SUMMARY:

Holding onto winter for as long as we can. Frequent algae blooms and low water levels are normal this time of year. We will see an increase in submerged vegetation as well. This vegetation has sat dormant in the deeper, colder water. This can be a great time to attack these invasive plants as the water temperature start to warm. As always we appreciate the work!

Subject: Notice of Temporary Fuel Surcharge

We value the trust you place in Sitex Aquatics & remain committed to providing the reliable, high quality service at a fair price you have been used too.

As you know over the last few months, fuel prices have increased significantly, resulting in a substantial rise in our operating cost, particularly for our service vehicles & equipment. While we have absorbed these increases for as long as possible & with no relief in the near future we have no choice but add a temporary fuel charge of 3% to the monthly invoice effective April 1st.

As soon as fuel prices drop & stabilize this surcharge will be eliminated, hopefully sooner than later!

We appreciate your understanding, loyalty, & continued partnership moving forward.

Sincerely,

Joe Craig

COMMUNITY ASSET MANAGEMENT REPORT

Updates, 30th Street, Waterset Blvd., Golden Nettle

General Updates, Recent & Upcoming Maintenance Events:

- During the month of May, all St. Augustine shall receive an application of 5227 lbs. (104+ - 50 lb. bags) of 24-2-11 fertilizer. Additionally, all Ornamentals shall receive an application of 2800 lbs. (56 - 50 lb. bags) of 8-10-10- fertilizer. And finally, all Palms shall receive an application of 64 lbs. (1+ - 50 lb. bag) of 8-0-12+4Mg fertilizer. I feel this quantity of palm fertilizer is too low.
- Per contract, ULS to notify STAFF and Landscape Specialist at least one week prior to the application being scheduled. Then on the day of application, ULS is to notify staff so that staff can verify quantity and fertilizer types and write how many bags have been delivered, what it is being used for and date it on the label. This will need to be sent to me for verification.

The following are action items for United Land Services (ULS) to complete. Please refer to the item # in your response listing action already taken or anticipated time of completion. **Red text** indicates deficient from previous report. **Bold Red text** indicates deficient for more than a month. **Green text** indicates a proposal has been requested. **Blue** indicates irrigation. **Bold, underlined is info. or questions for the BOS.** **Orange** is for STAFF.

1. Remove or replace all broken tree straps – there are several along 30th Street.
2. I called this irrigation issue into Ballanger from the field. It is on the Waterset Blvd. (WSBlvd.) median between 30th Street and the lift station in Waterset Central. (Pic 2)
3. Make sure all Jatropha have been cut back by at least 1/3 if not by 1/2. If any have not leafed out by this time next month, I feel they should be removed. Many of these were not quality plants when they were installed.
4. Mulch was installed property-wide within the last month and a half. I am already seeing drip lines and shallow mulch in many tree rings. Make sure mowers are not mowing over the tree rings and blowing it out.
5. Treat dollar weed on the 30th Street roundabout.
6. Treat all fire ant mounds. Once mound is dead, crews need to return to the mound and re-expose all mulch and/or turf that has been covered by the displaced soil.
7. We need to lower the Bougainvillea on the WSBlvd. median at the intersection of Summer Sunset several inches to improve visibility. Also, make sure the defoliated plants are defoliated only because of the winter freezes and not Bougainvillea Looper. (Pic 7>)
8. Eradicate tall weeds on Bellido ROW.
9. Cut any freeze-damaged Ixora back in Golden Nettle pocket park (and elsewhere throughout the property).

Summer Sunset to Sea Horn on WSBlvd., CGD Roundabout

10. ULS, it appears is not yet mowing regularly (at least pond banks) on a weekly basis. Pond banks still had very tall growth on them.

11. Between Summer Sunset and Sea Horn, there is another bed of Bougainvillea that is behaving (growing) like another bed did at the beginning of the project dwarfed, compact, dense and distorted leaves tightly bunched along the branches. The original bed finally outgrew it. Let's try moderately pruning this bed back to see if it can't become a consistent bed of full plants. (Pic 11)

12. Trim out winter kill from the Railroad Vine on the outer perimeter of the WSBlvd./Covington Garden Drive (CGD) roundabout. (Pic 12>)

13. The large pond on the back side of Regency that is the CDD's to maintain looks like it has not been mowed in some time. However, this pond is on a monthly maintenance schedule year-round.

14. ULS's agronomist was scheduled to be coming to the property to spot treat many of the turf weeds as well as bed weeds property-wide, but specifically on both sides and the median of Wolf Creek.

15. The Perennial Peanut throughout the property is one of the plants called out in our scope of services that I would consider "specialty" plant material requiring "specialty" fertilizer. PP fixes its own Nitrogen from the air and Nitrogen fertilizer is unnecessary and can actually encourage weed growth diminishing its effectiveness as a groundcover. For optimal growth, apply a 0-0-22-22S-11Mg (potassium-magnesium sulfate) fertilizer in spring

16. I am still seeing the striping in the Hidden Branch east park. There are also still a lot of turf weeds and off-color turf. (Pic 16>)

17. There is also striping in the turf in the Hidden Branch west park turf.

18. Reduce the Copperleaf Plants east of Wolf Creek nearly to the ground.. (Pic 18>)

Jensen View & 30th, Founders' Club

19. ULS will be coming into the Blue Daze beds basically with hedge trimmers and take them nearly to the ground to rejuvenate new growth.

20. We need to monitor this Shumard Oak approaching Jensen View on 30th Street that has already leafed out after winter but now has turned brown. (Pic 20>)

21. This tree, also along 30th Street needs to be released from this lodge pole that appears to be distorting its growth structure. (Pic 21>)

22. Monitor the Podocarpus surrounding the pool deck at the Founders' Club. Podos do not like wet feet and in some areas these plants are "trapped" between the pool deck (where water sheet flows off the deck) and slightly

higher grade in the lawn. Several Podos are yellowing. (Pic 22)

23. What has happened to the Asian Jasmine surrounding the pool deck. ULS has not cut this plant back. Rodents? (Pic 23>)

Founders' Club, Sea Branch

24. Remove all dead material from the Queen Emma Crinums around the Founders' Club.

25. Check some of the Podocarpus surrounding the Founders' Club for Woolly Aphids. There is sooty mold present in some of the foundation plantings.

26. We need to make sure we keep the turf in the Wildwind/Creek Sand pocket park in our radar. It is still not flourishing. (Pic 26)

28. The last 30th Street median leading to 19th needs attention. (herbicides, fertilizers, etc.)

29. Trim the dead growth out of the Areca Palms at the new plantings at 19th. And 30th.

27. I hate to do much more improvement on the Sea Branch cul-de-sac due to the fact there are still several homes that need to be built on or near this cul-de-sac and trucks will continue to create damage. However, ongoing maintenance, including agronomy needs to continue. (Pics 27a & b>)

Proposals

1. ULS to provide a proposal to remove and replace a dead Sabal Palm at the beginning of Phase G1 near the trailhead between G1 and the school property. Replacement should be the same height as the existing. (Pic 1)

2. ULS to provide a proposal to straighten and re-stake this leaning palm along 30th Street a couple houses north of the Founder's Club. (Pic 2)

Updates, 30th Street, Waterset Blvd.

General Updates, Recent & Upcoming Maintenance Events:

- During the month of April, all St. Augustine shall receive an application of **164 gallons of a chelated slow-release 12-0-0 (Nitrogen)**. ULS to notify the District regarding what fertilizer they will be applying to the Bahia turf.
- Per contract, ULS to notify STAFF and Landscape Specialist at least one week prior to the application being scheduled. Then on the day of application, ULS is to notify staff so that staff can verify quantity and fertilizer types and write how many bags have been delivered, what it is being used for and date it on the label. This will need to be sent to me for verification.

The following are action items for United Land Services (ULS) to complete. 1. Turf on the Waterset Blvd. (WSBlvd.) median west of the 30th Street roundabout was quite tall with grassy weeds indicating a mow event had been missed. In addition, most pond banks contained weeds 18" tall or taller. As a reminder, weekly mowing began March 1st. Treat weeds. (Pics 1a & b)

2. ULS to treat all active fire ant mounds. Once the mound is dead, crews must return to mounds to re-expose all soil/mulch that was covered up by the displaced soil.
3. Mulch beds surrounding any irrigation components must be maintained weed-free. (Pic 3>)

Summer Sunset South, 30th Street, Waterset Blvd.

4. Can someone confirm that irrigation is working properly in the sideyard tract adjacent to the first home on the west side of Summer Sunset south leg. Plant material and turf appears to be thinning. (Pic 4)

8. I think ULS did a great job with the Crape Myrtle pruning – a very good balance between pencil and thumb pruning. (Pics 8a & b>>)

5. I do not see a reduction in height on the Bougainvillea on the WS Blvd. medians at Summer Sunset. 

6. The hedge (in some areas) on the west side of 30th Street is not thriving. Is irrigation at 100% here? (Pic 6)

7. There are very tall weeds behind the curbs and in the ROWs on WS Blvd. westbound  from Summer Sunset. (Pics 7a - c>)

Crew addressed these weeds week of March 11

Wolf Creek, Hidden Creek, 30th Street

9. We need to institute an accelerated turf improvement program for Hidden Branch east park. There are still too many weeds in the turf (as well as in the ROW) and the turf continues to be off-color. (Pic 9) 

12. A reminder – please cut all Blue Daze to the ground so it can rejuvenate going into the growing season. Apply “light” fertilization and ensure proper water is being applied. Also, all Jatropha on the WSBlvd. median need to be reduced by at least 1/3 – 2/3s. 

13. Turf weeds in the 30th Street turf (ROWs and median) need to be spot-treated. Do not rely on the pre-emergent herbicide. 

14. Please work toward a consistent height for the entire Sweet Viburnum hedge down the west side of 30th Street. There are still large expanses of varying heights.

15. Detail the bed edge along the west side of 30th Street as well leading up to the Founders’ Club. Ornamental grass beds are weedy. 

10. There is really no significant change to the condition of the crown in the Sabal Palm adjacent to the model center on the east side of Wolf Creek, south leg. We will continue to monitor. (Pic 10>

11. I remember mulch being piled around plant materials was discussed during last month’s board meeting, however, there are still what I consider mulch volcanoes around the drip lines of many trees along Covington Garden Drive (CGD).

Founders' Club, Turnbuckle

16. I don't think it's too early to start topping the Podocarpus surrounding the sport courts at the Founders' Club. 

17. Some of the individual, taller Podocarpus placed intermittently in the Podocarpus hedge seem to be "falling out" at the top of their crowns. I'm not sure why. This may be able to be corrected with proper pruning as the plant matures. (Pic 17) 

18. As a reminder to the Developer, there are a small handful of Podocarpus around the Founders' Club sport courts that need to be replaced under warranty. Previously reported. (Pic 18)

19. For just having gone through some freezing weather, the Blue Daze around the Founders' Club looks amazing! (Pic 19>)

20. Make sure the Muhlygrasses directly behind the clubhouse on the pool deck are getting proper water. They are all lying flat.

21. Treat turf weeds in the Turnbuckle ROW at the Founders' Club 

22. Thinning spots in the Turnbuckle mail kiosk lawn are not improving. This has been going on for many many months involving both the landscape and irrigation maintenance companies. Please someone diagnose what the issue is, whether it be irrigation coverage or insect/fungal issues. (Pic 22) 

23. Hand pull weeds on either side of the Turnbuckle ROW as well as the medial.

Pursuant to Chapter 190, *Florida Statutes*, and after a Community Development District (“**District**”) has been established and the landowners have held their initial election, there shall be a subsequent landowners’ meeting for the purpose of electing members of the Board of Supervisors (“**Board**”) every two years until the District qualifies to have its board members elected by the qualified electors of the District. The following instructions on how all landowners may participate in the election are intended to comply with Section 190.006(2)(b), *Florida Statutes*.

A landowner may vote in person at the landowners’ meeting, or the landowner may nominate a proxy holder to vote at the meeting in place of the landowner. Whether in person or by proxy, each landowner shall be entitled to cast one vote per acre of land owned by him or her and located within the District, for each position on the Board that is open for election for the upcoming term. A fraction of an acre shall be treated as one (1) acre, entitling the landowner to one vote with respect thereto. For purposes of determining voting interests, platted lots shall be counted individually and rounded up to the nearest whole acre. Moreover, please note that a particular parcel of real property is entitled to only one vote for each eligible acre of land or fraction thereof; therefore, two or more people who own real property in common, that is one acre or less, are together entitled to only one vote for that real property.

At the landowners’ meeting, the first step is to elect a chair for the meeting, who may be any person present at the meeting. The landowners shall also elect a secretary for the meeting who may be any person present at the meeting. The secretary shall be responsible for the minutes of the meeting. The chair shall conduct the nominations and the voting. If the chair is a landowner or proxy holder of a landowner, he or she may nominate candidates and make and second motions. Candidates must be nominated and then shall be elected by a vote of the landowners. Nominees may be elected only to a position on the Board that is open for election for the upcoming term.

This year, three (3) seats on the Board will be up for election by landowners. The two candidates receiving the highest number of votes shall be elected for a term of four (4) years. The candidate receiving the next highest number of votes shall be elected for a term of two (2) years. The term of office for each successful candidate shall commence upon election.

A proxy is available upon request. To be valid, each proxy must be signed by one of the legal owners of the property for which the vote is cast and must contain the typed or printed name of the individual who signed the proxy; the street address, legal description of the property or tax parcel identification number; and the number of authorized votes. If the proxy authorizes more than one vote, each property must be listed and the number of acres of each property must be included. The signature on a proxy does not need to be notarized.

WHEREAS, the Waterset South Community Development District (“District”) was established pursuant to the provisions of Chapter 190, *Florida Statutes* (“Act”), which authorizes the District to levy certain special assessments pursuant to Chapter 170, 190, and 197 *Florida Statutes*, in order to finance, fund, plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate, and maintain District services, facilities, and infrastructure, paying principal and interest on any and all of its indebtedness or for any other purpose permitted by the Act; and

WHEREAS, the above referenced assessments are non-ad valorem in nature and, therefore, may be collected under the provisions of Section 197.3632, *Florida Statutes*, in which the State of Florida has provided a uniform method for the levying, collecting, and enforcing such non-ad valorem assessments; and

WHEREAS, the District previously adopted Resolutions 2022-20 and 2025-11 which expressed the District’s intent to use the uniform method of collecting assessments imposed by the District as provided in Chapters 170, 190, and 197, *Florida Statutes* over the lands located within the District at the time of the District’s establishment (“Existing Lands”); and

WHEREAS, subsequent to the adoption of Resolutions 2022-20 and 2025-11, the Hillsborough County Board of County Commissioners adopted Ordinance No. 26-3 which expanded the boundaries of the District to include an additional 69.411 acres of land (“2026 New Lands”); and

WHEREAS, pursuant to Section 197.3632, *Florida Statutes*, the District has caused notice of a public hearing to be advertised weekly in a newspaper of general circulation within Hillsborough County for four (4) consecutive weeks prior to such hearing, which notice addressed the District’s intent to use the uniform method of collecting assessments imposed by the District as provided in Chapters 170, 190, and 197, *Florida Statutes* over the 2026 New Lands.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF THE WATERSSET SOUTH COMMUNITY DEVELOPMENT DISTRICT:

SECTION 1. The District upon conducting its public hearing as required by Section 197.3632, *Florida Statutes*, hereby expresses its intent to use the uniform method of collecting

special assessments imposed by the District as provided in Chapters 170, 190, and 197, *Florida Statutes*, each of which are non-ad valorem assessments which may be collected annually pursuant to the provisions of Chapter 190, *Florida Statutes*, in order to finance, fund, plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate, and maintain District services, facilities, and infrastructure, paying principal and interest on any and all of its indebtedness and for the purpose of paying the cost of operating and maintaining its assessable improvements for the 2026 New Lands and the Existing Lands. The legal description of the boundaries of the real property subject to a levy of assessments (which includes the 2026 New Lands and the Existing Lands) is attached and made a part of this Resolution as **Exhibit A**. The non-ad valorem assessments and the District’s use of the uniform method of collecting its non-ad valorem assessment(s) may continue in any given year when the Board of Supervisors determines that use of the uniform method for that year is in the best interests of the District.

SECTION 2. The District’s Secretary is authorized to provide the Property Appraiser and Tax Collector of Hillsborough County and the Department of Revenue of the State of Florida with a copy of this Resolution and enter into any agreements with the Property Appraiser and/or Tax Collector necessary to carry out the provisions of this Resolution.

PAYING YOUR BILL

You are responsible for all legitimate, undisputed charges on your bill. Paying by check authorizes Frontier to make a one-time electronic funds transfer from your account, as early as the day your check is received. When making an online payment, please allow time for the transfer of funds. If funds are received after the due date, you may be charged a fee, your service may be interrupted, and you may incur a reconnection charge to restore service. A fee may be charged for a bank returned check. Continued nonpayment of undisputed charges (incl. 900 and long distance charges) may result in collection action and a referral to credit reporting agencies, which may affect your credit rating.

IMPORTANT MESSAGES

You must pay all basic local service charges to avoid basic service disconnection. Failure to pay other charges will not cause disconnection of your basic service but this may cause other services to be terminated. Frontier Bundles may include charges for both basic and other services. Frontier periodically audits its bills to ensure accuracy which may result in a retroactive or future billing adjustment. Internet speed, if noted, is the maximum wired connection speed for selected tier; Wi-Fi speeds may vary; actual and average speed may be slower and depends on multiple factors. Performance details are at frontier.com/internetdisclosures.

SERVICE TERMS

Visit frontier.com/terms, frontier.com/tariffs or call Customer Service for information on tariffs, price lists and other important Terms, Conditions and Policies ("Terms") related to your voice, Internet and/or video services including limitations of liability, early termination fees, the effective date of and billing for the termination of service(s) and other important information about your rights and obligations, and ours. Frontier's Terms include a binding arbitration provision to resolve customer disputes (frontier.com/terms/arbitration). **Video and Internet services are subscription-based and are billed one full month in advance. Video and/or Internet service subscription cancellations and any early termination fees are effective on the last day of your Frontier billing cycle. No partial month credits or refunds will be provided for previously billed service subscriptions.** By using or paying for Frontier services, you are agreeing to these Terms and that disputes will be resolved by individual arbitration. By providing personal information to Frontier you are also agreeing to Frontier's Privacy Policy posted at frontier.com/ctnetx-privacy.

Good Afternoon Karla,

Please see attached receipts totaling \$1,094.03. These are supplies needed for the Founders club (Waterset south CDD) which were purchased on the Waterset Central CDD debit card since we do not yet have a debit card for South.

Please have Waterset South CDD reimburse Waterset Central CDD. We will need to have the central card replenished please.

Please let me know when this has been completed and the card has been replenished as we still need to purchase additional supplies for south.

Thank you,
