Overall Percentage Totals in key areas:		19%	88%	80%	75%					

* Student population for report was taken from the highest award in each academic program area

* Program name changes this AY were: Cardiopulmonary to Respiratory Therapy; Integrated Production Technology to Energy Production Technology; Office Systems Technology to Administrative Office Management

* Geology program represents one student who completed the program and did not enter a new pathway before the program was phased out

* In cases where the % continuing education and the % employed equal more than 100%, the student has reported that they have a job but are also continuing their education.

* Students receiving a Technical Studies degree are also reflected in their programs of study in this report: Practical Nursing, Marine Diesel, Automotive, Machine Tools, and Air Conditioning & Refrigeration

¹ Percent employed includes all employment data obtained in the reporting year, regardless of whether employment is related to the program. Does not include unresponsive population.

² Percent of graduates employed in jobs related to program of study in the reporting year

³ Percent response rate represents graduates where employment data was collected in a program area versus the total number of graduates in that program area.

⁴ Annual salaries reported from graduates in program-related employment only (average income was taken from those who reported)

⁵ Job titles reported by graduates in program-related employment

⁶ Employers of graduates in program-related employment

⁷ Houma Regional Labor Market annual median wage for program-related occupations as report by Louisiana Works for 2024

⁸ State Labor Market annual median wage for program-related occupations as reported by Louisiana Works for 2024

⁹ (-) No data reported by graduates or obtained
