District-wide
School Safety Plan
Commissioner’s Regulation 155.17

Introduction
Emergencies and violent incidents in school districts are critical issues that must be addressed in an expeditious and effective manner. Districts are required to develop a District-wide School Safety Plan designed to prevent or minimize the effects of serious violent incidents and emergencies and to facilitate the coordination of the district with local and county resources in the event of such incidents or emergencies. The district-wide plan is responsive to the needs of all schools within the district and is consistent with the more detailed emergency response plans required at the school building level. Districts are at risk of a wide variety of acts of violence, natural, and technological disasters. To address these threats, the State of New York has enacted the Safe Schools Against Violence in Education (SAVE) law. This component of Project SAVE is a comprehensive planning effort that addresses risk reduction/prevention, response, and recovery with respect to a variety of emergencies in the school district and its schools.

The Canastota Central School District supports the SAVE Legislation, and intends to engage in a planning process. The Superintendent of Schools encourages and advocates on-going district-wide cooperation and support of Project SAVE.

SECTION I: GENERAL CONSIDERATION AND PLANNING GUIDELINES

A. Purpose

The Canastota Central School District-wide School Safety Plan was developed pursuant to Commissioner’s Regulation 155.17. At the direction of the Board of Education, the Superintendent of Schools appointed a District-wide School Safety Team and charged it with the development and maintenance of the District-wide School Safety Plan.

B. Identification of School Teams

The District has created a District-wide School Safety Team including the following persons:

<table>
<thead>
<tr>
<th>Position</th>
<th>Name</th>
</tr>
</thead>
<tbody>
<tr>
<td>Board of Education Rep.</td>
<td>Deb New</td>
</tr>
<tr>
<td>Administration Rep.</td>
<td>Tracy Leone</td>

<tr>
<td>Parent Rep.</td>
<td>Devon King</td>
</tr>
<tr>
<td>Student Rep.</td>
<td>Emma Wood</td>
</tr>
<tr>
<td>Other School Personnel</td>
<td>Roseann Gardiner R.N.</td>
</tr>
<tr>
<td>Others:</td>
<td>Josh Stagnitti, Jack Angrisano- Madison-Oneida -BOCES</td>
</tr>
<tr>
<td></td>
<td>Canastota Police – Sgt. Sean Barton</td>
</tr>
<tr>
<td></td>
<td>Sheila Gilroy – Haylor, Freyer &amp; Coon</td>
</tr>
</tbody>
</table>
D. Concept of Operations

- The District-wide School Safety Plan shall be directly linked to the individual Building-level Emergency Response Plans for each school building. This District-wide School Safety Plan will guide the development and implementation of individual building-level emergency response plans.

- This Plan has been developed using the New York State Education guidance document as well as checklists and other resources provided by the Oneida-Herkimer-Madison BOCES Safety Office. It has been reviewed and revised by members of the District-wide School Safety Team prior to public comment.

- The Superintendent of Schools or his/her designee will serve as the District Chief Emergency Officer. Responsibilities include: facilitate safety training for school district personnel, ensure the school’s building-level emergency response plan is up-to-date each year, make sure drills (evacuation and lock down) occur as per Education Law §807, and aid in policy development and decision-making for security technology.

- In the event of an emergency or violent incident, the initial response to all emergencies at an individual school will be by the School Emergency Response Team.

- Upon the activation of the School Emergency Response Team, the Superintendent of Schools or his/her designee will be notified and, where appropriate, local emergency officials will also be notified.

- Emergency response actions, including Crisis Response, may be supplemented by involving County and State resource through established protocols.

E. Plan Review and Public Comment

- Pursuant to Commissioner’s Regulation 155.17 (e) (3), this plan was made available for public comment 30 days prior to its adoption. The District-wide and building-level plans were adopted by the School Board only after at least one public hearing that provided for the participation of school personnel, parents, students, and any other interested parties. The plan was formally adopted by the Board of Education on June 11, 2002.

- While linked to the District-wide School Safety Plan, building-level emergency response plans shall be confidential and shall not be subject to disclosure under Article 6 of the Public Officers Law or any other provision of law, in accordance with Education Law Section 2801-a.

- Full copies of the District-wide School Safety Plan and any amendments were submitted to the New York State Education Department within 30 days of adoption. Building-level emergency response plans were supplied to both local and State Police within 30 days of adoption.

- This plan shall be reviewed and maintained by the District-wide School Safety Team and reviewed on an annual basis on or before July 1 of each year. A copy of the plan will be available in the Business Office, 120 Roberts Street, Canastota, NY.
Section II: Risk Reduction/Prevention and Intervention

A. Prevention/Intervention Strategies

Program Initiatives
The district may establish the following programs and activities for improving communication among students and between students and staff, and to facilitate the reporting and evaluation of potentially violent incidents, such as:

♦ Non-violent conflict resolution programs, 
  - Second Step Social Emotional Learning, - Healing Hearts
  - PBIS, - Change and Challenges (lunch groups)
  - Worry Warriors, - Social Skills Groups
  - Restorative Practices
  - Calm Down Group (Anger Management Group)

♦ Peer mediation programs, 
  - Restorative Measures

♦ Extended day programs, 
  - Extended Learning Day - Government Club
  - Kindness Club - Mentoring Program with HS Students
  - Fitness Club - Wellness Club
  - Leadership Development - Band

♦ DASA Anti-bullying programs, 
  - NCMEC Cyber-Safety and Cyber-Bullying - Think First, Stay Safe
  - Girls Circle

♦ Student Handbooks with shortened version of Code of Conduct
  ♦ Connected Community Schools

The district will continue to assess its needs and establish programs that will help to create a positive, safe learning environment for students.

Reporting Mechanism
Students will use the building level chain of command to report any incidents. The school nurses, guidance counselors, social worker and psychologists are also available for confidential reporting.

Training, Drills, and Exercises

♦ The District will conduct emergency response training for staff and students by reviewing procedures appropriate to hazardous situations that may include those that are weather-related, criminal in nature, environmental, or failure of a building system. The procedures will be explained and practiced in a variety of ways including early go-home drill; tabletop exercise; live drill; and Emergency Management Team exercise.

♦ When appropriate, and at the discretion of the District-wide Team, the district will coordinate drills and/or exercises with local and county emergency response and preparedness officials. The following drills and/or exercises will be conducted in the 2021-2022 school year:
  • Training, drills and exercises will be evaluated by the District staff and/or local response agencies and the school Safety Committee. Evaluations may be written or verbal debriefings. Corrective actions will be implemented as needed.

**Implementation of School Security**

- The district will conduct a security review of the facility with the assistance of local law enforcement and/or the BOCES Safety Office, to determine what security measures should be adopted. Measures to be considered include: hall monitors, visitor badge/sign-in procedures, video surveillance, school resource officer and reporting mechanisms. See Appendix 7 for SPO responsibilities and agreement.

- The following security measures are in place:

**Policies and procedures for the dissemination of informative materials**

The District recognizes that the most current data caution against profiling students who have the potential for violence. However, it also acknowledges the need to identify youth at risk and to provide the necessary support services to all students, beginning at an early age. The District therefore will maintain resources on the early detection of potentially violent behavior, maintain a team of qualified staff to evaluate threats and other potentially violent behaviors. Additionally, the District may disseminate violence prevention information to parents and/or students via newsletters, handbooks, letters/handouts or other appropriate means, as necessary. The District is committed to the use of interpersonal violence prevention education for all students, when available. Annual Violence Prevention training is conducted for instructional and support staff.

**B. Hazard Identification**

The District has identified the following sites of potential emergency or potential emergency situations:
<table>

## Section III: Response

### A. Notification and Activation (Internal and External Communications)

- In the event of a violent incident, the Superintendent will contact appropriate law enforcement officials through the 911 system. A list of local law enforcement agencies and of those individuals who are authorized to contact the law enforcement agencies is included in the appendix of each Building-level Emergency Response Plan. Additionally, emergency service telephone contacts are listed on appendix 5 in this plan.

- The Superintendent and /or his designee(s) will notify all educational agencies within the district in the event of an emergency by use of telephone, fax, email, or other appropriate communication. See appendix 2.

- In the event of a disaster or an act of violence, the BOCES District Superintendent, or his designee, will be notified as appropriate.

- Parents, guardians or persons in parental relation to the students will be notified in the event of a violent incident or an early dismissal by means of School Messenger or local media including television - Channel(s) 3 & 5 CNY, Channel 9, News 10 Now and Radio stations - Clear Channel Broadcasting (WOUR, WSKS, WRNY, WUTQ, WRFM, WADR); Big Frog 104; WRFG, WRUN, WIBX, WODZ 96, WKRL/100.9/ WKRH/102.1/ TK 99/ Sunny 102. Where practicable, phone trees will be implemented using the information provided on students' emergency contact cards. In the event of certain large-scale emergencies, the NOAA weather radio emergency alert system may be used.

- Where practicable, phone trees will be implemented using the information provided on students' emergency contact cards. In the event of certain large-scale emergencies, the NOAA weather radio emergency alert system may be used.

### Maintaining certain information about each educational agency located in the school district

The following information concerning educational agencies located within the district is included with the Building-level Safety Plans and is updated by each building:

- **Projected School population and number of staff (instructional)**
  
<table>
<thead>

</tbody>
</table>

- **Transportation Resources**: See appendix 3
- **Business and home telephone numbers of key officials of each such educational agency**: See appendix 2
B. Situational Responses

Emergency Response
The District’s emergency response plans are outlined in the Building-level Emergency Response Plans for security reasons. They include the following types of emergencies such as:

- Threats of Violence
- Hostage/Kidnapping
- Natural/Weather Related
- Civil Disturbance
- School Bus Accident
- Building System Failure
- Intruder
- Explosive/Bomb Threat
- Hazardous Material
- Biological
- Medical incl. Infectious Disease Response** (Appendix 7)
- Shooting Incident (Crime Scene Mgt.)

**Public Health Emergency Continuation of Operations – Site-Essential Employee Protocols (see Appendix 6)

Responses to Acts of Violence: Implied or Direct Threats
The District has established the following strategies for responding to implied or direct threats of violence by students, teachers, other school personnel and visitors to the school. The Building-level plan includes specifics to potential emergency situations which would require these responses.

- Use of staff trained in de-escalation or other strategies to diffuse the situation.
- Inform Superintendent of implied or direct threat.
- Determine level of threat with Superintendent/Designee.
- Contact appropriate law enforcement agency, if necessary.
- Monitor situation, adjust response as appropriate, and include the possible use of the Emergency Response Team.

The District will provide training to assist personnel in de-escalation techniques and/or identification of early warning signs of potentially violent behavior as part of the required staff development program.

Acts of Violence
In the event of an act of violence by students, teachers, other school personnel or visitors to the school, the District will implement the procedures outlined in the Building-level Plans. The following types of procedure(s) have been considered:

- Determine level of threat with Superintendent/Designee.
- If the situation warrants, isolate the immediate area and evacuate if appropriate.
- If necessary, initiate lockdown procedure, and contact law enforcement.
- Monitor situation; adjust response as appropriate; if necessary, initiate early dismissal, sheltering or evacuation procedures.

Response Protocols
The District’s responses to emergencies, including protocols for responding to bomb threats, hostage takings, intrusions and kidnappings are included in the Building-level Plans. The following protocols are provided as examples:

- Identification of decision-makers
- Plans to safeguard students and staff
- Procedures to provide transportation, if necessary
Procedures to notify parents
Procedures to notify media
Debriefing procedures

Arrangements for Obtaining Emergency Assistance from Local Government

- In an emergency, the Superintendent/Designee will contact the 911 center for fire, law enforcement, or EMS response. In large-scale emergencies, the Superintendent may be assisted by the BOCES District Superintendent or her designee.
- On occasion, the Superintendent/Designee may need to contact the highest-ranking local government official for notification and/or assistance.

Procedures for Obtaining Advice and Assistance from Local Government Officials
The District will contact the County Emergency Management Office for advice and assistance for implementation of Article 2-B of the Executive Law. During emergencies, local government agencies, including emergency services, can be obtained via the local emergency management office or through the local emergency communication center. The Incident Commander will authorize the procurement of these agencies. District’s local emergency management office information:

Procedures to coordinate the use of school resources during emergencies

The District uses the Incident Command System model for emergency actions. For campus emergencies, the Incident Commander will be the District Superintendent of Schools or his/her designee. In building-level emergencies, the administrator-in-charge or his/her designee will act as the Incident Commander. The Incident Commander is authorized to activate such resources and personnel as are appropriate to the incident. The Incident Commander is empowered to render such decisions as may be necessary in keeping with the response actions as identified in the confidential Building Level Emergency Plan.
Response Plan. Building-level Incident Command staff is identified in the confidential Building Level Emergency Response Plans. See appendix 4.

**Protective Action Options**
The following actions will be considered in the event of an emergency as appropriate:

- School cancellation prior to opening
- Early dismissal
- Evacuation
- Sheltering (Lockdown, Lockout, Shelter-in-Place, Hold-in-Place)

**School cancellation**
- Monitor any situation that may warrant a school cancellation
- Make determination
- Contact local media.

**Early dismissal**
- Monitor situation
- If conditions warrant, close school.
- Contact Transportation Supervisor to arrange transportation.
- Contact local media to inform parents of early dismissal
- Set up an information center so that parents may make inquiries.
- Retain appropriate district personnel until all students have been returned home.

**Evacuation (before, during and after school hours, including security during evacuation and evacuation routes)**
- Determine the level of threat.
- Contact Transportation Supervisor to arrange transportation.
- Clear all evacuation routes and sites prior to evacuation.
- Evacuate all staff and students to pre-arranged evacuation sites.
- Account for all student and staff population. Report any missing staff or students to Superintendent.
- Make determination regarding early dismissal; contact local media to inform parents of early dismissal if implemented.
- Ensure adult supervision or continued school supervision/security.
- Set up an information center where parents may make inquiries.
- Retain appropriate district personnel until all students have been returned home.

**Sheltering (internal and external)**
- Determine the level of threat.
- Determine location of sheltering depending on nature of incident if threat not imminent.
- Initiate building Lockdown, Lockout, Shelter-in-Place or Hold-in-Place procedures e.g. lock/close doors etc. if threat imminent.
- Account for all students and staff. Report any missing staff or students to Superintendent.
- Determine other occupants in the building.
- Make appropriate arrangements for human needs.
- Take appropriate safety precautions.
- Establish a public information officer to provide information and current status of the situation to parents and other inquiring parties.
- Retain appropriate district personnel until all students have been returned home.
Section IV: Recovery

A. Post-Incident Response
- The Post-Incident/Crisis Response Team will institute the Crisis Response Plan as outlined in the Building-level Plan.

B. Disaster Mental Health Services
- The Superintendent, or his/her designee, will assist in the coordination of Disaster Mental Health Resources and the implementation of the Crisis Response Plan.
- During the recovery phase of an incident, the District will reevaluate its current violence prevention and school safety activities and consider what the school can do to improve its plan.

Continuation of Operations Plan – Site-Essential Employee Protocols

DEFINITIONS

"Personal protective equipment" shall mean all equipment worn to minimize exposure to hazards, including gloves, masks, face shields, foot and eye protection, protective hearing devices, respirators, hard hats, and disposable gowns and aprons.

"Site-Essential" shall refer to a designation made that a public employee or contractor is required to be physically present at a work site to perform his or her job.

"Non-site-essential" shall refer to a designation made that a public employee or contractor is not required to be physically present at a work site to perform his or her job.

"Communicable disease" shall mean an illness caused by an infectious agent or its toxins that occurs through the direct or indirect transmission of the infectious agent or its products from an infected individual or via an animal, vector or the inanimate environment to a susceptible animal or human host.

"Retaliatory action" shall mean the discharge, suspension, demotion, penalization, or discrimination against any employee, or other adverse employment action taken against an employee in the terms and conditions of employment.

1. LIST AND DESCRIPTION OF POSITIONS AND TITLES AND JUSTIFICATION considered site-essential in the event of a state-ordered reduction of in-person workforce and a justification of such consideration for each position and title included.

The list and justifications can be found as an attachment to this plan.

2. DESCRIPTION OF PROTOCOLS THE EMPLOYER WILL FOLLOW IN ORDER TO ENABLE ALL NON-SITE-ESSENTIAL EMPLOYEES AND CONTRACTORS TO TELEWORK including, but not limited to, facilitating or requesting the procurement, distribution, downloading and installation of any needed devices or technology, including software, data, office laptops or cell phones, and the transferring of office phone lines to work or personal cell phones as practicable or applicable to the workplace.

Employees not required to be on-site to perform their job functions (non-site-essential) will have the option to telework if approved by their supervisor. Canastota CSD Administrators will evaluate existing barriers to telework and follow Canastota CSD purchasing policies to request, procure, distribute, install and support resources, such as hardware and software that will enable telework, to the extent possible.
3. **DESCRIPTION OF HOW THE EMPLOYER WILL, TO THE EXTENT POSSIBLE, STAGGER WORK SHIFTS OF SITE-ESSENTIAL EMPLOYEES AND CONTRACTORS IN ORDER TO REDUCE OVERCROWDING ON PUBLIC TRANSPORTATION SYSTEMS AND AT WORKSITES.**

If necessary, Canastota CSD will assess in-person capacity and conditions to stagger work shifts to reduce workforce density at worksites. Public transportation is not a factor in this region.

4. **DESCRIPTION OF THE PROTOCOL THE EMPLOYER WILL IMPLEMENT IN ORDER TO PROCURE THE APPROPRIATE PERSONAL PROTECTIVE EQUIPMENT FOR SITE-ESSENTIAL EMPLOYEES AND CONTRACTORS** based upon the various tasks and needs of such employees and contractors in a quantity sufficient to provide at least two pieces of each type of personal protective equipment to each site-essential employee and contractor during any given work shift over at least six months. Such description shall also include a plan for storage of such equipment to prevent degradation and permit immediate access in the event of an emergency declaration.

Employees and contractors are encouraged to provide their own personal protective equipment if appropriate for the situation (e.g. face masks). However, as necessary, Canastota CSD will provide at least two pieces of each type of personal protective equipment (as appropriate to their job and exposure) to each site-essential employee and contractor during any given work shift. Canastota CSD will procure and maintain a 180-day supply of PPE as availability permits, as well as cleaning supplies, signage, and other pandemic-related items. This process will be centralized through the Canastota CSD Building Services Division; this allows for cost-effective bulk purchasing as well as streamlined accounting, disbursement, and inventory control. Administrators and Clerical Staff may requisition for supplies. Building Services will house all items in adequate and appropriate storage spaces (e.g. not exposed to weather, adequate size, etc.) to prevent degradation and permit immediate access in the event of an emergency declaration.

5. **DESCRIPTION OF THE PROTOCOL IN THE EVENT AN EMPLOYEE OR CONTRACTOR IS EXPOSED TO A KNOWN CASE OF THE COMMUNICABLE DISEASE THAT IS THE SUBJECT OF THE PUBLIC HEALTH EMERGENCY, EXHIBITS SYMPTOMS OF SUCH DISEASE, OR TESTS POSITIVE FOR SUCH DISEASE IN ORDER TO PREVENT THE SPREAD OR CONTRACTION OF SUCH DISEASE IN THE WORKPLACE.**

Such protocol shall also detail actions to be taken to immediately and thoroughly disinfect the work area of any employee or contractor known or suspected to be infected with the communicable disease as well as any common area surface and shared equipment such employee or contractor may have touched, and the employer policy on available leave in the event of the need of an employee to receive testing, treatment, isolation, or quarantine. Such protocol shall not involve any action that would violate any existing federal, state, or local law, including regarding sick leave or health information privacy.

Canastota CSD will follow all procedures and protocols communicated by the New York State and local health authorities as appropriate for preventing the contraction or spread
of the communicable disease identified in the public health emergency. These will be communicated to staff through correspondence from the Canastota CSD leadership team, the Canastota CSD website, postage and signage, and/or other means as appropriate.

Staff, contractors, and visitors will complete daily health screenings and if they have been exposed to a known case or exhibit symptoms of the communicable disease that is the subject of the public health emergency, they will not be allowed in Canastota CSD buildings. They will be directed to leave and advised to follow up with their healthcare provider and/or local health department.

In the event that a staff member, contractor, or visitor develops symptoms while onsite, that individual will be directed to leave and advised to follow up with their healthcare provider and/or local health department.

If an employee or contractor tests positive for such disease, school administrators will collaborate and coordinate with local health officials to assess levels of community transmission and the extent of close contacts of the individual who tested positive.

Canastota CSD may need to implement short-term closure procedures regardless of community spread if an infected person has been in a school building. If this happens, Canastota CSD will adhere to the prevailing CDC and DOH guidance for cleaning and disinfecting affected areas, and notify individuals impacted.

Canastota CSD will follow the most current guidance from the health department in assessing when staff may report to work in person. The current guidance (September 2020) is attached.

Canastota CSD will comply with its policies and procedures as well as state and federal law pertaining to leave should an employee need to receive testing, treatment, isolation, or quarantine. Such protocol shall not involve any action that would violate any existing federal, state, or local law, including regarding sick leave or health information privacy.

6. **PROTOCOL FOR DOCUMENTING PRECISE HOURS AND WORK LOCATIONS, INCLUDING OFF-SITE VISITS, FOR SITE-ESSENTIAL EMPLOYEES AND CONTRACTORS.** Such protocol shall be designed only to aid in tracking of the disease and to identify the population of exposed employees and contractors in order to facilitate the provision of any benefits which may be available to certain employees and contractors on that basis.

Canastota CSD will utilize the mandated daily health screening questionnaire, building sign-in sheets, electronic door access records, and other protocols consistent with the employees’ collective bargaining agreement.

7. **PROTOCOL FOR HOW THE PUBLIC EMPLOYER WILL WORK WITH SUCH EMPLOYER'S LOCALITY TO IDENTIFY SITES FOR EMERGENCY HOUSING FOR SITE-ESSENTIAL EMPLOYEES** in order to further contain the spread of the communicable disease that is the subject of the declared emergency, to the extent applicable to the needs of the workplace.

Not applicable. Canastota CSD employees are not expected to remain at the worksite and may return home after work each day.
List and Description of Site-essential Positions and Titles and Justification

NYSDOH COVID-19 In-Person Decision Making Flowsheet for Staff To Go To Work

**Can I Go To Work at the School Today?**

**In the past 10 days, have you been tested for the virus that causes COVID-19, also known as SARS-CoV-2?**

- **YES**
  - **NO**
    - If you cannot go to work at the school today, you must stay in isolation (at home and away from others) until 10 days have passed from symptom onset with at least 72 hours after recovery (with resolution of fever without the use of fever-reducing medications). If not waiting for the results or if positive, the local health department has released you from isolation.

**Was the test result positive OR are you still waiting for the result?**

- **YES**
  - **NO**
    - If you cannot go to work at the school today unless:
      - For travelers, you have quarantined for 10 days or met the criteria to test out of the 10-day quarantine period.
      - For individuals designated as a contact, until the local health department releases you from quarantine (at least 10 days).

**In the last 10 days, have you:**

- Traveled internationally to a CDC level 2 or higher COVID-19 related travel health notice country, or
- Traveled to a noncontiguous state, or
- Been designated a contact of a person who tested positive for COVID-19 by a local health department?

- **NO**
  - **YES**
    - If you cannot go to work at the school today.

**Do you currently have (or have you had in the last 10 days) one or more of these new or worsening symptoms?**

- A temperature greater than or equal to 100.0°F (37.8°C)
- Feel feverish or have chills
- Cough
- Loss of taste or smell
- Fatigue/feeling of tiredness
- Sore throat
- Shortness of breath or trouble breathing
- Nausea, vomiting, diarrhea
- Muscle pain or body aches
- Headaches
- Nasal congestion/runny nose

- **NO**
  - If you can go to work at the school today! Make sure you wear a face covering or face mask, practice social distancing, and wash your hands frequently.

**Report absences, symptoms, and positive COVID-19 test results to your school.**

**SEEK IMMEDIATE MEDICAL CARE IF YOU HAVE:**

- Trouble breathing or are breathing very quickly
- Are too sick to drink fluids
- Severe abdominal pain, diarrhea or vomiting
- Change in skin color - becoming pale, patchy and/or blue
- Racing heart or chest pain
- Decreased urine output
- Lethargy, irritability, or confusion
The following titles and positions are considered Site-essential in the event of a declared public health emergency that deems it necessary to reduce the level of in-person workforce.

**NOTE:** Other positions may be required to report on-site depending upon circumstances, if needed.
