | 74.1% | | |

**General Notes:**

*- Enrollment is based on the end-of-term (EOT) census for each term.*

*- For Unique Enrollment, each student is counted once per program during the academic year. If a student changes programs during the year, they are counted once in each program.*

*- Fall-to-spring retention is based on the student's declared program in the fall term. Students who complete a terminal credential in that program are excluded. The remaining students are considered retained if they enroll in the same program in the following spring term.*

*- Graduation rate is calculated by comparing current-year completers of the highest-level award offered by the program to the unique enrollment from the first year of the three-year period.*

**Program Specific Notes:**

*- Retention rate is not applicable for short-term training programs.*
